The Black Male College Explorers Program is an at-risk prevention/intervention program designed specifically to prevent black males from dropping out of high school; facilitate their admission to college; and significantly increase their chances of earning a college degree. Middle and high schools from Tallahassee and major cities all over Florida are selected as participating schools. Participating schools are asked to identify at-risk males enrolled in grades 7 through 11. A team of school and community leaders is required to provide supportive services for the student during the regular year. FAMU provides six weeks of highly concentrated developmental experiences, which includes weekly seminars, workshops and motivational trips, during the summer.
