7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

This capital project will provide 24 additional beds (18 existing) for a total of 42 community based beds diverting people with mental illness from reentering the state hospitals and jail. Circuit 20 especially Lee and Collier counties are in desperate need for mental health housing. Mental Health Court, FACT Teams through Central Florida Behavioral Healthcare, are having extreme difficulty finding community supportive housing. The state hospital's daily rate is \$451 per day versus less than \$70 per day with community based supports. By providing \$900,000 towards the shovel ready construction, the return on investment will be less than three months. This provides a much better environment for stabilization in the community where they live. 100% of the appropriation will be for capital construction.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 300,000
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 0
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
