- b. County (County where funds are to be expended) Jackson
- c. Service Area (Counties being served by the service(s) provided with funding) Jackson

7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The project addresses renovating aged Science labs with old HVAC and exhaust systems to bring them into compliance allowing the college to cut maintenance cost. The remodel of the Natural Science Building will replace the labs, HVAC and exhaust systems to bring them up to today standards. The trend to fund STEM related projects fits well into remodeling/renovation of the building with some additions of new science labs in order to convert the older spaces to Math and other Technology Space

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 0
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
