The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The current facility used by the Clewiston Police Dept as its law enforcement headquarters is unsafe, dilapidated, flood prone, and a major concern for the health and well being of Clewiston police officers, staff, citizens and suspects/arrestees. It is not possible to rehab or retro-fit the building into something safe and usable for law enforcement purposes.

The City of Clewiston does not have the budget, tax base or resources to build the much needed new station. The \$1,500,000 request will be used for design, engineering and construction of a new facility.
