7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The \$150,000 will be spent on capital costs to install the three additional bicycle stations. The City's goal is to ultimately connect to the County's bike sharing system. The initial target population is the City's residential population (56,000 residents) to increase the health and wellbeing of the population; however, we are also targeting younger workers as part of our urban health initiative to encourage alternative modes of transportation. This system will supplement our economic development efforts to bring younger workers into the City. Once the eastern Broward County bike sharing system is complete and the City's program is connected to it, the target population will expand to those covered by both systems, including Eastern Broward County and Fort Lauderdale (pop 172,000).

The City has budgeted \$150,000 in the CIP to fund the first phase of this project rollout for 2015 consisting of three bicycle sharing stations.

Please contact Bernadette Hughes, Assistant to the City Manager, (954) 956-1520; or Sheila Rose, Director of Sustainable Development, (954) 973-1475 for additional information.

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 150,000
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
