7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The \$140,000 will be spent on capital costs to install seven (7) new bus shelters in areas of the City that do not have bus shelters. Not only will these bus shelters affect Coconut Creek's population (56,000); the City's transit system connects with the Broward County system, meaning the population served extends beyond the City's population to the surrounding cities, including students attending the City's seven schools. The shelters will provide a level of protection from the elements for the bus-riding population of Coconut Creek and the surrounding areas who visit the City for school, work, shopping, or recreation.

The estimated cost for a bus shelter is \$20,000. The City has budgeted \$300,000 over the next five (5) years to replace current shelters (\$60,000/year over 5 years for a total of 15 replacement shelters). These funds would pay for seven (7) additional shelters.

Please contact Bernadette Hughes, Assistant to the City Manager, (954) 956-1520; or Jim Berkman, Director of Public Works and Utilities, (954) 973-6780 for additional questions.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 300,000
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
