7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The City of Coral Springs is requesting \$150,000 to help initiate an innovative pilot program to offer mid-level care to patients in their homes, workplace, or other non-urgent settings outside of a hospital, utilizing existing EMS personnel and equipment in collaboration with local hospital personnel. An ALS-equipped (advance life support) vehicle, staffed by Coral Springs Fire Department paramedics and a nurse practitioner or physician's assistant will provide treatment of low severity medical issues to patients at locations that are most convenient for them. It is estimated that billions of dollars per year are wasted on unnecessary services, inefficient delivery of these services, excessive administration costs and prevention failures. This program will reduce the per capita costs of healthcare by reducing the waste and inefficiencies while improving patient outcomes and experiences.

Total Cost Estimate of Program:

- (1) Refurbish a currently owned unit: \$62,000
- (2) Diagnostic equipment: \$50,000
- (3) Soft supplies: \$5,000
- (4) Staffing: \$170,000
- (5) Administrative cost: \$15,000

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

Federal: 0

State: 0 (Excluding the requested Total Amount in #4d, Column G)

Local: 152,000

Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
