7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The City of Margate is requesting \$75,000 for the Margate Fire Rescue Station 18 Cool Roof Replacement Project. The total cost of the project is \$150,000; the City to provide a 50% match of \$75,000. Funds will be used to replace the existing 25 year-old roof which is at the end of its serviceable life. This project will replace the existing roof with a reflective membrane roof which will result in an increase to the energy efficiency of the building and ultimately reduce the energy consumption of the building by 5 to 10 percent.

Margate Fire Rescue Station 18 provides fire and emergency services to at least one-third of the population of the City of Margate, equating to approximately 18,000 residents, as well as a portion of the City of Coconut Creek. The station also serves as a Safe Haven for unwanted newborns and also as a Safe Place for adolescents in distress.

Once this project is complete, the City will monitor the energy consumption of the building and compare it to energy consumption data from prior to the roof replacement.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 75,000
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
