7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The Minneola Green Street project plan represents a combination of low-impact stormwater management with pedestrian streetscape improvements. Facilities would include stormwater plan parking , upgraded streetscaping, and pedestrian and bike paths. The budget for the Minneola Green Street project is \$2.6 million. The project is aimed at improving pedestrian mobility downtown, connecting the uphill downtown core to neighborhoods and Lake Minneola, and providing further enhancement of efforts to clean stormwater runoff before entering Lake Minneola. Construction impacts will create 32 total new jobs earning \$2 million in income and generate more than \$4 million in gross state product. State and local taxes on production solely from construction of the project plan will generate nearly \$90,000. Utilization of the pedestrian improvements are expected to increase mobility and provide enhanced property values.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 1,308,125
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
