7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The new building would house the college's primary care and diagnostic allied health programs on its Dale Mabry Campus. The facility would provide space for instruction and hands-on learning using the latest technological advances that are employed in the health sciences fields. The building will contain a simulated hospital allowing multiple programs to work together, creating conditions found in real-life situations. The college's nursing, emergency medical services and respiratory care therapist programs. The Allied Health Building will address the region's need for highly training healthcare professionals while also maintaining HCC's competitive position as a provider of first choice for the region's skilled healthcare workforce.

The funds would allow students to train in a simulated hospital giving students real-life scenarios to better prepare them for jobs after graduation
