The current roof system on the Dixie County Jail is nearly 25 years old and needs to be replaced. It includes internal drains, which can be pathways for mold development due to persistent wet conditions. The roof replacement will ensure the continued health and safety of our inmates. It will also allow the County to continue to house out-of-county inmates, which generates over \$250,000 per year in operating revenue for the facility.

Dixie county is a Rural Community Experiencing Economic Distress.
