The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

FAMU serves a large percentage of students from economically disadvantaged backgrounds (over 63% receive Pell Grants), by far the largest concentration of low-wealth students in the State University System. These students are often first-generation students and work more than 35 hours a week to put themselves through college. These are students who cannot rely on family support. Funds from this appropriation will allow FAMU to provide the kinds of "wrap around" support services necessary to graduate within six years with the least amount of debt possible.
