7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

FACT is funded through state general revenue and Medicaid. For fiscal year 2014-15 the cost of operating an existing FACT Team serving Volusia and Flagler County was \$1,508,754. There are no capital costs. The operating costs for the team, including 12.3 FTE staff, including personnel costs, building occupancy, communications and administrative costs was \$1,254,354. An additional \$254,400 is allocated as enhancement funds, utilized for client services including medication costs, housing subsidies, transportation and related care management services. FACT services are provided to exactly 100 individuals diagnosed with a severe and persistent mental illness, typically schizophrenia, depression or bi-polar disorder. These are individuals with a history of frequent hospitalization, legal involvement and homelessness. More than half have been treated in one of Florida's state psychiatric hospitals. FACT is responsible for ensuring that these individuals achieve their highest possible level of functioning, maintain stable housing, follow their prescribed medication and therapy regimens, abstain from the use of alcohol and illicit drugs, receive primary and specialty healthcare according to their needs and obtain either employment or volunteer in service to their community.
