7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

This complex, which has been partially funded for construction, is designed to create an environment where earth-science disciplines can interact in a collaborative and interdisciplinary manner to provide instruction, conduct research, and expand public service. The EOAS facility will include classroom space, teaching labs, study space, research laboratories, and administrative and academic-support services. Also, by placing these three major divisions under one roof, Florida State will be able to eliminate three antiquated buildings (saving significant maintenance dollars), provide instructional innovation, increase research potential, and grow the number of STEM degrees.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 0
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
