7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

As the Baker Act receiving facility, Circles of Care accepts for evaluation all referrals that are medically stable regardless of payment for services. Though most senior patients have some source of payment, benefits are usually limited to a few (5-10) days for psychiatric crisis evaluation and stabilization. However, the psychiatrically disabled geriatric population with severe concomitant psychosocial restrictions pose an extreme challenge as they have specific mental health issues that severely limit placement back into the community. These are the patients with no community support: They are bereft of family that might care for them; rejected by even nursing homes and ALFs as too difficult to care for ? even with a payer source! Historically, in our role as a local community crisis hospital and the public safety net, these types of patients have been court-ordered to one of the state treatment facilities at a greater cost to the state system because of the lack of suitable local care and the need for longer-term treatment.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 297,000
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

Yes
