- c. Service Area (Counties being served by the service(s) provided with funding) Statewide

7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

\$300,000 of the requested recurring funds will be used by the children's advocacy centers to provide direct services to children who have been abused or neglected. In 2014, Florida's CACs provided 141,782 direct services to 34,426 children who were victims of abuse or neglect. Direct services include case management and advocacy, therapy services, crisis intervention services, psychological evaluations, forensic and specialized interviews, and medical evaluations. Please see Attachment I, which provides justification for \$300,000 of the requested increase in recurring funds. \$750,000 of the requested increase in recurring funds will be used by the children's advocacy centers to implement a pilot project to provide carefully designed evidence-based prevention and intervention programs to reduce the likelihood of child maltreatment and provide safe and caring homes for children. The FNCAC will establish a pilot project comprised of six or seven children's advocacy centers that will use the recurring funds to either establish a new prevention program or to enhance an existing prevention program at the CAC. The CACs participating in the pilot project will be required to submit evidence that the prevention program they seek to establish or enhance is evidence-based and is capable of demonstrating verifiable outcome measures to measure the effectiveness of the program.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 3,500,000 (Excluding the requested Total Amount in #4d, Column G)
- Local: 0
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

Yes
