The Lauderdale Lakes Sidewalk Repair and Replacement Safety Project entails the complete repair and replacement of damaged or deficient sidewalks. All funds will be expended on capital outlay for construction to repair or replacement. Sidewalks in the City of Lauderdale Lakes are much more than recreational components. A large amount of the population regularly walks to mass transit. The main intersection in the City is the busiest mass transit interchange in the County and one of the ten busiest in the State of Florida. Providing safe passage on our sidewalks is crucial to the residents and the City by reducing trips and falls that directly and indirectly negatively impact the entire population.
