7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

Founded in 1952, the Central Brevard Humane Society (CBHS) is Brevard County's oldest established animal welfare organization. A "no kill for space" shelter, CBHS is dedicated to speaking for those who cannot speak for themselves. We house and care for approximately 2,000 animals annually, with 1,800 finding their fur-ever homes.

CBHS has operated from its Merritt Island Adoption Center, which was donated, since June 2013. The Adoption Center is an extension of our shelter location in Cocoa, FL and houses small dogs and cats in free roaming rooms, providing an alternate location for homeless animals that do not thrive in a kennel environment. The purpose of our request is to fence in the property. The lack of fencing restricts the necessary "play time" of our furry friends by having to be leashed, and never able to romp around freely due to the traffic that bustles by. CBHS envisions a fully fenced in facility whereby the animals can enjoy the beautiful Florida sunshine. This fencing will also provide safety for the animals and staff as this location is adjacent to a very busy roadway.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 0
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
