7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

a. How will requested funds be spent? Include supporting documentation.

\$893,268 for phase I infrastructure, includes roads, water and sewer lines and stormwater improvements

\$2.8 million for the construction of a 40,000 to 50,000 sq. ft. spec building

b. Identify expected program results and the expected benefit associated from the requested funds.

Northwest Florida Industrial Park @ I-10 is located directly off Interstate 10 and offers shovel-ready sites from two to 200 acres. As a Gulf Power Certified Site with industrial zoning, the location is unique as it offers businesses an opportunity to reach Houston and Nashville just as quickly as Miami as well as proximity to the new Airbus facility in Mobile, AL. Target industries include aviation and defense, logistics and transportation companies. With the county's first industrial park nearing capacity, the park @I-10 is the next target for industrial and job growth in Santa Rosa. Based on project leads, developing the park could have a tremendous impact on the county and Northwest Florida.

One project along could bring 417 jobs, with annual impact of \$40.2 million.

c. Who will benefit from receipt of State funds?

NW Florida economy and the State of Florida by increasing jobs to the area and an annual economic impact of \$40.2 million

d. What specific measures will be used to document performance data for the project, if it receives funds?

the number of companies moving into the park, leasing buildings

the number of jobs created by companies moving into the park

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

Federal: 0

State: 0 (Excluding the requested Total Amount in #4d, Column G)

Local: 0

Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
