7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

Founded in 1952, the Central Brevard Humane Society (CBHS) is Brevard County's oldest established animal welfare organization. A "no kill for space" shelter, CBHS is dedicated to speaking for those who cannot speak for themselves. We house and care for approximately 2,000 animals annually, with 1,800 finding their fur-ever homes.

The large dog kennel area is 3,500 s.f. with 29 kennels for large dogs. The kennels in their current condition are requiring constant repairs and are in dire need of a total replacement. The CBHS experienced an incident in the past with a large dog that had 24 hours a day to think of ways to escape its confines. Unfortunately, this dog found a way into a "patch" repair and came to an untimely death from being hung up in the fencing. This event extremely devastated our staff and we have vowed to do whatever it takes to ensure that this does not happen to any other animal in our care. However, due to funding, we only have a budget for repairs versus replacement. Our hope is to provide new state of the art kennels with large glass doors for better viewing for and of the dogs.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 0
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
