South Florida Museum (SFM) will launch its Institute for STEAM Teaching (IST), a new innovative, regional education resource dedicated to establishing ongoing collaboration for the study and development of science, technology, engineering, arts, and math (STEAM) programs and curricula for children in partnership with USF Sarasota-Manatee (USFSM).

IST will be located at SFM, taking advantage of a new, STEAM-focused wing - the Mosaic Backyard Universe - being built to provide children, families and students with the opportunity to explore and understand the world around them in a familiar setting: a typical backyard.

USFSM and the SFM have a strong history of collaboration through the Center for PAInT. SFM's new IST leverages this established relationship and should allow for increased undergraduate opportunities. SFM's IST will help to produce better prepared educators, which benefits students, families, educational organizations and the community in both the short and long term.
