7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

Monies for TIA would be used for planning and development of key priorities within the Alliance boundaries. The Alliance is interested in seeing this area develop into a high-technology innovation district that utilizes existing community assets and encourages the growth of targeted sectors to create a vibrant economic zone that benefits the entire Tampa region and the state. Hillsborough County has already committed \$2million for this initiative. As a direct result of funds we would see an expected increase in private capital involvement and expansion of targeted companies both local and abroad. Through increases in property values, additional investments in new infrastructure and upgrades to existing infrastructure, increases in targeted job and business investment, and overall growth in private sector investment to the TIA Zone; we will be able to measure and document performances within the Alliance.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 2,000,000
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
