7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

This project will provide design and preliminary engineering for an inter-modal, sustainable and advanced transportation solutions that will contribute to reduced traffic and parking congestion along C.R. 30A. Addresses Traffic congestion on C.R. 30 A in Walton County, FL, transportation for workers on 30 A and for tourist arriving at Beaches International Airport, Bay County FL. Florida will continue to be a leader in development of autonomous vehicle technology. Visitor traffic will be increased without the need for construction of additional lanes on 30 A, which is not a practical solution for this environmentally sensitive road. Workers on 30 A will have a reliable means of getting to their jobs without taking up additional parking. Congestion on 30 A will be relieved resulting in more visitor spending in this region.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:
