111 c. Property management services directly related to
112 property used in connection with the services described in sub-
113 subparagraphs a. and b.

114

116 the certificate of exemption issued to the taxpayer under the

117 provisions of s. 288.1258.

118 10. Leased, subleased, licensed, or rented to a person
119 providing food and drink concessionaire services within the

122 publicly owned recreational facility, or any business operated
123 under a permit issued pursuant to chapter 550. A person
124 providing retail concessionaire services involving the sale of
125 food and drink or other tangible personal property within the
126 premises of an airport shall be subject to tax on the rental of

135 Administrative Code; provided that this subparagraph shall only
136 apply to property occupied by the same person before and after
137 the execution of the subject instrument and only to those

139 and extensions thereof occurring after March 15, 1993.

140 ~~12. Rented, leased, subleased, or licensed to a~~
141 ~~concessionaire by a convention hall, exhibition hall,~~
142 ~~auditorium, stadium, theater, arena, civic center, performing~~
143 ~~arts center, or publicly owned recreational facility, during an~~
144 ~~event at the facility, to be used by the concessionaire to sell~~
145 ~~souvenirs, novelties, or other event related products. This~~

146 ~~subparagraph applies only to that portion of the rental, lease,~~
147 ~~or license payment which is based on a percentage of sales and~~

151 flight business purposes. As used in this subparagraph, "space
152 flight business" means the manufacturing, processing, or
153 assembly of a space facility, space propulsion system, space
154 vehicle, satellite, or station of any kind possessing the
155 capacity for space flight, as defined by s. 212.02(23), or
156 components thereof, and also means the following activities
157 supporting space flight: vehicle launch activities, flight
158 operations, ground control or ground support, and all
159 administrative activities directly related thereto. Property
160 shall be deemed to be used or occupied predominantly for space
161 flight business purposes if more than 50 percent of the
162 property, or improvements thereon, is used for one or more space
163 flight business purposes. Possession by a landlord, lessor, or
164 licensor of a signed written statement from the tenant, lessee,
165 or licensee claiming the exemption shall relieve the landlord,
166 lessor, or licensor from the responsibility of collecting the
167 tax, and the department shall look solely to the tenant, lessee,
168 or licensee for recovery of such tax if it determines that the
169 exemption was not applicable.

170 Reviser's note.—Amends paragraph (1)(a) to delete
171 subparagraph 12., which provides an exemption from tax
172 for the rental or licensure of property to a
173 concessionaire by specified recreational facilities
174 for sale of event-related products, which subparagraph

175 was repealed pursuant to its own terms, effective July
176 1, 2009. Repeals subsection (10), which provided for
177 an exemption from tax for separately stated charges
178 imposed by specified recreational facilities upon a
179 lessee or licensee for food, drink, or services
180 required or available in connection with a lease or
181 license to use real property, including charges for
182 event-related personnel, advertising, and credit card
183 processing, which subsection was repealed by s. 2, ch.
184 2006-101, Laws of Florida, effective July 1, 2009.
185 Since the subsection was not repealed by a "current
186 session" of the Legislature, it may be omitted from
187 the 2010 Florida Statutes only through a reviser's
188 bill duly enacted by the Legislature. See s.
189 11.242(5) (b) and (i).

190 Section 4. Paragraph (p) of subsection (5) of section
191 212.08, Florida Statutes, is amended to read:

192 212.08 Sales, rental, use, consumption, distribution, and
193 storage tax; specified exemptions.—The sale at retail, the
194 rental, the use, the consumption, the distribution, and the

196 are hereby specifically exempt from the tax imposed by this
197 chapter.

198 (5) EXEMPTIONS; ACCOUNT OF USE.—

199 (p) *Community contribution tax credit for donations.*—

200 1. Authorization.—Persons who are registered with the
201 department under s. 212.18 to collect or remit sales or use tax
202 and who make donations to eligible sponsors are eligible for tax
203 credits against their state sales and use tax liabilities as

204 provided in this paragraph:

205 a. The credit shall be computed as 50 percent of the
206 person's approved annual community contribution.

207 b. The credit shall be granted as a refund against state
208 sales and use taxes reported on returns and remitted in the 12
209 months preceding the date of application to the department for
210 the credit as required in sub-subparagraph 3.c. If the annual
211 credit is not fully used through such refund because of
212 insufficient tax payments during the applicable 12-month period,
213 the unused amount may be included in an application for a refund
214 made pursuant to sub-subparagraph 3.c. in subsequent years
215 against the total tax payments made for such year. Carryover
216 credits may be applied for a 3-year period without regard to any
217 time limitation that would otherwise apply under s. 215.26.

218 c. A person may not receive more than \$200,000 in annual
219 tax credits for all approved community contributions made in any
220 one year.

221 d. All proposals for the granting of the tax credit require
222 the prior approval of the Office of Tourism, Trade, and Economic
223 Development.

224 e. The total amount of tax credits which may be granted for
225 all programs approved under this paragraph, s. 220.183, and s.
226 624.5105 is \$10.5 million annually for projects that provide
227 homeownership opportunities for low-income or very-low-income
228 households as defined in s. 420.9071(19) and (28) and \$3.5
229 million annually for all other projects.

230 f. A person who is eligible to receive the credit provided
231 for in this paragraph, s. 220.183, or s. 624.5105 may receive
232 the credit only under the one section of the person's choice.

233 2. Eligibility requirements.-

234 a. A community contribution by a person must be in the
235 following form:

236 (I) Cash or other liquid assets;

237 (II) Real property;

238 (III) Goods or inventory; or

239 (IV) Other physical resources as identified by the Office
240 of Tourism, Trade, and Economic Development.

241 b. All community contributions must be reserved exclusively
242 for use in a project. As used in this sub-subparagraph, the term
243 "project" means any activity undertaken by an eligible sponsor
244 which is designed to construct, improve, or substantially
245 rehabilitate housing that is affordable to low-income or very-
246 low-income households as defined in s. 420.9071(19) and (28);
247 designed to provide commercial, industrial, or public resources
248 and facilities; or designed to improve entrepreneurial and job-
249 development opportunities for low-income persons. A project may
250 be the investment necessary to increase access to high-speed
251 broadband capability in rural communities with enterprise zones,
252 including projects that result in improvements to communications
253 assets that are owned by a business. A project may include the
254 provision of museum educational programs and materials that are
255 directly related to any project approved between January 1,
256 1996, and December 31, 1999, and located in an enterprise zone
257 designated pursuant to s. 290.0065. This paragraph does not
258 preclude projects that propose to construct or rehabilitate
259 housing for low-income or very-low-income households on
260 scattered sites. With respect to housing, contributions may be
261 used to pay the following eligible low-income and very-low-

262 income housing-related activities:

263 (I) Project development impact and management fees for low-
264 income or very-low-income housing projects;

265 (II) Down payment and closing costs for eligible persons,
266 as defined in s. 420.9071(19) and (28);

267 (III) Administrative costs, including housing counseling
268 and marketing fees, not to exceed 10 percent of the community
269 contribution, directly related to low-income or very-low-income
270 projects; and

271 (IV) Removal of liens recorded against residential property
272 by municipal, county, or special district local governments when
273 satisfaction of the lien is a necessary precedent to the
274 transfer of the property to an eligible person, as defined in s.
275 420.9071(19) and (28), for the purpose of promoting home
276 ownership. Contributions for lien removal must be received from
277 a nonrelated third party.

278 c. The project must be undertaken by an "eligible sponsor,"
279 which includes:

280 (I) A community action program;

281 (II) A nonprofit community-based development organization
282 whose mission is the provision of housing for low-income or
283 very-low-income households or increasing entrepreneurial and

291 organization;

292 (VIII) A regional workforce board;

293 (IX) A direct-support organization as provided in s.

294 1009.983;

295 (X) An enterprise zone development agency created under s.

296 290.0056;

297 (XI) A community-based organization incorporated under
298 chapter 617 which is recognized as educational, charitable, or
299 scientific pursuant to s. 501(c)(3) of the Internal Revenue Code
300 and whose bylaws and articles of incorporation include
301 affordable housing, economic development, or community
302 development as the primary mission of the corporation;

303 (XII) Units of local government;

304 (XIII) Units of state government; or

305 (XIV) Any other agency that the Office of Tourism, Trade,
306 and Economic Development designates by rule.

307

308 In no event may a contributing person have a financial interest
309 in the eligible sponsor.

310 d. The project must be located in an area designated an
311 enterprise zone or a Front Porch Florida Community pursuant to
312 s. 20.18(6), unless the project increases access to high-speed
313 broadband capability for rural communities with enterprise zones
314 but is physically located outside the designated rural zone
315 boundaries. Any project designed to construct or rehabilitate
316 housing for low-income or very-low-income households as defined
317 in s. 420.9071(19) and (28) is exempt from the area requirement
318 of this sub-subparagraph.

319 e.

320 (I) If, during the first 10 business days of the state
321 fiscal year, eligible tax credit applications for projects that
322 provide homeownership opportunities for low-income or very-low-
323 income households as defined in s. 420.9071(19) and (28) are
324 received for less than the annual tax credits available for
325 those projects, the Office of Tourism, Trade, and Economic
326 Development shall grant tax credits for those applications and
327 shall grant remaining tax credits on a first-come, first-served
328 basis for any subsequent eligible applications received before
329 the end of the state fiscal year. If, during the first 10
330 business days of the state fiscal year, eligible tax credit
331 applications for projects that provide homeownership
332 opportunities for low-income or very-low-income households as
333 defined in s. 420.9071(19) and (28) are received for more than
334 the annual tax credits available for those projects, the office
335 shall grant the tax credits for those applications as follows:

336 (A) If tax credit applications submitted for approved
337 projects of an eligible sponsor do not exceed \$200,000 in total,
338 the credits shall be granted in full if the tax credit
339 applications are approved.

340 (B) If tax credit applications submitted for approved
341 projects of an eligible sponsor exceed \$200,000 in total, the
342 amount of tax credits granted pursuant to sub-sub-sub-
343 subparagraph (A) shall be subtracted from the amount of
344 available tax credits, and the remaining credits shall be
345 granted to each approved tax credit application on a pro rata
346 basis.

347 (II) If, during the first 10 business days of the state
348 fiscal year, eligible tax credit applications for projects other

349 than those that provide homeownership opportunities for low-
350 income or very-low-income households as defined in s.
351 420.9071(19) and (28) are received for less than the annual tax
352 credits available for those projects, the office shall grant tax
353 credits for those applications and shall grant remaining tax
354 credits on a first-come, first-served basis for any subsequent
355 eligible applications received before the end of the state
356 fiscal year. If, during the first 10 business days of the state
357 fiscal year, eligible tax credit applications for projects other
358 than those that provide homeownership opportunities for low-
359 income or very-low-income households as defined in s.
360 420.9071(19) and (28) are received for more than the annual tax
361 credits available for those projects, the office shall grant the
362 tax credits for those applications on a pro rata basis.

363 3. Application requirements.-

364 a. Any eligible sponsor seeking to participate in this
365 program must submit a proposal to the Office of Tourism, Trade,
366 and Economic Development which sets forth the name of the
367 sponsor, a description of the project, and the area in which the
368 project is located, together with such supporting information as
369 is prescribed by rule. The proposal must also contain a
370 resolution from the local governmental unit in which the project
371 is located certifying that the project is consistent with local
372 plans and regulations.

373 b. Any person seeking to participate in this program must
374 submit an application for tax credit to the office which sets
375 forth the name of the sponsor, a description of the project, and
376 the type, value, and purpose of the contribution. The sponsor
377 shall verify the terms of the application and indicate its

378 receipt of the contribution, which verification must be in
379 writing and accompany the application for tax credit. The person
380 must submit a separate tax credit application to the office for
381 each individual contribution that it makes to each individual
382 project.

383 c. Any person who has received notification from the office
384 that a tax credit has been approved must apply to the department
385 to receive the refund. Application must be made on the form
386 prescribed for claiming refunds of sales and use taxes and be
387 accompanied by a copy of the notification. A person may submit
388 only one application for refund to the department within any 12-
389 month period.

390 4. Administration.—

391 a. The Office of Tourism, Trade, and Economic Development
392 may adopt rules pursuant to ss. 120.536(1) and 120.54 necessary
393 to administer this paragraph, including rules for the approval
394 or disapproval of proposals by a person.

395 b. The decision of the office must be in writing, and, if
396 approved, the notification shall state the maximum credit
397 allowable to the person. Upon approval, the office shall
398 transmit a copy of the decision to the Department of Revenue.

399 c. The office shall periodically monitor all projects in a
400 manner consistent with available resources to ensure that
401 resources are used in accordance with this paragraph; however,
402 each project must be reviewed at least once every 2 years.

403 d. The office shall, in consultation with the Department of
404 Community Affairs and the statewide and regional housing and
405 financial intermediaries, market the availability of the
406 community contribution tax credit program to community-based

407 organizations.

534 380.06 Developments of regional impact.—

535 (19) SUBSTANTIAL DEVIATIONS.—

536 (e)1. Except for a development order rendered pursuant to
537 subsection (22) or subsection (25), a proposed change to a
538 development order that individually or cumulatively with any
539 previous change is less than any numerical criterion contained
540 in subparagraphs (b)1.-13. and does not exceed any other
541 criterion, or that involves an extension of the buildout date of
542 a development, or any phase thereof, of less than 5 years is not
543 subject to the public hearing requirements of subparagraph
544 (f)3., and is not subject to a determination pursuant to
545 subparagraph (f)5. Notice of the proposed change shall be made
546 to the regional planning council and the state land planning
547 agency. Such notice shall include a description of previous
548 individual changes made to the development, including changes
549 previously approved by the local government, and shall include
550 appropriate amendments to the development order.

551 2. The following changes, individually or cumulatively with

552 any previous changes, are not substantial deviations:

553 a. Changes in the name of the project, developer, owner, or
554 monitoring official.

556 environmental protection or mitigation areas, or archaeological

560 not affect external access points.

564 buildings designated as significant by the Division of
565 Historical Resources of the Department of State.

566 f. Changes to increase the acreage in the development,
567 provided that no development is proposed on the acreage to be
568 added.

569 g. Changes to eliminate an approved land use, provided that
570 there are no additional regional impacts.

571 h. Changes required to conform to permits approved by any
572 federal, state, or regional permitting agency, provided that
573 these changes do not create additional regional impacts.

574 i. Any renovation or redevelopment of development within a
575 previously approved development of regional impact which does
576 not change land use or increase density or intensity of use.

577 j. Changes that modify boundaries and configuration of
578 areas described in subparagraph (b)14. due to science-based
579 refinement of such areas by survey, by habitat evaluation, by
580 other recognized assessment methodology, or by an environmental

581 assessment. In order for changes to qualify under this sub-
582 subparagraph, the survey, habitat evaluation, or assessment must
583 occur prior to the time a conservation easement protecting such
584 lands is recorded and must not result in any net decrease in the
585 total acreage of the lands specifically set aside for permanent
586 preservation in the final development order.

587 ~~k. Changes to permit the sale of an affordable housing unit~~
588 ~~to a person who earns less than 120 percent of the area median~~

596 ~~originally marketed to a lower income qualified class. This~~
597 ~~provision may not be applied to residential units approved~~
598 ~~pursuant to subparagraph (b)7. or paragraph (i), and shall~~
599 ~~expire on July 1, 2009.~~

600 k. 1. Any other change which the state land planning
601 agency, in consultation with the regional planning council,
602 agrees in writing is similar in nature, impact, or character to
603 the changes enumerated in sub-subparagraphs a.-j. and which does
604 not create the likelihood of any additional regional impact.

605
606 This subsection does not require the filing of a notice of
607 proposed change but shall require an application to the local
608 government to amend the development order in accordance with the
609 local government's procedures for amendment of a development

610 order. In accordance with the local government's procedures,
611 including requirements for notice to the applicant and the
612 public, the local government shall either deny the application
613 for amendment or adopt an amendment to the development order
614 which approves the application with or without conditions.
615 Following adoption, the local government shall render to the
616 state land planning agency the amendment to the development
617 order. The state land planning agency may appeal, pursuant to s.
618 380.07(3), the amendment to the development order if the
619 amendment involves sub-subparagraph g., sub-subparagraph h.,
620 sub-subparagraph j., or sub-subparagraph k., ~~or sub-subparagraph~~
621 ~~l.~~, and it believes the change creates a reasonable likelihood
622 of new or additional regional impacts.

623 3. Except for the change authorized by sub-subparagraph
624 2.f., any addition of land not previously reviewed or any change
625 not specified in paragraph (b) or paragraph (c) shall be
626 presumed to create a substantial deviation. This presumption may
627 be rebutted by clear and convincing evidence.

628 4. Any submittal of a proposed change to a previously
629 approved development shall include a description of individual
630 changes previously made to the development, including changes
631 previously approved by the local government. The local
632 government shall consider the previous and current proposed
633 changes in deciding whether such changes cumulatively constitute
634 a substantial deviation requiring further development-of-
635 regional-impact review.

636 5. The following changes to an approved development of
637 regional impact shall be presumed to create a substantial
638 deviation. Such presumption may be rebutted by clear and

639 convincing evidence.

640 a. A change proposed for 15 percent or more of the acreage
641 to a land use not previously approved in the development order.
642 Changes of less than 15 percent shall be presumed not to create
643 a substantial deviation.

644 b. Notwithstanding any provision of paragraph (b) to the
645 contrary, a proposed change consisting of simultaneous increases
646 and decreases of at least two of the uses within an authorized
647 multiuse development of regional impact which was originally
648 approved with three or more uses specified in s. 380.0651(3)(c),
649 (d), (e), and (f) and residential use.

650 Reviser's note.—Amends paragraph (19)(e) to delete

667 Statutes, is repealed.
