FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Background:

Section 19 of Article III of the Florida Constitution states that appropriations acts “shall contain provisions on no other subject” other than making appropriations. This language has been interpreted to defeat proviso to appropriations that have the effect of amending general law.¹ For this reason, when general law changes are required to effectuate appropriations, those changes are placed in a general bill implementing the appropriations act instead of in the GAA. The statutory changes are effective for only one year and either expire on July 1 of the next fiscal year or revert to the language as it existed before the changes made by the bill.
