SUMMARY ANALYSIS

Florida statute requires the Division of Statutory Revision of the Office of the Legislative Services to conduct a systematic and continuing study of this state's statutes and laws. The purpose of this study is to recommend to the Legislature changes that will remove inconsistencies, redundancies, and unnecessary repetition from the statutes and otherwise improve their clarity and facilitate their correct and proper interpretation. In furthering this statutory requirement, Statutory Revision recommends changes such as correcting grammatical and typographical errors and removing obsolete, repealed, or superseded provisions. These recommendations are submitted to the Legislature as technical, non-substantive reviser's bills.

This bill deletes statutory provisions that have been repealed by a non-current (past-year) session of the Legislature where that repeal or expiration date has now occurred, rendering the provision of no effect. Such provisions may be omitted from publication in the 2011 Florida Statutes only through a reviser's bill duly enacted by the Legislature.

Pursuant to House Rule 12.3(e), a reviser's bill cannot be amended except to delete a bill section.

This bill has no fiscal impact.

This bill becomes effective on the 60th day after adjournment sine die.
