 677 factors relevant to the particular case, including the
 678 following:

679 a. Number and proximity of hospitals with the same service
 680 capability.

681 b. Number, type, credentials, and privileges of

 688 ~~or January 31, 1993, whichever is earlier. For a period not to~~
 689 ~~exceed 1 year from the effective date of subparagraph 1., a~~
 690 ~~hospital requesting an exemption shall be deemed to be exempt~~
 691 ~~from offering the service until the agency initially acts to~~

1012 (c) Have available the regular, consultative, and
 1013 emergency services of physicians licensed by the state.

1014 (d) Provide for resident use of a community pharmacy as
 1015 specified in s. 400.022(1)(q). Any other law to the contrary
 1016 notwithstanding, a registered pharmacist licensed in Florida,
 1017 that is under contract with a facility licensed under this
 1018 chapter or chapter 429, shall repackage a nursing facility
 1019 resident's bulk prescription medication that ~~which~~ has been
 1020 packaged by another pharmacist licensed in any state in the
 1021 United States into a unit dose system compatible with the system
 1022 used by the nursing facility, if the pharmacist is requested to
 1023 offer such service. In order to be eligible for the repackaging,
 1024 a resident or the resident's spouse must receive prescription
 1025 medication benefits provided through a former employer as part
 1026 of his or her retirement benefits, a qualified pension plan as
 1027 specified in s. 4972 of the Internal Revenue Code, a federal
 1028 retirement program as specified under 5 C.F.R. s. 831, or a

 1031 nursing facility that ~~which~~ correctly administers such
 1032 repackaged medication under this paragraph may not be held
 1033 liable in any civil or administrative action arising from the
 1034 repackaging. In order to be eligible for the repackaging, a

1037 facility which includes an explanation of the repackaging
 1038 process and which notifies the resident of the immunities from
 1039 liability provided in this paragraph. A pharmacist who
 1040 repackages and relabels prescription medications, as authorized
 1041 under this paragraph, may charge a reasonable fee for costs
 1042 resulting from the implementation of this provision.

1043 (e) Provide for the access of the facility residents to
 1044 dental and other health-related services, recreational services,
 1045 rehabilitative services, and social work services appropriate to
 1046 their needs and conditions and not directly furnished by the
 1047 licensee. When a geriatric outpatient nurse clinic is conducted
 1048 in accordance with rules adopted by the agency, outpatients
 1049 attending such clinic shall not be counted as part of the
 1050 general resident population of the nursing home facility, nor
 1051 shall the nursing staff of the geriatric outpatient clinic be
 1052 counted as part of the nursing staff of the facility, until the
 1053 outpatient clinic load exceeds 15 a day.

1054 (f) Be allowed and encouraged by the agency to provide
 1055 other needed services under certain conditions. If the facility
 1056 has a standard licensure status, ~~and has had no class I or class~~
 1057 ~~II deficiencies during the past 2 years or has been awarded a~~
 1058 ~~Gold Seal under the program established in s. 400.235, it may be~~
 1059 ~~encouraged by the agency to provide services, including, but not~~

 1061 individuals to move in and out of the facility. A facility is
 1062 not subject to any additional licensure requirements for
 1063 providing these services under the following conditions:-

1064 1. Respite care may be offered to persons in need of

1065 short-term or temporary nursing home services. For each person
 1066 admitted under the respite care program, the facility licensee
 1067 must:

1068 a. Have a written abbreviated plan of care that, at a
 1069 minimum, includes nutritional requirements, medication orders,
 1070 physician orders, nursing assessments, and dietary preferences.
 1071 The nursing or physician assessments may take the place of all
 1072 other assessments required for full-time residents.

1073 b. Have a contract that, at a minimum, specifies the
 1074 services to be provided to the respite resident, including
 1075 charges for services, activities, equipment, emergency medical
 1076 services, and the administration of medications. If multiple
 1077 respite admissions for a single person are anticipated, the
 1078 original contract is valid for 1 year after the date of
 1079 execution.

1080 c. Ensure that each resident is released to his or her
 1081 caregiver or an individual designated in writing by the
 1082 caregiver.

1083 2. A person admitted under the respite care program is:

1084 a. Exempt from requirements in rule related to discharge
 1085 planning.

1086 b. Covered by the residents' rights set forth in s.
 1087 400.022(1)(a)-(o) and (r)-(t). Property or funds of a resident
 1088 are not considered trust funds that are subject to the
 1089 requirements of s. 400.022(1)(h) until the resident has been in
 1090 the facility for more than 14 consecutive days.

1091 c. Allowed to use his or her personal medications for the
 1092 respite stay if permitted by facility policy. The facility must

1093 obtain a physician's order for the medications. The caregiver
 1094 may provide information regarding the medications as part of the
 1095 nursing assessment and that information must be in conformance
 1096 with the physician's order. Medications shall be released with
 1097 the resident upon discharge in accordance with a physician's
 1098 current orders.

1099 3. A person receiving respite care is entitled to reside
 1100 in the facility for a total of 60 days within a contract year or
 1101 within a calendar year if the contract is for less than 12
 1102 months. However, each single stay may not exceed 14 days. If a
 1103 stay exceeds 14 consecutive days, the facility must comply with
 1104 all requirements for assessment and care planning which apply to
 1105 nursing home residents.

1106 4. A person receiving respite care must reside in a
 1107 licensed nursing home bed.

1108 5. A prospective respite resident must provide medical
 1109 information from a physician, a physician assistant, or a nurse
 1110 practitioner and other information from the primary caregiver as
 1111 may be required by the facility prior to or at the time of
 1112 admission to receive respite care. The medical information must
 1113 include a physician's order for respite care and proof of a
 1114 physical examination by a licensed physician, physician
 1115 assistant, or nurse practitioner. The physician's order and
 1116 physical examination may be used to provide intermittent respite
 1117 care for up to 12 months after the date the order is written.

1118 6. The facility must assume the duties of the primary
 1119 caregiver. To ensure continuity of care and services, the
 1120 resident is entitled to retain his or her personal physician and

1121 must have access to medically necessary services such as
 1122 physical therapy, occupational therapy, or speech therapy, as
 1123 needed. The facility must arrange for transportation to these
 1124 services if necessary. ~~Respite care must be provided in~~
 1125 ~~accordance with this part and rules adopted by the agency.~~
 1126 ~~However, the agency shall, by rule, adopt modified requirements~~
 1127 ~~for resident assessment, resident care plans, resident~~
 1128 ~~contracts, physician orders, and other provisions, as~~
 1129 ~~appropriate, for short-term or temporary nursing home services.~~

1130 7. The agency shall allow for shared programming and staff
 1131 in a facility which meets minimum standards and offers services
 1132 pursuant to this paragraph, but, if the facility is cited for
 1133 deficiencies in patient care, may require additional staff and
 1134 programs appropriate to the needs of service recipients. A
 1135 person who receives respite care may not be counted as a
 1136 resident of the facility for purposes of the facility's licensed
 1137 capacity unless that person receives 24-hour respite care. A
 1138 person receiving either respite care for 24 hours or longer or
 1139 adult day services must be included when calculating minimum
 1140 staffing for the facility. Any costs and revenues generated by a
 1141 nursing home facility from nonresidential programs or services
 1142 shall be excluded from the calculations of Medicaid per diems
 1143 for nursing home institutional care reimbursement.

1144 (g) If the facility has a standard license ~~or is a Gold~~
 1145 ~~Seal facility~~, exceeds the minimum required hours of licensed
 1146 nursing and certified nursing assistant direct care per resident
 1147 per day, and is part of a continuing care facility licensed

 1150 III of chapter 429 on a single campus, be allowed to share
 1151 programming and staff. ~~At the time of inspection and in the~~
 1152 ~~semiannual report required pursuant to paragraph (o),~~ A
 1153 continuing care facility or retirement community that uses this
 1154 option must demonstrate through staffing records that minimum
 1155 staffing requirements for the facility were met. Licensed nurses
 1156 and certified nursing assistants who work in the nursing home
 1157 facility may be used to provide services elsewhere on campus if
 1158 the facility exceeds the minimum number of direct care hours
 1159 required per resident per day and the total number of residents
 1160 receiving direct care services from a licensed nurse or a
 1161 certified nursing assistant does not cause the facility to
 1162 violate the staffing ratios required under s. 400.23(3)(a).
 1163 Compliance with the minimum staffing ratios shall be based on
 1164 total number of residents receiving direct care services,
 1165 regardless of where they reside on campus. If the facility
 1166 receives a conditional license, it may not share staff until the
 1167 conditional license status ends. This paragraph does not
 1168 restrict the agency's authority under federal or state law to
 1169 require additional staff if a facility is cited for deficiencies
 1170 in care which are caused by an insufficient number of certified
 1171 nursing assistants or licensed nurses. The agency may adopt
 1172 rules for the documentation necessary to determine compliance
 1173 with this provision.

1174 (h) Maintain the facility premises and equipment and
 1175 conduct its operations in a safe and sanitary manner.

1176 (i) If the licensee furnishes food service, provide a

 1178 accepted standards of proper nutrition for its residents and
 1179 provide such therapeutic diets as may be prescribed by attending
 1180 physicians. In making rules to implement this paragraph, the
 1181 agency shall be guided by standards recommended by nationally
 1182 recognized professional groups and associations with knowledge
 1183 of dietetics.

1184 (j) Keep full records of resident admissions and
 1185 discharges; medical and general health status, including medical
 1186 records, personal and social history, and identity and address
 1187 of next of kin or other persons who may have responsibility for
 1188 the affairs of the residents; and individual resident care plans
 1189 including, but not limited to, prescribed services, service
 1190 frequency and duration, and service goals. The records shall be
 1191 open to inspection by the agency. The facility must maintain
 1192 clinical records for each resident in accordance with accepted
 1193 professional standards and practices and which are complete,
 1194 accurately documented, readily accessible, and systematically
 1195 organized.

1196 (k) Keep such fiscal records of its operations and
 1197 conditions as may be necessary to provide information pursuant
 1198 to this part.

1199 (l) Furnish copies of personnel records for employees
 1200 affiliated with such facility, to any other facility licensed by
 1201 this state requesting this information pursuant to this part.

 2917 clinical practice patterns of providers in order to identify
 2918 trends that are outside the normal practice patterns of a

 2976 supply may be authorized. The agency may seek any federal
 2977 waivers necessary to implement these cost-control programs and
 2978 to continue participation in the federal Medicaid rebate
 2979 program, or alternatively to negotiate state-only manufacturer
 2980 rebates. The agency may adopt rules to administer this
 2981 subparagraph. The agency shall continue to provide unlimited
 2982 contraceptive drugs and items. The agency must establish
 2983 procedures to ensure that:

2984 a. There is a response to a request for prior consultation
 2985 by telephone or other telecommunication device within 24 hours
 2986 after receipt of a request for prior consultation; and

2987 b. A 72-hour supply of the drug prescribed is provided in
 2988 an emergency or when the agency does not provide a response
 2989 within 24 hours as required by sub-subparagraph a.

2990 2. Reimbursement to pharmacies for Medicaid prescribed
 2991 drugs shall be set at the lowest of: the average wholesale price
 2992 (AWP) minus 16.4 percent, the wholesaler acquisition cost (WAC)
 2993 plus 1.5 percent, the federal upper limit (FUL), the state
 2994 maximum allowable cost (SMAC), or the usual and customary (UAC)
 2995 charge billed by the provider.

2996 3. The agency shall develop and implement a process for

2997 | managing the drug therapies of Medicaid recipients who are using
 2998 | significant numbers of prescribed drugs each month. The
 2999 | management process may include, but is not limited to,
 3000 | comprehensive, physician-directed medical-record reviews, claims
 3001 | analyses, and case evaluations to determine the medical
 3002 | necessity and appropriateness of a patient's treatment plan and
 3003 | drug therapies. The agency may contract with a private
 3004 | organization to provide drug-program-management services. The
 3005 | Medicaid drug benefit management program shall include
 3006 | initiatives to manage drug therapies for HIV/AIDS patients,
 3007 | patients using 20 or more unique prescriptions in a 180-day
 3008 | period, and the top 1,000 patients in annual spending. The
 3009 | agency shall enroll any Medicaid recipient in the drug benefit
 3010 | management program if he or she meets the specifications of this
 3011 | provision and is not enrolled in a Medicaid health maintenance
 3012 | organization.

3013 | 4. The agency may limit the size of its pharmacy network
 3014 | based on need, competitive bidding, price negotiations,
 3015 | credentialing, or similar criteria. The agency shall give
 3016 | special consideration to rural areas in determining the size and
 3017 | location of pharmacies included in the Medicaid pharmacy
 3018 | network. A pharmacy credentialing process may include criteria
 3019 | such as a pharmacy's full-service status, location, size,
 3020 | patient educational programs, patient consultation, disease
 3021 | management services, and other characteristics. The agency may
 3022 | impose a moratorium on Medicaid pharmacy enrollment if it is
 3023 | determined that it has a sufficient number of Medicaid-
 3024 | participating providers. The agency must allow dispensing

3025 practitioners to participate as a part of the Medicaid pharmacy
 3026 network regardless of the practitioner's proximity to any other
 3027 entity that is dispensing prescription drugs under the Medicaid
 3028 program. A dispensing practitioner must meet all credentialing
 3029 requirements applicable to his or her practice, as determined by
 3030 the agency.

3031 5. The agency shall develop and implement a program that
 3032 requires Medicaid practitioners who prescribe drugs to use a
 3033 counterfeit-proof prescription pad for Medicaid prescriptions.
 3034 The agency shall require the use of standardized counterfeit-
 3035 proof prescription pads by Medicaid-participating prescribers or
 3036 prescribers who write prescriptions for Medicaid recipients. The
 3037 agency may implement the program in targeted geographic areas or
 3038 statewide.

3039 6. The agency may enter into arrangements that require
 3040 manufacturers of generic drugs prescribed to Medicaid recipients
 3041 to provide rebates of at least 15.1 percent of the average
 3042 manufacturer price for the manufacturer's generic products.
 3043 These arrangements shall require that if a generic-drug
 3044 manufacturer pays federal rebates for Medicaid-reimbursed drugs
 3045 at a level below 15.1 percent, the manufacturer must provide a
 3046 supplemental rebate to the state in an amount necessary to
 3047 achieve a 15.1-percent rebate level.

3048 7. The agency may establish a preferred drug list as
 3049 described in this subsection, and, pursuant to the establishment
 3050 of such preferred drug list, negotiate supplemental rebates from
 3051 manufacturers that are in addition to those required by Title
 3052 XIX of the Social Security Act and at no less than 14 percent of

3053 | the average manufacturer price as defined in 42 U.S.C. s. 1936
 3054 | on the last day of a quarter unless the federal or supplemental
 3055 | rebate, or both, equals or exceeds 29 percent. There is no upper
 3056 | limit on the supplemental rebates the agency may negotiate. The
 3057 | agency may determine that specific products, brand-name or
 3058 | generic, are competitive at lower rebate percentages. Agreement
 3059 | to pay the minimum supplemental rebate percentage guarantees a
 3060 | manufacturer that the Medicaid Pharmaceutical and Therapeutics
 3061 | Committee will consider a product for inclusion on the preferred
 3062 | drug list. However, a pharmaceutical manufacturer is not
 3063 | guaranteed placement on the preferred drug list by simply paying
 3064 | the minimum supplemental rebate. Agency decisions will be made
 3065 | on the clinical efficacy of a drug and recommendations of the
 3066 | Medicaid Pharmaceutical and Therapeutics Committee, as well as
 3067 | the price of competing products minus federal and state rebates.
 3068 | The agency may contract with an outside agency or contractor to
 3069 | conduct negotiations for supplemental rebates. For the purposes
 3070 | of this section, the term "supplemental rebates" means cash
 3071 | rebates. Value-added programs as a substitution for supplemental
 3072 | rebates are prohibited. The agency may seek any federal waivers
 3073 | to implement this initiative.

3074 | 8. The agency shall expand home delivery of pharmacy
 3075 | products. The agency may amend the state plan and issue a
 3076 | procurement, as necessary, in order to implement this program.
 3077 | The procurements must include agreements with a pharmacy or
 3078 | pharmacies located in the state to provide mail order delivery
 3079 | services at no cost to the recipients who elect to receive home
 3080 | delivery of pharmacy products. The procurement must focus on

3081 | serving recipients with chronic diseases for which pharmacy
 3082 | expenditures represent a significant portion of Medicaid
 3083 | pharmacy expenditures or which impact a significant portion of
 3084 | the Medicaid population. The agency may seek and implement any
 3085 | federal waivers necessary to implement this subparagraph.

3086 | 9. The agency shall limit to one dose per month any drug
 3087 | prescribed to treat erectile dysfunction.

3088 | 10.a. The agency may implement a Medicaid behavioral drug
 3089 | management system. The agency may contract with a vendor that
 3090 | has experience in operating behavioral drug management systems
 3091 | to implement this program. The agency may seek federal waivers
 3092 | to implement this program.

3093 | b. The agency, in conjunction with the Department of
 3094 | Children and Family Services, may implement the Medicaid
 3095 | behavioral drug management system that is designed to improve
 3096 | the quality of care and behavioral health prescribing practices
 3097 | based on best practice guidelines, improve patient adherence to
 3098 | medication plans, reduce clinical risk, and lower prescribed
 3099 | drug costs and the rate of inappropriate spending on Medicaid
 3100 | behavioral drugs. The program may include the following
 3101 | elements:

3102 | (I) Provide for the development and adoption of best
 3103 | practice guidelines for behavioral health-related drugs such as
 3104 | antipsychotics, antidepressants, and medications for treating
 3105 | bipolar disorders and other behavioral conditions; translate
 3106 | them into practice; review behavioral health prescribers and
 3107 | compare their prescribing patterns to a number of indicators

 3110 | (II) Implement processes for providing feedback to and
 3111 | educating prescribers using best practice educational materials
 3112 | and peer-to-peer consultation.
 3113 | (III) Assess Medicaid beneficiaries who are outliers in
 3114 | their use of behavioral health drugs with regard to the numbers
 3115 | and types of drugs taken, drug dosages, combination drug
 3116 | therapies, and other indicators of improper use of behavioral
 3117 | health drugs.
 3118 | (IV) Alert prescribers to patients who fail to refill
 3119 | prescriptions in a timely fashion, are prescribed multiple same-
 3120 | class behavioral health drugs, and may have other potential
 3121 | medication problems.
 3122 | (V) Track spending trends for behavioral health drugs and
 3123 | deviation from best practice guidelines.
 3124 | (VI) Use educational and technological approaches to
 3125 | promote best practices, educate consumers, and train prescribers
 3126 | in the use of practice guidelines.
 3127 | (VII) Disseminate electronic and published materials.
 3128 | (VIII) Hold statewide and regional conferences.
 3129 | (IX) Implement a disease management program with a model
 3130 | quality-based medication component for severely mentally ill
 3131 | individuals and emotionally disturbed children who are high
 3132 | users of care.
 3133 | 11. The agency shall implement a Medicaid prescription
 3134 | drug management system.

3137 order to implement this system. Any management system that is
 3138 implemented in accordance with this subparagraph must rely on
 3139 cooperation between physicians and pharmacists to determine
 3140 appropriate practice patterns and clinical guidelines to improve
 3141 the prescribing, dispensing, and use of drugs in the Medicaid
 3142 program. The agency may seek federal waivers to implement this
 3143 program.

3144 b. The drug management system must be designed to improve
 3145 the quality of care and prescribing practices based on best
 3146 practice guidelines, improve patient adherence to medication
 3147 plans, reduce clinical risk, and lower prescribed drug costs and
 3148 the rate of inappropriate spending on Medicaid prescription
 3149 drugs. The program must:

3150 (I) Provide for the adoption of best practice guidelines
 3151 for the prescribing and use of drugs in the Medicaid program,
 3152 including translating best practice guidelines into practice;
 3153 reviewing prescriber patterns and comparing them to indicators
 3154 that are based on national standards and practice patterns of
 3155 clinical peers in their community, statewide, and nationally;
 3156 and determine deviations from best practice guidelines.

3157 (II) Implement processes for providing feedback to and
 3158 educating prescribers using best practice educational materials
 3159 and peer-to-peer consultation.

3160 (III) Assess Medicaid recipients who are outliers in their
 3161 use of a single or multiple prescription drugs with regard to
 3162 the numbers and types of drugs taken, drug dosages, combination
 3163 drug therapies, and other indicators of improper use of
 3164 prescription drugs.

3165 (IV) Alert prescribers to recipients who fail to refill
 3166 prescriptions in a timely fashion, are prescribed multiple drugs
 3167 that may be redundant or contraindicated, or may have other
 3168 potential medication problems.

3169 12. The agency may contract for drug rebate
 3170 administration, including, but not limited to, calculating
 3171 rebate amounts, invoicing manufacturers, negotiating disputes
 3172 with manufacturers, and maintaining a database of rebate
 3173 collections.

3174 13. The agency may specify the preferred daily dosing form
 3175 or strength for the purpose of promoting best practices with
 3176 regard to the prescribing of certain drugs as specified in the
 3177 General Appropriations Act and ensuring cost-effective
 3178 prescribing practices.

3179 14. The agency may require prior authorization for
 3180 Medicaid-covered prescribed drugs. The agency may prior-
 3181 authorize the use of a product:

- 3182 a. For an indication not approved in labeling;
- 3183 b. To comply with certain clinical guidelines; or
- 3184 c. If the product has the potential for overuse, misuse,
 3185 or abuse.

3186
 3187 The agency may require the prescribing professional to provide
 3188 information about the rationale and supporting medical evidence
 3189 for the use of a drug. The agency shall ~~may~~ post prior
 3190 authorization and step edit criteria and protocol and updates to

 3195 the term "step edit" means an automatic electronic review of
 3196 certain medications subject to prior authorization ~~without~~
 3197 ~~amending its rule or engaging in additional rulemaking.~~

3198 15. The agency, in conjunction with the Pharmaceutical and
 3199 Therapeutics Committee, may require age-related prior
 3200 authorizations for certain prescribed drugs. The agency may
 3201 preauthorize the use of a drug for a recipient who may not meet
 3202 the age requirement or may exceed the length of therapy for use
 3203 of this product as recommended by the manufacturer and approved
 3204 by the Food and Drug Administration. Prior authorization may
 3205 require the prescribing professional to provide information
 3206 about the rationale and supporting medical evidence for the use
 3207 of a drug.

3208 16. The agency shall implement a step-therapy prior
 3209 authorization approval process for medications excluded from the
 3210 preferred drug list. Medications listed on the preferred drug
 3211 list must be used within the previous 12 months before the
 3212 alternative medications that are not listed. The step-therapy
 3213 prior authorization may require the prescriber to use the
 3214 medications of a similar drug class or for a similar medical
 3215 indication unless contraindicated in the Food and Drug
 3216 Administration labeling. The trial period between the specified
 3217 steps may vary according to the medical indication. The step-
 3218 therapy approval process shall be developed in accordance with
 3219 the committee as stated in s. 409.91195(7) and (8). A drug

 3222 agency with additional written medical or clinical documentation
 3223 that the product is medically necessary because:

 3225 the disease or medical condition which is an acceptable clinical
 3226 alternative;

3227 b. The alternatives have been ineffective in the treatment
 3228 of the beneficiary's disease; or

3229 c. Based on historic evidence and known characteristics of
 3230 the patient and the drug, the drug is likely to be ineffective,
 3231 or the number of doses have been ineffective.

3232
 3233 The agency shall work with the physician to determine the best
 3234 alternative for the patient. The agency may adopt rules waiving
 3235 the requirements for written clinical documentation for specific
 3236 drugs in limited clinical situations.

3237 17. The agency shall implement a return and reuse program
 3238 for drugs dispensed by pharmacies to institutional recipients,
 3239 which includes payment of a \$5 restocking fee for the
 3240 implementation and operation of the program. The return and
 3241 reuse program shall be implemented electronically and in a
 3242 manner that promotes efficiency. The program must permit a
 3243 pharmacy to exclude drugs from the program if it is not
 3244 practical or cost-effective for the drug to be included and must
 3245 provide for the return to inventory of drugs that cannot be
 3246 credited or returned in a cost-effective manner. The agency

 3250 prescription drugs are not destroyed which could safely be
 3251 reused.

3252 (b) The agency shall implement this subsection to the
 3253 extent that funds are appropriated to administer the Medicaid
 3254 prescribed-drug spending-control program. The agency may
 3255 contract all or any part of this program to private
 3256 organizations.

3257 (c) The agency shall submit quarterly reports to the
 3258 Governor, the President of the Senate, and the Speaker of the
 3259 House of Representatives which must include, but need not be
 3260 limited to, the progress made in implementing this subsection
 3261 and its effect on Medicaid prescribed-drug expenditures.
