1 Committee/Subcommittee hearing PCB: Agriculture & Natural
 2 Resources Subcommittee
 3 Representative Caldwell offered the following:

Amendment (with title amendment)

Remove lines 822-926 and insert:

7 district's boundaries, or on lands where no district exists, or
 8 on lands within another district with the concurrence of such
 9 district, ~~district~~ on lands owned or controlled by this state or
 10 any of its agencies, with the cooperation of the agency
 11 administering and having jurisdiction thereof; and on any other
 12 lands within the district's boundaries, or on lands where no
 13 district exists, or on lands within another district with the
 14 concurrence of such district, ~~district~~ upon obtaining the
 15 consent of the owner and occupiers of such lands or the
 16 necessary rights or interests in such lands, in order to
 17 demonstrate by example the means, methods, and measures by which
 18 soil and soil resources may be conserved, and soil erosion in
 19 the form of soil blowing and soil washing may be prevented and

Amendment No. 4

20 controlled, and works of improvement for flood prevention or the
21 conservation, development and utilization of soil and water
22 resources, and the disposal of water may be carried out;

23 (3) To carry out preventive and control measures and works
24 of improvement for flood prevention or the conservation,
25 development and utilization of soil and water resources, and the
26 disposal of water within the district's boundaries, or on lands
27 where no district exists, or on lands within another district
28 with the concurrence of such district, including, but not
29 limited to, engineering operations, methods of cultivation, the
30 growing of vegetation, changes in use of land, and the measures
31 listed in s. 582.04 on lands owned or controlled by this state
32 or any of its agencies, with the cooperation of the agency
33 administering and having jurisdiction thereof;~~7~~ and on any other
34 lands within the district's boundaries, or on lands where no
35 district exists, or on lands within another district with the
36 concurrence of such district upon obtaining the consent of the
37 owner and the occupiers of such lands or the necessary rights or
38 interests in such lands;

39 (4) To cooperate, or enter into agreements with, and
40 within the limits of appropriations duly made available to it by
41 law, to furnish financial or other aid to, any agency,
42 governmental or otherwise, or any owner or occupier of lands
43 within the district's boundaries, or on lands where no district
44 exists, or on lands within another district with the concurrence
45 of such district, in the carrying on of erosion control or
46 prevention operations and works of improvement for flood
47 prevention or the conservation, development and utilization, of

Amendment No. 4

48 soil and water resources and the disposal of water within the
49 district's boundaries, or on lands where no district exists, or
50 on lands within another district with the concurrence of such
51 district, subject to such conditions as the supervisors may deem
52 necessary to advance the purposes of this chapter;

53 (6) To make available, on such terms as it shall
54 prescribe, to landowners and occupiers within the district's
55 boundaries, or on lands where no district exists, or on lands
56 within another district with the concurrence of such district,
57 agricultural and engineering machinery and equipment,
58 fertilizer, seeds and seedlings, and such other material or
59 equipment, as will assist such landowners and occupiers to carry
60 on operations upon their lands for the conservation of soil
61 resources and for the prevention or control of soil erosion and
62 for flood prevention or the conservation, development and
63 utilization, of soil and water resources and the disposal of
64 water;

65 (8) To develop comprehensive plans for the conservation of
66 soil and water resources and for the control and prevention of
67 soil erosion and for flood prevention or the conservation,
68 development and utilization of soil and water resources, and the
69 disposal of water within the district's boundaries, or on lands
70 where no district exists, or on lands within another district
71 with the concurrence of such district, which plans shall specify
72 in such detail as may be possible the acts, procedures,
73 performances, and avoidances which are necessary or desirable
74 for the effectuation of such plans, including the specification
75 of engineering operations, methods of cultivation, the growing

Amendment No. 4

76 of vegetation, cropping programs, tillage practices, and changes
77 in use of land; control of artesian wells; and to publish such
78 plans and information and bring them to the attention of owners
79 and occupiers of lands within the district's boundaries, or on
80 lands where no district exists, or on lands within another
81 district with the concurrence of such district;

82 (9) To take over, by purchase, lease, or otherwise, and to
83 administer any soil-conservation, erosion-control, erosion-
84 prevention project, or any project for flood-prevention or for
85 the conservation, development and utilization of soil and water
86 resources, and the disposal of water, located within the
87 district's ~~its~~ boundaries, or on lands where no district exists,
88 or on lands within another district with the concurrence of such
89 district, undertaken by the United States or any of its
90 agencies, or by this state or any of its agencies; to manage as
91 agent of the United States or any of its agencies, or of the
92 state or any of its agencies, any soil-conservation, erosion-
93 control, erosion-prevention, or any project for flood-prevention
94 or for the conservation, development, and utilization of soil
95 and water resources, and the disposal of water within the
96 district's ~~its~~ boundaries, or on lands where no district exists,
97 or on lands within another district with the concurrence of such
98 district; to act as agent for the United States, or any of its
99 agencies, or for the state or any of its agencies, in connection
100 with the acquisition, construction, operation or administration
101 of any soil-conservation, erosion-control, erosion-prevention,
102 or any project for flood-prevention or for the conservation,
103 development and utilization of soil and water resources, and the

Amendment No. 4

104 disposal of water within the district's ~~its~~ boundaries, or on
105 lands where no district exists, or on lands within another
106 district with the concurrence of such district; to accept
107 donations, gifts, and contributions in money, services,
108 materials, or otherwise, from the United States or any of its
109 agencies, or from this state or any of its agencies, or from
110 others, and to use or expend such moneys, services, materials or
111 other contributions in carrying on its operations;

112 Section 38. Section 582.29, Florida Statutes, is amended
113 to read:

114 582.29 State agencies to cooperate.—Agencies of this state
115 which shall have jurisdiction over, or be charged with, the
116 administration of any state-owned lands, and of any county, or
117 other governmental subdivision of the state, which shall have
118 jurisdiction over, or be charged with the administration of, any
119 county-owned or other publicly owned lands, lying within the
120 boundaries of any district organized under this chapter, or on
121 lands where no district exists, or on lands within another
122 district with the concurrence of such district, shall
