- (b)1. The designated law enforcement agency may decline to transport the person to a receiving facility only if:
- The jurisdiction designated by the county has contracted on an annual basis with an emergency medical transport service or private transport company for transportation of persons to receiving facilities pursuant to this section at the sole cost of the county or as otherwise provided in the transportation plan developed by the county; and
- The law enforcement agency and the emergency medical transport service or private transport company agree that the continued presence of law enforcement personnel is not necessary for the safety of the person or others.
- The entity providing transportation may seek reimbursement for transportation expenses. The party responsible for payment for such transportation is the person receiving the transportation. The county shall seek reimbursement from the following sources in the following order:

Such company must be insured and provide no less than \$100,000 in liability insurance with respect to the transport of patients.
- (d) Any company that contracts with a governing board of a county to transport patients shall comply with the applicable rules of the department to ensure the safety and dignity of patients.
- (e) When a law enforcement officer takes custody of a person pursuant to this part, the officer may request assistance from emergency medical personnel if such assistance is needed for the safety of the officer or the person in custody.
- (f) When a member of a mental health overlay program or a mobile crisis response service is a professional authorized to initiate an involuntary examination pursuant to s. 394.463 or s. 397.675 and that professional evaluates a person and determines that transportation to a receiving facility is needed, the service, at its discretion, may transport the person to the facility or may call on the law enforcement agency or other transportation arrangement best suited to the needs of the patient.
- (g) When any law enforcement officer has custody of a person based on either noncriminal or minor criminal behavior that meets the statutory guidelines for involuntary examination

792689 - h7021-strike.docx

pursuant to s. 394.463, the law enforcement officer shall transport the person to the appropriate facility within the designated receiving system pursuant to a transportation plan. Persons who meet the statutory guidelines for involuntary admission pursuant to s. 397.675 may also be transported by law enforcement officers to the extent resources are available and as otherwise provided by law. Such persons shall be transported to an appropriate facility within the designated receiving system pursuant to a transportation plan.

- (h) When any law enforcement officer has arrested a person for a felony and it appears that the person meets the statutory guidelines for involuntary examination or placement under this part, such person must first be processed in the same manner as any other criminal suspect. The law enforcement agency shall thereafter immediately notify the appropriate facility within the designated receiving system pursuant to a transportation plan. The receiving facility shall be responsible for promptly arranging for the examination and treatment of the person. for emergency medical treatment, regardless of whether the hospital is a designated receiving facility.

- (j) The costs of transportation, evaluation, hospitalization, and treatment incurred under this subsection by persons who have been arrested for violations of any state law or county or municipal ordinance may be recovered as provided in s. 901.35.
- (k) The appropriate facility within the designated receiving system pursuant to a transportation plan must accept persons brought by law enforcement officers, or an emergency medical transport service or a private transport company authorized by the county, for involuntary examination pursuant to s. 394.463.
- (1) The appropriate facility within the designated receiving system pursuant to a transportation plan must provide persons brought by law enforcement officers, or an emergency medical transport service or a private transport company authorized by the county, pursuant to s. 397.675, a basic screening or triage sufficient to refer the person to the appropriate services.

397.6751 Service provider responsibilities regarding involuntary admissions.—

- (1) It is the responsibility of the service provider to:
- (a) Ensure that a person who is admitted to a licensed service component meets the admission criteria specified in s. 397.675;
- (b) Ascertain whether the medical and behavioral conditions of the person, as presented, are beyond the safe management capabilities of the service provider;
- (c) Provide for the admission of the person to the service component that represents the <u>most appropriate and</u> least restrictive available setting that is responsive to the person's treatment needs;
- (d) Verify that the admission of the person to the service component does not result in a census in excess of its licensed service capacity;
- (e) Determine whether the cost of services is within the financial means of the person or those who are financially responsible for the person's care; and

(f) Take all necessary measures to ensure that each individual in treatment is provided with a safe environment, and to ensure that each individual whose medical condition or behavioral problem becomes such that he or she cannot be safely managed by the service component is discharged and referred to a more appropriate setting for care.

Section 29. Section 397.681, Florida Statutes, is amended to read:

397.681 Involuntary petitions; general provisions; court jurisdiction and right to counsel.—

- (1) JURISDICTION.—The courts have jurisdiction of involuntary assessment and stabilization petitions and involuntary treatment petitions for substance abuse impaired persons, and such petitions must be filed with the clerk of the court in the county where the person resides is located. The clerk of the court may not charge a fee for the filing of a petition under this section. The chief judge may appoint a general or special magistrate to preside over all or part of the proceedings. The alleged impaired person is named as the respondent.
- (2) RIGHT TO COUNSEL.— A respondent has the right to counsel at every stage of a <u>judicial</u> proceeding relating to a petition for his or her <u>involuntary assessment and a petition</u> for his or her involuntary treatment for substance abuse impairment, but the respondent may waive that right if the

made knowingly, intelligently, and voluntarily. A respondent who desires counsel and is unable to afford private counsel has the right to court-appointed counsel and to the benefits of s. 57.081. If the court believes that the respondent needs or desires the assistance of counsel, the court shall appoint such counsel for the respondent without regard to the respondent's wishes. If the respondent is a minor not otherwise represented in the proceeding, the court shall immediately appoint a guardian ad litem to act on the minor's behalf.

Section 30. Section 397.693, Florida Statutes, is renumbered as 397.68111, Florida Statutes, and amended to read:

397.68111 397.693 Involuntary treatment.—A person may be the subject of a petition for court-ordered involuntary treatment pursuant to this part, if that person:

treatment services.—A petition for involuntary services must contain the name of the respondent; the name of the petitioner or petitioners; the relationship between the respondent and the petitioner; the name of the respondent's attorney, if known; the findings and recommendations of the assessment performed by the qualified professional; and the factual allegations presented by the petitioner establishing the need for involuntary outpatient services for substance abuse impairment. The factual allegations must demonstrate:

- (1) The reason for the petitioner's belief that the respondent is substance abuse impaired;
- (2) The reason for the petitioner's belief that because of such impairment the respondent has lost the power of self-control with respect to substance abuse; and
- (3)(a) The reason the petitioner believes that the respondent has inflicted or is likely to inflict physical harm on himself or herself or others unless the court orders the involuntary services; or
- (b) The reason the petitioner believes that the respondent's refusal to voluntarily receive care is based on judgment so impaired by reason of substance abuse that the respondent is incapable of appreciating his or her need for care and of making a rational decision regarding that need for care.
- (4) The petition may be accompanied by a certificate or report of a qualified professional who examined the respondent

within 30 days before the petition was filed. The certificate or report must include the qualified professional's findings relating to his or her assessment of the patient and his or her treatment recommendations. If the respondent was not assessed before the filing of a treatment petition or refused to submit to an evaluation, the lack of assessment or refusal must be noted in the petition.

(5) If there is an emergency, the petition must also describe the respondent's exigent circumstances and include a request for an ex parte assessment and stabilization order that must be executed pursuant to s. 397.68151.

Section 33. Section 397.6955, Florida Statutes, is renumbered as section 397.68151, Florida Statutes, and amended to read:

397.68151 397.6955 Duties of court upon filing of petition for involuntary services.—

(1) Upon the filing of a petition for involuntary services for a substance abuse impaired person with the clerk of the court, the court shall immediately determine whether the respondent is represented by an attorney or whether the appointment of counsel for the respondent is appropriate. If the court appoints counsel for the person, the clerk of the court shall immediately notify the office of criminal conflict and civil regional counsel, created pursuant to s. 27.511, of the appointment. The office of criminal conflict and civil regional

counsel shall represent the person until the petition is dismissed, the court order expires, or the person is discharged from involuntary treatment services, or the office is otherwise discharged by the court. An attorney that represents the person named in the petition shall have access to the person, witnesses, and records relevant to the presentation of the person's case and shall represent the interests of the person, regardless of the source of payment to the attorney.

- (2) The court shall schedule a hearing to be held on the petition within $\underline{10}$ court working $\underline{5}$ days unless a continuance is granted. The court may appoint a magistrate to preside at the hearing.
- be provided to the respondent; the respondent's parent, guardian, or legal custodian, in the case of a minor; the respondent's attorney, if known; the petitioner; the respondent's spouse or guardian, if applicable; and such other persons as the court may direct. If the respondent is a minor, a copy of the petition and notice of the hearing must be personally delivered to the respondent. The clerk court shall also issue a summons to the person whose admission is sought and unless a circuit court's chief judge authorizes disinterested private process servers to serve parties under this chapter, a law enforcement agency must effect such service on the person whose admission is sought for the initial treatment hearing.

Section 34. Section 397.6818, Florida Statutes, is amended to read:

397.6818 Court determination.

- (1) When the petitioner asserts that emergency circumstances exist, or when upon review of the petition the court determines that an emergency exists, the court may rely solely on the contents of the petition and, without the appointment of an attorney, enter an ex parte order for the respondent's involuntary assessment and stabilization which must be executed during the period when the hearing on the petition for treatment is pending.
- (2) The court may further order a law enforcement officer or another designated agent of the court to:
- (a) Take the respondent into custody and deliver him or her for evaluation to either the nearest appropriate licensed service provider or a licensed service provider designated by the court.
- (b) Serve the respondent with the notice of hearing and a copy of the petition.
- (3) The service provider may not hold the respondent for longer than 72 hours of observation, unless:

(1) Based on its determination, the court shall either dismiss the petition or immediately enter an order authorizing the involuntary assessment and stabilization of the respondent; or, if in the course of the hearing the court has reason to believe that the respondent, due to mental illness other than or in addition to substance abuse impairment, is likely to injure himself or herself or another if allowed to remain at liberty, the court may initiate involuntary proceedings under the provisions of part I of chapter 394.

(2) If the court enters an order authorizing involuntary assessment and stabilization, the order shall include the court's findings with respect to the availability and appropriateness of the least restrictive alternatives and the need for the appointment of an attorney to represent the respondent, and may designate the specific licensed service provider to perform the involuntary assessment and stabilization of the respondent. The respondent may choose the licensed service provider to deliver the involuntary assessment where possible and appropriate.

(3) If the court finds it necessary, it may order the sheriff to take the respondent into custody and deliver him or her to the licensed service provider specified in the court order or, if none is specified, to the nearest appropriate licensed service provider for involuntary assessment.

397.6957 Hearing on petition for involuntary <u>treatment</u> services.—

(1)(a) The respondent must be present at a hearing on a petition for involuntary treatment services, unless the court finds that he or she knowingly, intelligently, and voluntarily waives his or her right to be present or, upon receiving proof of service and evaluating the circumstances of the case, that his or her presence is inconsistent with his or her best interests or is likely to be injurious to self or others. The court shall hear and review all relevant evidence, including testimony from individuals such as family members familiar with the respondent's prior history and how it relates to his or her current condition, and the review of results of the assessment completed by the qualified professional in connection with this chapter. The court may also order drug tests. Upon a finding of good cause, the court may permit all witnesses, including, but not limited to, medical professionals who are or have been involved with the respondent's treatment, to remotely attend and testify at the hearing under oath via audio-video teleconference. testify must provide the parties with all relevant documents by the close of business on the day before the hearing the respondent's protective custody, emergency admission, involuntary assessment, or alternative involuntary admission. The respondent must be present unless the court finds that his or her presence is likely to be injurious to himself or herself or others, in which event the court must appoint a guardian advocate to act in behalf of the respondent throughout the proceedings.

(b) A respondent may not be involuntarily ordered into treatment under this chapter without a clinical assessment being performed, unless he or she is present in court and expressly waives the assessment. In nonemergency situations, if the respondent was not, or had previously refused to be, assessed by a qualified professional and, based on the petition, testimony, and evidence presented, it reasonably appears that the respondent qualifies for involuntary treatment services, the court shall issue an involuntary assessment and stabilization order to determine the appropriate level of treatment the respondent requires. Additionally, in cases where an assessment was attached to the petition, the respondent may request, or the court on its own motion may order, an independent assessment by a court-appointed or otherwise agreed upon qualified professional. If an assessment order is issued, it is valid for 90 days, and if the respondent is present or there is either

proof of service or his or her location is known, the involuntary treatment hearing shall be continued for no more than 10 court working days. Otherwise, the petitioner must inform the court that the respondent has been assessed so that the court may schedule a hearing as soon as is practicable. The assessment must occur before the new hearing date, and if there is evidence indicating that the respondent will not voluntarily appear at the forthcoming hearing or is a danger to self or others, the court may enter a preliminary order committing the respondent to an appropriate treatment facility for further evaluation until the date of the rescheduled hearing. However, if after 90 days the respondent remains unassessed, the court shall dismiss the case.

(c)1. The respondent's assessment by a qualified professional must occur within 72 hours after his or her arrival at a licensed service provider unless the respondent shows signs of withdrawal or a need to be either detoxified or treated for a medical condition, which shall extend the amount of time the respondent may be held for observation until such issue is resolved but no later than the scheduled hearing date, absent a court-approved extension. If the respondent is a minor, such assessment must be initiated within the first 12 hours of the minor's admission to the facility. The service provider may also move to extend the 72 hours of observation by petitioning the court in writing for additional time. The service provider must

If the court grants the service provider's petition, the service provider may continue to hold the respondent, and if the original or extended observation period ends on a weekend or holiday, including the hours before the ordinary business hours of the following workday morning, the provider may hold the respondent until the next court working day.

2. No later than the ordinary close of business on the day before the hearing, the qualified professional shall transmit, in accordance with any applicable confidentiality requirements, his or her clinical assessment to the clerk of the court, who shall enter it into the court file. The report must contain a recommendation on the level of substance abuse treatment the respondent requires, if any, and the relevant information on which the qualified professional's findings are based. This document must further note whether the respondent has any cooccurring mental health or other treatment needs. For adults subject to an involuntary assessment, the report's filing with the court satisfies s. 397.6758 if it also contains the respondent's admission and discharge information. The qualified professional's failure to include a treatment recommendation, much like a recommendation of no treatment, shall result in the petition's dismissal.

The court may also order a respondent to undergo treatment through a privately funded licensed service provider if the respondent has the ability to pay for the treatment, or if any person on the respondent's behalf voluntarily demonstrates a willingness and an ability to pay for the treatment. If the court finds it necessary, it may direct the sheriff to take the respondent into custody and deliver him or her to the licensed service provider specified in the court order, or to the nearest appropriate licensed service provider, for involuntary treatment services. - If the client has been receiving psychotropic medication at the jail at the time of transfer to the forensic or civil facility and lacks the capacity to make an informed decision regarding mental health treatment at the time of admission, the admitting physician shall order continued administration of psychotropic medication if, in the clinical judgment of the physician, abrupt cessation of that psychotropic medication could pose a risk to the health or safety of the client while a court order to medicate is pursued. The administrator or designee of the forensic or civil facility shall, within 5 days after a client's admission, excluding weekends and legal holidays, petition the committing court or the circuit court serving the county in which the facility is located, at the option of the facility administrator or designee, for an order authorizing the continued treatment of a client with psychotropic medication. - 3. At the hearing on the issue of whether the court should enter an order authorizing treatment for which a client was unable to or refused to give express and informed consent, the court shall determine by clear and convincing evidence that the client has mental illness, intellectual disability, or autism, that the treatment not consented to is essential to the care of the client, and that the treatment not consented to is not experimental and does not present an unreasonable risk of serious, hazardous, or irreversible side effects. In arriving at the substitute judgment decision, the court must consider at least the following factors:
 - a. The client's expressed preference regarding treatment;
 - b. The probability of adverse side effects;
 - c. The prognosis without treatment; and
 - d. The prognosis with treatment.

The hearing shall be as convenient to the client as may be consistent with orderly procedure and shall be conducted in physical settings not likely to be injurious to the client's condition. The client may testify or not, as he or she chooses, and has the right to cross-examine witnesses and may present his or her own witnesses.

(b) In addition to the provisions of paragraph (a), in the case of surgical procedures requiring the use of a general anesthetic or electroconvulsive treatment or nonpsychiatric medical procedures, and prior to performing the procedure, written permission shall be obtained from the client, if the client is legally competent, from the parent or guardian of a minor client, or from the guardian of an incompetent client. The administrator or designee of the forensic facility or a designated representative may, with the concurrence of the client's attending physician, authorize emergency surgical or nonpsychiatric medical treatment if such treatment is deemed lifesaving or for a situation threatening serious bodily harm to the client and permission of the client or the client's guardian could not be obtained before provision of the needed treatment.
