Fiscal Year 2016-2017
General Appropriations Act

Florida House of Representatives
Appropriations Committee
March 30, 2016

**County Allocations Contained in the Conference Report on House Bill 5001
2016-2017 General Appropriations Act**

This report reflects only items contained in the Conference Report on House Bill 5001, the 2016-2017 General Appropriations Act, that are identifiable to specific counties. State agencies will further allocate other funds contained in the General Appropriations Act based on authorized distribution methodologies.

This report includes all construction, right of way, or public transportation phases \$1 million or greater that are included in the Tentative Work Program for Fiscal Year 2016-2017. The report also contains projects included on certain approved lists associated with specific appropriations where the list may be referenced in proviso but the project is not specifically listed. Examples include, but are not limited to, lists for library, cultural, and historic preservation program grants included in the Department of State and the Florida Recreation Development Assistance Program Small Projects grant list (FRDAP) included in the Department of Environmental Protection. The FEFP and funds distributed to counties by state agencies are not identified in this report.

Pages 2 through 64 reflect items that are identifiable to one specific county. Multiple county programs can be found on pages 65 through 66. This report is typically produced prior to the veto process and vetoes are generally not known at the time this report is published. However, on March 17, 2016 the Governor approved House Bill 5001 prior to the issuance of this report. Therefore vetoes will be indicated by “(VETOED)” in the project title.

Other information pertaining to the budget can be obtained via the House website: www.Myfloridahouse.gov, under Documents → Appropriations
