FISCAL ANALYSIS IN BRIEF

For Fiscal Year 2015-16

The Fiscal Analysis in Brief is an annual report prepared by the Florida Legislature to summarize fiscal and budgetary information affecting the 2015-16 fiscal year. Actions relating to appropriations and measures affecting revenue from both the 2015 Regular Session and Special Session A are included in this report.

The document contains graphical depictions and detailed listings of appropriations, fund sources, nonrecurring issues, vetoed items, financial outlooks, and legislation affecting revenues.

It also includes the Truth in Bonding Statement used to support the General Appropriations Act. The document reflects appropriated funds only and does not include local revenue for educational entities such as local property tax revenues and student fees.

Various sources were used to prepare this document. Among the most important were data from the Legislative Appropriations System/Planning and Budgeting Subsystem (LAS/PBS), multiple consensus estimating conferences, the General Appropriations Act and other fiscal-related legislation, the Governor's Veto Message, and explanatory information used during the appropriations process.

FOOTNOTES

- (A) The amount of \$1,072.4 million was transferred out of the Budget Stabilization Fund to the General Revenue Fund in FY 2008-09. Section 215.32, F.S., stipulates that repayments to the fund are appropriated in five equal installments beginning in the third year following the year in which the expenditure was made, unless otherwise established by law. Per the aforementioned statute, the repayments were appropriated and transferred to the Budget Stabilization Fund in FY 2011-12, FY 2012-13, FY 2013-14, and FY 2014-15. The FY 2015-16 repayment is authorized in Section 111 of SB 2500-A. This is the final repayment. The cash balance in the Budget Stabilization Fund (not shown here) at the time of this statement was \$1,139.2 million and includes the FY 2014-15 repayment. This balance does not include the transfer appropriated for FY 2015-16, which will bring the total to \$1,353.7 million in FY 2015-16. In addition, the constitutional transfers required to bring the Budget Stabilization Fund up to five percent of net revenue collections for the last completed fiscal year will resume in FY 2016-17. Based on the March 2015 forecast (which does not include 2015 Measures Affecting Revenue), transfers of \$20.6 million in FY 2016-17, \$61.9 million in FY 2017-18, \$72.4 million in FY 2018-19, and \$67.9 million in FY 2019-20 would be required.
- (B) This financial statement is based on current law as it is currently administered. It does not include the potential effect of any legal actions which might affect revenues or appropriations. The Attorney General periodically issues an update on any such litigation. In addition, it does not recognize any projected deficits or surpluses in any spending programs unless specifically stated.
- (C) The Total Funds Available do not contain the cash impact of pending refund requests related to the settlement reached in re: AT&T Mobility Wireless Data 265 Services Sales Litigation, 270 F.R.D. 330, (Aug. 11, 2010). These refunds were previously estimated to total as much as \$158.2 million. If approved by the Department of Revenue, the refunds will affect the Gross Receipts Tax, the State Communications Services Tax, and the Local Communications Services Tax; however, the timing and final amounts of the refund payments are currently unknown and could vary substantially from previous estimates.
- (D) The 2012 General Appropriations Act transferred \$350.0 million from the Lawton Chiles Endowment Fund to the General Revenue Fund. House Bill 5301 (Chapter 2012-33, Laws of Florida) requires that an amount equal to the amount of Medical-Hospital Fees collected above the January 2012 revenue estimate be transferred back to the Endowment in the following fiscal years until repayment is complete. The actual revenues collected in FY 2013-14 were lower than the January 2012 estimate; thus, no transfer is required for FY 2014-15. The estimates of repayments for the term of this outlook statement are zero for FY 2015-16, FY 2016-17, FY 2017-18, FY 2018-19, and FY 2019-20.
