II. Present Situation:

Sections 11.901-11.920, F.S., are known as the Florida Government Accountability Act (act). Under this act, most state agencies are subject to a “sunset” review process, conducted by various committees, in order for the Legislature to determine whether the agency should be retained, modified, or abolished.

Agencies subject to a sunset review are reviewed prior to the legislative session in the year the repeal is scheduled to occur. The Department of Management Services (DMS) will sunset on June 30, 2010, unless it is reenacted by the Legislature.

The Senate Governmental Oversight and Accountability Committee is the primary sunset review committee for review of DMS. Issue Brief 2010-217¹ recommended that the Legislature consider whether to place DMS under the Governor and Cabinet, and whether some DMS programs ought to be transferred to other state agencies.

III. Effect of Proposed Changes:

Section 1 provides that all powers, duties, functions, records, offices, personnel, property, pending issues, and existing contracts, administrative authority, administrative rules, and unexpended balances of appropriations, allocations, and other funds relating to the following programs in the Department of Management Services are transferred to other departments by a type two transfer as follows:
