COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1306 provides that knowing, unlawful claims for reimbursement made by an unlicensed clinic or a clinic operating in violation of the Health Care Clinic Act or an administrative rule of the Agency for Health Care Administration(AHCA) are considered theft, regardless of whether payments are made. The bill creates two new criminal penalties within the Health Care Clinic Act. The first prohibits offering or advertising services that require licensure under the Health Care Clinic Act or the Health Care Licensing Procedures Act. The second applies when a person knowingly fails to report a change in information contained in the most recent health care clinic license application or a change regarding required insurance or bonds, as set forth by s. 408.810(3), F.S.

In 2012, the Department of Financial Services established a direct-support organization to support the prosecution, investigation, and prevention of motor vehicle insurance fraud. The direct support organization has engaged in limited organizational activity during its existence. The bill repeals the statute authorizing the direct support organization

II. Present Situation:

Unlicensed Clinics and Unlawful Charges

Section 627.736(5)(h), F.S., requires all entities meeting the definition of a “clinic” in s. 400.9905(4), F.S., to be licensed by the Agency for Health Care Administration (AHCA) as a

health care clinic in order to receive reimbursement pursuant to the Florida Motor Vehicle No-Fault Law,¹ unless the entity is wholly owned by a doctor, dentist, chiropractor, or hospital, or is a hospital, ambulatory surgical center, or clinical facility affiliated with a medical school. Under s. 400.9935(6), F.S., these exempted entities may voluntarily apply to the AHCA for a certificate of exemption from licensure or may self-exempt and operate a health care clinic.

Section 408.812, F.S., prohibits an unlicensed clinic from offering or advertising services that require licensure by the AHCA and prohibits a person or entity from owning, operating, or maintaining an unlicensed provider. Violations of 408.812, F.S., are punished as third degree felony² for a first offense and a second degree felony³ for a second or subsequent offense.⁴ Section 408.812(3), F.S., requires any health care provider who is aware of the operation of an unlicensed clinic to report that facility to the AHCA. Failure to report a clinic that the provider knows or has reasonable cause to suspect is unlicensed shall be reported to the provider's licensing board.⁵

Section 400.9935(3), F.S., provides that the charges and reimbursement claims made by a health care clinic that is required to be licensed under ss. 400.990-995, F.S., but is not licensed or is operating in violation of the referenced statutes, are unlawful, noncompensable, and unenforceable. According to the DFS, s. 400.9935(3), F.S., has routinely been applied in the civil context to permit insurance companies and third parties to deny paying, or to recover payments for, such unlawful charges. However, the DFS believes that prosecutors have been reluctant to file criminal theft charges because the theft statute does not specifically name such unlawful charges as theft.⁶

Automotive Insurance Fraud Strike Force

Section 626.9895, F.S., authorizes the division to establish a direct-support organization, known as the "Automobile Insurance Fraud Strike Force" (DSO). The DSO's sole purpose is to support the prosecution, investigation, and prevention of motor vehicle insurance fraud. The DSO is authorized to raise funds, conduct programs and activities, hold, invest, and administer assets in its name, and make grants and expenditures to state attorneys' offices, the statewide prosecutor, the AHCA, and the Department of Health to be used exclusively to prosecute, investigate, or prevent motor vehicle insurance fraud.

The Strike Force filed its incorporation with the Department of State on April 25, 2012. The Strike Force has engaged in limited organizational activity during its existence. The DFS reports that the Strike Force has not: taken in any donations, paid any grants, established a bank account or made any transfers into the Insurance Regulatory Trust Fund.

III. Effect of Proposed Changes:

Unlicensed Clinic Activity and Unlawful Charges

Section 1 of the bill repeals s. 400.993, F.S. Those provisions are moved to s. 400.9935, F.S.

Section 2 amends s. 400.9935, F.S., to provide that unlawful claims for reimbursement made by an unlicensed clinic or a clinic operating in violation of the Health Care Clinic Act or an administrative rule of the Agency for Health Care Administration are considered theft, regardless of whether payments are made.

Two new criminal penalties within the Health Care Clinic Act are created. The first prohibits offering or advertising services that require licensure under the Health Care Clinic Act or the Health Care Licensing Procedures Act. The second applies when a person knowingly fails to report a change in information contained in the most recent health care clinic license application or a change regarding the required insurance or bonds, as required by s. 408.810(3), F.S. The bill also consolidates existing criminal offense provisions into s. 400.9935, F.S.

Section 5 of the bill amends the Criminal Punishment Code to reflect new crimes created by the bill. The bill will rank the crimes created or amended on the Offense Severity Ranking Chart. Third degree felonies that would rank as a Level 1 by default are ranked by the bill as Level 3. The second degree felony referenced in the bill is ranked as a Level 6.

Repeal of the Automobile Insurance Fraud Strike Force

Section 4 of this bill repeals, s. 626.9895, F.S., which created the Automobile Insurance Fraud Strike Force direct support organization.

Section 3 makes a conforming change to s. 626.9894(5), F.S.

Effective Date

Section 6 of the bill provides an effective date of July 1, 2015.
