506 abortion because the woman is a victim of rape, incest, domestic
507 violence, or human trafficking or that the woman has been
508 diagnosed as having a condition that, on the basis of a
509 physician's good faith clinical judgment, would create a serious
510 risk of substantial and irreversible impairment of a major
511 bodily function if the woman delayed terminating her pregnancy.

512 (III) The woman has a right to decline to view the
513 ultrasound images after she is informed of her right and offered
514 an opportunity to view them. If the woman declines to view the
515 ultrasound images, the woman shall complete a form, as
516 determined by department rule, acknowledging that she was
517 offered an opportunity to view her ultrasound but that she
518 rejected that opportunity. The form must also indicate that the
519 woman's decision not to view the ultrasound was not based on any
520 undue influence from any third party to discourage her from
521 viewing the images and that she declined to view the images of
522 her own free will.

523 c. The medical risks to the woman and fetus of carrying
524 the pregnancy to term.

525 2. Printed materials prepared and provided by the
526 department have been provided to the pregnant woman, if she
527 chooses to view these materials, including:

528 a. A description of the fetus, including a description of
529 the various stages of development.

530 b. A list of entities ~~agencies~~ that offer alternatives to
531 terminating the pregnancy.

532 c. Detailed information on the availability of medical
533 assistance benefits for prenatal care, childbirth, and neonatal
534 care.

535 3. The woman acknowledges in writing, before the
536 termination of pregnancy, that the information required to be
537 provided under this subsection has been provided.

538
539 Nothing in this paragraph is intended to prohibit a physician
540 from providing any additional information which the physician
541 deems material to the woman's informed decision to terminate her
542 pregnancy.

543 (b) In the event a medical emergency exists and a
544 physician cannot comply with the requirements for informed
545 consent, a physician may terminate a pregnancy if he or she has
546 obtained at least one corroborative medical opinion attesting to
547 the medical necessity for emergency medical procedures and to
548 the fact that to a reasonable degree of medical certainty the
549 continuation of the pregnancy would threaten the life of the
550 pregnant woman. In the event no second physician is available
551 for a corroborating opinion, the physician may proceed but shall
552 document reasons for the medical necessity in the patient's
553 medical records.

554 (c) Violation of this subsection by a physician
555 constitutes grounds for disciplinary action under s. 458.331 or
556 s. 459.015. Substantial compliance or reasonable belief that
557 complying with the requirements of informed consent would
558 threaten the life or health of the patient is a defense to any
559 action brought under this paragraph.

560 Section 10. Paragraph (d) of subsection (3) of section
561 390.012, Florida Statutes, is amended to read:

562 390.012 Powers of agency; rules; disposal of fetal
563 remains.—

564 (3) For clinics that perform or claim to perform abortions
565 after the first trimester of pregnancy, the agency shall adopt
566 rules pursuant to ss. 120.536(1) and 120.54 to implement the
567 provisions of this chapter, including the following:

568 (d) Rules relating to the medical screening and evaluation
569 of each abortion clinic patient. At a minimum, these rules shall
570 require:

571 1. A medical history including reported allergies to
572 medications, antiseptic solutions, or latex; past surgeries; and
573 an obstetric and gynecological history.

574 2. A physical examination, including a bimanual
575 examination estimating uterine size and palpation of the adnexa.

576 3. The appropriate laboratory tests, including:

577 a. ~~For an abortion in which an ultrasound examination is~~
578 ~~not performed before the abortion procedure,~~ Urine or blood
579 tests for pregnancy performed before the abortion procedure.

580 b. A test for anemia.

581 c. Rh typing, unless reliable written documentation of
582 blood type is available.

583 d. Other tests as indicated from the physical examination.

584 4. An ultrasound evaluation for all patients ~~who elect to~~
585 ~~have an abortion after the first trimester.~~ The rules shall
586 require that if a person who is not a physician performs an
587 ultrasound examination, that person shall have documented

588 evidence that he or she has completed a course in the operation
589 of ultrasound equipment as prescribed in rule. The physician,
590 registered nurse, licensed practical nurse, advanced registered
591 nurse practitioner, or physician assistant shall review and
592 explain, ~~at the request of the patient,~~ the live ultrasound
593 images ~~evaluation results~~, including an estimate of the probable
594 gestational age of the fetus, with the patient before the
595 abortion procedure is performed, unless the patient declines
596 pursuant to s. 390.0111. If the patient declines to view the
597 live ultrasound images, the applicable rules established by the
598 department shall require that s. 390.0111 be complied with in
599 all other respects.

600 5. That the physician is responsible for estimating the
601 gestational age of the fetus based on the ultrasound examination
602 and obstetric standards in keeping with established standards of
603 care regarding the estimation of fetal age as defined in rule
604 and shall write the estimate in the patient's medical history.
605 The physician shall keep original prints of each ultrasound
606 examination of a patient in the patient's medical history file.

665 premises shall include all of the beds, services, and programs
666 that were previously included on the licenses for the separate

395.1023 Child abuse and neglect cases; duties.—Each licensed facility shall adopt a protocol that, at a minimum, requires the facility to:

Each general hospital and appropriate specialty hospital shall comply with the provisions of this section and shall notify the agency and the Department of Children and Family Services of its compliance by sending a copy of its policy to the agency and the Department of Children and Family Services as required by rule.

726 The failure by a general hospital or appropriate specialty
727 hospital to comply shall be punished by a fine not exceeding
728 \$1,000, to be fixed, imposed, and collected by the agency. Each

738 emergency services shall notify the agency of its service
739 capability in the manner and form prescribed by the agency. The
740 agency shall use the inventory to assist emergency medical

750 shall reaffirm its service capability when its license is
751 renewed and shall notify the agency of the addition of a new
752 service or the termination of a service prior to a change in its
753 service capability.

754 (3) EMERGENCY SERVICES; DISCRIMINATION; LIABILITY OF
755 FACILITY OR HEALTH CARE PERSONNEL.—

756 (d)1. Every hospital shall ensure the provision of
757 services within the service capability of the hospital, at all
758 times, either directly or indirectly through an arrangement with
759 another hospital, through an arrangement with one or more
760 physicians, or as otherwise made through prior arrangements. A
761 hospital may enter into an agreement with another hospital for
762 purposes of meeting its service capability requirement, and
763 appropriate compensation or other reasonable conditions may be
764 negotiated for these backup services.

765 2. If any arrangement requires the provision of emergency
766 medical transportation, such arrangement must be made in
767 consultation with the applicable provider and may not require
768 the emergency medical service provider to provide transportation
769 that is outside the routine service area of that provider or in
770 a manner that impairs the ability of the emergency medical
771 service provider to timely respond to prehospital emergency
772 calls.

773 3. A hospital shall not be required to ensure service
774 capability at all times as required in subparagraph 1. if, prior
775 to the receiving of any patient needing such service capability,
776 such hospital has demonstrated to the agency that it lacks the
777 ability to ensure such capability and it has exhausted all
778 reasonable efforts to ensure such capability through backup
779 arrangements. In reviewing a hospital's demonstration of lack of
780 ability to ensure service capability, the agency shall consider

781 factors relevant to the particular case, including the
782 following:

783 a. Number and proximity of hospitals with the same service
784 capability.

785 b. Number, type, credentials, and privileges of
786 specialists.

787 c. Frequency of procedures.

788 d. Size of hospital.

792 ~~or January 31, 1993, whichever is earlier. For a period not to~~
793 ~~exceed 1 year from the effective date of subparagraph 1., a~~
794 ~~hospital requesting an exemption shall be deemed to be exempt~~
795 ~~from offering the service until the agency initially acts to~~
796 ~~deny or grant the original request. The agency has 45 days from~~
797 ~~the date of receipt of the request to approve or deny the~~
798 ~~request. After the first year from the effective date of~~
799 ~~subparagraph 1.,~~ If the agency fails to initially act within the
800 time period, the hospital is deemed to be exempt from offering
801 the service until the agency initially acts to deny the request.

802 Section 16. Section 395.1046, Florida Statutes, is
803 repealed.

804 Section 17. Paragraph (e) of subsection (1) of section

841 organization's affiliated donor hospitals. The organ procurement
842 organization shall enlist the services of every Florida licensed
843 tissue bank and eye bank affiliated with or providing service to
844 the donor hospital and operating in the same service area to
845 participate in the death records review.

853 and s. 24(a), Art. I of the State Constitution, and the meetings
854 of the governing board of a private corporation are exempt from
855 s. 286.011 and s. 24(b), Art. I of the State Constitution when
856 the public lessor complies with the public finance
857 accountability provisions of s. 155.40(5) with respect to the
858 transfer of any public funds to the private lessee and when the
859 private lessee meets at least three of the five following

hospital meets the named criteria, or those hospitals that
attest in an affidavit submitted to the agency that the hospital
is certified as a primary or a comprehensive stroke center by
The Joint Commission ~~on Accreditation of Healthcare~~

995 moneys received for the maintenance and care of residents in the
996 facility, and the agency is authorized to disburse moneys from
997 such account to pay obligations incurred for the purposes of
998 this section. The agency is authorized to requisition moneys
999 from the Health Care Trust Fund in advance of an actual need for
1000 cash on the basis of an estimate by the agency of moneys to be
1001 spent under the authority of this section. Any bank account

established under this section need not be approved in advance of its creation as required by s. 17.58, but shall be secured by depository insurance equal to or greater than the balance of such account or by the pledge of collateral security ~~in~~ ~~conformance with criteria established in s. 18.11.~~ The agency shall notify the Chief Financial Officer of any such account so established and shall make a quarterly accounting to the Chief Financial Officer for all moneys deposited in such account.

Section 28. Subsections (1) and (5) of section 400.071, Florida Statutes, are amended to read:

400.071 Application for license.—

(1) In addition to the requirements of part II of chapter 408, the application for a license shall be under oath and must contain the following:

(a) The location of the facility for which a license is sought and an indication, as in the original application, that such location conforms to the local zoning ordinances.

~~(b) A signed affidavit disclosing any financial or ownership interest that a controlling interest as defined in part II of chapter 408 has held in the last 5 years in any entity licensed by this state or any other state to provide health or residential care which has closed voluntarily or involuntarily; has filed for bankruptcy; has had a receiver appointed; has had a license denied, suspended, or revoked; or has had an injunction issued against it which was initiated by a regulatory agency. The affidavit must disclose the reason any such entity was closed, whether voluntarily or involuntarily.~~

~~(c) The total number of beds and the total number of Medicare and Medicaid certified beds.~~

(b)~~(d)~~ Information relating to the applicant and employees which the agency requires by rule. The applicant must demonstrate that sufficient numbers of qualified staff, by training or experience, will be employed to properly care for the type and number of residents who will reside in the facility.

(c)~~(e)~~ Copies of any civil verdict or judgment involving the applicant rendered within the 10 years preceding the application, relating to medical negligence, violation of residents' rights, or wrongful death. As a condition of licensure, the licensee agrees to provide to the agency copies of any new verdict or judgment involving the applicant, relating to such matters, within 30 days after filing with the clerk of the court. The information required in this paragraph shall be maintained in the facility's licensure file and in an agency database which is available as a public record.

(5) As a condition of licensure, each facility must establish ~~and submit with its application~~ a plan for quality assurance and for conducting risk management.

Section 29. Section 400.0712, Florida Statutes, is amended to read:

400.0712 Application for inactive license.—

~~(1) As specified in this section, the agency may issue an inactive license to a nursing home facility for all or a portion of its beds. Any request by a licensee that a nursing home or portion of a nursing home become inactive must be submitted to~~

1057 ~~the agency in the approved format. The facility may not initiate~~
1058 ~~any suspension of services, notify residents, or initiate~~
1059 ~~inactivity before receiving approval from the agency; and a~~
1060 ~~licensee that violates this provision may not be issued an~~
1061 ~~inactive license.~~

1062 (1)(2) In addition to the powers granted under part II of
1063 chapter 408, the agency may issue an inactive license to a
1064 nursing home that chooses to use an unoccupied contiguous
1065 portion of the facility for an alternative use to meet the needs
1066 of elderly persons through the use of less restrictive, less
1067 institutional services.

1068 (a) An inactive license issued under this subsection may
1069 be granted for a period not to exceed the current licensure
1070 expiration date but may be renewed by the agency at the time of
1071 licensure renewal.

1072 (b) A request to extend the inactive license must be
1073 submitted to the agency in the approved format and approved by
1074 the agency in writing.

1075 (c) Nursing homes that receive an inactive license to
1076 provide alternative services shall not receive preference for
1077 participation in the Assisted Living for the Elderly Medicaid
1078 waiver.

1079 (2)(3) The agency shall adopt rules pursuant to ss.
1080 120.536(1) and 120.54 necessary to implement this section.

1081 Section 30. Section 400.111, Florida Statutes, is amended
1082 to read:

1084 the requirements of part II of chapter 408, when requested by

1085 the agency, the licensee shall submit a signed affidavit
1086 disclosing any financial or ownership interest that a
1087 controlling interest has held within the last 5 years in any
1088 entity licensed by the state or any other state to provide
1089 health or residential care which entity has closed voluntarily
1090 or involuntarily; has filed for bankruptcy; has had a receiver
1091 appointed; has had a license denied, suspended, or revoked; or
1092 has had an injunction issued against it which was initiated by a
1093 regulatory agency. The affidavit must disclose the reason such
1094 entity was closed, whether voluntarily or involuntarily.

1095 Section 31. Subsection (2) of section 400.1183, Florida
1096 Statutes, is amended to read:

1097 400.1183 Resident grievance procedures.—

1098 (2) Each facility shall maintain records of all grievances
1099 for agency inspection ~~and shall report to the agency at the time~~
1100 ~~of relicensure the total number of grievances handled during the~~
1101 ~~prior licensure period, a categorization of the cases underlying~~
1102 ~~the grievances, and the final disposition of the grievances.~~

1103 Section 32. Paragraphs (o) through (w) of subsection (1)
1104 of section 400.141, Florida Statutes, are redesignated as
1105 paragraphs (n) through (u), respectively, and present paragraphs
1106 (f), (g), (j), (n), (o), and (r) of that subsection are amended,
1107 to read:

1108 400.141 Administration and management of nursing home
1109 facilities.—

1110 (1) Every licensed facility shall comply with all
1111 applicable standards and rules of the agency and shall:

1112 (f) Be allowed and encouraged by the agency to provide
1113 other needed services under certain conditions. If the facility
1114 has a standard licensure status, ~~and has had no class I or class~~
1115 ~~II deficiencies during the past 2 years~~ or has been awarded a
1116 Gold Seal under the program established in s. 400.235, it may ~~be~~
1117 ~~encouraged by the agency to~~ provide services, including, but not
1118 limited to, respite and adult day services, which enable
1119 individuals to move in and out of the facility. A facility is
1120 not subject to any additional licensure requirements for
1121 providing these services.

1122 1. Respite care may be offered to persons in need of
1123 short-term or temporary nursing home services. For each person
1124 admitted under the respite care program, the facility licensee
1125 must:

1126 a. Have a written abbreviated plan of care that, at a
1127 minimum, includes nutritional requirements, medication orders,
1128 physician orders, nursing assessments, and dietary preferences.
1129 The nursing or physician assessments may take the place of all
1130 other assessments required for full-time residents.

1131 b. Have a contract that, at a minimum, specifies the
1132 services to be provided to the respite resident, including
1133 charges for services, activities, equipment, emergency medical
1134 services, and the administration of medications. If multiple
1135 respite admissions for a single person are anticipated, the
1136 original contract is valid for 1 year after the date of
1137 execution.

1138 c. Ensure that each resident is released to his or her
1139 caregiver or an individual designated in writing by the
1140 caregiver.

1141 2. A person admitted under the respite care program is:

1142 a. Exempt from requirements in rule related to discharge
1143 planning.

1144 b. Covered by the resident's rights set forth in s.
1145 400.022(1)(a)-(o) and (r)-(t). Funds or property of the resident
1146 shall not be considered trust funds subject to the requirements
1147 of s. 400.022(1)(h) until the resident has been in the facility
1148 for more than 14 consecutive days.

1149 c. Allowed to use his or her personal medications for the
1150 respite stay if permitted by facility policy. The facility must
1151 obtain a physician's orders for the medications. The caregiver
1152 may provide information regarding the medications as part of the
1153 nursing assessment, which must agree with the physician's
1154 orders. Medications shall be released with the resident upon
1155 discharge in accordance with current orders.

1156 3. A person receiving respite care is entitled to a total
1157 of 60 days in the facility within a contract year or a calendar
1158 year if the contract is for less than 12 months. However, each
1159 single stay may not exceed 14 days. If a stay exceeds 14
1160 consecutive days, the facility must comply with all assessment
1161 and care planning requirements applicable to nursing home
1162 residents.

1163 4. A person receiving respite care must reside in a
1164 licensed nursing home bed.

1165 5. A prospective respite resident must provide medical
1166 information from a physician, a physician assistant, or a nurse
1167 practitioner and other information from the primary caregiver as
1168 may be required by the facility prior to or at the time of
1169 admission to receive respite care. The medical information must
1170 include a physician's order for respite care and proof of a
1171 physical examination by a licensed physician, physician
1172 assistant, or nurse practitioner. The physician's order and
1173 physical examination may be used to provide intermittent respite
1174 care for up to 12 months after the date the order is written.

1175 6. The facility must assume the duties of the primary
1176 caregiver. To ensure continuity of care and services, the
1177 resident is entitled to retain his or her personal physician and
1178 must have access to medically necessary services such as
1179 physical therapy, occupational therapy, or speech therapy, as
1180 needed. The facility must arrange for transportation to these
1181 services if necessary. Respite care must be provided in
1182 accordance with this part and rules adopted by the agency.
1183 ~~However, the agency shall, by rule, adopt modified requirements~~
1184 ~~for resident assessment, resident care plans, resident~~
1185 ~~contracts, physician orders, and other provisions, as~~
1186 ~~appropriate, for short-term or temporary nursing home services.~~

1187 7. The agency shall allow for shared programming and staff
1188 in a facility which meets minimum standards and offers services
1189 pursuant to this paragraph, but, if the facility is cited for
1190 deficiencies in patient care, may require additional staff and
1191 programs appropriate to the needs of service recipients. A
1192 person who receives respite care may not be counted as a

1193 resident of the facility for purposes of the facility's licensed
1194 capacity unless that person receives 24-hour respite care. A
1195 person receiving either respite care for 24 hours or longer or
1196 adult day services must be included when calculating minimum
1197 staffing for the facility. Any costs and revenues generated by a
1198 nursing home facility from nonresidential programs or services
1199 shall be excluded from the calculations of Medicaid per diems
1200 for nursing home institutional care reimbursement.

1201 (g) If the facility has a standard license or is a Gold
1202 Seal facility, exceeds the minimum required hours of licensed
1203 nursing and certified nursing assistant direct care per resident
1204 per day, and is part of a continuing care facility licensed
1205 under chapter 651 or a retirement community that offers other
1206 services pursuant to part III of this chapter or part I or part
1207 III of chapter 429 on a single campus, be allowed to share
1208 programming and staff. At the time of inspection and in the
1209 semiannual report required pursuant to paragraph (n) ~~(o)~~, a
1210 continuing care facility or retirement community that uses this
1211 option must demonstrate through staffing records that minimum
1212 staffing requirements for the facility were met. Licensed nurses
1213 and certified nursing assistants who work in the nursing home
1214 facility may be used to provide services elsewhere on campus if
1215 the facility exceeds the minimum number of direct care hours
1216 required per resident per day and the total number of residents
1217 receiving direct care services from a licensed nurse or a
1218 certified nursing assistant does not cause the facility to
1219 violate the staffing ratios required under s. 400.23(3)(a).
1220 Compliance with the minimum staffing ratios shall be based on

total number of residents receiving direct care services, regardless of where they reside on campus. If the facility receives a conditional license, it may not share staff until the conditional license status ends. This paragraph does not restrict the agency's authority under federal or state law to require additional staff if a facility is cited for deficiencies in care which are caused by an insufficient number of certified nursing assistants or licensed nurses. The agency may adopt rules for the documentation necessary to determine compliance with this provision.

(j) Keep full records of resident admissions and discharges; medical and general health status, including medical records, personal and social history, and identity and address of next of kin or other persons who may have responsibility for the affairs of the residents; and individual resident care plans including, but not limited to, prescribed services, service frequency and duration, and service goals. The records shall be open to inspection by the agency. The facility must maintain clinical records on each resident in accordance with accepted professional standards and practices that are complete, accurately documented, readily accessible, and systematically organized.

~~(n) Submit to the agency the information specified in s. 400.071(1)(b) for a management company within 30 days after the effective date of the management agreement.~~

(n)~~(e)~~ 1. Submit semiannually to the agency, or more frequently if requested by the agency, information regarding facility staff-to-resident ratios, staff turnover, and staff

1249 stability, including information regarding certified nursing
1250 assistants, licensed nurses, the director of nursing, and the
1251 facility administrator. For purposes of this reporting:

1252 a. Staff-to-resident ratios must be reported in the
1253 categories specified in s. 400.23(3)(a) and applicable rules.
1254 The ratio must be reported as an average for the most recent
1255 calendar quarter.

1256 b. Staff turnover must be reported for the most recent 12-
1257 month period ending on the last workday of the most recent
1258 calendar quarter prior to the date the information is submitted.
1259 The turnover rate must be computed quarterly, with the annual
1260 rate being the cumulative sum of the quarterly rates. The
1261 turnover rate is the total number of terminations or separations
1262 experienced during the quarter, excluding any employee
1263 terminated during a probationary period of 3 months or less,
1264 divided by the total number of staff employed at the end of the
1265 period for which the rate is computed, and expressed as a
1266 percentage.

1267 c. The formula for determining staff stability is the
1268 total number of employees that have been employed for more than
1269 12 months, divided by the total number of employees employed at
1270 the end of the most recent calendar quarter, and expressed as a
1271 percentage.

1272 d. A nursing facility that has failed to comply with state
1273 minimum-staffing requirements for 2 consecutive days is
1274 prohibited from accepting new admissions until the facility has
1275 achieved the minimum-staffing requirements for a period of 6
1276 consecutive days. For the purposes of this sub-subparagraph, any

1277 person who was a resident of the facility and was absent from
1278 the facility for the purpose of receiving medical care at a
1279 separate location or was on a leave of absence is not considered
1280 a new admission. Failure to impose such an admissions moratorium
1281 is subject to a \$1,000 fine ~~constitutes a class II deficiency.~~

1282 e. A nursing facility which does not have a conditional
1283 license may be cited for failure to comply with the standards in
1284 s. 400.23(3)(a)1.a. only if it has failed to meet those
1285 standards on 2 consecutive days or if it has failed to meet at
1286 least 97 percent of those standards on any one day.

1287 f. A facility which has a conditional license must be in
1288 compliance with the standards in s. 400.23(3)(a) at all times.

1289 2. This paragraph does not limit the agency's ability to
1290 impose a deficiency or take other actions if a facility does not
1291 have enough staff to meet the residents' needs.

1292 ~~(r) Report to the agency any filing for bankruptcy~~
1293 ~~protection by the facility or its parent corporation,~~
1294 ~~divestiture or spin-off of its assets, or corporate~~
1295 ~~reorganization within 30 days after the completion of such~~
1296 ~~activity.~~

1297 Section 33. Subsection (3) of section 400.142, Florida
1298 Statutes, is amended to read:

1299 400.142 Emergency medication kits; orders not to
1300 resuscitate.—

1301 (3) Facility staff may withhold or withdraw
1302 cardiopulmonary resuscitation if presented with an order not to
1303 resuscitate executed pursuant to s. 401.45. ~~The agency shall~~
1304 ~~adopt rules providing for the implementation of such orders.~~

Facility staff and facilities shall not be subject to criminal prosecution or civil liability, nor be considered to have engaged in negligent or unprofessional conduct, for withholding or withdrawing cardiopulmonary resuscitation pursuant to such an order and rules adopted by the agency. The absence of an order not to resuscitate executed pursuant to s. 401.45 does not preclude a physician from withholding or withdrawing cardiopulmonary resuscitation as otherwise permitted by law.

Section 34. Subsections (11) through (15) of section 400.147, Florida Statutes, are renumbered as subsections (10) through (14), respectively, and present subsection (10) is amended to read:

400.147 Internal risk management and quality assurance program.—

~~(10) By the 10th of each month, each facility subject to this section shall report any notice received pursuant to s. 400.0233(2) and each initial complaint that was filed with the clerk of the court and served on the facility during the previous month by a resident or a resident's family member, guardian, conservator, or personal legal representative. The report must include the name of the resident, the resident's date of birth and social security number, the Medicaid identification number for Medicaid eligible persons, the date or dates of the incident leading to the claim or dates of residency, if applicable, and the type of injury or violation of rights alleged to have occurred. Each facility shall also submit a copy of the notices received pursuant to s. 400.0233(2) and complaints filed with the clerk of the court. This report is~~

~~confidential as provided by law and is not discoverable or
admissible in any civil or administrative action, except in such
actions brought by the agency to enforce the provisions of this
part.~~

Section 35. Section 400.148, Florida Statutes, is
repealed.

Section 36. Paragraph (f) of subsection (5) of section
400.162, Florida Statutes, is amended to read:

400.162 Property and personal affairs of residents.—

(5)

(f) At least every 3 months, the licensee shall furnish
the resident and the guardian, trustee, or conservator, if any,
for the resident a complete and verified statement of all funds
~~and other property~~ to which this subsection applies, detailing
the amounts ~~and items~~ received, together with their sources and
disposition. For resident property, the licensee shall furnish
such a statement annually and within 7 calendar days after a
request for a statement. In any event, the licensee shall
furnish such statements ~~a statement~~ annually and upon the
discharge or transfer of a resident. Any governmental agency or
private charitable agency contributing funds or other property
on account of a resident also shall be entitled to receive such
statements ~~statement~~ annually and upon discharge or transfer and
such other report as it may require pursuant to law.

Section 37. Paragraphs (d) and (e) of subsection (2) of
section 400.179, Florida Statutes, are amended to read:

400.179 Liability for Medicaid underpayments and
overpayments.—

1361 (2) Because any transfer of a nursing facility may expose
1362 the fact that Medicaid may have underpaid or overpaid the
1363 transferor, and because in most instances, any such underpayment
1364 or overpayment can only be determined following a formal field
1365 audit, the liabilities for any such underpayments or
1366 overpayments shall be as follows:

1367 (d) Where the transfer involves a facility that has been
1368 leased by the transferor:

1369 1. The transferee shall, as a condition to being issued a
1370 license by the agency, acquire, maintain, and provide proof to
1371 the agency of a bond with a term of 30 months, renewable
1372 annually, in an amount not less than the total of 3 months'
1373 Medicaid payments to the facility computed on the basis of the
1374 preceding 12-month average Medicaid payments to the facility.

1375 2. A leasehold licensee may meet the requirements of
1376 subparagraph 1. by payment of a nonrefundable fee, paid at
1377 initial licensure, paid at the time of any subsequent change of
1378 ownership, and paid annually thereafter, in the amount of 1
1379 percent of the total of 3 months' Medicaid payments to the
1380 facility computed on the basis of the preceding 12-month average
1381 Medicaid payments to the facility. If a preceding 12-month
1382 average is not available, projected Medicaid payments may be
1383 used. The fee shall be deposited into the Grants and Donations
1384 Trust Fund and shall be accounted for separately as a Medicaid
1385 nursing home overpayment account. These fees shall be used at
1386 the sole discretion of the agency to repay nursing home Medicaid
1387 overpayments. Payment of this fee shall not release the licensee
1388 from any liability for any Medicaid overpayments, nor shall

1389 payment bar the agency from seeking to recoup overpayments from
1390 the licensee and any other liable party. As a condition of
1391 exercising this lease bond alternative, licensees paying this
1392 fee must maintain an existing lease bond through the end of the
1393 30-month term period of that bond. The agency is herein granted
1394 specific authority to promulgate all rules pertaining to the
1395 administration and management of this account, including
1396 withdrawals from the account, subject to federal review and
1397 approval. This provision shall take effect upon becoming law and
1398 shall apply to any leasehold license application. The financial
1399 viability of the Medicaid nursing home overpayment account shall
1400 be determined by the agency through annual review of the account
1401 balance and the amount of total outstanding, unpaid Medicaid
1402 overpayments owing from leasehold licensees to the agency as
1403 determined by final agency audits. By March 31 of each year, the
1404 agency shall assess the cumulative fees collected under this
1405 subparagraph, minus any amounts used to repay nursing home
1406 Medicaid overpayments and amounts transferred to contribute to
1407 the General Revenue Fund pursuant to s. 215.20. If the net
1408 cumulative collections, minus amounts utilized to repay nursing
1409 home Medicaid overpayments, exceed \$25 million, the provisions
1410 of this paragraph shall not apply for the subsequent fiscal
1411 year.

1412 3. The leasehold licensee may meet the bond requirement
1413 through other arrangements acceptable to the agency. The agency
1414 is herein granted specific authority to promulgate rules
1415 pertaining to lease bond arrangements.

1416 4. All existing nursing facility licensees, operating the
1417 facility as a leasehold, shall acquire, maintain, and provide
1418 proof to the agency of the 30-month bond required in
1419 subparagraph 1., above, on and after July 1, 1993, for each
1420 license renewal.

1421 5. It shall be the responsibility of all nursing facility
1422 operators, operating the facility as a leasehold, to renew the
1423 30-month bond and to provide proof of such renewal to the agency
1424 annually.

1425 6. Any failure of the nursing facility operator to
1426 acquire, maintain, renew annually, or provide proof to the
1427 agency shall be grounds for the agency to deny, revoke, and
1428 suspend the facility license to operate such facility and to
1429 take any further action, including, but not limited to,
1430 enjoining the facility, asserting a moratorium pursuant to part
1431 II of chapter 408, or applying for a receiver, deemed necessary
1432 to ensure compliance with this section and to safeguard and
1433 protect the health, safety, and welfare of the facility's
1434 residents. A lease agreement required as a condition of bond
1435 financing or refinancing under s. 154.213 by a health facilities
1436 authority or required under s. 159.30 by a county or
1437 municipality is not a leasehold for purposes of this paragraph
1438 and is not subject to the bond requirement of this paragraph.

1439 ~~(c) For the 2009-2010 fiscal year only, the provisions of~~
1440 ~~paragraph (d) shall not apply. This paragraph expires July 1,~~
1441 ~~2010.~~

1443 Statutes, is amended to read:

400.19 Right of entry and inspection.—

(3) The agency shall every 15 months conduct at least one unannounced inspection to determine compliance by the licensee with statutes, and with rules promulgated under the provisions of those statutes, governing minimum standards of construction, quality and adequacy of care, and rights of residents. The survey shall be conducted every 6 months for the next 2-year period if the facility has been cited for a class I deficiency, has been cited for two or more class II deficiencies arising from separate surveys or investigations within a 60-day period, or has had three or more substantiated complaints within a 6-month period, each resulting in at least one class I or class II deficiency. In addition to any other fees or fines in this part, the agency shall assess a fine for each facility that is subject to the 6-month survey cycle. The fine for the 2-year period shall be \$6,000, one-half to be paid at the completion of each survey. The agency may adjust this fine by the change in the Consumer Price Index, based on the 12 months immediately preceding the increase, to cover the cost of the additional surveys. The agency shall verify through subsequent inspection that any deficiency identified during inspection is corrected. However, the agency may verify the correction of a class III or class IV deficiency ~~unrelated to resident rights or resident care~~ without reinspecting the facility if adequate written documentation has been received from the facility, which provides assurance that the deficiency has been corrected. The giving or causing to be given of advance notice of such unannounced inspections by an employee of the agency to any

~~Accreditation of Healthcare Organizations~~, the American College of Radiology, or the Accreditation Association for Ambulatory Health Care, within 1 year after licensure. A clinic that is accredited by the American College of Radiology or is within the original 1-year period after licensure and replaces its core magnetic resonance imaging equipment shall be given 1 year after the date on which the equipment is replaced to attain accreditation. However, a clinic may request a single, 6-month extension if it provides evidence to the agency establishing that, for good cause shown, such clinic cannot be accredited within 1 year after licensure, and that such accreditation will be completed within the 6-month extension. After obtaining accreditation as required by this subsection, each such clinic must maintain accreditation as a condition of renewal of its license. A clinic that files a change of ownership application must comply with the original accreditation timeframe requirements of the transferor. The agency shall deny a change of ownership application if the clinic is not in compliance with the accreditation requirements. When a clinic adds, replaces, or modifies magnetic resonance imaging equipment and the accreditation agency requires new accreditation, the clinic must be accredited within 1 year after the date of the addition, replacement, or modification but may request a single, 6-month extension if the clinic provides evidence of good cause to the agency.

Section 53. Subsection (2) of section 408.034, Florida Statutes, is amended to read:

408.034 Duties and responsibilities of agency; rules.—

1915 (2) In the exercise of its authority to issue licenses to
1916 health care facilities and health service providers, as provided
1917 under chapters 393 and 395 and parts II, and IV, and VIII of
1918 chapter 400, the agency may not issue a license to any health
1919 care facility or health service provider that fails to receive a
1920 certificate of need or an exemption for the licensed facility or
1921 service.

1922 Section 54. Paragraph (d) of subsection (1) of section
1923 408.036, Florida Statutes, is amended to read:

1924 408.036 Projects subject to review; exemptions.—

1925 (1) APPLICABILITY.—Unless exempt under subsection (3), all
1926 health-care-related projects, as described in paragraphs (a)–
1927 (g), are subject to review and must file an application for a
1928 certificate of need with the agency. The agency is exclusively
1929 responsible for determining whether a health-care-related
1930 project is subject to review under ss. 408.031–408.045.

1931 (d) The establishment of a hospice or hospice inpatient
1932 facility, ~~except as provided in s. 408.043.~~

1933 Section 55. Subsection (2) of section 408.043, Florida
1934 Statutes, is amended to read:

1935 408.043 Special provisions.—

1936 (2) HOSPICES.—When an application is made for a
1937 certificate of need to establish or to expand a hospice, the
1938 need for such hospice shall be determined on the basis of the
1939 need for and availability of hospice services in the community.
1940 The formula on which the certificate of need is based shall
1941 discourage regional monopolies and promote competition. The
1942 inpatient hospice care component of a hospice which is a

freestanding facility, or a part of a facility, ~~which is primarily engaged in providing inpatient care and related services~~ and is not licensed as a health care facility shall also be required to obtain a certificate of need. Provision of hospice care by any current provider of health care is a significant change in service and therefore requires a certificate of need for such services.

Section 56. Paragraph (k) of subsection (3) of section 408.05, Florida Statutes, is amended to read:

408.05 Florida Center for Health Information and Policy Analysis.—

(3) COMPREHENSIVE HEALTH INFORMATION SYSTEM.—In order to produce comparable and uniform health information and statistics for the development of policy recommendations, the agency shall perform the following functions:

(k) Develop, in conjunction with the State Consumer Health Information and Policy Advisory Council, and implement a long-range plan for making available health care quality measures and financial data that will allow consumers to compare health care services. The health care quality measures and financial data the agency must make available shall include, but is not limited to, pharmaceuticals, physicians, health care facilities, and health plans and managed care entities. The agency shall submit the initial plan to the Governor, the President of the Senate, and the Speaker of the House of Representatives by January 1, 2006, and shall update the plan and report on the status of its implementation annually thereafter. The agency shall also make the plan and status report available to the public on its

Internet website. As part of the plan, the agency shall identify the process and timeframes for implementation, any barriers to implementation, and recommendations of changes in the law that may be enacted by the Legislature to eliminate the barriers. As preliminary elements of the plan, the agency shall:

1. Make available patient-safety indicators, inpatient quality indicators, and performance outcome and patient charge data collected from health care facilities pursuant to s. 408.061(1)(a) and (2). The terms "patient-safety indicators" and "inpatient quality indicators" shall be as defined by the Centers for Medicare and Medicaid Services, the National Quality Forum, The Joint Commission ~~on Accreditation of Healthcare Organizations~~, the Agency for Healthcare Research and Quality, the Centers for Disease Control and Prevention, or a similar national entity that establishes standards to measure the performance of health care providers, or by other states. The agency shall determine which conditions, procedures, health care quality measures, and patient charge data to disclose based upon input from the council. When determining which conditions and procedures are to be disclosed, the council and the agency shall consider variation in costs, variation in outcomes, and magnitude of variations and other relevant information. When determining which health care quality measures to disclose, the agency:

a. Shall consider such factors as volume of cases; average patient charges; average length of stay; complication rates; mortality rates; and infection rates, among others, which shall be adjusted for case mix and severity, if applicable.

1999 b. May consider such additional measures that are adopted
2000 by the Centers for Medicare and Medicaid Studies, National
2001 Quality Forum, The Joint Commission ~~on Accreditation of~~
2002 ~~Healthcare Organizations~~, the Agency for Healthcare Research and
2003 Quality, Centers for Disease Control and Prevention, or a
2004 similar national entity that establishes standards to measure
2005 the performance of health care providers, or by other states.
2006

2007 When determining which patient charge data to disclose, the
2008 agency shall include such measures as the average of
2009 undiscounted charges on frequently performed procedures and
2010 preventive diagnostic procedures, the range of procedure charges
2011 from highest to lowest, average net revenue per adjusted patient
2012 day, average cost per adjusted patient day, and average cost per
2013 admission, among others.

2014 2. Make available performance measures, benefit design,
2015 and premium cost data from health plans licensed pursuant to
2016 chapter 627 or chapter 641. The agency shall determine which
2017 health care quality measures and member and subscriber cost data
2018 to disclose, based upon input from the council. When determining
2019 which data to disclose, the agency shall consider information
2020 that may be required by either individual or group purchasers to
2021 assess the value of the product, which may include membership
2022 satisfaction, quality of care, current enrollment or membership,
2023 coverage areas, accreditation status, premium costs, plan costs,
2024 premium increases, range of benefits, copayments and
2025 deductibles, accuracy and speed of claims payment, credentials
2026 of physicians, number of providers, names of network providers,

2010

2027 and hospitals in the network. Health plans shall make available
2028 to the agency any such data or information that is not currently
2029 reported to the agency or the office.

2030 3. Determine the method and format for public disclosure
2031 of data reported pursuant to this paragraph. The agency shall
2032 make its determination based upon input from the State Consumer
2033 Health Information and Policy Advisory Council. At a minimum,
2034 the data shall be made available on the agency's Internet
2035 website in a manner that allows consumers to conduct an
2036 interactive search that allows them to view and compare the
2037 information for specific providers. The website must include
2038 such additional information as is determined necessary to ensure
2039 that the website enhances informed decisionmaking among
2040 consumers and health care purchasers, which shall include, at a
2041 minimum, appropriate guidance on how to use the data and an
2042 explanation of why the data may vary from provider to provider.
2043 The data specified in subparagraph 1. shall be released no later
2044 than January 1, 2006, for the reporting of infection rates, and
2045 no later than October 1, 2005, for mortality rates and
2046 complication rates. The data specified in subparagraph 2. shall
2047 be released no later than October 1, 2006.

2048 4. Publish on its website undiscounted charges for no
2049 fewer than 150 of the most commonly performed adult and
2050 pediatric procedures, including outpatient, inpatient,
2051 diagnostic, and preventative procedures.

2052 Section 57. Paragraph (a) of subsection (1) of section
2053 408.061, Florida Statutes, is amended to read:

2054 408.061 Data collection; uniform systems of financial
2055 reporting; information relating to physician charges;
2056 confidential information; immunity.—

2057 (1) The agency shall require the submission by health care
2058 facilities, health care providers, and health insurers of data
2059 necessary to carry out the agency's duties. Specifications for
2060 data to be collected under this section shall be developed by
2061 the agency with the assistance of technical advisory panels
2062 including representatives of affected entities, consumers,
2063 purchasers, and such other interested parties as may be
2064 determined by the agency.

2065 (a) Data submitted by health care facilities, including
2066 the facilities as defined in chapter 395, shall include, but are
2067 not limited to: case-mix data, patient admission and discharge
2068 data, hospital emergency department data which shall include the
2069 number of patients treated in the emergency department of a
2070 licensed hospital reported by patient acuity level, data on
2071 hospital-acquired infections as specified by rule, data on
2072 complications as specified by rule, data on readmissions as
2073 specified by rule, with patient and provider-specific
2074 identifiers included, actual charge data by diagnostic groups,
2075 financial data, accounting data, operating expenses, expenses
2076 incurred for rendering services to patients who cannot or do not
2077 pay, interest charges, depreciation expenses based on the
2078 expected useful life of the property and equipment involved, and
2079 demographic data. The agency shall adopt nationally recognized
2080 risk adjustment methodologies or software consistent with the
2081 standards of the Agency for Healthcare Research and Quality and

as selected by the agency for all data submitted as required by this section. Data may be obtained from documents such as, but not limited to: leases, contracts, debt instruments, itemized patient bills, medical record abstracts, and related diagnostic information. Reported data elements shall be reported electronically and ~~in accordance with rule 59E-7.012, Florida Administrative Code.~~ Data submitted shall be certified by the chief executive officer or an appropriate and duly authorized representative or employee of the licensed facility that the information submitted is true and accurate.

Section 58. Subsection (43) of section 408.07, Florida Statutes, is amended to read:

408.07 Definitions.—As used in this chapter, with the exception of ss. 408.031-408.045, the term:

(43) "Rural hospital" means an acute care hospital licensed under chapter 395, having 100 or fewer licensed beds and an emergency room, and which is:

(a) The sole provider within a county with a population density of no greater than 100 persons per square mile;

(b) An acute care hospital, in a county with a population density of no greater than 100 persons per square mile, which is at least 30 minutes of travel time, on normally traveled roads under normal traffic conditions, from another acute care hospital within the same county;

(c) A hospital supported by a tax district or subdistrict whose boundaries encompass a population of 100 persons or fewer per square mile;

(d) A hospital with a service area that has a population of 100 persons or fewer per square mile. As used in this paragraph, the term "service area" means the fewest number of zip codes that account for 75 percent of the hospital's discharges for the most recent 5-year period, based on information available from the hospital inpatient discharge database in the Florida Center for Health Information and Policy Analysis at the Agency for Health Care Administration; or

(e) A critical access hospital.

Population densities used in this subsection must be based upon the most recently completed United States census. A hospital that received funds under s. 409.9116 for a quarter beginning no later than July 1, 2002, is deemed to have been and shall continue to be a rural hospital from that date through June 30, 2015, if the hospital continues to have 100 or fewer licensed beds and an emergency room, ~~or meets the criteria of s.~~

~~395.602(2)(c)~~ 4. An acute care hospital that has not previously been designated as a rural hospital and that meets the criteria of this subsection shall be granted such designation upon application, including supporting documentation, to the Agency for Health Care Administration.

Section 59. Section 408.10, Florida Statutes, is amended to read:

408.10 Consumer complaints.—The agency shall÷

~~(1)~~ publish and make available to the public a toll-free telephone number for the purpose of handling consumer complaints and shall serve as a liaison between consumer entities and other

CS/CS/CS/HB 1143, Engrossed 3

private entities and governmental entities for the disposition of problems identified by consumers of health care.

~~(2) Be empowered to investigate consumer complaints relating to problems with health care facilities' billing practices and issue reports to be made public in any cases where the agency determines the health care facility has engaged in billing practices which are unreasonable and unfair to the consumer.~~

Section 60. Subsections (12) through (30) of section 408.802, Florida Statutes, are renumbered as subsections (11) through (29), respectively, and present subsection (11) of that section is amended to read:

408.802 Applicability.—The provisions of this part apply to the provision of services that require licensure as defined in this part and to the following entities licensed, registered, or certified by the agency, as described in chapters 112, 383, 390, 394, 395, 400, 429, 440, 483, and 765:

~~(11) Private review agents, as provided under part I of chapter 395.~~

Section 61. Subsection (3) is added to section 408.804, Florida Statutes, to read:

408.804 License required; display.—

(3) Any person who knowingly alters, defaces, or falsifies a license certificate issued by the agency, or causes or procures any person to commit such an offense, commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s 775.083. Any licensee or provider who displays an altered, defaced, or falsified license certificate is subject to

2165 the penalties set forth in s. 408.815 and an administrative fine
2166 of \$1,000 for each day of illegal display.

2167 Section 62. Paragraph (d) of subsection (2) of section
2168 408.806, Florida Statutes, is amended, present subsections (3)
2169 through (8) are renumbered as subsections (4) through (9),
2170 respectively, and a new subsection (3) is added to that section,
2171 to read:

2172 408.806 License application process.—

2173 (2)

2174 ~~(d) The agency shall notify the licensee by mail or~~
2175 ~~electronically at least 90 days before the expiration of a~~
2176 ~~license that a renewal license is necessary to continue~~
2177 ~~operation.~~ The licensee's failure to timely file ~~submit~~ a
2178 renewal application and license application fee with the agency
2179 shall result in a \$50 per day late fee charged to the licensee
2180 by the agency; however, the aggregate amount of the late fee may
2181 not exceed 50 percent of the licensure fee or \$500, whichever is
2182 less. The agency shall provide a courtesy notice to the licensee
2183 by United States mail, electronically, or by any other manner at
2184 its address of record or mailing address, if provided, at least
2185 90 days prior to the expiration of a license informing the
2186 licensee of the expiration of the license. If the agency does
2187 not provide the courtesy notice or the licensee does not receive
2188 the courtesy notice, the licensee continues to be legally
2189 obligated to timely file the renewal application and license
2190 application fee with the agency and is not excused from the
2191 payment of a late fee. If an application is received after the
2192 required filing date and exhibits a hand-canceled postmark

CS/CS/CS/HB 1143, Engrossed 3

2010

obtained from a United States post office dated on or before the required filing date, no fine will be levied.

(3) Payment of the late fee is required to consider any late application complete, and failure to pay the late fee is considered an omission from the application.

Section 63. Subsections (6) and (9) of section 408.810, Florida Statutes, are amended to read:

408.810 Minimum licensure requirements.—In addition to the licensure requirements specified in this part, authorizing statutes, and applicable rules, each applicant and licensee must comply with the requirements of this section in order to obtain and maintain a license.

(6)(a) An applicant must provide the agency with proof of the applicant's legal right to occupy the property before a license may be issued. Proof may include, but need not be limited to, copies of warranty deeds, lease or rental agreements, contracts for deeds, quitclaim deeds, or other such documentation.

(b) In the event the property is encumbered by a mortgage or is leased, an applicant must provide the agency with proof that the mortgagor or landlord has been provided written notice of the applicant's intent as mortgagee or tenant to provide services that require licensure and instruct the mortgagor or landlord to serve the agency by certified mail with copies of any foreclosure or eviction actions initiated by the mortgagor or landlord against the applicant.

(9) A controlling interest may not withhold from the agency any evidence of financial instability, including, but not

2221 limited to, checks returned due to insufficient funds,
2222 delinquent accounts, nonpayment of withholding taxes, unpaid
2223 utility expenses, nonpayment for essential services, or adverse
2224 court action concerning the financial viability of the provider
2225 or any other provider licensed under this part that is under the
2226 control of the controlling interest. A controlling interest
2227 shall notify the agency within 10 days after a court action to
2228 initiate bankruptcy, foreclosure, or eviction proceedings
2229 concerning the provider, in which the controlling interest is a
2230 petitioner or defendant. Any person who violates this subsection
2231 commits a misdemeanor of the second degree, punishable as
2232 provided in s. 775.082 or s. 775.083. Each day of continuing
2233 violation is a separate offense.

2234 Section 64. Subsection (3) is added to section 408.813,
2235 Florida Statutes, to read:

2236 408.813 Administrative fines; violations.—As a penalty for
2237 any violation of this part, authorizing statutes, or applicable
2238 rules, the agency may impose an administrative fine.

2239 (3) The agency may impose an administrative fine for a
2240 violation that does not qualify as a class I, class II, class
2241 III, or class IV violation. Unless otherwise specified by law,
2242 the amount of the fine shall not exceed \$500 for each violation.
2243 Unclassified violations may include:

2244 (a) Violating any term or condition of a license.

2245 (b) Violating any provision of this part, authorizing
2246 statutes, or applicable rules.

2247 (c) Exceeding licensed capacity.

2248 (d) Providing services beyond the scope of the license.

CS/CS/CS/HB 1143, Engrossed 3

2010

2249 (e) Violating a moratorium imposed pursuant to s. 408.814.
2250 Section 65. Subsection (5) is added to section 408.815,
2251 Florida Statutes, to read:

2252 408.815 License or application denial; revocation.—

2253 (5) In order to ensure the health, safety, and welfare of
2254 clients when a license has been denied, revoked, or is set to
2255 terminate, the agency may extend the license expiration date for
2256 a period of up to 30 days for the sole purpose of allowing the
2257 safe and orderly discharge of clients. The agency may impose
2258 conditions on the extension, including, but not limited to,
2259 prohibiting or limiting admissions, expedited discharge
2260 planning, required status reports, and mandatory monitoring by
2261 the agency or third parties. In imposing these conditions, the
2262 agency shall take into consideration the nature and number of
2263 clients, the availability and location of acceptable alternative
2264 placements, and the ability of the licensee to continue
2265 providing care to the clients. The agency may terminate the
2266 extension or modify the conditions at any time. This authority
2267 is in addition to any other authority granted to the agency
2268 under chapter 120, this part, and authorizing statutes but
2269 creates no right or entitlement to an extension of a license
2270 expiration date.

2271 Section 66. Paragraph (k) of subsection (4) of section
2272 409.221, Florida Statutes, is amended to read:

2273 409.221 Consumer-directed care program.—

2274 (4) CONSUMER-DIRECTED CARE.—

2275 ~~(k) Reviews and reports. The agency and the Departments of~~
2276 ~~Elderly Affairs, Health, and Children and Family Services and~~

CS/CS/CS/HB 1143, Engrossed 3

2010

~~the Agency for Persons with Disabilities shall each, on an ongoing basis, review and assess the implementation of the consumer-directed care program. By January 15 of each year, the agency shall submit a written report to the Legislature that includes each department's review of the program and contains recommendations for improvements to the program.~~

Section 67. Subsection (1) of section 409.91196, Florida Statutes, is amended to read:

409.91196 Supplemental rebate agreements; public records and public meetings exemption.—

(1) The rebate amount, percent of rebate, manufacturer's pricing, and supplemental rebate, and other trade secrets as defined in s. 688.002 that the agency has identified for use in negotiations, held by the Agency for Health Care Administration under s. 409.912(39)(a) 8.7 are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

Section 68. Paragraph (a) of subsection (39) of section 409.912, Florida Statutes, is amended to read:

409.912 Cost-effective purchasing of health care.—The agency shall purchase goods and services for Medicaid recipients in the most cost-effective manner consistent with the delivery of quality medical care. To ensure that medical services are effectively utilized, the agency may, in any case, require a confirmation or second physician's opinion of the correct diagnosis for purposes of authorizing future services under the Medicaid program. This section does not restrict access to emergency services or poststabilization care services as defined in 42 C.F.R. part 438.114. Such confirmation or second opinion

2305 shall be rendered in a manner approved by the agency. The agency
2306 shall maximize the use of prepaid per capita and prepaid
2307 aggregate fixed-sum basis services when appropriate and other
2308 alternative service delivery and reimbursement methodologies,
2309 including competitive bidding pursuant to s. 287.057, designed
2310 to facilitate the cost-effective purchase of a case-managed
2311 continuum of care. The agency shall also require providers to
2312 minimize the exposure of recipients to the need for acute
2313 inpatient, custodial, and other institutional care and the
2314 inappropriate or unnecessary use of high-cost services. The
2315 agency shall contract with a vendor to monitor and evaluate the
2316 clinical practice patterns of providers in order to identify
2317 trends that are outside the normal practice patterns of a
2318 provider's professional peers or the national guidelines of a
2319 provider's professional association. The vendor must be able to
2320 provide information and counseling to a provider whose practice
2321 patterns are outside the norms, in consultation with the agency,
2322 to improve patient care and reduce inappropriate utilization.
2323 The agency may mandate prior authorization, drug therapy
2324 management, or disease management participation for certain
2325 populations of Medicaid beneficiaries, certain drug classes, or
2326 particular drugs to prevent fraud, abuse, overuse, and possible
2327 dangerous drug interactions. The Pharmaceutical and Therapeutics
2328 Committee shall make recommendations to the agency on drugs for
2329 which prior authorization is required. The agency shall inform
2330 the Pharmaceutical and Therapeutics Committee of its decisions
2331 regarding drugs subject to prior authorization. The agency is
2332 authorized to limit the entities it contracts with or enrolls as

2333 Medicaid providers by developing a provider network through
2334 provider credentialing. The agency may competitively bid single-
2335 source-provider contracts if procurement of goods or services
2336 results in demonstrated cost savings to the state without
2337 limiting access to care. The agency may limit its network based
2338 on the assessment of beneficiary access to care, provider
2339 availability, provider quality standards, time and distance
2340 standards for access to care, the cultural competence of the
2341 provider network, demographic characteristics of Medicaid
2342 beneficiaries, practice and provider-to-beneficiary standards,
2343 appointment wait times, beneficiary use of services, provider
2344 turnover, provider profiling, provider licensure history,
2345 previous program integrity investigations and findings, peer
2346 review, provider Medicaid policy and billing compliance records,
2347 clinical and medical record audits, and other factors. Providers
2348 shall not be entitled to enrollment in the Medicaid provider
2349 network. The agency shall determine instances in which allowing
2350 Medicaid beneficiaries to purchase durable medical equipment and
2351 other goods is less expensive to the Medicaid program than long-
2352 term rental of the equipment or goods. The agency may establish
2353 rules to facilitate purchases in lieu of long-term rentals in
2354 order to protect against fraud and abuse in the Medicaid program
2355 as defined in s. 409.913. The agency may seek federal waivers
2356 necessary to administer these policies.

2357 (39) (a) The agency shall implement a Medicaid prescribed-
2358 drug spending-control program that includes the following
2359 components:

2360 1. A Medicaid preferred drug list, which shall be a
2361 listing of cost-effective therapeutic options recommended by the
2362 Medicaid Pharmacy and Therapeutics Committee established
2363 pursuant to s. 409.91195 and adopted by the agency for each
2364 therapeutic class on the preferred drug list. At the discretion
2365 of the committee, and when feasible, the preferred drug list
2366 should include at least two products in a therapeutic class. The
2367 agency may post the preferred drug list and updates to the
2368 preferred drug list on an Internet website without following the
2369 rulemaking procedures of chapter 120. Antiretroviral agents are
2370 excluded from the preferred drug list. The agency shall also
2371 limit the amount of a prescribed drug dispensed to no more than
2372 a 34-day supply unless the drug products' smallest marketed
2373 package is greater than a 34-day supply, or the drug is
2374 determined by the agency to be a maintenance drug in which case
2375 a 100-day maximum supply may be authorized. The agency is
2376 authorized to seek any federal waivers necessary to implement
2377 these cost-control programs and to continue participation in the
2378 federal Medicaid rebate program, or alternatively to negotiate
2379 state-only manufacturer rebates. The agency may adopt rules to
2380 implement this subparagraph. The agency shall continue to
2381 provide unlimited contraceptive drugs and items. The agency must
2382 establish procedures to ensure that:

2383 a. There is a response to a request for prior consultation
2384 by telephone or other telecommunication device within 24 hours
2385 after receipt of a request for prior consultation; and

2386 b. A 72-hour supply of the drug prescribed is provided in
2387 an emergency or when the agency does not provide a response
2388 within 24 hours as required by sub-subparagraph a.

2389 2. Reimbursement to pharmacies for Medicaid prescribed
2390 drugs shall be set at the lesser of: the average wholesale price
2391 (AWP) minus 16.4 percent, the wholesaler acquisition cost (WAC)
2392 plus 4.75 percent, the federal upper limit (FUL), the state
2393 maximum allowable cost (SMAC), or the usual and customary (UAC)
2394 charge billed by the provider.

2395 3. For a prescribed drug billed as a 340B prescribed
2396 medication, the claim must meet the requirements of the Deficit
2397 Reduction Act of 2005 and the federal 340B program, contain a
2398 national drug code, and be billed at the actual acquisition cost
2399 or payment shall be denied.

2400 ~~4.3.~~ The agency shall develop and implement a process for
2401 managing the drug therapies of Medicaid recipients who are using
2402 significant numbers of prescribed drugs each month. The
2403 management process may include, but is not limited to,
2404 comprehensive, physician-directed medical-record reviews, claims
2405 analyses, and case evaluations to determine the medical
2406 necessity and appropriateness of a patient's treatment plan and
2407 drug therapies. The agency may contract with a private
2408 organization to provide drug-program-management services. The
2409 Medicaid drug benefit management program shall include
2410 initiatives to manage drug therapies for HIV/AIDS patients,
2411 patients using 20 or more unique prescriptions in a 180-day
2412 period, and the top 1,000 patients in annual spending. The
2413 agency shall enroll any Medicaid recipient in the drug benefit

2414 management program if he or she meets the specifications of this
2415 provision and is not enrolled in a Medicaid health maintenance
2416 organization.

2417 ~~5.4.~~ The agency may limit the size of its pharmacy network
2418 based on need, competitive bidding, price negotiations,
2419 credentialing, or similar criteria. The agency shall give
2420 special consideration to rural areas in determining the size and
2421 location of pharmacies included in the Medicaid pharmacy
2422 network. A pharmacy credentialing process may include criteria
2423 such as a pharmacy's full-service status, location, size,
2424 patient educational programs, patient consultation, disease
2425 management services, and other characteristics. The agency may
2426 impose a moratorium on Medicaid pharmacy enrollment when it is
2427 determined that it has a sufficient number of Medicaid-
2428 participating providers. The agency must allow dispensing
2429 practitioners to participate as a part of the Medicaid pharmacy
2430 network regardless of the practitioner's proximity to any other
2431 entity that is dispensing prescription drugs under the Medicaid
2432 program. A dispensing practitioner must meet all credentialing
2433 requirements applicable to his or her practice, as determined by
2434 the agency.

2435 ~~6.5.~~ The agency shall develop and implement a program that
2436 requires Medicaid practitioners who prescribe drugs to use a
2437 counterfeit-proof prescription pad for Medicaid prescriptions.
2438 The agency shall require the use of standardized counterfeit-
2439 proof prescription pads by Medicaid-participating prescribers or
2440 prescribers who write prescriptions for Medicaid recipients. The

2441 agency may implement the program in targeted geographic areas or
2442 statewide.

2443 ~~7.6.~~ The agency may enter into arrangements that require
2444 manufacturers of generic drugs prescribed to Medicaid recipients
2445 to provide rebates of at least 15.1 percent of the average
2446 manufacturer price for the manufacturer's generic products.
2447 These arrangements shall require that if a generic-drug
2448 manufacturer pays federal rebates for Medicaid-reimbursed drugs
2449 at a level below 15.1 percent, the manufacturer must provide a
2450 supplemental rebate to the state in an amount necessary to
2451 achieve a 15.1-percent rebate level.

2452 ~~8.7.~~ The agency may establish a preferred drug list as
2453 described in this subsection, and, pursuant to the establishment
2454 of such preferred drug list, it is authorized to negotiate
2455 supplemental rebates from manufacturers that are in addition to
2456 those required by Title XIX of the Social Security Act and at no
2457 less than 14 percent of the average manufacturer price as
2458 defined in 42 U.S.C. s. 1936 on the last day of a quarter unless
2459 the federal or supplemental rebate, or both, equals or exceeds
2460 29 percent. There is no upper limit on the supplemental rebates
2461 the agency may negotiate. The agency may determine that specific
2462 products, brand-name or generic, are competitive at lower rebate
2463 percentages. Agreement to pay the minimum supplemental rebate
2464 percentage will guarantee a manufacturer that the Medicaid
2465 Pharmaceutical and Therapeutics Committee will consider a
2466 product for inclusion on the preferred drug list. However, a
2467 pharmaceutical manufacturer is not guaranteed placement on the
2468 preferred drug list by simply paying the minimum supplemental

2469 rebate. Agency decisions will be made on the clinical efficacy
2470 of a drug and recommendations of the Medicaid Pharmaceutical and
2471 Therapeutics Committee, as well as the price of competing
2472 products minus federal and state rebates. The agency is
2473 authorized to contract with an outside agency or contractor to
2474 conduct negotiations for supplemental rebates. For the purposes
2475 of this section, the term "supplemental rebates" means cash
2476 rebates. Effective July 1, 2004, value-added programs as a
2477 substitution for supplemental rebates are prohibited. The agency
2478 is authorized to seek any federal waivers to implement this
2479 initiative.

2480 ~~9.8-~~ The Agency for Health Care Administration shall
2481 expand home delivery of pharmacy products. To assist Medicaid
2482 patients in securing their prescriptions and reduce program
2483 costs, the agency shall expand its current mail-order-pharmacy
2484 diabetes-supply program to include all generic and brand-name
2485 drugs used by Medicaid patients with diabetes. Medicaid
2486 recipients in the current program may obtain nondiabetes drugs
2487 on a voluntary basis. This initiative is limited to the
2488 geographic area covered by the current contract. The agency may
2489 seek and implement any federal waivers necessary to implement
2490 this subparagraph.

2491 ~~10.9-~~ The agency shall limit to one dose per month any
2492 drug prescribed to treat erectile dysfunction.

2493 ~~11.10-~~a. The agency may implement a Medicaid behavioral
2494 drug management system. The agency may contract with a vendor
2495 that has experience in operating behavioral drug management

2496 systems to implement this program. The agency is authorized to
2497 seek federal waivers to implement this program.

2498 b. The agency, in conjunction with the Department of
2499 Children and Family Services, may implement the Medicaid
2500 behavioral drug management system that is designed to improve
2501 the quality of care and behavioral health prescribing practices
2502 based on best practice guidelines, improve patient adherence to
2503 medication plans, reduce clinical risk, and lower prescribed
2504 drug costs and the rate of inappropriate spending on Medicaid
2505 behavioral drugs. The program may include the following
2506 elements:

2507 (I) Provide for the development and adoption of best
2508 practice guidelines for behavioral health-related drugs such as
2509 antipsychotics, antidepressants, and medications for treating
2510 bipolar disorders and other behavioral conditions; translate
2511 them into practice; review behavioral health prescribers and
2512 compare their prescribing patterns to a number of indicators
2513 that are based on national standards; and determine deviations
2514 from best practice guidelines.

2515 (II) Implement processes for providing feedback to and
2516 educating prescribers using best practice educational materials
2517 and peer-to-peer consultation.

2518 (III) Assess Medicaid beneficiaries who are outliers in
2519 their use of behavioral health drugs with regard to the numbers
2520 and types of drugs taken, drug dosages, combination drug
2521 therapies, and other indicators of improper use of behavioral
2522 health drugs.

(IV) Alert prescribers to patients who fail to refill prescriptions in a timely fashion, are prescribed multiple same-class behavioral health drugs, and may have other potential medication problems.

(V) Track spending trends for behavioral health drugs and deviation from best practice guidelines.

(VI) Use educational and technological approaches to promote best practices, educate consumers, and train prescribers in the use of practice guidelines.

(VII) Disseminate electronic and published materials.

(VIII) Hold statewide and regional conferences.

(IX) Implement a disease management program with a model quality-based medication component for severely mentally ill individuals and emotionally disturbed children who are high users of care.

12.11.a. The agency shall implement a Medicaid prescription drug management system. The agency may contract with a vendor that has experience in operating prescription drug management systems in order to implement this system. Any management system that is implemented in accordance with this subparagraph must rely on cooperation between physicians and pharmacists to determine appropriate practice patterns and clinical guidelines to improve the prescribing, dispensing, and use of drugs in the Medicaid program. The agency may seek federal waivers to implement this program.

b. The drug management system must be designed to improve the quality of care and prescribing practices based on best practice guidelines, improve patient adherence to medication

2551 plans, reduce clinical risk, and lower prescribed drug costs and
2552 the rate of inappropriate spending on Medicaid prescription
2553 drugs. The program must:

2554 (I) Provide for the development and adoption of best
2555 practice guidelines for the prescribing and use of drugs in the
2556 Medicaid program, including translating best practice guidelines
2557 into practice; reviewing prescriber patterns and comparing them
2558 to indicators that are based on national standards and practice
2559 patterns of clinical peers in their community, statewide, and
2560 nationally; and determine deviations from best practice
2561 guidelines.

2562 (II) Implement processes for providing feedback to and
2563 educating prescribers using best practice educational materials
2564 and peer-to-peer consultation.

2565 (III) Assess Medicaid recipients who are outliers in their
2566 use of a single or multiple prescription drugs with regard to
2567 the numbers and types of drugs taken, drug dosages, combination
2568 drug therapies, and other indicators of improper use of
2569 prescription drugs.

2570 (IV) Alert prescribers to patients who fail to refill
2571 prescriptions in a timely fashion, are prescribed multiple drugs
2572 that may be redundant or contraindicated, or may have other
2573 potential medication problems.

2574 (V) Track spending trends for prescription drugs and
2575 deviation from best practice guidelines.

2576 (VI) Use educational and technological approaches to
2577 promote best practices, educate consumers, and train prescribers
2578 in the use of practice guidelines.

(VII) Disseminate electronic and published materials.

(VIII) Hold statewide and regional conferences.

(IX) Implement disease management programs in cooperation with physicians and pharmacists, along with a model quality-based medication component for individuals having chronic medical conditions.

13.12. The agency is authorized to contract for drug rebate administration, including, but not limited to, calculating rebate amounts, invoicing manufacturers, negotiating disputes with manufacturers, and maintaining a database of rebate collections.

14.13. The agency may specify the preferred daily dosing form or strength for the purpose of promoting best practices with regard to the prescribing of certain drugs as specified in the General Appropriations Act and ensuring cost-effective prescribing practices.

15.14. The agency may require prior authorization for Medicaid-covered prescribed drugs. The agency may, but is not required to, prior-authorize the use of a product:

- a. For an indication not approved in labeling;
- b. To comply with certain clinical guidelines; or
- c. If the product has the potential for overuse, misuse, or abuse.

The agency may require the prescribing professional to provide information about the rationale and supporting medical evidence for the use of a drug. The agency may post prior authorization criteria and protocol and updates to the list of drugs that are

subject to prior authorization on an Internet website without amending its rule or engaging in additional rulemaking.

~~16.15.~~ The agency, in conjunction with the Pharmaceutical and Therapeutics Committee, may require age-related prior authorizations for certain prescribed drugs. The agency may preauthorize the use of a drug for a recipient who may not meet the age requirement or may exceed the length of therapy for use of this product as recommended by the manufacturer and approved by the Food and Drug Administration. Prior authorization may require the prescribing professional to provide information about the rationale and supporting medical evidence for the use of a drug.

~~17.16.~~ The agency shall implement a step-therapy prior authorization approval process for medications excluded from the preferred drug list. Medications listed on the preferred drug list must be used within the previous 12 months prior to the alternative medications that are not listed. The step-therapy prior authorization may require the prescriber to use the medications of a similar drug class or for a similar medical indication unless contraindicated in the Food and Drug Administration labeling. The trial period between the specified steps may vary according to the medical indication. The step-therapy approval process shall be developed in accordance with the committee as stated in s. 409.91195(7) and (8). A drug product may be approved without meeting the step-therapy prior authorization criteria if the prescribing physician provides the agency with additional written medical or clinical documentation that the product is medically necessary because:

2635 a. There is not a drug on the preferred drug list to treat
2636 the disease or medical condition which is an acceptable clinical
2637 alternative;

2638 b. The alternatives have been ineffective in the treatment
2639 of the beneficiary's disease; or

2640 c. Based on historic evidence and known characteristics of
2641 the patient and the drug, the drug is likely to be ineffective,
2642 or the number of doses have been ineffective.

2643
2644 The agency shall work with the physician to determine the best
2645 alternative for the patient. The agency may adopt rules waiving
2646 the requirements for written clinical documentation for specific
2647 drugs in limited clinical situations.

2648 18.17. The agency shall implement a return and reuse
2649 program for drugs dispensed by pharmacies to institutional
2650 recipients, which includes payment of a \$5 restocking fee for
2651 the implementation and operation of the program. The return and
2652 reuse program shall be implemented electronically and in a
2653 manner that promotes efficiency. The program must permit a
2654 pharmacy to exclude drugs from the program if it is not
2655 practical or cost-effective for the drug to be included and must
2656 provide for the return to inventory of drugs that cannot be
2657 credited or returned in a cost-effective manner. The agency
2658 shall determine if the program has reduced the amount of
2659 Medicaid prescription drugs which are destroyed on an annual
2660 basis and if there are additional ways to ensure more
2661 prescription drugs are not destroyed which could safely be

reused. The agency's conclusion and recommendations shall be reported to the Legislature by December 1, 2005.

Section 69. Subsections (3) and (4) of section 429.07, Florida Statutes, are amended, and subsections (6) and (7) are added to that section, to read:

429.07 License required; fee; inspections.—

(3) In addition to the requirements of s. 408.806, each license granted by the agency must state the type of care for which the license is granted. Licenses shall be issued for one or more of the following categories of care: standard, extended congregate care, ~~limited nursing services~~, or limited mental health.

(a) A standard license shall be issued to a facility ~~facilities~~ providing one or more of the personal services identified in s. 429.02. Such licensee ~~facilities~~ may also employ or contract with a person ~~licensed under part I of chapter 464 to administer medications and~~ perform other tasks as specified in s. 429.255.

(b) An extended congregate care license shall be issued to a licensee ~~facilities~~ providing, directly or through contract, services beyond those authorized in paragraph (a), including acts performed pursuant to part I of chapter 464 by persons licensed thereunder, and supportive services defined by rule to persons who otherwise would be disqualified from continued residence in a facility licensed under this part.

1. In order for extended congregate care services to be provided in a facility licensed under this part, the agency must first determine that all requirements established in law and

rule are met and must specifically designate, on the ~~facility's~~
license, that such services may be provided and whether the
designation applies to all or part of a facility. Such
designation may be made at the time of initial licensure or
relicensure, or upon request in writing by a licensee under this
part and part II of chapter 408. Notification of approval or
denial of such request shall be made in accordance with part II
of chapter 408. An existing licensee ~~facilities~~ qualifying to
provide extended congregate care services must have maintained a
standard license and ~~may not have~~ been subject to administrative
sanctions during the previous 2 years, or since initial
licensure if ~~the facility has been~~ licensed for less than 2
years, for any of the following reasons:

- a. A class I or class II violation;
- b. Three or more repeat or recurring class III violations
of identical or similar resident care standards as specified in
rule from which a pattern of noncompliance is found by the
agency;
- c. Three or more class III violations that were not
corrected in accordance with the corrective action plan approved
by the agency;
- d. Violation of resident care standards resulting in a
requirement to employ the services of a consultant pharmacist or
consultant dietitian;
- e. Denial, suspension, or revocation of a license for
another facility under this part in which the applicant for an
extended congregate care license has at least 25 percent
ownership interest; or

2718 f. Imposition of a moratorium pursuant to this part or
2719 part II of chapter 408 or initiation of injunctive proceedings.

2720 2. A licensee ~~Facilities~~ that is ~~are~~ licensed to provide
2721 extended congregate care services shall maintain a written
2722 progress report for ~~on~~ each person who receives such services,
2723 and the which report must describe ~~describes~~ the type, amount,
2724 duration, scope, and outcome of services that are rendered and
2725 the general status of the resident's health. ~~A registered nurse,~~
2726 ~~or appropriate designee, representing the agency shall visit~~
2727 ~~such facilities at least quarterly to monitor residents who are~~
2728 ~~receiving extended congregate care services and to determine if~~
2729 ~~the facility is in compliance with this part, part II of chapter~~
2730 ~~408, and rules that relate to extended congregate care. One of~~
2731 ~~these visits may be in conjunction with the regular survey. The~~
2732 ~~monitoring visits may be provided through contractual~~
2733 ~~arrangements with appropriate community agencies. A registered~~
2734 ~~nurse shall serve as part of the team that inspects such~~
2735 ~~facility. The agency may waive one of the required yearly~~
2736 ~~monitoring visits for a facility that has been licensed for at~~
2737 ~~least 24 months to provide extended congregate care services,~~
2738 ~~if, during the inspection, the registered nurse determines that~~
2739 ~~extended congregate care services are being provided~~
2740 ~~appropriately, and if the facility has no class I or class II~~
2741 ~~violations and no uncorrected class III violations. Before such~~
2742 ~~decision is made, the agency shall consult with the long-term~~
2743 ~~care ombudsman council for the area in which the facility is~~
2744 ~~located to determine if any complaints have been made and~~
2745 ~~substantiated about the quality of services or care. The agency~~

2746 ~~may not waive one of the required yearly monitoring visits if~~
2747 ~~complaints have been made and substantiated.~~

2748 3. Licensees ~~Facilities~~ that are licensed to provide
2749 extended congregate care services shall:

2750 a. Demonstrate the capability to meet unanticipated
2751 resident service needs.

2752 b. Offer a physical environment that promotes a homelike
2753 setting, provides for resident privacy, promotes resident
2754 independence, and allows sufficient congregate space as defined
2755 by rule.

2756 c. Have sufficient staff available, taking into account
2757 the physical plant and firesafety features of the building, to
2758 assist with the evacuation of residents in an emergency, as
2759 necessary.

2760 d. Adopt and follow policies and procedures that maximize
2761 resident independence, dignity, choice, and decisionmaking to
2762 permit residents to age in place to the extent possible, so that
2763 moves due to changes in functional status are minimized or
2764 avoided.

2765 e. Allow residents or, if applicable, a resident's
2766 representative, designee, surrogate, guardian, or attorney in
2767 fact to make a variety of personal choices, participate in
2768 developing service plans, and share responsibility in
2769 decisionmaking.

2770 f. Implement the concept of managed risk.

2771 g. Provide, either directly or through contract, the
2772 services of a person licensed pursuant to part I of chapter 464.

2773 h. In addition to the training mandated in s. 429.52,
2774 provide specialized training as defined by rule for facility
2775 staff.

2776 4. Licensees ~~Facilities~~ licensed to provide extended
2777 congregate care services are exempt from the criteria for
2778 continued residency as set forth in rules adopted under s.
2779 429.41. Licensees ~~Facilities so licensed~~ shall adopt their own
2780 requirements within guidelines for continued residency set forth
2781 by rule. However, such licensees ~~facilities~~ may not serve
2782 residents who require 24-hour nursing supervision. Licensees
2783 ~~Facilities~~ licensed to provide extended congregate care services
2784 shall provide each resident with a written copy of facility
2785 policies governing admission and retention.

2786 5. The primary purpose of extended congregate care
2787 services is to allow residents, as they become more impaired,
2788 the option of remaining in a familiar setting from which they
2789 would otherwise be disqualified for continued residency. A
2790 facility licensed to provide extended congregate care services
2791 may also admit an individual who exceeds the admission criteria
2792 for a facility with a standard license, if the individual is
2793 determined appropriate for admission to the extended congregate
2794 care facility.

2795 6. Before admission of an individual to a facility
2796 licensed to provide extended congregate care services, the
2797 individual must undergo a medical examination as provided in s.
2798 429.26(4) and the facility must develop a preliminary service
2799 plan for the individual.

CS/CS/CS/HB 1143, Engrossed 3

2010

2800 7. When a licensee ~~facility~~ can no longer provide or
2801 arrange for services in accordance with the resident's service
2802 plan and needs and the licensee's ~~facility's~~ policy, the
2803 licensee ~~facility~~ shall make arrangements for relocating the
2804 person in accordance with s. 429.28(1)(k).

2805 8. Failure to provide extended congregate care services
2806 may result in denial of extended congregate care license
2807 renewal.

2808 ~~9. No later than January 1 of each year, the department,~~
2809 ~~in consultation with the agency, shall prepare and submit to the~~
2810 ~~Governor, the President of the Senate, the Speaker of the House~~
2811 ~~of Representatives, and the chairs of appropriate legislative~~
2812 ~~committees, a report on the status of, and recommendations~~
2813 ~~related to, extended congregate care services. The status report~~
2814 ~~must include, but need not be limited to, the following~~
2815 ~~information:~~

2816 ~~a. A description of the facilities licensed to provide~~
2817 ~~such services, including total number of beds licensed under~~
2818 ~~this part.~~

2819 ~~b. The number and characteristics of residents receiving~~
2820 ~~such services.~~

2821 ~~c. The types of services rendered that could not be~~
2822 ~~provided through a standard license.~~

2823 ~~d. An analysis of deficiencies cited during licensure~~
2824 ~~inspections.~~

2825 ~~e. The number of residents who required extended~~
2826 ~~congregate care services at admission and the source of~~
2827 ~~admission.~~

2828 ~~f. Recommendations for statutory or regulatory changes.~~

2829 ~~g. The availability of extended congregate care to state~~
2830 ~~clients residing in facilities licensed under this part and in~~
2831 ~~need of additional services, and recommendations for~~
2832 ~~appropriations to subsidize extended congregate care services~~
2833 ~~for such persons.~~

2834 ~~h. Such other information as the department considers~~
2835 ~~appropriate.~~

2836 ~~(c) A limited nursing services license shall be issued to~~
2837 ~~a facility that provides services beyond those authorized in~~
2838 ~~paragraph (a) and as specified in this paragraph.~~

2839 ~~1. In order for limited nursing services to be provided in~~
2840 ~~a facility licensed under this part, the agency must first~~
2841 ~~determine that all requirements established in law and rule are~~
2842 ~~met and must specifically designate, on the facility's license,~~
2843 ~~that such services may be provided. Such designation may be made~~
2844 ~~at the time of initial licensure or relicensure, or upon request~~
2845 ~~in writing by a licensee under this part and part II of chapter~~
2846 ~~408. Notification of approval or denial of such request shall be~~
2847 ~~made in accordance with part II of chapter 408. Existing~~
2848 ~~facilities qualifying to provide limited nursing services shall~~
2849 ~~have maintained a standard license and may not have been subject~~
2850 ~~to administrative sanctions that affect the health, safety, and~~
2851 ~~welfare of residents for the previous 2 years or since initial~~
2852 ~~licensure if the facility has been licensed for less than 2~~
2853 ~~years.~~

2854 ~~2. Facilities that are licensed to provide limited nursing~~
2855 ~~services shall maintain a written progress report on each person~~

2856 ~~who receives such nursing services, which report describes the~~
2857 ~~type, amount, duration, scope, and outcome of services that are~~
2858 ~~rendered and the general status of the resident's health. A~~
2859 ~~registered nurse representing the agency shall visit such~~
2860 ~~facilities at least twice a year to monitor residents who are~~
2861 ~~receiving limited nursing services and to determine if the~~
2862 ~~facility is in compliance with applicable provisions of this~~
2863 ~~part, part II of chapter 408, and related rules. The monitoring~~
2864 ~~visits may be provided through contractual arrangements with~~
2865 ~~appropriate community agencies. A registered nurse shall also~~
2866 ~~serve as part of the team that inspects such facility.~~

2867 ~~3. A person who receives limited nursing services under~~
2868 ~~this part must meet the admission criteria established by the~~
2869 ~~agency for assisted living facilities. When a resident no longer~~
2870 ~~meets the admission criteria for a facility licensed under this~~
2871 ~~part, arrangements for relocating the person shall be made in~~
2872 ~~accordance with s. 429.28(1)(k), unless the facility is licensed~~
2873 ~~to provide extended congregate care services.~~

2874 (4) In accordance with s. 408.805, an applicant or
2875 licensee shall pay a fee for each license application submitted
2876 under this part, part II of chapter 408, and applicable rules.
2877 The amount of the fee shall be established by rule.

2878 (a) The biennial license fee required of a facility is
2879 \$356 ~~\$300~~ per license, with an additional fee of \$67.50 ~~\$50~~ per
2880 resident based on the total licensed resident capacity of the
2881 facility, except that no additional fee will be assessed for
2882 beds designated for recipients of optional state supplementation

2883 payments provided for in s. 409.212. The total fee may not
2884 exceed \$18,000 ~~\$10,000~~.

2885 (b) In addition to the total fee assessed under paragraph
2886 (a), the agency shall require facilities that are licensed to
2887 provide extended congregate care services under this part to pay
2888 an additional fee per licensed facility. The amount of the
2889 biennial fee shall be \$501 ~~\$400~~ per license, with an additional
2890 fee of \$10 per resident based on the total licensed resident
