

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/HB 939 Medicaid Fraud
SPONSOR(S): Health Innovation Subcommittee; Pigman
TIED BILLS: **IDEN./SIM. BILLS:** SB 844

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Health Innovation Subcommittee	12 Y, 0 N, As CS	McElroy	Shaw
2) Health & Human Services Committee		McElroy	Calamas

SUMMARY ANALYSIS

CS/HB 939 makes statutory changes to enhance Florida's efforts to prevent fraud and abuse in the Medicaid program. The bill modifies existing statutory provisions relating to provider controls and accountability in the Medicaid program. These modifications include the following:

- Increasing the length of time for retaining all medical and Medicaid related records from 5 to 6 years for Medicaid providers;
- Requiring Medicaid providers to report a change in any principal of the provider to the Agency for Health Care Administration (AHCA or the Agency) in writing no later than 30 days after the change occurs;
- Providing definition for principals of a provider with a controlling interest for hospitals and nursing homes for purposes of conducting criminal background checks;
- Defining "administrative fines" and "outstanding overpayment" for purposes of liability for payment of such fines in the event of a change of ownership;
- Authorizing, rather than requiring, the AHCA to perform onsite inspections of the service location of a provider applying for a provider agreement before entering into a provider agreement with that provider, to determine that provider's ability to provide services in compliance with the Medicaid program and professional regulations;
- Removing certain exceptions to background screenings requirements for Medicaid providers;
- Expanding the list of offenses for which the AHCA may terminate the participation of a Medicaid provider in the Medicaid program;
- Requiring the AHCA to impose the sanction of termination for cause against a provider that voluntarily relinquishes their Medicaid provider number under certain circumstances;
- Clarifying the scope of immunity from civil liability for persons who report fraudulent acts or suspected fraudulent acts and providing a definition of fraudulent acts.

The bill amends s. 624.351, F.S., and authorizes designees of the members Medicaid and Public Assistance Fraud Strike Force to serve in the same capacity as the designating member. Additionally it provides that the Strike Force will sunset on June 14, 2014. The bill amends s. 624.352, F.S., to provide that interagency agreements to detect and deter Medicaid and public assistance fraud will no longer be required after June 14, 2014.

The bill does not appear to fiscal impact on state or local government.

The bill provides an effective date of July 1, 2013.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

Health Care Fraud

In 2009, the Legislature passed CS/CS/CS/SB 1986 to address systematic health care fraud in Florida. Over three have now passed since these anti-fraud provisions were enacted and certain changes have been identified which would enhance Florida's efforts to prevent health care fraud and abuse in Florida's Medicaid program. This bill addresses some of the gaps in enforcement authority, strengthens the reporting requirements by Medicaid providers and defines the consequences for failure to comply with these requirements.

Medicaid

Medicaid is a medical assistance program that provides access to health care for low-income families and individuals. Medicaid also assists aged and disabled people with costs of nursing facility care and other medical expenses. The ACHA's Division of Medicaid administers the Florida Medicaid Program. The statutory authority for the Medicaid program is contained in ch. 409, F.S.

Medicaid reimburses health care providers that have a provider agreement with the AHCA only for goods and services that are covered by the Medicaid program and only for individuals who are eligible for Medicaid assistance from Medicaid. Section 409.907, F.S., establishes requirements for Medicaid provider agreements, which include among other things, background screening requirements, notification requirements for change of ownership of a Medicaid provider, authority for AHCA site visits of provider service locations and surety bond requirements. The statute does not provide for background screening for non-enrolled providers who participate in the Medicaid program as components of a Medicaid managed care network.

Currently, the Office of Medicaid Program Integrity reviews anti-fraud plans for all participating Medicaid plans. Additionally, under s. 626.9891, F.S., all insurance companies and managed care companies also submit their required anti-fraud plans to the Department of Financial Services, Division of Insurance Fraud for review.

Under s. 409.913, F.S., the AHCA is responsible for overseeing the integrity of the Medicaid program, to ensure the fraudulent and abusive behavior and neglect of recipients occur to the minimum extent possible, and to recover overpayments and impose sanctions as appropriate.

Sections 409.920, 409.9201, 409.9203, and 409.9205, F.S., contain provisions relating specifically to Medicaid fraud. A person who provides the State with information about fraud or suspected fraud by a Medicaid provider, including a managed care organization, is immune from civil liability for providing that information unless the person knew the information was false or acted with reckless disregard for the truth or falsity of the information.¹

Part IV of ch. 409, F.S., requires all Medicaid recipients to enroll in a managed care plan unless they are specifically exempted. The statewide Medicaid managed care program includes the long-term care managed care program and the managed care medical assistance program. The law directs the AHCA to begin implementation of the long term managed care program by July 1, 2012, with full implementation in all regions of the State by October 1, 2013. The State received federal approval of this program on February 1, 2013.² Although the AHCA has received conditional approval,³ the AHCA

¹ See s. 409.920(8), F.S.

is still awaiting final approval of the managed medical assistance program whose full implementation is anticipated by October 1, 2014.

Background Screening

Chapter 435, F.S., establishes standards for background screening for employment. Section 435.03, F.S., sets standards for Level 1 background screening. Level 1 background screenings include, but are not limited to, employment history checks and statewide criminal correspondence checks through the Department of Law Enforcement and a check of the Dru Sjodin National Sex Offender Public Website, and may include local criminal records checks through local law enforcement agencies.

Level 2 background screenings include, but are not limited to, fingerprinting for statewide criminal history records checks through the Department of Law Enforcement and national criminal history records checks through the Federal Bureau of Investigation. They may also include local criminal records checks through local law enforcement agencies. Section 435.04(2), F.S., lists the offenses that will disqualify an applicant from employment.

Section 408.809, F.S., establishes background screening requirements and procedures for entities licensed by the AHCA. The AHCA must conduct Level 2 background screening for specified individuals. Each person subject to this section is subject to Level 2 background screening every 5 years. This section of law also specifies additional disqualifying offenses beyond those included in s. 435.04(2), F.S.

Medicaid and Public Assistance Strike Force

In 2010 the Legislature found that there was a need to develop and implement a statewide strategy to coordinate state and local agencies, law enforcement entities, and investigative units in order to increase the effectiveness of programs and initiatives dealing with the prevention, detection, and prosecution of Medicaid and public assistance fraud.⁴ Interagency agreements for the coordination of prevention, investigation, and prosecution of Medicaid and public assistance fraud were executed by various agencies.⁵ Thus, the Medicaid and Public Assistance Fraud Strike Force was created within the Department of Financial Services to oversee and coordinate state and local efforts to eliminate Medicaid and public assistance fraud and to recover state and federal funds.

Effect of Proposed Changes

Section 409.907(3)(c), F.S., requires Medicaid providers to retain all medical and Medicaid-related records for 5 years. The bill extends the retention period to 6 years, which is consistent with the Health Insurance Portability and Accountability Act (HIPAA) of 1996 administrative simplification rules.⁶

The bill requires a Medicaid provider to report, in writing, any change of any principal of the provider to AHCA within 30 days after the change occurs. "Principal" includes any officer, director, agent, managing employee, affiliated person or any partner or shareholder who has a 5% or greater interest in the provider.

The bill defines "administrative fines" and "outstanding overpayment". This functions to clarify the statutory provisions relating to the liability of Medicaid providers in a change of ownership for outstanding overpayments, administrative fines, and any other moneys owed to the AHCA.

⁴ S. 624.351, F.S.

⁵ S. 624.352, F.S.

⁶ See 45 CFR 164.316(b)(2).

Section 409.907(7) requires the AHCA to conduct random onsite inspections of Medicaid providers' service locations within 60 days after receipt of a fully complete new provider's application and prior to making the first payment to the provider for Medicaid services. The bill removes the 60 day time period, as well as the requirement for random inspections. This provides the ACHA with greater flexibility in performing its onsite inspections prior to entering into a provider agreement. The bill also removes the exception to random onsite-inspections granted to certain providers as the inspections are conducted at the discretion of the ACHA.

Currently, only enrolled Medicaid providers are contractually required to submit a complete set of fingerprints to the ACHA for criminal history screening. The bill amends the statute to require persons who meet the definition of controlling interest for certain hospitals and nursing homes to submit a full set of fingerprints to the ACHA.

The bill removes the provision that proof of compliance with Level 2 background screening under ch. 435, F.S., conducted within 12 months before the date the Medicaid provider application is submitted to the AHCA satisfies the requirements for a criminal history background check. This conforms to screening provisions in ch. 435, F.S., and ch. 408, F.S.

Section 409.913(13), F.S., requires the AHCA to immediately terminate participation of a Medicaid provider that has been convicted of certain identified offenses. However, in order to immediately terminate a provider, the AHCA must show an immediate harm to the public health, which is not always possible. The bill removes "immediately" from the requirement the provision. The AHCA still must terminate a Medicaid provider from participation in the Medicaid program but the termination is no longer in conflict with the Administrative Procedures Act.⁷ The bill additionally amends this section to clarify the instances of provider disqualification from participation on the Medicaid program.

Section 409.913, F.S., delineates the noncriminal actions of Medicaid providers for which the AHCA may impose sanctions. The section provides penalties for the individual or provider who participated or acquiesced in the proscribed activity. The bill adds individuals or providers who "authorized" to those who may be sanctioned under this section. The bill also adds that the AHCA may sanction a provider if the provider is charged by information or indictment with any offense referenced in subsection (13).

Currently, if a Medicaid provider receives notification that it is going to be suspended or terminated, the provider is able to voluntarily terminate their contract. By doing this, a provider has the ability to avoid sanctions of suspension or termination, which would affect the ability of the provider to reenter the program in the future. The bill amends s. 409.913(16), F.S., to state that, if a Medicaid provider voluntarily relinquishes its Medicaid provider number after receiving notice of an audit or investigation for which the sanction of suspension or termination will be imposed, the AHCA must impose the sanction of termination for cause against the provider. The bill also amends this section to give the Secretary of the AHCA discretionary authority to make a determination to refrain from imposing a sanction if it is not in the best interest of the Medicaid program.

The bill amends s. 409.913(21), F.S., to specify that when the AHCA is making a determination that an overpayment has occurred, the determination must be based solely upon information available to it before it issues the audit report and, in the case of documentation obtained to substantiate claims for Medicaid reimbursement, based solely upon contemporaneous records.

The bill amends s. 409.913(22), F.S., to state that a provider may not present records to contest an overpayment or sanction unless such records are contemporaneous and, if requested during the audit process, were furnished to the AHCA or its agent upon request. Also, all documentation to be offered as evidence in an administrative hearing on an administrative sanction (in addition to Medicaid overpayments) must be exchanged by all parties at least 14 days before the administrative hearing or otherwise must be excluded from consideration.

⁷ See s. 120.569(2)(n), F.S. which requires that "if any agency head finds that an immediate danger to the public health, safety, or welfare requires an immediate final order, it shall recite with particularity the facts underlying such finding in the final order, which shall be appealable or enjoined from the date ordered."

Section 409.913(25), F.S., requires the AHCA to reimburse providers within 14 days for all Medicaid payments that have been withheld from a provider based on suspected fraud or criminal activity, if it is determined that there was no fraud or that a crime did not occur. Any withheld funds accrue interest rate of 10 percent per year. The bill removes the requirement that these funds be held in a suspended account and clarifies that interest does not begin accruing until after the 14th day. Also, payment arrangements for overpayments and fines owed to the AHCA must be made within 30 days after the date of the final order, which is not subject to further appeal.

Section 409.913(28), F.S., provides that venue for all Medicaid program integrity overpayments cases shall lie in Leon County. This creates questions as to whether venue for all administrative fines cases also lie in Leon County. The bill amends s. 409.913(28), F.S., to make Leon County the proper venue for all Medicaid program integrity cases.

Section 409.913(30), F.S., requires the AHCA to terminate a provider's participation in the Medicaid program if the provider fails to reimburse an overpayment within 35 days after the date of the final order. The bill expands this requirement to include payment of an agency fine and reduces the time period for reimbursement and/or payment to 30 days after the date of the final order.

The bill amends s. 409.913(31), F.S., to include fines, as well as overpayments, to the outstanding balance due upon the issuance of a final order at the conclusion of a requested administrative hearing.

The bill amends s. 409.920, F.S., to clarify that the existing immunity from civil liability extended to persons who provide information about fraud or suspected fraudulent acts is for civil liability for libel, slander, or any other relevant tort. The bill defines "fraudulent acts" for purposes of immunity from civil liability to include actual or suspected fraud and abuse, insurance fraud, licensure fraud or public insurance fraud; including any fraud-related matters that a provider or health plan is required to report to the AHCA or a law enforcement agency. The immunity from civil liability extends to reports conveyed to the AHCA in any manner, including forums, and incorporates all discussions subsequent to the report and subsequent inquiries from the AHCA.

The bill amends s. 624.351, F.S., to allow designees to serve in the same capacity as the designating member of the Medicaid and Public Assistance Fraud Strike Force. It additionally provides that this section will be repealed on June 14, 2014, unless reviewed and reenacted by the Legislature before that date.

The bill amends s. 624.352, F.S., and provides that interagency agreements to detect and deter Medicaid and public assistance fraud will be repealed on June 14, 2014, unless reviewed and reenacted by the Legislature before that date.

The bill provides an effective date of July 1, 2013.

B. SECTION DIRECTORY:

Section 1: Amends s. 409.907, F.S., relating to Medicaid provider agreements.

Section 2: Amends s. 409.913, F.S., relating to oversight of the integrity of the Medicaid program.

Section 3: Amends s. 409.920, F.S., relating to Medicaid provider fraud.

Section 4: Amends s. 624.351, F.S., relating to Medicaid and Public Assistance Fraud Strike Force.

Section 5: Amends s. 624.352, F.S., relating to interagency agreements to detect and deter Medicaid and public assistance fraud.

Section 6: Provides an effective date of July 1, 2013.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

None.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

Entities and individual health care providers under Medicaid currently exempt from background checks will be required to complete the same requirements as other Medicaid providers. Health care providers who do not participate in the Medicaid program under fee-for-service but become a member of a Medicaid managed care provider network will be required to undergo background screening.

The total fee for a Level 2 background screening is \$64.50 (\$24.00 for the state portion, \$16.50 for the national portion, and \$24.00 for retention). There is an additional fee of \$11-\$16 for electronic screening, depending on the provider. The cost of the screening is borne by the individual provider.⁸

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to affect county or municipal governments.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

DATE: 4/3/2013

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On March 19, 2013, the Health Innovation Subcommittee adopted a strike-all amendment to HB 939. The amendment:

- Removes the requirement that the Office of Medicaid Program Integrity work with the Division of Insurance Fraud in reviewing and approving anti-fraud plans of insurers;
- Clarifies the requirement that the AHCA pay an interest rate of 10 percent a year on provider payments that have been withheld on a suspicion of fraud or abuse, if it is determined that there was no fraud or abuse to state that interest does not begin to accrue until after the 14th day;
- Removes the provision allowing the AHCA to consider information from non-Medicaid providers during an investigation;
- Removes the 30-day provision related to records which may be presented to contest an overpayment or sanction;
- Removes a requirement for Level 2 background checks of providers under contract with Medicaid managed care networks;
- Authorizing designees to serve in the same capacity as the designating member of the Medicaid and Public Assistance Fraud Strike Force and will sunset of June 14, 2014, unless reviewed and reenacted by the Legislature before that date; and,
- Providing that the Medicaid and Public Assistance Fraud Strike Force and interagency agreements to detect and deter Medicaid and public assistance fraud will be repealed on June 14, 2014, unless reviewed and reenacted by the Legislature before that date.

The bill was reported favorable as a Committee Substitute. The analysis reflects the Committee Substitute.
