**SUMMARY ANALYSIS**

HB 7129 passed the House on April 1, 2014, as SB 932.

The Division of Statutory Revision of the Office of the Legislative Services is required by statute to conduct a systematic and continuing study of the statutes and the laws of this state. The purpose of this study is to recommend to the Legislature changes that will remove inconsistencies, redundancies, and unnecessary repetition from the statutes and otherwise improve their clarity and facilitate their correct and proper interpretation. In carrying out this work, statutory revision recommends changes such as correcting grammatical and typographical errors and deleting obsolete, repealed, or superseded provisions. These recommendations are submitted to the Legislature in the form of technical, non-substantive reviser's bills.

HB 7129 is a general reviser's bill of technical nature that deletes expired or obsolete language; corrects cross references and grammatical errors; removes inconsistencies, redundancies, and unnecessary repetition in the statutes; improves the clarity of the statutes and facilitates their correct interpretation; and confirms the restoration of provisions unintentionally omitted from republication in the Legislature's acts during the amendatory process.

Subject to the Governor's veto powers, the effective date of this bill is July 1, 2014.
