3  
4 **Amendment**

5 Remove everything after the resolving clause and insert:  
6 That the following creation of Section 28 of Article I of  
7 the State Constitution is agreed to and shall be submitted to  
8 the electors of this state for approval or rejection at the next  
9 general election or at an earlier special election specifically  
10 authorized by law for that purpose:

11 ARTICLE I

12 DECLARATION OF RIGHTS

13 SECTION 28. Health care services.-

14 (a) To preserve the freedom of all residents of the state  
15 to provide for their own health care:

16 (1) A law or rule may not compel, directly or indirectly,  
17 any person, employer, or health care provider to participate in  
18 any health care system.

Amendment No. 02

19       (2) A person or an employer may pay directly for lawful  
20 health care services and may not be required to pay penalties or  
21 finances for paying directly for lawful health care services. A  
22 health care provider may accept direct payment for lawful health  
23 care services and may not be required to pay penalties or fines  
24 for accepting direct payment from a person or an employer for  
25 lawful health care services.

26       (b) Subject to reasonable and necessary rules that do not  
27 substantially limit a person's options, the purchase or sale of  
28 health insurance in private health care systems may not be  
29 prohibited by law or rule.

30       (c) This section does not:

31       (1) Affect which health care services a health care  
32 provider is required to perform or provide.

33       (2) Affect which health care services are permitted by  
34 law.

35       (3) Prohibit care provided pursuant to general law  
36 relating to workers' compensation.

37       (4) Affect laws or rules in effect as of March 1, 2010.

38       (5) Affect the terms or conditions of any health care  
39 system to the extent that those terms and conditions do not have  
40 the effect of punishing a person or an employer for paying  
41 directly for lawful health care services or a health care  
42 provider for accepting direct payment from a person or an  
43 employer for lawful health care services, except that this  
44 section may not be construed to prohibit any negotiated  
45 provision in any insurance contract, network agreement, or other

Amendment No. 02

46 provider agreement contractually limiting copayments,  
47 coinsurance, deductibles, or other patient charges.

48 (6) Affect any general law passed by a two-thirds vote of  
49 the membership of each house of the legislature after the  
50 effective date of this section, if the law states with  
51 specificity the public necessity that justifies an exception  
52 from this section.

53 (d) As used in this section, the term:

54 (1) "Compel" includes the imposition of penalties or  
55 finances.

56 (2) "Direct payment" or "pay directly" means payment for  
57 lawful health care services without a public or private third  
58 party, not including an employer, paying for any portion of the  
59 service.

60 (3) "Health care system" means any public or private  
61 entity whose function or purpose is the management of,  
62 processing of, enrollment of individuals for, or payment, in  
63 full or in part, for health care services, health care data, or  
64 health care information for its participants.

65 (4) "Lawful health care services" means any health-related  
66 service or treatment, to the extent that the service or  
67 treatment is permitted or not prohibited by law or regulation,  
68 which may be provided by persons or businesses otherwise  
69 permitted to offer such services.

70 (5) "Penalties or fines" means any civil or criminal  
71 penalty or fine, tax, salary or wage withholding or surcharge,  
72 or named fee with a similar effect established by law or rule by  
73 an agency established, created, or controlled by the government

Amendment No. 02

74 which is used to punish or discourage the exercise of rights  
75 protected under this section. For purposes of this section only,  
76 the term "rule by an agency" may not be construed to mean any  
77 negotiated provision in any insurance contract, network  
78 agreement, or other provider agreement contractually limiting  
79 copayments, coinsurance, deductibles, or other patient charges.

80 BE IT FURTHER RESOLVED that the following title and  
81 statement be placed on the ballot:

82 HEALTH CARE FREEDOM

83 CONSTITUTIONAL AMENDMENT

84 ARTICLE I, SECTION 28

85 HEALTH CARE SERVICES.—Proposing an amendment to the State  
86 Constitution to ensure access to health care services without  
87 waiting lists, protect the doctor-patient relationship, guard  
88 against mandates that don't work, prohibit laws or rules from  
89 compelling any person, employer, or health care provider to  
90 participate in any health care system; permit a person or an  
91 employer to purchase lawful health care services directly from a  
92 health care provider; permit a health care provider to accept  
93 direct payment from a person or an employer for lawful health  
94 care services; exempt persons, employers, and health care  
95 providers from penalties and fines for paying directly or  
96 accepting direct payment for lawful health care services; and  
97 permit the purchase or sale of health insurance in private  
98 health care systems. Specifies that the amendment does not

100 required to perform or provide; affect which health care  
101 services are permitted by law; prohibit care provided pursuant

COUNCIL/COMMITTEE AMENDMENT

Bill No. CS/HJR 37 (2010)

Amendment No. 02

102 to general law relating to workers' compensation; affect laws or  
103 rules in effect as of March 1, 2010; affect the terms or  
104 conditions of any health care system to the extent that those  
105 terms and conditions do not have the effect of punishing a  
106 person or employer for paying directly for lawful health care  
107 services or a health care provider for accepting direct payment  
108 from a person or employer for lawful health care services; or  
109 affect any general law passed by two-thirds vote of the  
110 membership of each house of the Legislature, passed after the  
111 effective date of the amendment, provided such law states with  
112 specificity the public necessity justifying the exceptions from  
113 the provisions of the amendment. The amendment expressly  
114 provides that it may not be construed to prohibit negotiated  
115 provisions in insurance contracts, network agreements, or other  
116 provider agreements contractually limiting copayments,

4                **Amendment (with title amendment)**

5                Remove everything after the resolving clause and insert:

6                That the Congress of the United States is urged to reject

Amendment No. 01

-----  
**T I T L E   A M E N D M E N T**

Remove lines 1-78 and insert:

House Memorial

A memorial to the Congress of the United States, urging the bipartisan rejection of any energy or climate legislation or other regulations which place an undue burden on the United States economy and its citizens.

WHEREAS, there is currently a global economic recession, with unemployment rates in the United States hovering at 10 percent, and

WHEREAS, estimates have placed the cost of previously forwarded energy proposals as high as \$1,500 or more per household per year, and

WHEREAS, if those estimates prove correct, legislation that includes cap and trade could represent the single largest tax increase in the history of the United States, and

WHEREAS, even if implemented, such plans would reduce global temperatures by only a fraction of one degree, and

WHEREAS, meaningful global emissions reductions cannot happen without the aggressive participation of India, China, and other developing nations, and

WHEREAS, China and India have indicated that they will not participate in mandatory emissions control, and

WHEREAS, the passage of draconian energy legislation will result in job losses for the citizens of the United States, and

COUNCIL/COMMITTEE AMENDMENT

Bill No. HM 1535 (2010)

Amendment No. 01

47 WHEREAS, carbon-producing industries will be more likely to  
48 move to countries where the costs to operate will be lower and  
49 may ultimately have a negative effect on the environment as many  
50 of those nations do not employ the environmental constraints and  
51 requirements currently administered in the United States, and

52 WHEREAS, the United States Congress has, for several years,  
53 debated and declined to grant the United States Environmental  
54 Protection Agency the authority to regulate greenhouse gases,  
55 and

56 WHEREAS, the United States Environmental Protection Agency  
57 has taken steps to unilaterally circumvent the legislative  
58 process to regulate greenhouse gases, citing the Clean Air Act,  
59 a document not meant to address the global environment, though  
60 it admits such authority stretches the doctrines of  
61 "administrative necessity," and

62 WHEREAS, the United States Environmental Protection Agency  
63 estimates such unilateral regulation would cost businesses in  
64 the United States billions of dollars in these tough economic  
65 times, not to mention the suffocating costs to businesses and  
66 local and state governments associated with additional  
67 permitting, regulation, and enforcement, and

68 WHEREAS, the energy sources of the United States provide  
69 well-paying jobs and affordable energy for the citizens of the  
70 United States and should be bolstered, rather than undermined by  
71 transferring jobs and wealth to nations that regard this nation  
72 as an enemy, and

73 WHEREAS, we must create a diverse energy portfolio that is  
74 not only sustainable, but it also efficient and reliable, and

COUNCIL/COMMITTEE AMENDMENT

Bill No. HM 1535 (2010)

Amendment No. 01

75 WHEREAS, the United States should be focusing on improving  
76 technologies that will make coal, the nation's most abundant  
77 energy source, cleaner, and

78 WHEREAS, nuclear energy is clean, reliable, and safe, using  
79 current technology, provides long-term cost savings, and should  
80 play a constructive role in any legitimate comprehensive energy  
81 plan, and

82 WHEREAS, the United States can protect the environment and  
83 use the nation's energy sources, including oil, natural gas,
