Committee Meeting Notice

HOUSE OF REPRESENTATIVES

State Affairs Committee

Start Date and Time: Wednesday, February 22, 2012 09:00 am
End Date and Time: Wednesday, February 22, 2012 12:00 pm
Location: Webster Hall (212 Knott)
Duration: 3.00 hrs

Consideration of the following bill(s):

HB 13 Sovereignty Submerged Lands by Frishe
CS/HB 133 Assessment of Residential and Nonhomestead Real Property by Energy & Utilities Subcommittee, Frishe
CS/CS/HB 181 Sponsorship of State Greenways and Trails by Appropriations Committee, Agriculture & Natural Resources Subcommittee, Slosberg
CS/HB 355 Public Meetings by Government Operations Subcommittee, Kiar
CS/CS/HB 695 Development of Oil and Gas Resources by Appropriations Committee, Energy & Utilities Subcommittee, Ford
HB 745 State Symbols by Hukill
CS/HB 945 Broadband Internet Service by Appropriations Committee, Holder
CS/HB 959 Divestiture by the State Board of Administration by Government Operations Subcommittee, Bileca
CS/CS/HB 999 Onsite Sewage Treatment and Disposal Systems by Appropriations Committee, Economic Affairs Committee, Dorworth, Coley
CS/HB 1021 Agriculture by Criminal Justice Subcommittee, Albritton, Crisafulli
CS/HB 1117 Conservation of Wildlife by Agriculture & Natural Resources Subcommittee, Harrison
CS/CS/HB 1383 Fish and Wildlife Conservation Commission by Appropriations Committee, Agriculture & Natural Resources Subcommittee, Glorioso
CS/HB 1417 State Investments by Government Operations Subcommittee, Oliva
HB 1479 State Poet Laureate by Nelson

NOTICE FINALIZED on 02/20/2012 16:20 by Love.John

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: HB 13 Sovereignty Submerged Lands

3) State Affairs Committee		Smith <i>TSS</i>	Hamby <i>7dk</i>

SUMMARY ANALYSIS

The Board of Trustees of the Internal Improvement Trust Fund is responsible for the administration and disposition of the state's sovereign submerged lands, including the authority to adopt regulations pertaining to anchoring, mooring, or otherwise attaching to the bottom and the establishment of anchorages. Waterfront landowners must receive the board's authorization to build docks and related structures on sovereign submerged lands. The Department of Environmental Protection (DEP) is required by law to perform all staff functions on behalf of the board.

The board has promulgated detailed rules regulating the design of docks and related structures, determining whether a lease is required, and setting the amount of fees a lessee must pay to the board. The DEP determines whether a lease is required for a person to build a dock or related structure on sovereign submerged lands based on a number of factors, including:

- Location within or outside of an aquatic preserve;
- Area of sovereign submerged land preempted;
- Number of wet slips or the number of boats the structure is designed to moor;
- Whether the dock is for a single-family residence or a multi-unit dwelling;
- Whether the dock generates revenue;
- Whether the dock is "private residential" or "commercial, industrial and other revenue generating/income related."

This bill provides lease requirements for private residential docks and related structures on sovereign submerged lands. Specifically, the bill:

- Extends the maximum term for an initial standard lease and for successive renewal to 10 years from the 5 years maximum currently provided by rule and requires inspection by the DEP at least once every 10 years instead of every 5 years.
- Requires standard lease contracts to disclose all applicable lease fees as established by the board.
- Exempts multi-family docks and structures that require a lease from paying a fee on minimal amounts of sovereignty submerged lands that are leased to reflect the same size-based exemption currently in place for single-family docks.
- Specifies that lessees whose upland property qualifies for a homestead exemption are not required to pay a lease fee on revenue derived from the transfer of fee simple or beneficial ownership.
- Specifies that the board and the DEP are not prohibited from imposing additional application fees, regulatory permitting fees, or other lease requirements as otherwise authorized by law.

On February 10, 2012, the Revenue Estimating Conference adopted an estimate that the additional lease exemptions will result in an annual recurring reduction in revenues of \$0.1 million to the General Revenue Fund and \$1 million to the Internal Improvement Trust Fund.

The bill also contains a recurring appropriation of \$1 million from the General Revenue Fund to the Internal Improvement Trust Fund beginning in Fiscal Year 2012-13.

This document does not reflect the intent or official position of the bill sponsor or House of Representatives.

DATE: 2/21/2012

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Introduction

Upon statehood, Florida gained title to all sovereign submerged lands¹ within its boundaries, to be held in trust for the public.² The Board of Trustees of the Internal Improvement Trust Fund is responsible for the acquisition, administration, management, control, supervision, conservation, protection, and disposition of such lands.³ The Florida Constitution requires the sale of such lands to be authorized by law, but only when in the public interest, and private use of portions of such lands may be authorized by law, but only when not contrary to the public interest.⁴ When disposing of sovereign submerged lands, the board is required to “ensure maximum benefit and use.”⁵ The board has the authority to adopt regulations pertaining to anchoring, mooring, or otherwise attaching to the bottom and the establishment of anchorages on sovereign submerged lands.⁶

Florida recognizes “riparian rights” for landowners with waterfront property bordering on navigable waters.⁷ These rights include ingress, egress, boating, bathing, fishing, and others as defined by law.⁸ Riparian landowners must obtain the board’s authorization for installation and maintenance of docks, piers, and boat ramps on sovereign submerged land.⁹ Under the board’s rules, “dock” generally means a fixed or floating structure, including moorings and access walkways, used for the purpose of mooring and accessing vessels.¹⁰ Authorization may be in the form of consent by rule,¹¹ letter of consent,¹² or lease.¹³ All leases authorizing activities on sovereign submerged lands must include provisions for lease fee adjustments and annual payments.¹⁴

The bill creates s. 253.0347, F.S., relating to leases of sovereignty submerged lands for private residential single-family docks or piers, private residential multi-family docks or piers, and private residential multi-slip docks located in and outside of an aquatic preserve. For these types of leases, the bill affects (1) lease duration, (2) lease fee applicability and calculation, and (3) site inspection.

For ease of reading, “private residential single-family or multi-family dock” is used in this analysis to refer to private residential single-family docks or piers, private residential multi-family docks or piers, and private residential multi-slip docks.¹⁵

¹ In Florida, “submerged lands” are “publicly owned lands below the ordinary high-water mark of fresh waters and below the mean high-water line of salt waters extending seaward to the outer jurisdiction of the state.” Section 253.03(8)(b), F.S.

² *Broward v. Marbry*, 50 So. 826, 829-30 (Fla. 1909).

³ Section 253.03(1), F.S. (2010).

⁴ S. 11, Art. X of the State Constitution

⁵ Section 253.03(7)(a), F.S.

⁶ Section 253.03(7)(b), F.S.

⁷ Section 253.141(1), F.S. These rights are appurtenant to and inseparable from the riparian land; the rights inure to the property owner, but the rights are not proprietary in nature. *Id.*

⁸ Section 253.141(1), F.S.

⁹ 18-21.005(1)(d), F.A.C. (2010).

¹⁰ See 18-20.003(19), F.A.C.; 18-21.003(20), F.A.C.

¹¹ 18-21.005(1)(b), F.A.C.

¹² 18-21.005(1)(c), F.A.C.

¹³ 18-21.005(1)(d), F.A.C.

¹⁴ 18-21.008(1)(b)(2), F.A.C.

¹⁵ For definitions of these terms as used in the board’s rules, see 18-20.003(44), F.A.C. (“private residential single-family dock”); 18-20.003(45) (“private residential multi-slip dock”), 18-21.003(47), F.A.C. (“private residential multi-family dock or pier”); 18-21.003(48), F.A.C. (“private residential single-family dock or pier”).

Duration of Leases

Present Situation

Currently, the duration of a standard lease is 5 years.¹⁶ Extended term leases with durations up to 25 years are also available under limited circumstances if approved by the board.¹⁷ According to the Department of Environmental Protection (DEP), the vast majority of residential leases are standard leases with a duration of 5 years.

Effects of Proposed Bill

The bill establishes a 10-year maximum duration for initial sovereignty submerged land standard leases for private residential single-family or multi-family docks. Upon agreement of the parties and compliance with all applicable laws and rules, such leases may be renewed for successive terms of up to 10 years. The DEP does not anticipate granting leases of a duration shorter than 10 years.

Lease Fees and Calculation

Present Situation

The board has promulgated extensive and detailed rules regulating the design of docks and related structures. Multiple factors jointly determine which docks on sovereign submerged land require a lease, and subsequently when lease fees apply, including:

- Location within or outside of an aquatic preserve;¹⁸
- Area of sovereign submerged land preempted;¹⁹
- Number of wet slips or the number of boats the structure is designed to moor;
- Whether the dock is for a single-family residence or a multi-unit dwelling;
- Whether the dock generates revenue;
- Whether the dock is "private residential"²⁰ or "commercial, industrial and other revenue generating/income related."²¹

The following currently require a lease and lease fees:

- All revenue-generating docks.²²
- Outside of an aquatic preserve:
 - Single-family docks that preempt an area of more than 10 square feet for each foot of shoreline.

¹⁶ 18-21.008(1), F.A.C.

¹⁷ 18-21.008(2)(a), F.A.C. Extended term leases are available where the use of sovereignty submerged lands has an expected life or amortization period equal to or greater than the requested lease term and where the applicant demonstrates the following: that the facility or activity provides access to public waters and sovereignty submerged lands for the general public on a first-come, first-served basis; that the facility is constructed, operated, or maintained by the government, or funded by government secured bonds with a term greater than or equal to the requested lease term; or that an extended term is necessary to satisfy unique operational constraints. *Id.*

¹⁸ Aquatic preserves are areas specifically designated by the legislature as having exceptional biological, aesthetic, or scientific value. See s. 258.37, F.S. (2010).

¹⁹ Relevant area is determined by a ratio of the area of sovereign submerged land preempted by the dock to the total linear feet of shoreline a riparian landowner holds on the affected water body (i.e., sovereign submerged land area in square feet: feet of shoreline owned). See 18-21.008(4)(a), (b), F.A.C. However, the board may allow exceptions to regulation based on this ratio in certain circumstances when the dock is consistent with the public interest. See 18-21.008(4)(b), F.A.C.

²⁰ These generally include docks used for private, recreational or leisure purposes. See 18-20.003(44), (45), F.A.C.

²¹ "Commercial, industrial and other revenue generating/income related docks" means docking facilities for any activity which produces income, through rental or any other means, or which serves as an accessory facility to other rental, commercial or industrial operations. It includes, but is not limited to, docking for: marinas, restaurants, hotels, motels, commercial fishing, shipping, boat or ship construction, repair, and sales. 18-20.003(16), F.A.C.

²² 18-21.005(1)(d)(5), F.A.C.

- Multi-family docks that preempt an area of more than 10 square feet for each foot of shoreline and include more than two wet slips.
- Within an aquatic preserve, other than the Boca Ciega Bay or Pinellas County aquatic preserves:
 - Single-family docks that preempt an area of more than 10 square feet for each foot of shoreline.²³
 - Multi-slip²⁴ docks that include two or fewer wet slips and preempt an area of more than 10 square feet for each foot of shoreline.²⁵
 - Multi-slip docks that include three or more wet slips and exceed both the design criteria for single-family docks and preempt an area of more than 10 square feet for each foot of shoreline.²⁶
- Within the Boca Ciega Bay or Pinellas County aquatic preserves:²⁷
 - Single-family docks that preempt an area of more than 10 square feet for each foot of shoreline.²⁸
 - Multi-slip docks that preempt an area of more than 10 square feet for each foot of shoreline or include more than two wet slips.²⁹

Lease fees for both standard and extended term leases are calculated through a fee formula, with adjustments for applicable discounts, surcharges, and other payments.³⁰ The annual lease fee for a standard lease is based on either 6 percent of the annual income, the base fee, or the minimum annual fee, whichever is greatest.³¹ The base fee is approximately 15 cents per square foot per year.³² The minimum annual fee is approximately \$460, adjusted annually based on the Consumer Price Index.³³ Private residential multi-family docks that include 10 or more wet slips developed in conjunction with upland property may be subject to a one-time premium when a lease is initiated calculated at three times the base fee.³⁴ The extended term lease formula includes a multiplier for the number of years of the lease term.³⁵

Revenue derived from sale of the property is currently included as revenue for the purposes of calculating the annual lease fee.

Effects of Proposed Bill

The bill requires lease contracts for sovereignty submerged lands for private residential single-family or multi-family docks to disclose the lease fees as established by the board.

The bill also extends the same financial benefit that currently exists for private residential single-family docks—exclusion from lease fees for a preempted area of 10 square feet or less for each linear foot of shoreline—to private residential multi-family docks. This benefit is extended only to private residential

²³ 18-21.005(1)(c)(2), F.A.C.

²⁴ The term "private residential multi-slip dock" refers to docks and related structures for multi-unit residential dwellings in aquatic preserves, whereas the term "private residential multi-family dock" addresses similar structures outside of aquatic preserves. 18-20.003(45), F.A.C; 18-21.003(48), F.A.C.

²⁵ 18-20.004(5)(c)(1), F.A.C.

²⁶ *Id.*

²⁷ Boca Ciega Bay and Pinellas County aquatic preserves are in highly developed and urban areas. As such, certain regulatory differences exist for the building and maintenance of docks and other structures in these aquatic preserves.

²⁸ See 18-21.005(1)(c)(2), F.A.C.; 18-21.005(1)(d)(1.), F.A.C.

²⁹ Whereas in most aquatic preserves multi-slip docks that preempt an area more than 10 square feet for each foot of shoreline are effectively prohibited, in the Boca Ciega Bay and Pinellas County aquatic preserves multi-slip docks may preempt an area of more than 10 square feet for each foot of shoreline and less than 30 square feet for each foot of shoreline, with a lease from the board. 18-20.019(7)(a), F.A.C.

³⁰ 18-21.011(1)(a), F.A.C.

³¹ *Id.*

³² 18-21.011(1)(b)(1), F.A.C.

³³ 18-21.011(1)(b)(4), F.A.C.

³⁴ 18-21.011(1)(c), F.A.C.

³⁵ 18-21.011(1)(a), F.A.C.

multi-family dwellings that include no more than one wet slip for each approved upland residential unit. As such, lessees of sovereign submerged land for private residential multi-family docks that include no more than one wet slip for each approved upland residential unit are not required to pay lease fees on a preempted area of 10 square feet or less for each linear foot of shoreline. However, those private residential multi-family docks that include no more than one wet slip for each approved upland residential unit but do preempt an area of more than 10 square feet for each linear foot of shoreline (exceeding the ratio under which private residential single-family docks receive the exemption from lease fees) are subject to lease fees only on the preempted area of sovereign submerged land that exceeds 10 square feet for each linear foot of shoreline.

In addition, the bill establishes that lessees whose upland property qualifies for a homestead exemption at the time of any transfer of fee simple or beneficial ownership of the property are not required to pay a lease fee on revenue derived from the transfer. Thus, the 6 percent of revenue from such a sale would be applicable to a lease fee only upon the first transfer from a non-resident developer or subsequent sale by a person who is not eligible for a homestead exemption under to s. 196.031, F.S.

The bill also codifies current board rules regarding income generated through leased sovereign submerged lands. A lessee of sovereignty submerged lands for a private residential single-family or multi-family dock must pay a lease fee on any income derived from a wet slip, dock, or pier, as determined by the board.

Lastly, the board and the DEP are not prohibited from imposing additional application fees, regulatory permitting fees, or other lease requirements as authorized by law.

Site Inspection

Present Situation

According to board rule, the DEP or water management district staff must inspect a leased site at least once every 5 years to determine compliance with the terms and conditions of the lease.³⁶

Effects of Proposed Bill

The bill provides by statute for the DEP to inspect sites under lease for private residential single-family or multi-family docks at least once every 10 years. Although the bill does not include authority for the water management districts to conduct inspections, currently they perform only regulatory reviews of lease applications and do not conduct proprietary reviews, including inspections.

Appropriation

The bill provides a recurring appropriation of \$1 million from the General Revenue Fund to the Internal Improvement Trust Fund beginning in Fiscal Year 2012-13.

B. SECTION DIRECTORY:

Section 1: Creates s. 253.0347, F.S., specifying the maximum initial terms for standard leases of sovereignty submerged lands for private residential single-family docks or piers, private residential multi-family docks or piers, and private residential multi-slip docks; requiring lease contracts to specify lease fees; adding an exemption for lease fees below a certain threshold for certain multi-family and multi-slip leases; eliminating lease fees on revenue generated through transfer of fee simple or beneficial ownership if property is entitled to a homestead exemption under to s. 196.031, F.S.; requiring the payment of lease fees upon income generated from sovereign submerged land leases; requiring inspections at least every 10 years.

³⁶ 18-21.008(1)(b)(4), F.A.C.
STORAGE NAME: h0013d.SAC.DOCX
DATE: 2/21/2012

Section 2: Provides a recurring appropriation.

Section 2: Provides an effective date of July 1, 2012.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

On February 10, 2012, the Revenue Estimating Conference adopted an estimate that the lease exemptions in this bill will result in an annual recurring reduction of \$0.1 million to the General Revenue Fund and \$1 million to the Department of Environmental Protection's Internal Improvement Trust Fund.

2. Expenditures:

The bill specifies for a recurring appropriation of \$1 million from the General Revenue Fund to the Internal Improvement Trust Fund beginning in Fiscal Year 2012-13.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

According to the Department of Environmental Protection, this bill would result in a loss of \$37,868 in sales tax and \$6,311 in county discretionary tax.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

This bill would have an undetermined positive impact on the private sector, based on reduced lease fees under exemptions created.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill appears to implicate the mandate provision in s. 18, Art. VII, of the State Constitution by reducing the authority of the local governments to collect certain sales tax and discretionary tax; however, the bill appears to meet the insignificant fiscal impact exemption in the constitution.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill specifies that this new section of law does not prohibit the board or the DEP from imposing additional application fees, regulatory permitting fees, or other lease requirements as otherwise authorized by law.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

None.

1 A bill to be entitled
 2 An act relating to sovereignty submerged lands;
 3 creating s. 253.0347, F.S.; providing for the lease of
 4 sovereignty submerged lands for private residential
 5 single-family docks and piers, private residential
 6 multifamily docks and piers, and private residential
 7 multislip docks; providing for the term of the lease
 8 and lease fees; providing for inspection of such
 9 docks, piers, and related structures by the Department
 10 of Environmental Protection; clarifying the authority
 11 of the Board of Trustees of the Internal Improvement
 12 Trust Fund and the department to impose additional
 13 fees and requirements; providing an appropriation;
 14 providing an effective date.

15
 16 Be It Enacted by the Legislature of the State of Florida:

17
 18 Section 1. Section 253.0347, Florida Statutes, is created
 19 to read:

20 253.0347 Lease of sovereignty submerged lands for private
 21 residential docks and piers.-

22 (1) The maximum initial term of a standard lease of
 23 sovereignty submerged lands for a private residential single-
 24 family dock or pier, private residential multifamily dock or
 25 pier, or private residential multislip dock is 10 years. A lease
 26 is renewable for successive terms of up to 10 years if the
 27 parties agree and the lessee complies with all terms of the
 28 lease and all applicable laws and rules.

29 (2) (a) A standard lease contract for sovereignty submerged
 30 lands for a private residential single-family dock or pier,
 31 private residential multifamily dock or pier, or private
 32 residential multislip dock must specify the amount of lease fees
 33 as established by the Board of Trustees of the Internal
 34 Improvement Trust Fund.

35 (b) If private residential multifamily docks or piers,
 36 private residential multislip docks, and other private
 37 residential structures pertaining to the same upland parcel
 38 include a total of no more than one wet slip for each approved
 39 upland residential unit, the lessee is not required to pay a
 40 lease fee on a preempted area of 10 square feet or less of
 41 sovereignty submerged lands for each linear foot of shoreline in
 42 which the lessee has a sufficient upland interest as determined
 43 by the Board of Trustees of the Internal Improvement Trust Fund.

44 (c) A lessee of sovereignty submerged lands for a private
 45 residential single-family dock or pier, private residential
 46 multifamily dock or pier, or private residential multislip dock
 47 is not required to pay a lease fee on revenue derived from the
 48 transfer of fee simple or beneficial ownership of private
 49 residential property that is entitled to a homestead exemption
 50 pursuant to s. 196.031 at the time of transfer.

51 (d) A lessee of sovereignty submerged lands for a private
 52 residential single-family dock or pier, private residential
 53 multifamily dock or pier, or private residential multislip dock
 54 must pay a lease fee on any income derived from a wet slip,
 55 dock, or pier in the preempted area under lease in an amount

56 determined by the Board of Trustees of the Internal Improvement
 57 Trust Fund.

58 (3) The Department of Environmental Protection shall
 59 inspect each private residential single-family dock or pier,
 60 private residential multifamily dock or pier, private
 61 residential multislip dock, or other private residential
 62 structure under lease at least once every 10 years to determine
 63 compliance with the terms and conditions of the lease.

64 (4) This section does not prohibit the Board of Trustees
 65 of the Internal Improvement Trust Fund or the Department of
 66 Environmental Protection from imposing additional application
 67 fees, regulatory permitting fees, or other lease requirements as
 68 otherwise authorized by law.

69 Section 2. Beginning with the 2012-2013 fiscal year, the
 70 sum of \$1 million in recurring funds is appropriated from the
 71 General Revenue Fund to the Internal Improvement Trust Fund for
 72 purposes of administration, management, and disposition of
 73 sovereignty submerged lands.

74 Section 3. This act shall take effect July 1, 2012.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/CS/HB 133 Assessment of Residential and Nonhomestead Real Property

SPONSOR(S): Energy & Utilities Subcommittee, Frishe and others

TIED BILLS: None. **IDEN./SIM. BILLS:** CS/SB 156 (c)

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Energy & Utilities Subcommittee	15 Y, 0 N, As CS	Whittier	Collins
2) Community & Military Affairs Subcommittee	13 Y, 0 N	Gibson	Hoagland
3) Finance & Tax Committee	16 Y, 0 N	Aldridge	Langston
4) State Affairs Committee		Whittier <i>gfw</i>	Hamby <i>ADO</i>

SUMMARY ANALYSIS

In the November 2008 General Election, Florida voters approved a constitutional amendment relating to property taxes authorizing the Legislature, by general law, to prohibit consideration of the following in the determination of the assessed value of real property used for residential purposes:

- Any change or improvement made for the purpose of improving the property's resistance to wind damage.
- The installation of a renewable energy source device.

This bill implements the 2008 constitutional amendment. Specifically, the bill defines "changes or improvements made for the purpose of improving a property's resistance to wind damage" and "renewable energy source device." It provides that, in determining the assessed value of real property used for residential purposes, the property appraiser may not consider the increase in the just value attributed to changes or improvements made for the purpose of improving a property's resistance to wind damage or the installation of a renewable energy source device. The bill specifies that the provision applies to new and existing property. Specifically, the provision applies to changes or improvements made to properties on or after January 1, 2012.

The Revenue Estimating Conference (REC) has estimated that this bill will have no impact on state revenues. The REC estimated, **assuming current millage rates**, that the bill will have a negative impact on school tax revenues of \$5.1 million in FY 2013-14, \$10.4 million in FY 2014-15, \$16.5 million in FY 2015-16 and a recurring negative impact on school tax revenues of \$24.1 million. The estimated statewide negative impact on local government non-school tax revenue is \$7.1 million in FY 2013-14, \$14.4 million in FY 2014-15, \$23.1 million in FY 2015-16 with a negative \$33.6 million recurring.

The bill takes effect on July 1, 2012, and applies to assessments beginning January 1, 2013.

The bill may implicate the mandate provisions of Article VII, section 18 of the Florida Constitution, requiring a two-thirds vote of the membership of each house to become law. (See Comments section).

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

Renewable Energy Property Tax Exemptions and Constitutional Amendment #3 (2008)

In 1980, Florida voters added the following authorization to Article VII, section 3(d), Florida Constitution:

By general law and subject to conditions specified therein, there may be granted an ad valorem tax exemption to a renewable energy source device and to real property on which such device is installed and operated, to the value fixed by general law not to exceed the original cost of the device, and for the period of time fixed by general law not to exceed ten years.

During the same year, based on the new constitutional authority, the Legislature approved a property tax exemption for real property on which a renewable energy source device¹ is installed and is being operated. However, the exemption expired after 10 years, as provided in the constitution. Specifically, the exemption period authorized in statute was from January 1, 1980, through December 31, 1990. Therefore, if an exemption was granted in December 1990, the exemption terminated in December 2000. The law required that the exemption could be no more than the lesser of the following:

- The assessed value of the property less any other exemptions applicable under the chapter;
- The original cost of the device, including the installation costs, but excluding the cost of replacing previously existing property removed or improved in the course of the installation; or
- Eight percent of the assessed value of the property immediately following the installation.

In December of 2000, the last of the exemptions expired.

During the 2008 Legislative Session, HB 7135 (ch. 2008-227, L.O.F.) was enacted, removing the expiration date of the property tax exemption, thereby allowing property owners to once again apply for the exemption, effective January 1, 2009. The period of each exemption, however, remained at 10 years. The bill also revised the options for calculating the amount of the exemption for properties with renewable energy source devices by limiting the exemption to the amount of the original cost of the device, including the installation cost, but not including the cost of replacing previously existing property.

In the November 2008 General Election, Florida voters approved a constitutional amendment placed on the ballot by the Taxation and Budget Reform Commission adding the following language to Article VII, section 4, of the Florida Constitution:

(i) The legislature, by general law and subject to conditions specified therein, may² prohibit the consideration of the following in the determination of the assessed value of real property used for residential purposes:

(1) Any change or improvement made for the purpose of improving the property's resistance to wind damage.

(2) The installation of a renewable energy source device.

¹ Sections 196.175 and 196.012(14), F.S.

² The 2008 constitutional amendment is permissive and does not require the Legislature to enact legislation.

The amendment also repealed the constitutional authority for the Legislature to grant an *ad valorem* tax exemption to a renewable energy source device and to real property on which such device is installed and operated. This repealed language had provided the constitutional basis for legislation passed in 1980 and in 2008.

Although the constitutional provision that the *ad valorem* tax exemption was based on has been repealed, the statutory language has not yet been repealed by the Legislature. On March 10, 2010, the House passed HB 7005, repealing the obsolete language [ss. 196.175 and 196.012(14), F.S.]. The bill, however, was not heard in the Senate and died in Messages. On April 29, 2011, the House, again, passed the measure, but the bill was not heard in the Senate.

Property Valuation

Article VII, section 4, of the Florida Constitution, provides that all property, with some exceptions, is to be assessed at "just value." Florida courts define "just value" as the estimated fair market value of the property. The constitution requires property appraisers to establish the just value of every parcel of real property as of January 1 each year.

"Assessed value of property"³ means an annual determination of the just or fair market value of an item or property or the value of a homestead property after application of the "Save Our Homes" assessment limitation⁴ and the 10 percent cap on non-homestead property.⁵ In addition, "assessed value" is also the classified use value of agricultural or other special classes of property that are valued based on their current "classified" use rather than on market value.

Property Appraisals

Section 193.011, F.S., lists the following factors to be taken into consideration when determining just valuation:

- (1) The present cash value of the property, which is the amount a willing purchaser would pay a willing seller, exclusive of reasonable fees and costs of purchase, in cash or the immediate equivalent thereof in a transaction at arm's length;
- (2) The highest and best use to which the property can be expected to be put in the immediate future and the present use of the property, taking into consideration any applicable judicial limitation, local or state land use regulation, or historic preservation ordinance, and considering any moratorium imposed by executive order, law, ordinance, regulation, resolution, or proclamation adopted by any governmental body or agency or the Governor when the moratorium or judicial limitation prohibits or restricts the development or improvement of property as otherwise authorized by applicable law. The applicable governmental body or agency or the Governor shall notify the property appraiser in writing of any executive order, ordinance, regulation, resolution, or proclamation it adopts imposing any such limitation, regulation, or moratorium;
- (3) The location of said property;
- (4) The quantity or size of said property;
- (5) The cost of said property and the present replacement value of any improvements thereon;

³ Section 192.001(2), F.S.

⁴ The "Save Our Homes" amendment to the Florida Constitution was approved by voters in 1992. This amendment limits annual assessment increases to the lower of the change in the Consumer Price Index (CPI) or 3 percent of the assessment for the prior year. See Art. VII, s. 4(d)(1), Fla. Const.

⁵ On January 29, 2008, Florida voters approved a constitutional amendment changing property taxation provisions. Some of the changes provided that the property tax assessment of certain non-homestead property cannot increase by more than 10 percent per year, so long as ownership of the property does not change. The limitation does not apply to taxes levied by school districts.

- (6) The condition of said property;
- (7) The income from said property; and
- (8) The net proceeds of the sale of the property, as received by the seller, after deduction of all of the usual and reasonable fees and costs of the sale, including the costs and expenses of financing, and allowance for unconventional or atypical terms of financing arrangements. When the net proceeds of the sale of any property are utilized, directly or indirectly, in the determination of just valuation of realty of the sold parcel or any other parcel under the provisions of this section, the property appraiser, for the purposes of such determination, shall exclude any portion of such net proceeds attributable to payments for household furnishings or other items of personal property.

Hurricane Mitigation Discounts and Premium Credits

Since 2003, insurers have been required to provide premium credits or discounts for residential property insurance for properties on which construction techniques which reduce the amount of loss in a windstorm have been installed.⁶

Typically, policyholders are responsible for substantiating to their insurers the existence of loss mitigation features in order to qualify for a mitigation discount. The Financial Services Commission (the Governor and Cabinet) adopted a uniform mitigation verification form in 2007 for use by all insurers to corroborate a home's mitigation features. An updated form was approved by the Financial Services Commission on March 9, 2010.

Effect of Proposed Changes

The bill provides that, when determining the assessed value of real property used for residential purposes, for both new and existing property, the property appraiser may not consider the increase in the just value of the property attributable to the following:

- Changes or improvements made for the purpose of improving a property's resistance to wind damage, which include any of the following:
 - Improving the strength of the roof deck attachment.
 - Creating a secondary water barrier to prevent water intrusion.
 - Installing wind-resistant shingles.
 - Installing gable-end bracing.
 - Reinforcing roof-to-wall connections.
 - Installing storm shutters.
 - Installing opening protections.
- The installation and operation of a renewable energy source device, which means any of the following equipment which collects, transmits, stores, or uses solar energy, wind energy, or energy derived from geothermal deposits:
 - Solar energy collectors, photovoltaic modules, and inverters.
 - Storage tanks and other storage systems, excluding swimming pools used as storage tanks.
 - Rockbeds.
 - Thermostats and other control devices.

⁶ The former Department of Community Affairs in cooperation with the Department of Insurance contracted with Applied Research Associates, Inc., for a public domain study to provide insurers data and information on estimated loss reduction for wind resistive building features in single-family residences. The study, entitled *Development of Loss Relativities for Wind Resistive Features of Residential Structures*, was completed in 2002. The study's mathematical results, termed "wind loss relativities," were the basis for calculating the specific mitigation discount amount on the wind premium for mitigation features contained by the property. The relativities applied only to the portion of a policy's wind premium associated with the dwelling, its contents, and loss of use.

- Heat exchange devices.
- Pumps and fans.
- Roof ponds.
- Freestanding thermal containers.
- Pipes, ducts, refrigerant handling systems, and other equipment used to interconnect such systems; however, conventional backup systems of any type are not included in this definition.
- Windmills and wind turbines.
- Wind-driven generators.
- Power conditioning and storage devices that use wind energy to generate electricity or mechanical forms of energy.
- Pipes and other equipment used to transmit hot geothermal water to a dwelling or structure from a geothermal deposit.

The bill provides that when residential real property is being assessed, any increase in the just value of the property attributable to changes or improvements made to improve its resistance to wind damage, or for the installation of a renewable energy source device, may not be considered if an application is filed with the property appraiser on or before March 1 of the first year the property owner requests the assessment. The provision applies to changes or improvements to properties made on or after January 1, 2012, and applies to assessments beginning January 1, 2013.

The property appraiser may require the taxpayer or the taxpayer's representative to furnish the property appraiser such information as may reasonably be required to establish the increase in just value attributable to the renewable energy source device, or changes or improvements made for the purpose of improving the property's resistance to wind damage.

Similar to provisions in s. 196.011, F.S., the language provides the opportunity to file a late application with the property appraiser within 25 days following the mailing of the Truth in Millage notice and authorizes the applicant to file a petition with the Value Adjustment Board (VAB), pursuant to s. 194.011(3), F.S. The applicant must pay a non-refundable fee of \$15.00 upon filing the petition. Upon review of the petition by the property appraiser or the VAB, if the property is qualified to be assessed under this section and the property owner demonstrates particular extenuating circumstances to warrant granting assessment under this section, the property appraiser must recalculate the assessment in accordance with the new provision.

The bill deletes the existing definition of renewable energy source device in s. 196.012(14), F.S., and repeals the obsolete exemption (s. 196.175, F.S.), based on the repeal of the constitutional provision by the voters in 2008. Several cross-references are amended.

B. SECTION DIRECTORY:

Section 1: creates s. 193.624, F.S., relating to definitions and assessment of residential real property.

Section 2: amends s. 193.155, F.S., relating to homestead assessments.

Section 3: amends s. 193.1554, F.S., relating to the assessment of nonhomestead residential property.

Section 4: amends s. 196.012, F.S., deleting the definition of a renewable energy source device.

Section 5: amends s. 196.121, F.S., amending a cross-reference.

Section 6: amends s. 196.1995, F.S., amending cross-references.

Section 7: repeals s. 196.175, F.S., relating to the renewable energy source device property tax exemption.

Section 8: provides an effective date of July 1, 2012, and applies to assessments beginning on January 1, 2013.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

None.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The REC estimated, **assuming current millage rates**, that the bill will have a negative impact on school tax revenues of \$5.1 million in FY 2013-14, \$10.4 million in FY 2014-15, \$16.5 million in FY 2015-16 and a recurring negative impact on school tax revenues of \$24.1 million. The estimated statewide negative impact on local government non-school tax revenue is \$7.1 million in FY 2013-14, \$14.4 million in FY 2014-15, \$23.1 million in FY 2015-16 with a negative \$33.6 million recurring.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The provisions in the bill may result in lower property tax expenses and lower insurance rates and energy costs for taxpayers who make qualifying improvements to residential real property on or after January 1, 2012.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The county/municipality mandates provision of Article VII, section 18, of the Florida Constitution, may apply because this bill reduces local government authority to raise revenue by reducing *ad valorem* tax bases compared to that which would exist under current law. This bill does not appear to qualify under any exemption or exception. If the bill does qualify as a mandate, final passage must be approved by two-thirds of the membership of each house of the Legislature.

Although this bill is implementing a constitutional amendment adopted by Florida voters, the constitutional language is permissive and only authorizes, not requires, the Legislature to act.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On January 12, 2012, the Energy & Utilities Subcommittee heard and passed PCS for HB 133 as a Committee Substitute. Mainly, the Committee Substitute makes the following changes to the original bill:

- Deletes proposed direction to the Department of Revenue to review every change made to the assessed or taxable value of a parcel on the assessment roll that was the result of an informal conference;
- Deletes proposed definitions of “placed on the tax roll” for purposes of assessment of residential, nonhomestead residential, and nonresidential real properties;
- Deletes proposed subsection referring to properties that are combined or divided for purposes of assessments;
- Amends assessment calculations for purposes of the intent of the bill; and
- Specifies that the provision only apply to installations, changes or improvements to properties made on or after January 1, 2012.

This analysis addresses the current Committee Substitute.

1 A bill to be entitled
 2 An act relating to the assessment of residential and
 3 nonhomestead real property; creating s. 193.624, F.S.;
 4 providing definitions; excluding the value of certain
 5 installations, changes, or improvements made after a
 6 specified date from the assessed value of residential
 7 real property; providing for application; requiring
 8 the filing of applications by specified times in order
 9 for such installations, changes, or improvements to be
 10 excluded from the assessed value of residential real
 11 property; providing procedural requirements and
 12 limitations; requiring a nonrefundable filing fee for
 13 a petition to the value adjustment board; amending s.
 14 193.155, F.S.; specifying additional exceptions to the
 15 assessment of homestead property at just value;
 16 amending s. 193.1554, F.S.; specifying additional
 17 exceptions to assessment of nonhomestead property at
 18 just value; amending s. 196.012, F.S.; deleting the
 19 definition of the terms "renewable energy source
 20 device" and "device"; conforming a cross-reference;
 21 amending ss. 196.121 and 196.1995, F.S.; conforming
 22 cross-references; repealing s. 196.175, F.S., relating
 23 to the property tax exemption for renewable energy
 24 source devices; providing for application of the act;
 25 providing an effective date.

26
 27 Be It Enacted by the Legislature of the State of Florida:
 28

29 Section 1. Section 193.624, Florida Statutes, is created
 30 to read:

31 193.624 Assessment of residential property.-

32 (1) For the purposes of this section:

33 (a) "Changes or improvements made for the purpose of
 34 improving a property's resistance to wind damage" means:

35 1. Improving the strength of the roof-deck attachment;

36 2. Creating a secondary water barrier to prevent water
 37 intrusion;

38 3. Installing wind-resistant shingles;

39 4. Installing gable-end bracing;

40 5. Reinforcing roof-to-wall connections;

41 6. Installing storm shutters; or

42 7. Installing opening protections.

43 (b) "Renewable energy source device" means any of the
 44 following equipment that collects, transmits, stores, or uses
 45 solar energy, wind energy, or energy derived from geothermal
 46 deposits:

47 1. Solar energy collectors, photovoltaic modules, and
 48 inverters.

49 2. Storage tanks and other storage systems, excluding
 50 swimming pools used as storage tanks.

51 3. Rockbeds.

52 4. Thermostats and other control devices.

53 5. Heat exchange devices.

54 6. Pumps and fans.

55 7. Roof ponds.

56 8. Freestanding thermal containers.

57 9. Pipes, ducts, refrigerant handling systems, and other
 58 equipment used to interconnect such systems; however, such
 59 equipment does not include conventional backup systems of any
 60 type.

61 10. Windmills and wind turbines.

62 11. Wind-driven generators.

63 12. Power conditioning and storage devices that use wind
 64 energy to generate electricity or mechanical forms of energy.

65 13. Pipes and other equipment used to transmit hot
 66 geothermal water to a dwelling or structure from a geothermal
 67 deposit.

68 (2) In determining the assessed value of real property
 69 used for residential purposes, any increase in the just value of
 70 the property attributable to the installation of a renewable
 71 energy source device or changes or improvements made for the
 72 purpose of improving a property's resistance to wind damage may
 73 not be considered.

74 (3) This section applies to the installation of a
 75 renewable energy source device or changes or improvements made
 76 for the purpose of improving a property's resistance to wind
 77 damage installed or made on or after January 1, 2012, to new and
 78 existing residential real property.

79 (4) For a parcel of residential property to be assessed
 80 pursuant to this section, the owner of such property must file
 81 with the county property appraiser an application on or before
 82 March 1 of the first year such treatment is requested. The
 83 property appraiser may require the taxpayer or the taxpayer's
 84 representative to furnish the property appraiser such

85 information as may reasonably be required to establish the
 86 increase in just value attributable to the renewable energy
 87 source device or changes or improvements made for the purpose of
 88 improving the property's resistance to wind damage. Failure to
 89 make timely application by March 1 constitutes a waiver of the
 90 property owner to have his or her assessment calculated for that
 91 year under this section. However, an applicant who fails to file
 92 an application by March 1 may file a late application and may
 93 file, pursuant to s. 194.011(3), a petition with the value
 94 adjustment board requesting assessment under this section. The
 95 petition must be filed on or before the 25th day after the
 96 mailing of the notice by the property appraiser as provided in
 97 s. 194.011(1). Notwithstanding s. 194.013, the applicant must
 98 pay a nonrefundable fee of \$15 upon filing the petition. Upon
 99 reviewing the petition, if the property is qualified to be
 100 assessed under this section and the property owner demonstrates
 101 particular extenuating circumstances judged by the property
 102 appraiser or the value adjustment board to warrant granting
 103 assessment under this section, the property appraiser shall
 104 calculate the assessment pursuant to this section.

105 Section 2. Paragraph (a) of subsection (4) of section
 106 193.155, Florida Statutes, is amended to read:

107 193.155 Homestead assessments.—Homestead property shall be
 108 assessed at just value as of January 1, 1994. Property receiving
 109 the homestead exemption after January 1, 1994, shall be assessed
 110 at just value as of January 1 of the year in which the property
 111 receives the exemption unless the provisions of subsection (8)
 112 apply.

113 (4) (a) Except as provided in paragraph (b) and s. 193.624,
 114 changes, additions, or improvements to homestead property shall
 115 be assessed at just value as of the first January 1 after the
 116 changes, additions, or improvements are substantially completed.

117 Section 3. Paragraph (a) of subsection (6) of section
 118 193.1554, Florida Statutes, is amended to read:

119 193.1554 Assessment of nonhomestead residential property.—

120 (6) (a) Except as provided in paragraph (b) and s. 193.624,
 121 changes, additions, or improvements to nonhomestead residential
 122 property shall be assessed at just value as of the first January
 123 1 after the changes, additions, or improvements are
 124 substantially completed.

125 Section 4. Subsections (14) through (20) of section
 126 196.012, Florida Statutes, are amended to read:

127 196.012 Definitions.—For the purpose of this chapter, the
 128 following terms are defined as follows, except where the context
 129 clearly indicates otherwise:

130 ~~(14) "Renewable energy source device" or "device" means~~
 131 ~~any of the following equipment which, when installed in~~
 132 ~~connection with a dwelling unit or other structure, collects,~~
 133 ~~transmits, stores, or uses solar energy, wind energy, or energy~~
 134 ~~derived from geothermal deposits.~~

135 ~~(a) Solar energy collectors.~~

136 ~~(b) Storage tanks and other storage systems, excluding~~
 137 ~~swimming pools used as storage tanks.~~

138 ~~(c) Rockbeds.~~

139 ~~(d) Thermostats and other control devices.~~

140 ~~(e) Heat exchange devices.~~

141 ~~(f) Pumps and fans.~~

142 ~~(g) Roof ponds.~~

143 ~~(h) Freestanding thermal containers.~~

144 ~~(i) Pipes, ducts, refrigerant handling systems, and other~~
 145 ~~equipment used to interconnect such systems; however,~~
 146 ~~conventional backup systems of any type are not included in this~~
 147 ~~definition.~~

148 ~~(j) Windmills.~~

149 ~~(k) Wind driven generators.~~

150 ~~(l) Power conditioning and storage devices that use wind~~
 151 ~~energy to generate electricity or mechanical forms of energy.~~

152 ~~(m) Pipes and other equipment used to transmit hot~~
 153 ~~geothermal water to a dwelling or structure from a geothermal~~
 154 ~~deposit.~~

155 (14)~~(15)~~ "New business" means:

156 (a)1. A business or organization establishing 10 or more
 157 new jobs to employ 10 or more full-time employees in this state,
 158 paying an average wage for such new jobs that is above the
 159 average wage in the area, which principally engages in any one
 160 or more of the following operations:

161 a. Manufactures, processes, compounds, fabricates, or
 162 produces for sale items of tangible personal property at a fixed
 163 location and which comprises an industrial or manufacturing
 164 plant; or

165 b. Is a target industry business as defined in s.
 166 288.106(2)(t);

167 2. A business or organization establishing 25 or more new
 168 jobs to employ 25 or more full-time employees in this state, the

169 sales factor of which, as defined by s. 220.15(5), for the
 170 facility with respect to which it requests an economic
 171 development ad valorem tax exemption is less than 0.50 for each
 172 year the exemption is claimed; or

173 3. An office space in this state owned and used by a
 174 business or organization newly domiciled in this state; provided
 175 such office space houses 50 or more full-time employees of such
 176 business or organization; provided that such business or
 177 organization office first begins operation on a site clearly
 178 separate from any other commercial or industrial operation owned
 179 by the same business or organization.

180 (b) Any business or organization located in an enterprise
 181 zone or brownfield area that first begins operation on a site
 182 clearly separate from any other commercial or industrial
 183 operation owned by the same business or organization.

184 (c) A business or organization that is situated on
 185 property annexed into a municipality and that, at the time of
 186 the annexation, is receiving an economic development ad valorem
 187 tax exemption from the county under s. 196.1995.

188 ~~(15)(16)~~ "Expansion of an existing business" means:

189 (a)1. A business or organization establishing 10 or more
 190 new jobs to employ 10 or more full-time employees in this state,
 191 paying an average wage for such new jobs that is above the
 192 average wage in the area, which principally engages in any of
 193 the operations referred to in subparagraph (15)(a)1.; or

194 2. A business or organization establishing 25 or more new
 195 jobs to employ 25 or more full-time employees in this state, the
 196 sales factor of which, as defined by s. 220.15(5), for the

CS/HB 133

2012

197 facility with respect to which it requests an economic
 198 development ad valorem tax exemption is less than 0.50 for each
 199 year the exemption is claimed; provided that such business
 200 increases operations on a site located within the same county,
 201 municipality, or both colocated with a commercial or industrial
 202 operation owned by the same business or organization under
 203 common control with the same business or organization, resulting
 204 in a net increase in employment of not less than 10 percent or
 205 an increase in productive output or sales of not less than 10
 206 percent.

207 (b) Any business or organization located in an enterprise
 208 zone or brownfield area that increases operations on a site
 209 located within the same zone or area colocated with a commercial
 210 or industrial operation owned by the same business or
 211 organization under common control with the same business or
 212 organization.

213 ~~(16)(17)~~ "Permanent resident" means a person who has
 214 established a permanent residence as defined in subsection (17)
 215 ~~(18)~~.

216 (17)~~(18)~~ "Permanent residence" means that place where a
 217 person has his or her true, fixed, and permanent home and
 218 principal establishment to which, whenever absent, he or she has
 219 the intention of returning. A person may have only one permanent
 220 residence at a time; and, once a permanent residence is
 221 established in a foreign state or country, it is presumed to
 222 continue until the person shows that a change has occurred.

223 ~~(18)(19)~~ "Enterprise zone" means an area designated as an
 224 enterprise zone pursuant to s. 290.0065. This subsection expires

225 on the date specified in s. 290.016 for the expiration of the
 226 Florida Enterprise Zone Act.

227 ~~(19)(20)~~ "Ex-servicemember" means any person who has
 228 served as a member of the United States Armed Forces on active
 229 duty or state active duty, a member of the Florida National
 230 Guard, or a member of the United States Reserve Forces.

231 Section 5. Subsection (2) of section 196.121, Florida
 232 Statutes, is amended to read:

233 196.121 Homestead exemptions; forms.—

234 (2) The forms shall require the taxpayer to furnish
 235 certain information to the property appraiser for the purpose of
 236 determining that the taxpayer is a permanent resident as defined
 237 in s. 196.012(16) ~~196.012(17)~~. Such information may include, but
 238 need not be limited to, the factors enumerated in s. 196.015.

239 Section 6. Subsections (6) and (8), paragraph (d) of
 240 subsection (9), and paragraph (d) of subsection (11) of section
 241 196.1995, Florida Statutes, are amended to read:

242 196.1995 Economic development ad valorem tax exemption.—

243 (6) With respect to a new business as defined by s.
 244 196.012(14)(c) ~~196.012(15)(e)~~, the municipality annexing the
 245 property on which the business is situated may grant an economic
 246 development ad valorem tax exemption under this section to that
 247 business for a period that will expire upon the expiration of
 248 the exemption granted by the county. If the county renews the
 249 exemption under subsection (7), the municipality may also extend
 250 its exemption. A municipal economic development ad valorem tax
 251 exemption granted under this subsection may not extend beyond
 252 the duration of the county exemption.

253 (8) Any person, firm, or corporation which desires an
 254 economic development ad valorem tax exemption shall, in the year
 255 the exemption is desired to take effect, file a written
 256 application on a form prescribed by the department with the
 257 board of county commissioners or the governing authority of the
 258 municipality, or both. The application shall request the
 259 adoption of an ordinance granting the applicant an exemption
 260 pursuant to this section and shall include the following
 261 information:

262 (a) The name and location of the new business or the
 263 expansion of an existing business;

264 (b) A description of the improvements to real property for
 265 which an exemption is requested and the date of commencement of
 266 construction of such improvements;

267 (c) A description of the tangible personal property for
 268 which an exemption is requested and the dates when such property
 269 was or is to be purchased;

270 (d) Proof, to the satisfaction of the board of county
 271 commissioners or the governing authority of the municipality,
 272 that the applicant is a new business or an expansion of an
 273 existing business, as defined in s. 196.012(15) ~~or (16)~~;

274 (e) The number of jobs the applicant expects to create
 275 along with the average wage of the jobs and whether the jobs are
 276 full-time or part-time;

277 (f) The expected time schedule for job creation; and

278 (g) Other information deemed necessary or appropriate by
 279 the department, county, or municipality.

280 (9) Before it takes action on the application, the board

281 of county commissioners or the governing authority of the
 282 municipality shall deliver a copy of the application to the
 283 property appraiser of the county. After careful consideration,
 284 the property appraiser shall report the following information to
 285 the board of county commissioners or the governing authority of
 286 the municipality:

287 (d) A determination as to whether the property for which
 288 an exemption is requested is to be incorporated into a new
 289 business or the expansion of an existing business, as defined in
 290 s. 196.012~~(15) or (16)~~, or into neither, which determination the
 291 property appraiser shall also affix to the face of the
 292 application. Upon the request of the property appraiser, the
 293 department shall provide to him or her such information as it
 294 may have available to assist in making such determination.

295 (11) An ordinance granting an exemption under this section
 296 shall be adopted in the same manner as any other ordinance of
 297 the county or municipality and shall include the following:

298 (d) A finding that the business named in the ordinance
 299 meets the requirements of s. 196.012(14) or (15) ~~196.012 (15) or~~
 300 ~~(16)~~.

301 Section 7. Section 196.175, Florida Statutes, is repealed.

302 Section 8. This act shall take effect July 1, 2012, and
 303 applies to assessments beginning January 1, 2013.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/CS/HB 181 Sponsorship of State Greenways and Trails

SPONSOR(S): Appropriations Committee, Agriculture & Natural Resources Subcommittee, Slosberg

TIED BILLS: None **IDEN./SIM. BILLS:** CS/CS/CS/SB 268

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF

2) Rulemaking & Regulation Subcommittee	14 Y, 1 N	Miller	Rubottom
3) Appropriations Committee	21 Y, 0 N, As CS	Helpling	Leznoff
4) State Affairs Committee		Deslatte JD	Hamby JLR

SUMMARY ANALYSIS

The Florida Greenways and Trails Act was established to conserve, develop, and use Florida's natural resources for healthful and recreational purposes, as well as to provide people access, where appropriate, to environmentally sensitive lands and wildlife. The act creates the Florida Greenways and Trails System and identifies the general powers of the Department of Environmental Protection (DEP). The Office of Greenways and Trails (OGT), an office within the DEP's Division of Recreation and Parks, facilitates the establishment of the Florida Greenways and Trails System. Among its responsibilities, the OGT manages eight state trails and the Marjorie Harris Carr Cross Florida Greenway. The OGT also subleases state acquired properties to local governments for management. Currently, there is no mechanism for the OGT to generate revenue through naming rights or advertising on any of these state-owned properties.

This bill authorizes the DEP to enter into a concession agreement with a not-for-profit entity or private business or entity for commercial sponsorship to be displayed on state greenway and trail facilities or property. The DEP is authorized to establish the cost for entering into these concession agreements. Signage or displays are limited to one per trailhead or parking area and one per public access point, and are authorized in seven specified trails and greenways. The size of any sign or display located at a trailhead or parking area cannot exceed 16 square feet, and signs or displays located at public access points cannot exceed 4 square feet.

The concession agreements administered by the DEP must be for a minimum of 1 year and may be terminated for just cause with 60 days advance notice by the DEP. Before installation, each name or advertising display must be approved by the DEP. The bill specifies that the DEP shall ensure that the size, color, materials, construction, and location of all signs are consistent with the management plan for the property. All costs pertaining to the signage must be paid by the concessionaire.

Eighty-five percent of the proceeds must be deposited in the appropriate DEP trust fund that is the source of funding for management and operation of state greenway and trail facilities and properties. Fifteen percent of the proceeds must be deposited into the State Transportation Trust Fund for use in the Traffic and Bicycle Safety Education Program and the Safe Paths to School Program administered by the Department of Transportation.

The section of law created in the bill is named the "John Anthony Wilson Bicycle Safety Act."

The bill appears to have a positive but indeterminate fiscal impact on state government revenues. However, the federal Department of Transportation has not yet stated conclusively whether the receipt of income from proposed uses under the bill would negatively impact the allocation or use of federal funds. The bill also appears to have an indeterminate but likely insignificant negative fiscal impact on the DEP, which will need to expend funds for staff time involved in developing the rule to implement this bill and to establish the program, as well as to develop and manage concessionaire agreements.

This document does not reflect the intent or official position of the bill sponsor or House of Representatives.

DATE: 2/20/2012

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

Chapter 260, F.S., was established to conserve, develop, and use Florida's natural resources for healthful and recreational purposes, as well as to provide people access, where appropriate, to environmentally sensitive lands and wildlife. Chapter 260, F.S., also creates the Florida Greenways and Trails System and identifies the general powers of the Department of Environmental Protection (DEP). The Office of Greenways and Trails (OGT), an office within the DEP's Division of Recreation and Parks (DRP), facilitates the establishment of the Florida Greenways and Trails System. Among its responsibilities, the OGT manages seven state trails, the Marjorie Harris Carr Cross Florida Greenway, and has three additional facilities currently in development.¹ The OGT also subleases state acquired properties to local governments for management. The OGT administers the Recreational Trails Program, a federally funded competitive grant program, which provides financial assistance for local communities to develop trails. According to the OGT, portions of the Greenways and Trails System receive certain funding from the federal Department of Transportation (USDOT), which has recently indicated that generating income from these facilities may impact the receipt of federal funds by the state. The USDOT has not yet stated conclusively whether the receipt of income from naming concessions or its proposed uses under the bill would negatively impact the allocation or use of federal funds.

Section 260.016, F.S., sets forth general powers that the DEP is authorized to use in managing and overseeing the Florida Greenways and Trails System. These powers include charging user fees or rentals, but do not specifically authorize DEP to sell naming rights or allow commercial displays. The DEP is authorized to negotiate with private land owners the terms under which those lands may be accessed and used as part of the Greenways and Trails System.² The DEP and the Department of Transportation (DOT) are authorized to coordinate on the abandonment of road rights-of-way for use in the Greenways and Trail System.³

The public policy of the DRP in administering the lands under its authority is detailed by statute and includes the promotion of the state park system for the use, enjoyment, and benefit of the public, to acquire and conserve property indicative of Florida's original environment, and to administer the development, use, and maintenance of these lands.⁴ The DRP is authorized to grant privileges, leases, concessions, and permits for the use of land for the accommodation of visitors in the various state parks, monuments, and memorials. These leases, concessions, and so on may be made without advertising or competitive bid, but may not be transferred by the lessee, concessionaire, and so on without consent from the DRP.⁵ Within the park system, the DRP by rule prohibits the sale of any merchandise or the display of items for sale without prior authorization; the activity must not adversely affect park resources, must not impair existing contracts, must provide a needed visitor service, and must be consistent with park management practices pursuant to statute.⁶

Currently, there is no mechanism for the OGT to generate revenue through naming rights or advertising on any of these state-owned properties nor any process to seek the best compensation for granting such rights. When the state acquires personal property or services, a competitive public process is required to curb any improprieties in the acquisition and to ensure public funds are spent equitably and effectively.⁷ Contracts for construction of public buildings are made through competitive bidding.⁸

¹ Information accessed from website of OGT at <http://www.dep.state.fl.us/gwt/state/default.htm> (last accessed on 1/19/2012).

² Section 260.016(3), F.S.

³ Section 260.0161, F.S.

⁴ Section 258.037, F.S.

⁵ Section 258.007(3), F.S.

⁶ Rule 62D-2.014(14), F.A.C.

⁷ Section 287.001, F.S.

Competitive bidding is also required before the Board of Trustees of the Internal Improvement Trust Fund enters into agreements leasing state lands for oil and gas extraction in exchange for royalty payments to the state.⁹ Before obtaining a permit for an oil or gas well, the applicant must post a security assuring its compliance with all safety and environmental requirements under Florida law. The security must be made payable to the State of Florida and executed by the applicant's owner or operator as principal and by a surety approved by the General Counsel for the DEP.¹⁰

No sign may be placed in the right-of-way of a road in a State Park Road System. The DOT has the power to order the removal of an improperly-placed sign, but cannot authorize the placement of any sign prohibited by a local government entity with jurisdiction.¹¹ The general regulation of outdoor advertising is placed under the DOT.¹² Unless exempt by statute, no sign may be erected in the State Highway System without a permit from the DOT.¹³ It is not clear whether all the signage provided under the authority of the bill would be exempt from the present permitting requirements.¹⁴

Effect of Proposed Changes

The bill creates s. 260.0144, F.S., authorizing the DEP to enter into a concession agreement with a not-for-profit entity or private business or entity for commercial sponsorship to be displayed on state greenway and trail facilities or property. The bill does not mandate that the DEP enter into such an agreement through any public process such as publication and bidding, does not specify whether DEP may enter into concession agreements with more than one vender, and does not specify the scope and compatibility with existing uses of the proposed content for any signage.

A concession agreement must be administered by the DEP and must include the following requirements:

- The agreement must be for a minimum of 1 year, but can be for a longer period under a multi-year agreement, and may be terminated for just cause with a 60-day advanced notice by the DEP. The bill specifies that just cause for termination includes, but is not limited to, violation of the terms of the concession agreement or any provision of the bill.
- Before installation, each name or sponsorship display must be approved by the DEP.
- The DEP must ensure that the size, color, materials, construction, and location of all signs are consistent with the management plan for the property and the standards of the department, and do not intrude on natural and historic settings.
- All costs of a display, including its development, construction, installation, operation, maintenance, and removal must be paid by the concessionaire.

Signs shall contain only a logo selected by the sponsor and sponsorship wording constructed as follows; "... (Name of the sponsor)... proudly sponsors the costs of maintaining the ... (Name of the greenway or trail)..."

The bill specifies that sponsored greenways and trails are authorized only at the following:

- Florida Keys Overseas Heritage Trail.
- Blackwater Heritage Trail.
- Tallahassee-St. Marks Historic Railroad State Trail.

⁸ Section 255.0525, F.S.

⁹ Sections 253.47, 253.53, F.S.

¹⁰ Rule 62C-26.002

¹¹ Section 337.407, F.S.

¹² Section 479.402, F.S.

¹³ Section 479.07, F.S.

¹⁴ Section 479.16, F.S. For example, currently signs not in excess of 8 square feet owned by and relating to the facilities and activities of units or agencies of government are exempt from DOT permitting, which may conflict with the bill's provision for signs or displays up to 16 square feet at trailheads or parking areas if such a location also intersects the State Park Road System. Section 479.16(12), F.S.

- Nature Coast State Trail.
- Withlacoochee State Trail.
- General James A. Van Fleet State Trail.
- Palatka-Lake Butler State Trail.

Signage or displays must be in compliance with s. 337.407 and s. 479.11(8), F.S.,¹⁵ and shall be limited as follows:

- One large sign or display, not to exceed 16 square feet in area, may be located at each trailhead or parking area.
- One small sign or display, not to exceed 4 square feet in area, may be located at each designated trail public access point.

The bill does not provide for the DEP to coordinate its control of signs by concessionaires when that overlaps with the DOT's statewide authority to regulate signs affecting state rights-of-way.

Commercial sponsorship pursuant to a concession agreement are for public relations or advertising purposes of the not-for-profit entity or private sector business or entity, and are not to be construed by such as having a relationship to any other actions of the DEP.

The above provisions do not create a proprietary or compensable interest in any sign or display site or location.

Proceeds from concession agreements must be distributed as follows:

- Eighty-five percent must be deposited into the appropriate DEP trust fund that is the source of funding for management and operation of state greenway and trail facilities and properties.
- Fifteen percent must be deposited into the State Transportation Trust Fund for the use in the Traffic and Bicycle Safety Education Program and the Safe Paths to School Program administered by the Department of Transportation.

The bill grants the DEP with the authority to adopt rules to administer this program.

B. SECTION DIRECTORY:

Section 1. Cites the act as the "John Anthony Wilson Bicycle Safety Act."

Section 2. Creates section 260.0144, F.S., authorizing the Department of Environmental Protection to enter into concession agreements for commercial sponsorship to be displayed on state greenway and trail facilities or property if certain requirements are met; provides for the distribution of proceeds from such concession agreements.

Section 3. Provides an effective date of July 1, 2012.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The authority to enter into concession agreements for commercial sponsorship on state greenway and trail facilities and property will result in an increase to certain DEP trust funds. The bill also provides that 15 percent of the proceeds from concession agreements shall be deposited into the

¹⁵ Sections 337.407 and 479.11(8), F.S., prohibit advertising signs from being placed in the right-of-way of any road on the interstate highway system, the federal-aid primary highway system, the State Highway system, or the State Park Road System.

State Transportation Trust Fund for use in the Traffic and Bicycle Safety Education Program and the Safe Paths to School Program administered by the Department of Transportation. However, the amount of revenue that might be realized is not known at this time.

In addition, portions of the Greenways and Trails System receive certain funding from the USDOT, which has recently indicated that generating income from these facilities may impact the receipt of federal funds by the state. The USDOT has not yet stated conclusively whether the receipt of income from proposed uses under the bill would negatively impact the allocation or use of federal funds.

The bill does not provide specific guidance on calculating the "proceeds" the DEP is to receive under any concession agreement. The use of a bidding process would assist to establish the amount to be paid in a public and competitive manner.

2. Expenditures:

According to the DEP, the department will need to expend funds for staff time involved in developing the rule to implement this bill and establish the program, as well as to develop and manage concessionaire agreements. The specific fiscal impact associated with that time is unknown, but likely insignificant.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

Sponsorship of brand names and services provided by non-profits and private sector businesses could have a potential positive fiscal impact.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to affect county or municipal governments.

2. Other:

a. Control of Content in Allowed Signs

The bill requires the DEP's approval prior to the installation of a display. It is not clear whether the intent of this language is to provide authority to regulate the content of a message communicated by a display or simply whether the signage meets material and construction standards. The provision may give rise to claims based on alleged interference with constitutionally protected free speech if the DEP approves or disapproves a sign or display based on the content of the speech. Notable is a DRP rule that controls the time, place, and manner of free speech activities consistent with uses of the particular park, public safety, and to prevent interference with other visitors' enjoyment of the park facilities.¹⁶

¹⁶ Rule 62D-2.014(18), F.A.C.

Because valid Florida law prohibits placing signs within certain property controlled or regulated by the state,¹⁷ the terms of the bill in conjunction with existing law effectively asserts the state's legitimate interests in the forms of speech allowed on state-owned or controlled lands through a grant of limited exclusivity to "sponsor" a state program. Freedom of speech protections are extended to so-called "commercial speech," those statements pertaining to proposed commercial transactions, which the government is able to regulate to assert a substantial governmental interest.¹⁸ Because the bill only authorizes the DEP to grant a concession for a commercial use where the activity is presently proscribed, Florida has a clear interest in allowing only those forms of speech that are consistent with the present use of the land. The bill in its present form provides specific guidance as to the scope of wording, but not logos, which the DEP may permit under the concession agreements.

b. Impairment of Contracts

Where access to certain private property for the Greenways and Trails system is by agreement between the property owner and DEP, placing signs on such property under a subsequent concession agreement without a modification to the existing contract may be construed as an improper impairment of existing contract rights.¹⁹ The concession agreements should expressly state the availability of certain property for signage is subject to existing agreements with private property owners. As these property use agreements expire or are renegotiated, replacement use agreements should include an express provision about the placement of signs under applicable concession agreements. Instances should be limited as signage will only be approved for trailheads or parking areas and public access points at the seven designated trails.

B. RULE-MAKING AUTHORITY:

A rule is an agency statement of general applicability which interprets, implements, or prescribes law or policy, including the procedure and practice requirements of an agency as well as certain types of forms.²⁰ Rulemaking authority is delegated by the Legislature²¹ through statute and authorizes an agency to "adopt, develop, establish, or otherwise create"²² a rule. Agencies do not have discretion whether to engage in rulemaking.²³ To adopt a rule an agency must have an express grant of authority to implement a specific law by rulemaking.²⁴ The grant of rulemaking authority itself need not be detailed.²⁵ The specific statute being interpreted or implemented through rulemaking must provide specific standards and guidelines to preclude the administrative agency from exercising unbridled discretion in creating policy or applying the law.²⁶

This bill gives the DEP the authority to establish rules regarding commercial sponsorship on state greenway and trail facilities or property. However, the bill does not provide for the manner of choosing prospective concessionaires, how the DEP coordinates with the DOT about the regulation of design, materials, and content of proposed signs, or the coordination by the DEP of concession contracts with existing agreements for the use of private party lands in the Greenways and Trails System. Without sufficient statutory standards and guidelines, rules proposed by DEP to implement the provisions of the bill may be challenged and prevented from going into effect.

C. DRAFTING ISSUES OR OTHER COMMENTS:

The bill does not provide for the manner of choosing prospective concessionaires, how the DEP attains the best price, how the DEP coordinates with the DOT about the regulation of design, materials, and content of proposed signs, or the coordination by the DEP of concession contracts with existing agreements for the use of private party lands in the Greenways and Trails System. The bill references s. 337.407 and chapter 479, F.S., to incorporate the signage requirements administered by the DOT, but does not distinguish signs developed and emplaced pursuant to proposed s. 260.144 from the DOT's regulatory authority.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On January 11, 2012, the Agriculture & Natural Resources Subcommittee amended and passed HB 181 as a committee substitute (CS). The CS:

- Changed the word "advertising" to the word "sponsorship" throughout the bill.
- Added mandated compliance with s. 337.407, F.S, and Ch. 479, F.S.
- Added a 60-day notice period should the department choose to end a concession agreement for just cause.
- Added paragraph (5), which clarifies that concession agreements under this section do not create proprietary or compensable interests in any sign or display site or location.
- Changed the allocation of revenue from this section from 90 percent to 85 percent allocated to the appropriate Department of Environmental Protection trust fund; and from 10 percent allocated to district school boards which must be used to enhance funds for the school district's bicycle education program or Safe Route to Schools Program, prorated by population, to 15 percent allocated to the State Transportation Trust Fund for use in Florida Traffic and Bicycle Safety Education program and the Florida Safe Routes to School program.

On February 15, 2012, the Appropriations Committee amended and passed CS/HB 181 as a committee substitute. The CS:

- Removes DEP's authorization to enter into concessions for naming rights;
- Specifies just cause for termination of a concession agreement;
- Specifies that only one large sign be allowed per trail head or parking area and one small sign per public access point;
- Authorizes seven specific trails and greenways for sponsorship;
- Authorizes the DEP to establish cost for entering into a concession agreement;
- Specifies that the DEP shall ensure that the size, color, materials, construction, and location of all signs are consistent with the management plan for the property and the standards of the department, do not intrude on natural and historic settings; and
- Specifies that all signs shall contain only a logo selected by the sponsor and specified wording.

This analysis is drawn to CS/CS/HB 181.

A bill to be entitled
 An act relating to the sponsorship of state greenways
 and trails; creating the "John Anthony Wilson Bicycle
 Safety Act"; creating s. 260.0144, F.S.; providing for
 the Department of Environmental Protection to enter
 into concession agreements for commercial sponsorship
 displays to be displayed on certain state greenway and
 trail facilities or property; providing requirements
 for concession agreements; specifying which greenways
 and trails may be included in the sponsorship program;
 providing for distribution of proceeds from the
 concession agreements; authorizing the department to
 adopt rules; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. This act may be cited as the "John Anthony
 Wilson Bicycle Safety Act."

Section 2. Section 260.0144, Florida Statutes, is created
 to read:

260.0144 Sponsorship of state greenways and trails.—The
 department may enter into a concession agreement with a not-for-
 profit entity or private sector business or entity for
 commercial sponsorship to be displayed on state greenway and
 trail facilities or property specified in this section. The
 department may establish the cost for entering into a concession
 agreement.

(1) A concession agreement shall be administered by the

29 department and must include the requirements found in this
 30 section.

31 (2) (a) Space for a commercial sponsorship display may be
 32 provided through a concession agreement on certain state-owned
 33 greenway or trail facilities or property.

34 (b) Signage or displays erected under this section shall
 35 comply with the provisions of s. 337.407 and chapter 479, and
 36 shall be limited as follows:

37 1. One large sign or display, not to exceed 16 square feet
 38 in area, may be located at each trailhead or parking area.

39 2. One small sign or display, not to exceed 4 square feet
 40 in area, may be located at each designated trail public access
 41 point.

42 (c) Before installation, each name or sponsorship display
 43 must be approved by the department.

44 (d) The department shall ensure that the size, color,
 45 materials, construction, and location of all signs are
 46 consistent with the management plan for the property and the
 47 standards of the department, do not intrude on natural and
 48 historic settings, and contain only a logo selected by the
 49 sponsor and the following sponsorship wording:

50
 51 ...(Name of the sponsor)...proudly sponsors the costs
 52 of maintaining the...(Name of the greenway or
 53 trail)....

54
 55 (e) Sponsored trails and greenways are authorized only at:
 56 1. Florida Keys Overseas Heritage Trail.

- 57 2. Blackwater Heritage Trail.
- 58 3. Tallahassee-St. Marks Historic Railroad State Trail.
- 59 4. Nature Coast State Trail.
- 60 5. Withlacoochee State Trail.
- 61 6. General James A. Van Fleet State Trail.
- 62 7. Palatka-Lake Butler State Trail.

63 (f) All costs of a display, including development,
 64 construction, installation, operation, maintenance, and removal
 65 costs, shall be paid by the concessionaire.

66 (3) A concession agreement shall be for a minimum of 1
 67 year, but may be for a longer period under a multiyear
 68 agreement, and may be terminated for just cause by the
 69 department upon 60 days' advance notice. Just cause for
 70 termination of a concession agreement includes, but is not
 71 limited to, violation of the terms of the concession agreement
 72 or any provision of this section.

73 (4) Commercial sponsorship pursuant to a concession
 74 agreement is for public relations or advertising purposes of the
 75 not-for-profit entity or private sector business or entity, and
 76 may not be construed by that not-for-profit entity or private
 77 sector business or entity as having a relationship to any other
 78 actions of the department.

79 (5) This section does not create a proprietary or
 80 compensable interest in any sign, display site, or location.

81 (6) Proceeds from concession agreements shall be
 82 distributed as follows:

83 (a) Eighty-five percent shall be deposited into the
 84 appropriate department trust fund that is the source of funding

CS/CS/HB 181

2012

85 for management and operation of state greenway and trail
 86 facilities and properties.

87 (b) Fifteen percent shall be deposited into the State
 88 Transportation Trust Fund for use in the Traffic and Bicycle
 89 Safety Education Program and the Safe Paths to School Program
 90 administered by the Department of Transportation.

91 (7) The department may adopt rules to administer this
 92 section.

93 Section 3. This act shall take effect July 1, 2012.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/HB 355 Public Meetings
SPONSOR(S): Government Operations Subcommittee, Kiar and others
TIED BILLS: IDEN./SIM. **BILLS:** CS/SB 206

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Government Operations Subcommittee	14 Y, 0 N, As CS	Williamson	Williamson
2) Rulemaking & Regulation Subcommittee	11 Y, 3 N	Rubottom	Rubottom
3) State Affairs Committee		Williamson	Williamson Blamby

SUMMARY ANALYSIS

The State Constitution and the Florida Statutes set forth the state's public policy regarding access to government meetings; however, both are silent concerning whether citizens have a right to be heard at a public meeting. To date, Florida courts have heard two cases concerning whether a member of the public has a right to be heard at a meeting when he or she is not a party to the proceedings. In both cases, the court found that while Florida law requires meetings to be open to the public, it does not give the public the right to speak.

The bill requires members of the public to be given a reasonable opportunity to be heard on a proposition before a board or commission. However, the opportunity to be heard does not have to occur at the same meeting at which the board or commission takes official action if certain requirements are met. The bill also provides that the opportunity to be heard is not required at certain meetings of a board or commission.

The bill provides that the opportunity to be heard is subject to reasonable rules or policies adopted by the board or commission. It limits the scope of the rules and policies and requires each board or commission subject to the Administrative Procedure Act (APA) to adopt the rules under provisions in the APA. Only boards or commissions subject to the APA are authorized to adopt the limited rules and policies. Consequently, most local boards and commissions would not have authority to adopt rules implementing the law.

Finally, if a board or commission adopts rules or policies in compliance with the law and follows the rules or policies when providing an opportunity for the public to speak, it is presumed that the board or commission is acting in compliance with the requirement that citizens be given the opportunity to be heard.

The bill could have a negative fiscal impact on state and local governments.

This bill may be a county or municipality mandate. See Section III.A.1. of the analysis.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Background

State Constitution: Open Meetings

Article I, s. 24(b) of the State Constitution sets forth the state's public policy regarding access to government meetings. The section requires that all meetings of any collegial public body of the executive branch of state government or of any collegial public body of a county, municipality, school district, or special district, at which official acts are to be taken or at which public business of such body is to be transacted or discussed, be open and noticed to the public.

Article I, s. 24(c) of the State Constitution authorizes the Legislature to provide exemptions from the open meeting requirements upon a two-thirds vote of both legislative chambers, in a bill that specifies the public necessity giving rise to the exemption.

Government in the Sunshine Law

Public policy regarding access to government meetings also is addressed in the Florida Statutes. Section 286.011, F.S., also known as the "Government in the Sunshine Law" or "Sunshine Law," further requires that all meetings of any board or commission of any state agency or authority or of any agency or authority of any county, municipal corporation, or political subdivision, at which official acts are to be taken be open to the public at all times.¹ The board or commission must provide reasonable notice of all public meetings.² Public meetings may not be held at any location that discriminates on the basis of sex, age, race, creed, color, origin or economic status or which operates in a manner that unreasonably restricts the public's access to the facility.³ Minutes of a public meeting must be promptly recorded and be open to public inspection.⁴

Right to Speak at Meetings

The State Constitution and the Florida Statutes are silent concerning whether citizens have a right to be heard at a public meeting. To date, Florida courts have heard two cases concerning whether a member of the public has a right to be heard at a meeting when he or she is not a party to the proceedings.⁵

In *Keesler v. Community Maritime Park Associates, Inc.*,⁶ the plaintiffs sued the Community Maritime Park Associates, Inc., (CMPA) alleging that the CMPA violated the Sunshine Law by not providing the plaintiffs with the opportunity to speak at a meeting concerning the development of certain waterfront property. The plaintiffs argued that the phrase "open to the public" granted citizens the right to speak at public meetings. The First District Court of Appeal held:

³ Section 286.011(6), F.S.

⁴ Section 286.011(2), F.S.

⁵ Florida courts have heard numerous cases regarding Sunshine Law violations; however, only two appear to be on point regarding the public's right to speak at a public meeting. Other cases have merely opined that the public has an inalienable right to be present and to be heard. The courts have opined that "boards should not be allowed, through devious methods, to 'deprive the public of this inalienable right to be present and to be heard at all deliberations wherein decisions affecting the public are being made.'" *See, e.g., Board of Public Instruction of Broward County v. Doran*, 224 So.2d 693, 699 (Fla. 1969) (specified boards and commissions . . . should not be allowed to deprive the public of this inalienable right to be present and to be heard at all deliberations wherein decisions affecting the public are being made); *Krause v. Reno*, 366 So.2d 1244, 1250 (Fla. 3rd DCA 1979) ("citizen input factor" is an important aspect of public meetings); *Homestead-Miami Speedway, LLC v. City of Miami*, 828 So.2d 411 (Fla. 3rd DCA 2002) (city did not violate Sunshine Law when there was public participation and debate in some but not all meetings regarding a proposed contract).

⁶ 32 So.3d 659 (Fla. 1st DCA 2010).

Relying on the language in *Marston*,⁷ the trial court determined that, although the Sunshine Law requires that meetings be open to the public, the law does not give the public the right to speak at the meetings. Appellants have failed to point to any case construing the phrase “open to the public” to grant the public the right to speak, and in light of the clear and unambiguous language in *Marston* (albeit dicta), we are not inclined to broadly construe the phrase as granting such a right here.⁸

The second case, *Kennedy v. St. Johns Water Management District*,⁹ was argued before the Fifth District Court of Appeal on October 13, 2011. At a meeting of the St. Johns Water Management District (District), the overflow crowd was put in other rooms and provided a video feed of the meeting. Additionally, the District limited participation in the meeting by members of a group called “The St. Johns Riverkeeper.” Only the St. Johns Riverkeeper representative and attorney were allowed to address the District board. Mr. Kennedy, who wanted to participate in the discussion, sued arguing that the Sunshine Law requires that citizens be given the opportunity to be heard. Mr. Kennedy also alleged that the District violated the Sunshine Law by failing to have a large enough facility to allow all who were interested in attending the meeting to be present in the meeting room. On October 25, 2011, the Fifth District Court of Appeal affirmed the trial court’s ruling that the District did not violate the Sunshine Law as alleged.

Effect of Bill

The bill creates a new section of law governing the opportunity for the public to be heard at public meetings of a board or commission. The bill does not define a board or commission for purposes of the new requirements. For example, the Sunshine Law provides that it applies to all meetings of any board or commission of any state agency or authority or of any agency or authority of any county, municipal corporation, or political subdivision.

The bill requires members of the public to be given a reasonable opportunity to be heard on a proposition before a board or commission. However, the opportunity to be heard does not have to occur at the same meeting at which the board or commission takes official action if the opportunity:

- Occurs at a meeting that meets the same notice requirements as the meeting at which the board or commission will take official action on the item;
- Occurs at a meeting that is during the decisionmaking process; and
- Is within reasonable proximity before the meeting at which the board or commission takes official action.

It is unclear what is meant by “reasonable proximity” because the term is not defined.

The opportunity to be heard is not required when a board or commission is considering:

- An official act that must be taken to deal with an emergency situation affecting the public health, welfare, or safety, when compliance with the requirements would cause an unreasonable delay in the ability of the board or commission to act;
- An official act involving no more than a ministerial act; or
- A meeting in which the board or commission is acting in a quasi-judicial capacity with respect to the rights or interests of a person, except as otherwise provided by law.

It is unclear what is considered an “unreasonable delay” when deciding if the public’s opportunity to be heard should be usurped.

⁷ In *Wood v Marston*, the Florida Supreme Court held that the University of Florida improperly closed meetings of a committee charged with soliciting and screening applicants for the deanship of the college of law. However, the *Marston* court noted “nothing in this decision gives the public the right to be more than spectators. The public has no authority to participate in or to interfere with the decision-making process.” *Wood v. Marston*, 442 So.2d 934, 941 (Fla. 1983).

⁸ *Keesler* at 660-661.

⁹ 2011 WL 5124949 (Fla. 5th DCA 2011).

The bill authorizes a board or commission to adopt reasonable rules or policies to ensure the orderly conduct of public meetings. Boards or commissions subject to the Administrative Procedure Act¹⁰ must adopt rules under ss. 120.536(1) and 120.54, F.S., governing the opportunity to be heard. The bill provides that rules or policies of a board or commission may:

- Limit the time that an individual has to address the board or commission;
- Require, at meetings in which a large number of individuals wish to be heard, that a representative of a group or faction on an item, rather than all of the members of the group or faction, address the board or commission; or
- Prescribe procedures or forms for an individual to use in order to inform the board or commission of a desire to be heard.

The bill further provides that the opportunity to be heard is subject to reasonable rules or policies adopted by the board or commission to ensure the orderly conduct of a public meeting. However, the bill limits the scope of the rules and policies and requires each board or commission subject to the Administrative Procedure Act to adopt the rules under ss. 120.536(1) and 120.54, F.S. Rules or policies adopted by the board or commission are limited to rules or policies that:

- Designate a specified period of time for public comment;
- Limit the time an individual has to address the board or commission;
- Require, at meetings in which a large number of individuals wish to be heard, that representatives of groups or factions on an item, rather than all of the members of the groups or factions, address the board or commission; or
- Prescribe procedures or forms for an individual to use in order to inform the board or commission of a desire to be heard, to indicate his or her support, opposition, or neutrality on a proposition, and to indicate his or her designation of a representative to speak for him or her or his or her group on a proposition if he or she so chooses.

Only boards or commissions subject to the Administrative Procedure Act are authorized to adopt the limited rules and policies. As a result, most local boards and commissions would not be authorized to adopt rules to implement the law.

Finally, if a board or commission adopts rules or policies in compliance with the law and follows the rules or policies when providing an opportunity for the public to speak, it is presumed that the board or commission is acting in compliance with the requirement that citizens be given the opportunity to be heard. A presumption in the law may be overcome. Some presumptions are overcome by the presentation of reliable evidence inconsistent with the fact presumed. Other presumptions are overcome by clear and convincing evidence. As the bill does not specify the meaning of the presumption, the courts would determine the force of the presumption. A true safe harbor principle would make it clear that if the conditions were met, that the actor meeting the conditions would be deemed in compliance as a matter of law.

B. SECTION DIRECTORY:

Section 1 creates s. 286.0114, F.S., providing that the public be provided with a reasonable opportunity to be heard at public meetings.

Section 2 provides an effective date of July 1, 2012.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

¹⁰ See chapter 120, F.S.

2. Expenditures:
See FISCAL COMMENTS.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:
None.
2. Expenditures:
See FISCAL COMMENTS.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

Governmental entities could incur additional meeting related expenses because longer and more frequent meetings could be required when considering items of great public interest. As a result, it is likely staff would have to be compensated, security would have to be provided, and other expenses related to the meeting and meeting facility would be incurred. The amount of those potential expenses is indeterminate and would vary depending on the magnitude of each issue and the specific associated meeting requirements.¹¹

In addition, the uncertainties in the bill could generate lawsuits over its meaning and application to particular situations. The cost of defending such suits would be indeterminate.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The mandates provision of Art. VII, s. 18 of the State Constitution may apply because this bill could cause counties and municipalities to incur additional expenses associated with longer meetings or increased meetings due to the new requirement that the public be provided with the opportunity to speak at such meetings; however, an exemption may apply if the bill results in an insignificant fiscal impact to county or municipal governments. The exceptions to the mandates provision of Art. VII, s. 18, of the Florida Constitution appear to be inapplicable because the bill does not articulate a threshold finding of serving an important state interest.

2. Other:
None.

B. RULE-MAKING AUTHORITY:

The bill authorizes a board or commission to adopt reasonable rules or policies to ensure the orderly conduct of public meetings. Boards or commissions subject to the Administrative Procedure Act (APA) must adopt rules under ss. 120.536(1) and 120.54, F.S., governing the opportunity to be heard. The bill provides guidelines regarding the rules or policies that may be adopted by a board or commission subject to the APA.

¹¹ According to the Commission on Ethics, "the only potential concern would be an increase in the length of the meetings and the possible need, and fiscal impact, of Commission members extending their stay in Tallahassee." Analysis of HB 355 (2012) by the Commission on Ethics (on file with the Government Operations Subcommittee).

Boards and commissions subject to the APA include state agencies, school boards and local boards and commissions having a jurisdiction extending beyond one county, as well as other entities that are expressly made subject to the APA by law or judicial decision. Thus, most local boards and commissions are not covered by the APA and would not have authority under the bill to adopt rules implementing the law.

Some of those boards and commissions may have rulemaking authority sufficient to organize their own meetings, but likely would not have authority to define what a reasonable time might be for a person to testify at such meetings. Thus the bill leaves a gap between the rulemaking authority necessary to implement the law and the actual authority such boards and commissions possess.

For boards and commissions governed by the APA, the bill provides guidance for rulemaking. It requires representatives of factions or groups to address the board, but does not allow rulemaking to govern the manner of selecting such representatives. Neither does the bill define factions or groups.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Placement in Law

The bill creates s. 286.0114, F.S., to provide provisions governing the opportunity for the public to be heard at a public meeting of a board or commission. It is suggested that the provisions be created in s. 286.0110, F.S., in order to ensure that the provisions are placed in law behind the Sunshine Law. As currently drafted, the opportunity to speak provisions would be placed in law behind exemptions to the Sunshine Law.

Boards and Commissions

The bill governs the opportunity for the public to be heard at public meetings of a board or commission. The bill does not define a board or commission for purposes of the new requirements. It is suggested that the bill be amended to clarify that it applies to "any board or commission of any state agency or authority or of any agency or authority of any county, municipal corporation, or political subdivision" as provided in the Sunshine Law.

Exceptions

The bill provides three exceptions to the opportunity to be heard at a public meeting: emergencies that do not permit unreasonable delay; ministerial acts; and an administrative hearing adjudicating the rights or interests of a person; however, the bill does not provide an exception for meetings that have been made exempt from open meeting requirements.¹² For instance, current law exempts from open meeting requirements, those meetings that would reveal a security system plan or portion thereof that is confidential and exempt from public record requirements.¹³ Thus, the bill would require a board or commission to permit public comment on confidential matters that involve sensitive public security information. It also would allow public comment on closed meetings involving competitive negotiations¹⁴ and litigation.¹⁵ Therefore, the bill may invite public advocacy on such confidential matters and could undermine the public necessity that justified the exemption from open meeting requirements.

Rules and Procedures

The bill provides that the opportunity to be heard is subject to reasonable rules or policies adopted by the board or commission. It limits the scope of the rules and policies and requires each board or commission subject to the Administrative Procedure Act (APA) to adopt the rules under ss. 120.536(1) and 120.54, F.S. As currently drafted, the bill only authorizes boards or commissions subject to the APA to adopt the limited rules and policies. Local governments generally are not subject to the APA. As such, the bill could be interpreted in three ways:

¹² Section 24(c), Art. I of the State Constitution authorizes the Legislature to enact exemptions from public record and public meeting requirements.

¹³ Section 286.0113(1), F.S.

¹⁴ See s. 286.0113(2), F.S.

¹⁵ See s. 286.011(8), F.S.

1. Local boards and commissions would not be afforded the same opportunity to adopt the limited rules and policies;
2. Local boards and commissions would not be limited in the rules and policies they could adopt; or
3. Local boards and commissions would have to adopt rules and policies under ss. 120.536(1) and 120.54, F.S., if they wanted to adopt any rules or policies.

As such, it is suggested that the bill be amended to clarify the authorization to adopt rules or policies.

In addition, as described under section III.B. RULE-MAKING AUTHORITY, the bill could more comprehensively address practical matters necessary to ensure orderly meetings when public participation is required.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On January 18, 2012, the Government Operations Subcommittee adopted a strike-all amendment and reported the bill favorably as a committee substitute. The strike-all amendment removes placement of the provisions from the Sunshine Law and, instead, places the provisions in a new s. 286.0114, F.S. It also removes the fines, penalties, and attorney's fees. The bill removes the provision providing that if the board or commission violates the provisions governing the right to speak, then the actions of the board or commission are nullified. Finally, it removes the public meeting exemption.

The analysis is drafted to the committee substitute as passed by the Government Operations Subcommittee.

1 A bill to be entitled
 2 An act relating to public meetings; creating s.
 3 286.0114, F.S.; requiring that a member of the public
 4 be given a reasonable opportunity to be heard before a
 5 board or commission takes official action on a
 6 proposition before the board or commission; providing
 7 that the opportunity to be heard is subject to rules
 8 or policies adopted by the board or commission;
 9 specifying certain exceptions; providing requirements
 10 for rules or policies governing the opportunity to be
 11 heard; providing that compliance with the requirements
 12 of the act is presumed under certain circumstances;
 13 requiring that a board or commission that is subject
 14 to ch. 120, F.S., adopt rules; providing an effective
 15 date.

16
 17 Be It Enacted by the Legislature of the State of Florida:

18
 19 Section 1. Section 286.0114, Florida Statutes, is created
 20 to read:

21 286.0114 Public meetings; reasonable opportunity to be
 22 heard.-

23 (1) Members of the public shall be given a reasonable
 24 opportunity to be heard on a proposition before a board or
 25 commission. The opportunity to be heard need not occur at the
 26 same meeting at which the board or commission takes official
 27 action on the item, if the opportunity occurs at a meeting that
 28 meets the same notice requirements as the meeting at which the

29 board or commission takes official action on the item, occurs at
 30 a meeting that is during the decisionmaking process, and is
 31 within reasonable proximity before the meeting at which the
 32 board or commission takes the official action. The opportunity
 33 to be heard is subject to reasonable rules or policies adopted
 34 by the board or commission to ensure the orderly conduct of a
 35 public meeting, as provided in subsection (3).

36 (2) The requirements in subsection (1) do not apply to:

37 (a) An official act that must be taken to deal with an
 38 emergency situation affecting the public health, welfare, or
 39 safety, when compliance with the requirements would cause an
 40 unreasonable delay in the ability of the board or commission to
 41 act;

42 (b) An official act involving no more than a ministerial
 43 act; or

44 (c) A meeting in which the board or commission is acting
 45 in a quasi-judicial capacity with respect to the rights or
 46 interests of a person. This paragraph does not affect the right
 47 of a person to be heard as otherwise provided by law.

48 (3) Rules or policies of a board or commission adopted
 49 under subsection (5) must be limited to rules or policies that:

50 (a) Designate a specified period of time for public
 51 comment;

52 (b) Limit the time an individual has to address the board
 53 or commission;

54 (c) Require, at meetings in which a large number of
 55 individuals wish to be heard, that representatives of groups or
 56 factions on an item, rather than all of the members of the

57 groups or factions, address the board or commission; or
 58 (d) Prescribe procedures or forms for an individual to use
 59 in order to inform the board or commission of a desire to be
 60 heard, to indicate his or her support, opposition, or neutrality
 61 on a proposition, and to indicate his or her designation of a
 62 representative to speak for him or her or his or her group on a
 63 proposition if he or she so chooses.
 64 (4) If a board or commission adopts rules or policies in
 65 compliance with this section and follows such rules or policies
 66 when providing an opportunity for members of the public to be
 67 heard, it is presumed that the board or commission is acting in
 68 compliance with this section.
 69 (5) Each board or commission that is subject to chapter
 70 120 shall adopt rules under ss. 120.536(1) and 120.54 to
 71 administer this section.
 72 Section 2. This act shall take effect July 1, 2012.

Amendment No.

47 (c) Prescribe procedures or forms for an individual to use
48 in order to inform the board or commission of a desire to be
49 heard; to indicate his or her support, opposition, or neutrality
50 on a proposition; and to indicate his or her designation of a
51 representative to speak for him or her or his or her group on a
52 proposition if he or she so chooses; or

53 (d) Designate a specified period of time for public
54 comment.

55 (4) (a) If a board or commission adopts rules or policies
56 in compliance with this section and follows such rules or
57 policies when providing an opportunity for members of the public
58 to be heard, it is presumed that the board or commission is
59 acting in compliance with this section.

60 (b) Whenever an action is filed against a board or
61 commission of any state agency or authority of a county,
62 municipal corporation, or political subdivision to enforce the
63 provisions of this section, the court shall assess reasonable
64 attorney fees against such agency or authority if the court
65 determines that the defendant to such action acted in violation
66 of this section. The court may assess reasonable attorney fees
67 against the individual filing such an action if the court finds
68 that the action was filed in bad faith or was frivolous. This
69 paragraph does not apply to a state attorney or his or her duly
70 authorized assistants or any officer charged with enforcing the
71 provisions of this section.

72 (c) Any action taken by a board or commission which is
73 found to be in violation of this section is not void as a result
74 of that violation.

Amendment No.

75 (d) The circuit courts shall have jurisdiction to issue
76 injunctions for the purpose of enforcing this section upon the
77 filing of an application for such injunction by any citizen of
78 this state.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/CS/HB 695 Development of Oil and Gas Resources
SPONSOR(S): Appropriations Committee, Energy & Utilities Subcommittee and Ford
TIED BILLS: IDEN./SIM. BILLS: CS/SB 1158

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Energy & Utilities Subcommittee	11 Y, 1 N, As CS	Keating	Collins
2) Appropriations Committee	16 Y, 3 N, As CS	Lolley	Leznoff
3) State Affairs Committee		Keating 	Hamby 

SUMMARY ANALYSIS

For purposes of the oil and gas development and production, the Board of Trustees of the Internal Improvement Trust Fund (comprising the Governor and Cabinet) is authorized under chapter 253, F.S., to negotiate, sell, and convey leasehold estates in lands whose title is vested in any state board, department, or agency or is vested in the state and controlled and managed by any such board, department or agency. If the board believes there is a demand for the purchase of oil and gas leases on a portion of the land owned, controlled, or managed by a state board, department, or agency, then the board must place such oil and gas leases on the market. Applicants for a lease must submit sealed bids to the board, which, at a public meeting, will consider the bids. In its discretion, the board may award the lease to the highest and best bidder. If the board finds that the bids do not represent the fair value of the lease, that the execution of the lease is contrary to the public welfare, that the responsibility of the bidder offering the highest amount has not been established to its satisfaction, or for any other reason, it may reject all bids, give notice and call for new bids, or withdraw the land from the market.

The bill creates an undesignated section of law that, notwithstanding the provisions of chapter 253, F.S., authorizes a land management agency to establish, by contract, a public-private partnership with a business entity if the agency determines that there is an opportunity to develop oil and gas resources from onshore lands west of the Tallahassee Meridian owned by a board, department, or agency of the state and that such development would "yield greater, near-term revenue returns for the state." The bill requires a business entity that wishes to enter into a public-private partnership contract to submit to the land management agency a business proposal that describes the exploration for oil or gas resources and the development of state lands for those purposes and is consistent with approved land management plans. The business entity may nominate state land that is to be explored and developed under the public-private partnership contract. The bill specifies the matters that the land management agency must consider and requires that the land management agency select a private partner based on the business proposal.

A public-private partnership contract created under the bill requires approval by the board and must provide:

- A minimum 3-year period during which the private partner may explore specified state lands by geophysical seismic methods for the feasibility of oil and gas resource development and production.
- A selection process, after geophysical operations are concluded, in which the private partner may select and lease prospective parcels of state land for exploration and production.
- The leasing of state lands identified as a result of the geophysical seismic operations for a term of at least 5 years.
- Negotiated royalty rates and a lease bonus.

The bill's impact on state revenues and expenditures is indeterminate. The impact on state revenues will depend on the response of oil and gas exploration and production companies, the terms of any public-private partnership contracts negotiated with such companies by land management agencies, and actual oil and gas production. State land management agencies may be required to expend funds to obtain the necessary resources to review proposals and negotiate public-private partnership contracts. The bill may encourage oil and gas exploration and production companies to pursue opportunities to conduct operations on state lands, which could provide potential new investment and job growth.

This document does not reflect the intent or official position of the bill sponsor or House of Representatives.

DATE: 2/21/2012

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

Chapter 253, F.S., governs the acquisition, administration, and disposition of state lands.

Pursuant to s. 253.03, F.S., the Board of Trustees of the Internal Improvement Trust Fund¹ is empowered to acquire, administer, manage, control, supervise, conserve, protect, and dispose of all lands owned by, or which may inure to, the state or any of its agencies, departments, boards, or commissions. The Florida Department of Environmental Protection (DEP), through its Division of State Lands (DSL), serves as staff to the board.²

The board is directed and authorized to enter into leases for the use, benefit, and possession of public lands by agencies that may properly use and possess them for the benefit of the state.³ The DSL manages the leases, subleases, easements, use agreements, deed restrictions, reverter revisions, and other approvals for all activities on state-owned lands the title to which is or will be vested in the board.⁴

Florida has more than 3.8 million acres of conservation lands. Nearly all of this land is open for public recreation and nearly all of the lands require some form of stewardship activity. The DSL leases these lands to state agencies and local governments to manage. Section 253.034(5), F.S., requires that each manager of conservation lands submit a land management plan to the Division of State Lands at least every 10 years and must be updated whenever the manager proposes to add new facilities or make substantive land use or management changes that were not addressed in the approved plan, or within 1 year of the addition of significant new lands. Land management plans must provide a desired outcome, describe both short-term and long-term management goals, and include measurable objectives to achieve those goals.

Land management plans must contain certain information, including, among other things:

- The common name of the property.
- A map showing the location and boundaries of the property.
- The designated single use or multiple use management for the property, including other managing agencies and private land managers that could facilitate restoration or management of the land.
- Proximity of the property to other significant State, local, or federal land or water resources.
- A statement as to whether the property is within an aquatic preserve or a designated area of critical State concern.
- The location and description of known and reasonably identifiable renewable and non-renewable resources of the property including, among other things, mineral resources, such as oil, gas, and phosphate.
- A description of actions the agency plans to take to locate and identify unknown resources such as surveys of unknown archaeological and historical resources.
- A detailed description of existing and planned use(s) of the property.
- A detailed assessment of the impact of planned uses on the renewable and non-renewable resources of the property and a detailed description of the specific actions that will be taken to protect, enhance, and conserve these resources and to mitigate damage caused by such uses.
- Identification of adjacent land uses that conflict with the planned use of the property.

¹ The Board comprises the Governor, the Attorney General, the Chief Financial Officer, and the Commissioner of Agriculture. Section 253.02(1), F.S.

² Section 253.002(1), F.S.

³ Section 253.03(2), F.S.

⁴ <http://www.dep.state.fl.us/lands/use.htm> (viewed on January 23, 2012)

- A description of legislative or executive directives that constrain the use of such property.
- A finding regarding whether each planned use complies with the State Lands Management Plan.⁵

The DSL has leased more than 500 conservation areas that include parks, preserves, forests, wildlife management areas, and other conservation and recreation areas. The DSL also leases non-conservation lands to state agencies and local governments for uses such as universities, correctional institutions, and other government buildings.

For purposes of the development and production of oil and gas, the board is authorized to negotiate, sell, and convey leasehold estates in lands whose title is vested in any state board, department, or agency or is vested in the state and controlled and managed by any such board, department or agency.⁶ If the board believes there is a demand for the purchase of oil and gas leases on a portion of the land owned, controlled, or managed by a state board, department, or agency, then the board must place such oil and gas leases on the market.⁷ The board may designate the blocks, tracts, or parcels available for lease. A lease may be made only after public notice, and the lease form must be made publicly available at the board's office.⁸ For lands not already developed for oil or gas, the board must determine in advance the amount of royalty, never less than one-eighth in kind or in value, and a definite rental, increasing annually after the first 2 years.⁹

Applicants for a lease must submit sealed bids to the board, which may not be opened until the time and place specified in the public notice.¹⁰ At a public meeting, the board will consider any and all bids timely submitted for leasing the advertised lands and, in its discretion, may award the lease to the highest and best bidder. If the board finds that the bids do not represent the fair value of the lease, that the execution of the lease is contrary to the public welfare, that the responsibility of the bidder offering the highest amount has not been established to its satisfaction, or for any other reason, it may reject all bids, give notice and call for new bids, or withdraw the land from the market.¹¹

Each lease must be for a primary term no longer than 10 years and must require that, to remain in full force and effect, operations be carried on in good faith and in a skillful and diligent manner with no cessation of more than 30 consecutive days or that oil or gas is being produced from the leased land in paying quantities. Each lease must provide for its termination in the absence of drilling or reworking operations or production of oil or gas in paying quantities.¹²

The board may require a surety or property bond, an irrevocable letter of credit, or other proof of financial responsibility from each lessee of public land or mineral interest prior to the time the lessee mines, drills, or extracts petroleum, petroleum products, or gas from the land. The surety bond, irrevocable letter of credit, or other proof of financial responsibility serves as security and is to be forfeited to the board to pay for any damages caused by mining or drilling operations performed by the lessee.¹³

Florida law prohibits oil and gas leases in specified areas except under certain conditions. In particular, no board or agency or the state has the authority to sell, execute, or enter into any such lease relating to any of the following lands, submerged or unsubmerged:

- Lands within the corporate limits of any municipality, unless the governing authority of the municipality shall have first duly consented to the granting or sale of such lease by resolution.

⁵ Rule 18-2.021, F.A.C.

⁶ Section 253.51, F.S.

⁷ Section 253.52, F.S.

⁸ *Id.*

⁹ Section 253.53, F.S.

¹⁰ *Id.*

¹¹ Section 253.54, F.S.

¹² Section 253.55, F.S.

¹³ Section 253.571, F.S. Damages include, but are not limited to, air, water, and ground pollution, destruction of wildlife or marine productivity and any other damage which impairs the health and general welfare of the citizens of the state.

- Lands in the tidal waters of the state, abutting on or immediately adjacent to the corporate limits of a municipality or within 3 miles of such corporate limits extending from the line of mean high tide into such waters, unless the governing authority of the municipality shall have first duly consented to the granting or sale of such lease by resolution.
- Lands on any improved beach, located outside of an incorporated town or municipality, or covering such lands in the tidal waters of the state abutting on or immediately adjacent to any improved beach, or within 3 miles of an improved beach extending from the line of mean high tide into such tidal waters, unless the county commissioners of the county in which such beach is located shall have first duly consented to the granting or sale of such lease by resolution.
- Defined submerged lands in territorial waters.¹⁴

A person wishing to conduct geophysical operations in search of oil, gas, or minerals must first obtain a permit from the Department of Environmental Protection.¹⁵ The application must contain a statement, in general terms, of the location in which the operation is intended to be conducted. Any information relating to the location of the operation and other information relating to leasing plans, exploration budgets, and other proprietary information that could provide an economic advantage to competitors must be kept confidential by the department for 10 years and exempt from the provisions of s. 119.07(1), F.S., and may not be released to the public without the consent of the person submitting the application.¹⁶

Whenever geophysical operations are conducted on state-owned mineral lands, the person conducting the operations must provide the Division of Resource Management within DEP, acting as agent of the owner of the minerals, a copy of the noninterpreted information derived from the geophysical operations. Any information received by the division must, upon request of the person conducting the geophysical operations, be held confidential for 10 years from the date of receipt by the division and is exempt from disclosure under any state statute.¹⁷

Effect of Proposed Changes

The bill creates an undesignated section of law that, notwithstanding the provisions of chapter 253, F.S., authorizes a land management agency to establish a public-private partnership with a business entity if the agency determines that there is an opportunity to develop oil and gas resources from onshore lands west of the Tallahassee Meridian owned by a board, department, or agency of the state and that such development would “yield greater, near-term revenue returns for the state.”

The bill requires a business entity that wishes to enter into a public-private partnership to submit to the land management agency a business proposal that describes the exploration for oil or gas resources and the development of state lands for those purposes and is consistent with approved land management plans. The business entity may nominate state land that is to be explored and developed under the public-private partnership. The proposal must provide an estimate of the revenues that the project is expected to generate for the state.

The land management agency must review the proposal in a timely manner and “in a manner that is consistent with contemporary industry practices.” The bill requires that the proposed geophysical seismic exploration, drilling, and production activities must be of a duration consistent with industry practices. The geophysical data acquired and the subsequent interpretation must be made available to the land management agency or its representatives for review during the period of geophysical seismic exploration, but the bill provides that this information shall remain in the sole possession of the business entity until the business entity has selected the lease areas.

The bill requires that the land management agency select a private partner based on the business proposal. In selecting a private partner, the land management agency must consider, at a minimum,

¹⁴ Section 253.61, F.S.

¹⁵ Section 377.2408 and 377.2424, F.S.

¹⁶ Section 377.2408, F.S.

¹⁷ Section 377.2409, F.S.

“the technical quality of the exploration program proposed and the proposed timetable of geophysical and drilling activities which expedites the potential for generating revenues.” If more than one business entity submits a proposal for substantially the same area, the land management agency must evaluate each proposal and select the proposal that it finds will provide the best value for the state.

The bill specifies that the public-private partnership must be established through a contract that provides for the following:

- A minimum 3-year period during which the private partner may explore specified state lands by geophysical seismic methods for the feasibility of oil and gas resource development and production.
- A selection process, after geophysical operations are concluded, in which the private partner may select and lease prospective parcels of state land for exploration and production.
- The leasing of state lands identified as a result of the geophysical seismic operations for a term of at least 5 years.
- Negotiated royalty rates and a lease bonus.

The bill specifies that this contract must be approved by the Board of Trustees of the Internal Improvement Trust Fund to be legally binding on the State of Florida. The bill further specifies that the financial, technical, and operational risk for the exploration, development, and production of oil and gas resources is the responsibility of the private business entity.

The bill provides an alternative mechanism for obtaining leasing rights to develop oil and gas resources on certain state lands that departs from current law in a number of ways:

- The business entity nominates state lands to explore and develop, rather than the board placing leases on the market for development and production of oil and gas if it believes there is a demand.
- The business entity obtains a contractual right to lease the state lands it identifies through geophysical seismic operations for development and production of oil and gas resources, rather than the board publicly soliciting and receiving sealed bids and having the discretion to award the lease to the highest and best bidder or reject all bids and withdraw the land from the market.
- The business entity negotiates royalty rates and a lease bonus with the land management agency, rather than the board determining the amount of royalty in advance based on the statutory minimum of one-eighth in kind or in value, and a definite, escalating rental.
- The business entity retains sole possession of geophysical data it produces (but would make it available for review by land management agency or its representatives), rather than the state holding the information as confidential and exempt from disclosure under the public records law.
- The bill does not appear to require the business entity to provide a surety or property bond, an irrevocable letter of credit, or other proof of financial responsibility as security to pay for any damages caused by mining or drilling operations performed by the entity.

The bill states in one instance that a land management agency *may participate* in a public-private partnership but states elsewhere that the land management agency, after receiving and reviewing a business proposal or proposals, *shall select* a private partner. Thus, it is not clear whether the bill permits or requires a land management agency to enter into such a partnership. If the land management agency has discretion, the only specific criteria that a land management agency must use to exercise its discretion is to consider the technical quality of the exploration program proposed and the proposed timetable of geophysical and drilling activities, which expedites the potential for generating revenues.

B. SECTION DIRECTORY:

Section 1. Creates an undesignated section of law establishing a process that allows land management agencies to create public-private partnerships with business entities to explore for oil and gas resources and to develop such resources on state lands west of the Tallahassee Meridian and consistent with approved land management plans.

Section 2. Provides an effective date of July 1, 2012.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill's impact on state revenues is indeterminate. The impact will depend on the response of oil and gas exploration and production companies, the terms of any public-private partnership contracts negotiated with such companies by land management agencies, and actual oil and gas production.

2. Expenditures:

The bill's impact on state expenditures is indeterminate. The bill is not clear as to whether the land management agencies have the discretion to decline to select a private partner after receiving and reviewing a public-private partnership proposal. If the land management agencies do not retain this discretion, these agencies may be required to expend funds to obtain the necessary resources to review proposals and negotiate public-private partnership contracts.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The bill may encourage oil and gas exploration and production companies to pursue opportunities to conduct operations on state lands which could provide potential new investment and job growth.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to require counties or municipalities to spend funds or take an action requiring the expenditure of funds; reduce the authority that counties or municipalities have to raise revenues in the aggregate; or reduce the percentage of a state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

Not applicable.

C. DRAFTING ISSUES OR OTHER COMMENTS:

The bill states in one instance that a land management agency *may* participate in a public-private partnership but states elsewhere that the land management agency, after receiving and reviewing a business proposal or proposals, *shall* select a private partner. Thus, it is not clear whether the bill permits or requires a land management agency to enter into such a partnership.

The bill provides that a land management agency must review a business proposal in a timely manner. The bill does not define what may be considered timely or untimely.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On January 25, 2012, the Energy & Utilities Subcommittee adopted a strike-all amendment to HB 695, which is reflected in the committee substitute for the bill. The strike-all amendment resulted in the following changes to the bill:

- Reorganizes the provisions of the bill.
- Removes a requirement that the public-private partnership contract contain a confidentiality provision for the data obtained through geophysical seismic exploration.

On February 15, 2012, the Appropriations Committee adopted two amendments and passed CS/HB 695 as a committee substitute. The two amendments resulted in the following changes to the bill:

- Limits the opportunity for development of oil and gas resources under onshore lands owned by a board, department, or agency of this state to lands west of the Tallahassee Meridian.
- Requires that a proposal be consistent with approved land management plans.

1 A bill to be entitled
2 An act relating to the development of oil and gas
3 resources; authorizing a land management agency to
4 enter into a public-private partnership with a
5 business entity to develop oil and gas resources upon
6 certain onshore state lands if the development yields
7 near-term revenues for the state; providing that the
8 financial, technical, and operational risk for the
9 exploration, development, and production of oil and
10 gas resources is the responsibility of the private
11 business entity; requiring that a business entity
12 seeking a public-private partnership contract submit a
13 business proposal to the agency for review; specifying
14 the information to be included in the business
15 proposal; providing criteria for the agency to use in
16 selecting the exploration proposal by a business
17 entity; requiring that the geophysical data and the
18 subsequent interpretation be made available to the
19 agency or its representative for review but remain in
20 the possession of the business entity; providing
21 criteria for the public-private partnership contract;
22 requiring a proposed public-private partnership
23 contract to be approved by the Governor and Cabinet
24 sitting as the Board of Trustees of the Internal
25 Improvement Trust Fund; providing an effective date.
26
27 WHEREAS, the exploration and development of oil and gas
28 deposits under onshore lands owned by a board, department, or

29 agency of the state may provide the opportunity to produce
 30 higher, near-term revenues to the state, and

31 WHEREAS, the monetary reward for discovering new reserves
 32 of oil and gas deposits may be significant, and

33 WHEREAS, the exploration for oil and gas deposits via
 34 modern three-dimensional, geophysical seismic methods and
 35 production, with its technological improvements, including
 36 directional and horizontal drilling, although costly, is more
 37 efficient and yields better results than older methods of
 38 exploration and production employed during the past 50 years,
 39 NOW, THEREFORE,

40
 41 Be It Enacted by the Legislature of the State of Florida:

42
 43 Section 1. (1) DUTIES; AUTHORITY.—Notwithstanding the
 44 provisions in chapter 253, Florida Statutes, if a land
 45 management agency determines that there is an opportunity to
 46 develop oil and gas resources under onshore lands west of the
 47 Tallahassee Meridian, longitude 84°16'37.59" west, owned by a
 48 board, department, or agency of this state to yield greater,
 49 near-term revenue returns for the state, the land management
 50 agency may participate with a business entity authorized to
 51 conduct business in the state in a public-private partnership
 52 contract.

53 (2) PRIVATE-PARTNER RESPONSIBILITIES.—The financial,
 54 technical, and operational risk for the exploration,
 55 development, and production of oil and gas resources is the
 56 responsibility of the private business entity.

CS/CS/HB 695

2012

57 | (3) PROPOSAL SELECTION.—

58 | (a) A business entity seeking a public-private partnership
59 | contract shall submit a business proposal that describes the
60 | exploration for oil or gas resources and the development of
61 | state lands for those purposes. The business entity may nominate
62 | state land that is to be explored and developed under the
63 | public-private partnership contract. The proposal shall provide
64 | an estimate of the revenues that the project is expected to
65 | generate for the state. The proposal for upland state lands must
66 | be consistent with approved land management plans approved
67 | pursuant to s. 253.034, Florida Statutes.

68 | (b) The land management agency shall review the business
69 | proposal in a timely manner and in a manner that is consistent
70 | with contemporary industry practices. The geophysical seismic
71 | exploration, drilling, and production activities proposed shall
72 | be of a duration consistent with industry practices.

73 | (c) The land management agency shall select a private
74 | partner based on the business proposal. The land management
75 | agency's consideration must include, but need not be limited to,
76 | the technical quality of the exploration program proposed and
77 | the proposed timetable of geophysical and drilling activities
78 | which expedites the potential for generating revenues. If more
79 | than one entity submits a proposal for a public-private
80 | partnership for substantially the same area, the land management
81 | agency shall evaluate and select the single proposal that will
82 | provide the best value for the state.

83 | (d) The geophysical data acquired and the subsequent
84 | interpretation shall be made available to the land management

85 agency or its representatives for review during the period
 86 provided in paragraph (4) (a), but shall remain in the sole
 87 possession of the business entity until the business entity has
 88 selected the lease areas.

89 (4) PUBLIC-PRIVATE PARTNERSHIP CONTRACT.—The public-
 90 private partnership contract shall provide for:

91 (a) A period of 3 years or longer during which the private
 92 partner may explore specified state lands by geophysical seismic
 93 methods for the feasibility of oil and gas resource development
 94 and production;

95 (b) A selection process after geophysical operations are
 96 concluded in which the private partner may select and lease
 97 prospective parcels of state land for the purpose of exploration
 98 and production;

99 (c) The leasing of state lands identified as a result of
 100 the geophysical seismic operations, which shall be for a term of
 101 at least 5 years; and

102 (d) Negotiated royalty rates and a lease bonus.

103 (5) APPROVAL OF CONTRACT.—The proposed public-private
 104 partnership contract must be approved by the Governor and
 105 Cabinet sitting as the Board of Trustees of the Internal
 106 Improvement Trust Fund in order to be legally binding on the
 107 State of Florida.

108 Section 2. This act shall take effect upon becoming a law.

4 **Amendment (with title amendment)**

5 Remove everything after the enacting clause and insert:

6 Section 1. (1) DUTIES; AUTHORITY.—Notwithstanding the
7 provisions in ss. 253.52, 253.53, and 253.54, Florida Statutes,
8 if the Board of Trustees of the Internal Improvement Trust Fund
9 determines that there is an opportunity to develop oil and gas
10 resources under onshore lands owned by a board, department, or
11 agency of this state to yield greater, near-term revenue returns
12 for the state, the Board of Trustees may participate with a
13 business entity authorized to conduct business in the state in a
14 public-private partnership contract. This section applies only
15 to lands in the Blackwater River State Forest.

16 (2) PRIVATE-PARTNER RESPONSIBILITIES.—The financial,
17 technical, and operational risk for the exploration,
18 development, and production of oil and gas resources is the
19 responsibility of the private business entity.

COMMITTEE/SUBCOMMITTEE AMENDMENT

Bill No. CS/CS/HB 695 (2012)

Amendment No.

20 (3) PROPOSAL SELECTION.-

21 (a) A business entity seeking a public-private partnership
22 contract shall submit a business proposal that describes the
23 exploration for oil or gas resources and the development of
24 state lands for those purposes. The business entity may nominate
25 state land that is to be explored and developed under the
26 public-private partnership contract. The proposal shall provide
27 an estimate of the revenues that the project is expected to
28 generate for the state. The proposal for upland state lands must
29 be consistent with approved land management plans approved
30 pursuant to s. 253.034, Florida Statutes.

31 (b) The Board of Trustees shall review the business
32 proposal in a timely manner and in a manner that is consistent
33 with contemporary industry practices. The geophysical seismic
34 exploration, drilling, and production activities proposed shall
35 be of a duration consistent with industry practices.

36 (c) The Board of Trustees shall select a private partner
37 based on the business proposal. The Board of Trustees'
38 consideration must include, but need not be limited to, the
39 technical quality of the exploration program proposed and the
40 proposed timetable of geophysical and drilling activities which
41 expedites the potential for generating revenues. If more than
42 one entity submits a proposal for a public-private partnership
43 for substantially the same area, the Board of Trustees shall
44 evaluate and select the single proposal that will provide the
45 best value for the state.

46 (d) The geophysical data acquired and the subsequent
47 interpretation shall be made available to the Board of Trustees

SUMMARY ANALYSIS

Current law does not provide a designation for an official state sport. The bill designates the sport of automobile racing as the official state sport.

The bill provides an effective date of July 1, 2012.

The bill does not appear to have a fiscal impact on state or local governments.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Background

Automobile Racing

Current law prohibits street racing on highways, roadways, or parking lots. However, this prohibition does not apply to licensed or duly authorized racetracks, drag strips, or other designated areas set aside by proper authorities for such purposes.¹ As such, municipalities are authorized to issue a permit to conduct a racing event on a highway, street or park;² and a written notice must be submitted by a person intending to hold a race, to the sheriff in the county where a race will take place.³

Automobile racing, in general, is a professional and amateur automobile sport practiced throughout the world in a variety of forms on roads, tracks, or closed circuits. It includes Grand Prix racing, speedway racing, stock-car racing, sports-car racing, drag racing, midget-car racing, and karting, as well as hill climbs and trials.⁴

Automobile racing premiered in Florida between the years 1903 and 1910 on the suitable hard packed beaches within the communities of Ormond and Daytona. Races were held and speed records were established on a variety of vehicles such as bicycles, motorcycles, and automobiles. Jacksonville and St. Augustine also hosted races as early as 1905 and 1906.⁵

In 1947, meetings began in Daytona Beach, which would eventually lead to the creation of the National Association of Stock Car Auto Racing (NASCAR).⁶ Currently, Florida is home to the NASCAR headquarters in Daytona Beach, the Daytona International Speedway, and the Homestead-Miami Speedway and serves as host to three annual NASCAR Sprint Cup Series events.⁷ In addition to NASCAR events, the Homestead-Miami Speedway hosts the Grand Prix of Miami, which is a GRAND-AM Rolex Sports Car Series.⁸

The Sebring International Raceway, in Sebring, Florida, is America's oldest permanent road racing circuit. The circuit was created from a WWII, B-17 training base called Hendricks Field in 1950. It hosts a twelve-hour endurance classic of the American Le Mans Series, featuring the same cars and drivers that compete in the 24 Hours of Le Mans in France.⁹ The circuit also hosts the Legends of Motorsports,¹⁰ the Historic Sportscar Racing series¹¹, and the Skip Barber Racing School.¹² Various types of cars such as the IndyCar, sports prototype, NASCAR, and Grand Touring teams use the Sebring circuit for winter testing.¹³

In addition to the major sanctioned tracks, Florida is home to 50 local amateur automobile racing tracks. Located throughout the state, these tracks provide local amateur racers and enthusiasts the

opportunity to be involved with the sport.¹⁴ Automobile racing attracts national and international participants and spectators and likely provides positive impacts to Florida's tourism industry.

State Designations

Current law designates 39 official state designations including an official state play, air fair, rodeo, festival, renaissance festival, pageant, and fiddle contest. However, current law does not provide a designation for an official state sport.¹⁵

Proposed Changes

This bill designates the sport of automobile racing as the official state sport.

B. SECTION DIRECTORY:

Section 1 creates s. 15.0527, F.S., to designate automobile racing as the official state sport.

Section 2 provides an effective date of July 1, 2012.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/HB 945 Broadband Internet Service
SPONSOR(S): Appropriations Committee, Holder
TIED BILLS: IDEN./SIM. **BILLS:** SB 1242

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Energy & Utilities Subcommittee	14 Y, 1 N	Keating	Collins
2) Economic Affairs Committee	15 Y, 0 N	Fennell	Tinker
3) Appropriations Committee	20 Y, 0 N, As CS	Topp	Leznoff
4) State Affairs Committee		Keating <i>CK</i>	Hamby <i>JKQ</i>

SUMMARY ANALYSIS

The American Recovery and Reinvestment Act of 2009 (ARRA) provided \$7.2 billion in funding for the purpose of developing and expanding broadband services to rural and underserved communities. In 2009, the Legislature authorized the Florida Department of Management Services (DMS) to work collaboratively with Enterprise Florida, state agencies, local governments, private businesses, and community organizations to:

- Assess the needs for broadband Internet service and develop data and maps that provide a baseline assessment of the availability and speed of broadband service throughout Florida.
- Create a strategic plan to increase use of broadband Internet service in Florida.
- Build local technology planning teams representing, among others, libraries, schools, colleges and universities, local health care providers, private businesses, community organizations, economic development organizations, local governments, tourism, parks and recreation, and agriculture.
- Encourage the use of broadband Internet service, especially in rural, unserved, and underserved areas of the state through grant programs.

DMS is also authorized to apply for and accept federal funds, as well as gifts and donations from individuals, foundations, and private organizations, for these purposes.

In 2011, the Legislature created the Department of Economic Opportunity (DEO) “to assist the Governor in working with the Legislature, state agencies, business leaders, and economic development professionals to formulate and implement coherent and consistent policies and strategies designed to promote economic opportunities for all Floridians.”

CS/HB 945 replaces DMS with DEO as the agency responsible for implementing the state’s broadband program and designates DEO as the single state entity to receive and manage all federal State Broadband Initiative (SBI) funds. Further, the bill:

- Requires DEO to establish a public-private partnership that will work collaboratively with the entities with which DMS is currently required to work and adds “nonprofit corporations” to this list of entities.
- Adds community development as a goal of sustainable broadband adoption.
- Requires that DEO’s strategic plan to increase use of broadband Internet service in Florida be developed with the use of consumer research into residential and business technology utilization data.
- Specifies that broadband mapping efforts conducted under DEO must, at a minimum, identify transmission speeds and unserved and underserved areas at the census block level of detail.

The bill requires DMS to request federal approval to transfer an existing federal broadband grant from DMS to DEO and, upon such approval, to request a budget amendment requiring Legislative Budget Commission (LBC) approval to transfer all funds. LBC approval will initiate a type two transfer of all funds and authority of the program from DMS to DEO.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

In 2008, Congress passed the Broadband Data Improvement Act¹ to improve the quality of federal and state data regarding the availability and quality of broadband services and to promote the deployment of affordable broadband services to all parts of the nation. In early 2009, Congress directed the Federal Communications Commission (FCC) to develop a National Broadband Plan to ensure every American has “access to broadband capability.” Congress also required that this plan include a detailed strategy for achieving affordability and maximizing use of broadband to advance “consumer welfare, civic participation, public safety and homeland security, community development, health care delivery, energy independence and efficiency, education, employee training, private sector investment, entrepreneurial activity, job creation and economic growth, and other national purposes.”² The Plan developed by the FCC can be found at <http://www.broadband.gov/plan/>.

The American Recovery and Reinvestment Act of 2009 (ARRA) provided \$7.2 billion in funding for the purpose of developing and expanding broadband services to rural and underserved communities, focusing on schools, libraries, health care, educational institutions, non-profit community organizations, and the construction of broadband infrastructure. Two federal agencies are handling the distribution of broadband grants/awards through an application process. The U.S. Department of Agriculture's Rural Utilities Service (RUS) was authorized to make loans and grants totaling \$2.5 billion for broadband infrastructure projects in rural areas through its Broadband Initiatives Program (BIP). The U.S. Department of Commerce's National Telecommunications Information Administration (NTIA) was authorized to provide grants totaling \$4.7 billion to fund comprehensive broadband infrastructure projects, public computer centers, and sustainable broadband adoption projects through its Broadband Technology Opportunities Program (BTOP).

In 2009, the Legislature authorized the Florida Department of Management Services (DMS) to work collaboratively with Enterprise Florida, state agencies, local governments, private businesses, and community organizations to:

- Assess the needs for broadband Internet service and develop data and maps that provide a baseline assessment of the availability and speed of broadband service throughout Florida.
- Create a strategic plan to increase use of broadband Internet service in Florida.
- Build local technology planning teams representing, among others, libraries, schools, colleges and universities, local health care providers, private businesses, community organizations, economic development organizations, local governments, tourism, parks and recreation, and agriculture.
- Encourage the use of broadband Internet service, especially in rural, unserved, and underserved areas of the state through grant programs.

DMS is also authorized to apply for and accept federal funds, as well as gifts and donations from individuals, foundations, and private organizations, for these purposes.³

Current law provides that “[t]he Legislature finds that the sustainable adoption of broadband Internet service is critical to the economic and business development of the state and is beneficial for libraries, schools, colleges and universities, health care providers, and community organizations.”⁴

¹ Broadband Data Improvement Act, Pub. L. No. 110-385, S. 1492, 122 Stat. 4096.

² See <http://www.broadband.gov/plan/executive-summary/>.

³ Section 364.0135, F.S.

⁴ Section 364.0135(1), F.S.

In 2009, the NTIA launched the State Broadband Initiative (SBI) to implement the purposes of the ARRA and the Broadband Data Improvement Act. According to the NTIA's SBI website,⁵ twelve separate entities within Florida have been awarded a combined total of \$183.7 million for broadband infrastructure, sustainable adoption, and public computer center projects. Among those awards, DMS was awarded a total of \$8,877,028⁶ for the following purposes:

- Provide technical assistance to Florida anchor institutions for the E-rate program for increasing school and library telecommunications funding to procure services and technology from the private sector.
- Develop regional planning teams, in partnership with the Florida Regional Planning Councils, to assist in local and regional broadband planning.
- Provide further funding opportunity development and assistance to anchor institutions to secure additional funding to expand broadband usage throughout the state from the private sector.
- Provide for broadband data inventory, analysis, and mapping.
- Provide technology assessments to libraries to increase funding to purchase broadband from the private sector.

With some of the funds provided through the ARRA, DMS partnered with a national organization called Connected Nation⁷ to map landline and wireless broadband services using information from service providers and other sources. This mapping project is intended to better identify the location of Florida's unserved and underserved areas. The efforts of this project can be found at <http://www.connect-florida.org/>.

In addition to its role in promoting broadband service adoption, DMS, through its Division of Telecommunications, has managed a number of telecommunications service programs for the state. According to DMS, the duties of its Division of Telecommunications include the following:

- Implementing SUNCOM, the state enterprise telecommunications system for providing local and long-distance communications services to state agencies, political subdivisions of the state, municipalities, and nonprofit corporations.^{8,9}
- Managing public safety communications planning, coordination, and procurement, including the Statewide Law Enforcement Radio System (SLERS) and contract.¹⁰
- Managing 911 communications and technology planning and coordination, and managing related grants.¹¹

In 2011, the Legislature created the Department of Economic Opportunity (DEO) "to assist the Governor in working with the Legislature, state agencies, business leaders, and economic development professionals to formulate and implement coherent and consistent policies and strategies designed to promote economic opportunities for all Floridians."¹² To accomplish this purpose, DEO is provided the following duties:

⁵ <http://www2.ntia.doc.gov/SBDD>

⁶ <http://www2.ntia.doc.gov/grantee/florida-department-of-management-services>. According to DMS, it also developed and applied for a broadband adoption grant under the BTOP on two occasions using a "community development" model proposed by Connected Nation (see footnote below), though both applications, along with applications from other states proposing similar programs, were denied.

⁷ Connected Nation is a nonprofit corporation whose Board of Directors is represented by CTIA-The Wireless Association, the Telecommunications Industry Association, the American Farm Bureau Federation, The Children's Partnership, and Intel. Its work is directed by the Board and a National Advisory Council comprised of a number of telecommunications companies and industry organizations, technology companies, and nonprofit organizations. The full list of members can be found at http://connectednation.org/who_we_are/national_advisors/.

⁸ Section 282.703, F.S. The SUNCOM Network must be developed to transmit all types of telecommunications signals, including, but not limited to, voice, data, video, image, and radio.

⁹ According to DMS, SUNCOM represents a public-private model in which over 95% of the budget is outsourced to telecommunications vendors in the state.

¹⁰ Section 282.709, F.S.

¹¹ Section 365.171, F.S.

¹² Section 1, ch. 2011-142, Laws of Florida.

- Facilitate the direct involvement of the Governor and the Lieutenant Governor in economic development and workforce development projects designed to create, expand, and retain businesses in this state, to recruit business from around the world, and to facilitate other job-creating efforts.
- Recruit new businesses to this state and promote the expansion of existing businesses by expediting permitting and location decisions, worker placement and training, and incentive awards.
- Promote viable, sustainable communities by providing technical assistance and guidance on growth and development issues, grants, and other assistance to local communities.
- Ensure that the state's goals and policies relating to economic development, workforce development, community planning and development, and affordable housing are fully integrated with appropriate implementation strategies.
- Manage the activities of public-private partnerships and state agencies in order to avoid duplication and promote coordinated and consistent implementation of programs in areas including, but not limited to, tourism; international trade and investment; business recruitment, creation, retention, and expansion; minority and small business development; rural community development; commercialization of products, services, or ideas developed in public universities or other public institutions; and the development and promotion of professional and amateur sporting events.¹³

Effect of Proposed Changes

The bill replaces the Department of Management Services (DMS) with the Department of Economic Opportunity (DEO) as the state's single designated entity to receive and manage all federal State Broadband Initiative (SBI) funds. As discussed in the Fiscal Comments section, below, a transfer of grant funds previously awarded to DMS would require approval by the SBI.

The bill requires DEO to establish a public-private partnership that will work collaboratively with the same list of entities that DMS currently works with (i.e., Enterprise Florida, state agencies, local governments, private businesses, and community organizations), and the bill adds "nonprofit corporations" to this list of entities. The bill does not specify the type of private entity that DEO should consider in developing a public-private partnership (as opposed to those private entities with which the partnership must work collaboratively).

The bill also modifies the existing legislative finding in s. 364.0135(1), F.S., to state that "that the sustainable adoption of broadband Internet service is critical to the economic, business, *and community* development of the state"

The bill provides that DEO's strategic plan to increase use of broadband Internet service in Florida must be "developed with the use of consumer research into residential and business technology utilization data" Further, the bill specifies that broadband mapping efforts conducted under DEO must "at a minimum" identify transmission speeds and unserved and underserved areas at the census block level of detail. Current law provides that these areas be identified at the census tract level. This will require mapping at a higher level of detail.

Finally, the bill outlines a process by which the Broadband Initiative Program within DMS would be transferred to DEO. First, DMS, in consultation with DEO, must submit a request to the U.S. Department of Commerce to transfer the federal grant award for the program. Upon approval of such request, DMS must submit a budget amendment to transfer these funds, subject to approval by the Legislative Budget Commission (LBC). With LBC approval, a type two transfer becomes effective, thereby transferring all powers, duties, functions, records, offices, property, pending issues, existing contracts, administrative authority and rules, unspent appropriations, allocations, and funds of this program to DEO.

¹³ Section 20.60(4), F.S.

B. SECTION DIRECTORY:

Section 1. Amends s. 364.0135, F.S., relating to promotion of broadband adoption.

Section 2. Provides for a type two transfer from the Department of Management Services (DMS) to the Department of Economic Opportunity of specified authority and funding associated with the Broadband Initiative Program within DMS.

Section 3. Requires the Department of Management Services (DMS) to request federal approval to transfer an existing federal broadband grant from DMS to the Department of Economic Opportunity and, upon such approval, to request a budget amendment requiring Legislative Budget Commission approval to transfer all funds.

Section 4. Provides a contingent effective date.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

See Fiscal Comments section.

2. Expenditures:

See Fiscal Comments section.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

See Fiscal Comments section.

D. FISCAL COMMENTS:

Currently, the Department of Management Services (DMS) is the sole entity designated by the State of Florida to accept funds under the federal State Broadband Initiative (SBI) program. To maintain the grants awarded to DMS to date, a transfer of these awards to a new entity would require approval by the SBI within the U.S. Department of Commerce.¹⁴ According to DMS, the SBI has approved two transfers, and the process may require significant work and lead time for the existing grantee, new grantee, and the SBI office. DMS also indicates that, to achieve approval of such a transfer, the grant award must be transferred in its entirety to the new entity, and the new entity must continue the same work as set forth in the original award. The Department of Economic Opportunity (DEO) has indicated that they plan to continue the grant in the exact manner as set forth in the original award.

Contingent upon necessary approvals by the U.S Department of Commerce and the Legislative Budget Commission, all funding allocations and necessary authority related to this program are transferred from DMS to DEO.

¹⁴ See U.S. Department of Commerce Grants Manual, Chapter 16, W., *Transfer of Award*.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to: require counties or municipalities to spend funds or take an action requiring the expenditure of funds; reduce the authority that counties or municipalities have to raise revenues in the aggregate; or reduce the percentage of a state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill transfers from the Department of Management Services (DMS) to the Department of Economic Opportunity the existing authority to adopt rules to implement s. 364.0135, F.S. To date, DMS has not adopted rules to implement this section.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On February 15, 2012, the Appropriations Committee adopted one amendment which does the following:

- Provides for a type two transfer from the Department of Management Services (DMS) to the Department of Economic Opportunity (DEO) of specified authority and funding associated with the Broadband Initiative Program.
- Requires DMS, in consultation with DEO, to submit a request to the U.S. Department of Commerce to transfer the federal broadband grant from DMS to DEO.
- Requires DMS, upon federal approval, to submit a budget amendment for approval by the Legislative Budget Commission (LBC) to transfer funds from DMS to DEO.
- Specifies that the portion of the bill requiring DMS to submit a request to the U.S. Department of Commerce to transfer the federal broadband grant from DMS to DEO and to submit a budget amendment to the LBC upon such approval, will become effective upon becoming law.
- Specifies that the remainder of the bill will become effective upon LBC approval of the required budget amendment.

The amendment is reflected in the committee substitute for the bill that is the subject of this analysis.

1 A bill to be entitled
2 An act relating to broadband Internet service;
3 amending s. 364.0135, F.S.; revising provisions to
4 promote adoption of broadband Internet service;
5 providing for the Department of Economic Opportunity
6 to receive and manage certain federal funds; directing
7 the department to establish a public-private
8 partnership to perform certain functions; authorizing
9 the department to accept certain funds, enter into
10 contracts, and establish committees and workgroups for
11 certain purposes; authorizing the department to adopt
12 rules; removing authority of the Department of
13 Management Services to perform certain functions;
14 providing for a type two transfer of the Broadband
15 Initiative Program from the Department of Management
16 Services to the Department of Economic Opportunity;
17 requiring the Department of Management Services to
18 submit to the United States Department of Commerce a
19 request to transfer its federal broadband grant to the
20 Department of Economic Opportunity; requiring the
21 Department of Management Services to notify the
22 Governor and Legislature of the decision of the United
23 States Department of Commerce; requiring the
24 Department of Management Services, if the request is
25 approved, to submit a budget amendment for approval by
26 the Legislative Budget Commission to transfer from the
27 department to the Department of Economic Opportunity

CS/HB 945

28 the funds necessary to implement this act; providing a
 29 contingent effective date.

30

31 Be It Enacted by the Legislature of the State of Florida:

32

33 Section 1. Section 364.0135, Florida Statutes, is amended
 34 to read:

35 364.0135 Promotion of broadband adoption.—

36 (1) The Legislature finds that the sustainable adoption of
 37 broadband Internet service is critical to the economic, ~~and~~
 38 business, and community development of the state and is
 39 beneficial for libraries, schools, colleges and universities,
 40 health care providers, and community organizations. The term
 41 "sustainable adoption" means the ability for communications
 42 service providers to offer broadband services in all areas of
 43 the state by encouraging adoption and utilization levels that
 44 allow for these services to be offered in the free market absent
 45 the need for governmental subsidy.

46 (2) The Department of Economic Opportunity shall be the
 47 state's single designated entity to receive and manage all
 48 federal Department of Commerce State Broadband Initiative funds
 49 and shall establish a public-private partnership that will
 50 ~~Management Services is authorized to~~ work collaboratively with,
 51 and ~~to~~ receive staffing support and other resources from,
 52 Enterprise Florida, Inc., state agencies, local governments,
 53 private businesses, nonprofit corporations, and community
 54 organizations to:

55 (a) Monitor the adoption of broadband Internet service in

56 collaboration with communications service providers, including,
 57 but not limited to, wireless and wireline Internet service
 58 providers, to develop geographical information system maps at
 59 ~~the census tract level~~ that will, at a minimum:

60 1. Identify geographic gaps in broadband services,
 61 including areas unserved by any broadband provider and areas
 62 served by a single broadband provider at the census block level
 63 of detail;

64 2. Identify the download and upload transmission speeds
 65 made available to businesses and individuals in the state, at
 66 the census block ~~tract~~ level of detail, using data rate
 67 benchmarks for broadband service used by the Federal
 68 Communications Commission to reflect different speed tiers; and

69 3. Provide a baseline assessment of statewide broadband
 70 deployment in terms of percentage of households with broadband
 71 availability.

72 (b) Create a strategic plan, developed with the use of
 73 consumer research into residential and business technology
 74 utilization data, which ~~that~~ has goals and strategies for
 75 increasing the use of broadband Internet service in the state.

76 (c) Build and facilitate local technology planning teams
 77 or partnerships with members representing cross-sections of the
 78 community, which may include, but are not limited to,
 79 representatives from the following organizations and industries:
 80 libraries, K-12 education, colleges and universities, local
 81 health care providers, private businesses, community
 82 organizations, economic development organizations, local
 83 governments, tourism, parks and recreation, and agriculture.

84 (d) Encourage the use of broadband Internet service,
 85 especially in the rural, unserved, and underserved communities
 86 of the state through grant programs having effective strategies
 87 to facilitate the statewide deployment of broadband Internet
 88 service. For any grants ~~to be~~ awarded, priority must be given to
 89 projects that:

90 1. Provide access to broadband education, awareness,
 91 training, access, equipment, and support to libraries, schools,
 92 colleges and universities, health care providers, and community
 93 support organizations.

94 2. Encourage the sustainable adoption of broadband in
 95 primarily unserved areas by removing barriers to entry.

96 3. Work toward encouraging investments in establishing
 97 affordable and sustainable broadband Internet service in
 98 unserved areas of the state.

99 4. Facilitate the development of applications, programs,
 100 and services, including, but not limited to, telework,
 101 telemedicine, and e-learning to increase the usage of, and
 102 demand for, broadband Internet service in the state.

103 (3) The department may apply for and accept federal funds
 104 for purposes of this section, as well as gifts and donations
 105 from individuals, foundations, and private organizations.

106 (4) The department may enter into contracts necessary or
 107 useful to carry out the purposes of this section.

108 (5) The department may establish any committee or
 109 workgroup to administer and carry out the purposes of this
 110 section.

111 (6) The department may adopt rules necessary to carry out

112 the purposes of this section. Any rule, contract, grant, or
 113 other activity undertaken by the department shall ensure that
 114 all entities are in compliance with any applicable federal or
 115 state laws, rules, and regulations, including, but not limited
 116 to, those applicable to private entities providing
 117 communications services for hire and the requirements of s.
 118 350.81.

119 Section 2. All powers, duties, functions, records,
 120 offices, property, pending issues, existing contracts,
 121 administrative authority, administrative rules, and unexpended
 122 balance of appropriations, allocations, and other funds relating
 123 to the Broadband Initiative Program in the Department of
 124 Management Services are transferred by a type two transfer, as
 125 defined in s. 20.06(2), Florida Statutes, to the Department of
 126 Economic Opportunity.

127 Section 3. (1) The Department of Management Services, in
 128 consultation with the Department of Economic Opportunity, shall
 129 develop and submit to the United States Department of Commerce a
 130 request to transfer the federal broadband grant from the
 131 Department of Management Services to the Department of Economic
 132 Opportunity. Upon receipt from the United States Department of
 133 Commerce of its approval or denial of the request for a transfer
 134 of the broadband grant, the Department of Management Services
 135 shall, in writing, immediately notify the Governor, the
 136 President of the Senate, and the Speaker of the House of
 137 Representatives of that decision.

138 (2) If the request for a transfer of the federal broadband
 139 grant is approved pursuant to subsection (1), the Department of

CS/HB 945

2012

140 Management Services shall submit a budget amendment for approval
141 by the Legislative Budget Commission pursuant to s.
142 216.292(4)(d), Florida Statutes, to transfer from the department
143 to the Department of Economic Opportunity the funds necessary to
144 implement this act.

145 (3) This section shall take effect upon this act becoming
146 a law.

147 Section 4. Except as otherwise expressly provided in this
148 act and except for this section, which shall take effect upon
149 this act becoming a law, this act shall take effect upon
150 approval of the budget amendment required under section 3.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/HB 959 Divestiture by the State Board of Administration

SPONSOR(S): Government Operations Subcommittee; Bileca and others

TIED BILLS: None **IDEN./SIM. BILLS:** SB 1144

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF

2) Judiciary Committee	17 Y, 0 N	Cary	Havlicak
3) State Affairs Committee		Meadows (w)	Hamby <i>JAE</i>

SUMMARY ANALYSIS

The State Board of Administration (SBA or "board") is established by Article IV, s. 4(e) of the Florida Constitution, and is composed of the Governor as Chair, the Chief Financial Officer as Treasurer, and the Attorney General as Secretary. The board derives its powers to oversee state funds from Art. XII, Sec. 9 of the Florida Constitution.

The bill prohibits the SBA from serving as a fiduciary with respect to voting on a proxy resolution that advocates for expanded United States trade with Cuba or Syria. In addition, the SBA cannot vote in favor of a proxy resolution that would expand United States trade with Cuba or Syria. The bill requires the SBA to report on its activities in its Annual Proxy Voting Report.

The bill does not appear to create a fiscal impact on state or local governments.

The bill provides an effective date of July 1, 2012.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Current Situation

State Board of Administration

The State Board of Administration ("SBA" or "board") is established by Article IV, Sec. 4(e) of the Florida Constitution, and is composed of the Governor as Chair, the Chief Financial Officer as Treasurer, and the Attorney General as Secretary. The board members are commonly referred to as "Trustees." The board derives its powers to oversee state funds from Art. XII, Sec. 9 of the Florida Constitution.

The SBA has responsibility for managing investments for the Florida Retirement System (FRS) Pension Plan and for administering the FRS Investment Plan, which represent approximately \$125.1 billion, or 85%, of the \$147.5 billion in assets managed by the SBA, as of November 30, 2011.¹ The SBA also manages 33 other investment portfolios, with combined assets of \$21.7 billion², including the Florida Hurricane Catastrophe Fund, the Florida Lottery Fund, the Florida Pre-Paid College Plan, and various debt-service accounts for state bond issues.

Divestiture from Cuba

Current law prohibits the SBA from investing in stocks, securities, or other obligations of any institution or company domiciled in the United States that does business of any kind with Cuba, in violation of federal law.³ In addition, the SBA is prohibited from investing in any company domiciled outside of the United States if the President of the United States has applied sanctions against the country in which that company is domiciled.⁴

Florida law also provides that state agencies are prohibited from investing in any financial institution or company domiciled in the United States, which directly through the domestically domiciled company or a foreign subsidiary, issues a loan, extends credit, or makes purchases or trades goods with Cuba.⁵ State agencies also are prohibited from investing in any foreign company if the President of the United States has applied sanctions to the country in which that company is domiciled.⁶

Divestment of Securities

Divestment of securities is one method of applying economic pressures to companies, groups, or countries whose practices are not condoned by shareholders. Divestment may be used in conjunction with or in lieu of other sanctioning methods such as economic embargoes, and diplomatic and military activities. Alternatively, divestment may be used as a protective device if a particular investment carries a high level of risk to the performance of a fund.⁷

The State of Florida has practiced divestment four times in modern history.⁸ From 1986 to 1993, the Legislature directed the SBA to divest from companies doing business with South Africa.⁹ Beginning October 1, 1988, the Legislature placed restrictions on investments in any institution or company doing

⁹ *Id.*

business in or with Northern Ireland.¹⁰ From 1997 until 2001, the SBA made a decision to divest of 16 tobacco stocks due to pending litigation involving the state and those companies.¹¹ From 2007 to the present, the Legislature has directed the SBA to divest funds from companies that are actively seeking and providing certain business opportunities with Iran and Sudan.¹²

Effect of Proposed Changes

The bill prohibits the SBA from serving as a fiduciary with respect to voting on a proxy resolution that advocates for expanded United States trade with Cuba or Syria. In addition, the SBA cannot vote in favor of a proxy that would expand United States trade with Cuba or Syria. The bill requires the SBA to report on its activities in its Annual Proxy Voting Report.

The bill provides for an effective date of July 1, 2012.

B. SECTION DIRECTORY:

Section 1 amends s. 215.471, F.S., relating to Divestiture by the State Board of Administration.

Section 2 provides an effective date of July 1, 2012.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill does not appear to have any impact on state revenues.

2. Expenditures:

The bill does not appear to have any impact on state expenditures.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not appear to have any impact on local government revenues.

2. Expenditures:

The bill does not appear to have any impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The bill has the potential to negatively impact companies who seek to expand business in Cuba or Syria if the SBA votes against that expansion by proxy vote.

D. FISCAL COMMENTS:

None.

¹⁰ Section 121.153, F.S.

¹¹ Information provided to Government Operations Subcommittee staff on February 3, 2012, by Mr. Ron Poppell, Senior Defined Contribution Programs Officer, State Board of Administration.

¹² Section 215.473, F.S.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not appear to require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill does not appear to create a need for rulemaking or rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On February 6, 2012, the Government Operations Subcommittee adopted a strike-all amendment and reported the bill favorably as a committee substitute. The strike-all amendment provides that the SBA will not be a fiduciary with respect to voting on a proxy resolution that would expand United States trade with Cuba or Syria. In addition, the SBA cannot vote in favor of a proxy that would expand United States trade with Cuba or Syria. The strike-all amendment requires the SBA to report on its activities in its Annual Proxy Voting Report.

The strike-all amendment removes the requirement that the SBA create a scrutinized companies list for businesses with prohibited business operations in Cuba or Syria. It also removes the requirement that the SBA divest of investments in companies who have business relationships with Cuba or Syria.

This analysis is drafted to the committee substitute as passed by the Governmental Operations Subcommittee.

1 A bill to be entitled
 2 An act relating to divestiture by the State Board of
 3 Administration; amending s. 215.471, F.S.; prohibiting
 4 the State Board of Administration from being a
 5 fiduciary with respect to voting on any proxy
 6 resolution advocating expanded United States trade
 7 with Cuba or Syria; prohibiting the State Board of
 8 Administration from being a fiduciary with respect to
 9 having the right to vote in favor of any proxy
 10 resolution advocating expanded United States trade
 11 with Cuba or Syria; creating reporting requirements;
 12 providing an effective date.

13
 14 Be It Enacted by the Legislature of the State of Florida:

15
 16 Section 1. Section 215.471, Florida Statutes, is amended
 17 to read:

18 215.471 Divestiture by the State Board of Administration;
 19 reporting requirements.—

20 (1) The State Board of Administration shall divest any
 21 investment under s. 121.151 and ss. 215.44-215.53, and is
 22 prohibited from investment in stocks, securities, or other
 23 obligations of:

24 (a)~~(1)~~ Any institution or company domiciled in the United
 25 States, or foreign subsidiary of a company domiciled in the
 26 United States, doing business in or with Cuba, or with agencies
 27 or instrumentalities thereof in violation of federal law.

28 (b)~~(2)~~ Any institution or company domiciled outside of the

CS/HB 959

2012

29 United States if the President of the United States has applied
 30 sanctions against the foreign country in which the institution
 31 or company is domiciled pursuant to s. 4 of the Cuban Democracy
 32 Act of 1992.

33 (2) The State Board of Administration may not be a
 34 fiduciary under this section with respect to voting on, and may
 35 not have the right to vote in favor of, any proxy resolution
 36 advocating expanded United States trade with Cuba or Syria. The
 37 board's staff shall report on its activities in its annual proxy
 38 voting report.

39 Section 2. This act shall take effect July 1, 2012.

3
 4 **Amendment (with title amendment)**

5 Remove line 39 and insert:

6 Section 2. Section 287.135, Florida Statutes, is amended
 7 to read:

8 287.135 Prohibition against contracting with scrutinized
 9 companies.-

10 (1) In addition to the terms defined in ss. 287.012 and
 11 215.473, as used in this section, the term:

12 (a) "Awarding body" means, for purposes of state
 13 contracts, an agency or the department, and for purposes of
 14 local contracts, the governing body of the local governmental
 15 entity.

16 (b) "Business operations" means, for purposes specifically
 17 related to Cuba or Syria, engaging in commerce in any form in
 18 Cuba or Syria, including, but not limited to, acquiring,
 19 developing, maintaining, owning, selling, possessing, leasing,

Amendment No.

20 or operating equipment, facilities, personnel, products,
21 services, personal property, real property, military equipment,
22 or any other apparatus of business or commerce.

23 (c) ~~(b)~~ "Local governmental entity" means a county,
24 municipality, special district, or other political subdivision
25 of the state.

26 (2) A company that, at the time of bidding or submitting a
27 proposal for a new contract or renewal of an existing contract,
28 is on the Scrutinized Companies with Activities in Sudan List or
29 the Scrutinized Companies with Activities in the Iran Petroleum
30 Energy Sector List, created pursuant to s. 215.473, or is
31 engaged in business operations in Cuba or Syria, is ineligible
32 for, and may not bid on, submit a proposal for, or enter into or
33 renew a contract with an agency or local governmental entity for
34 goods or services of \$1 million or more.

35 (3) (a) Any contract with an agency or local governmental
36 entity for goods or services of \$1 million or more entered into
37 or renewed on or after July 1, 2011, through June 30, 2012, must
38 contain a provision that allows for the termination of such
39 contract at the option of the awarding body if the company is
40 found to have submitted a false certification as provided under
41 subsection (5) or been placed on the Scrutinized Companies with
42 Activities in Sudan List or the Scrutinized Companies with
43 Activities in the Iran Petroleum Energy Sector List.

44 (b) Any contract with an agency or local governmental
45 entity for goods or services of \$1 million or more entered into
46 or renewed on or after July 1, 2012, must contain a provision
47 that allows for the termination of such contract at the option

657875 - 959Amendment.docx

Published On: 2/21/2012 6:09:37 PM

Amendment No.

48 of the awarding body if the company is found to have submitted a
49 false certification as provided under subsection (5), been
50 placed on the Scrutinized Companies with Activities in Sudan
51 List or the Scrutinized Companies with Activities in the Iran
52 Petroleum Energy Sector List, or been engaged in business
53 operations in Cuba or Syria.

54 (4) Notwithstanding subsection (2) or subsection (3), an
55 agency or local governmental entity, on a case-by-case basis,
56 may permit a company on the Scrutinized Companies with
57 Activities in Sudan List or the Scrutinized Companies with
58 Activities in the Iran Petroleum Energy Sector List, or a
59 company with business operations in Cuba or Syria, to be
60 eligible for, bid on, submit a proposal for, or enter into or
61 renew a contract for goods or services of \$1 million or more
62 under ~~either of the following~~ conditions set forth in paragraph
63 (a) or the conditions set forth in paragraph (b):

64 (a) 1. With respect to a company on the Scrutinized
65 Companies with Activities in Sudan List or the Scrutinized
66 Companies with Activities in the Iran Petroleum Energy Sector
67 List, all of the following occur:

68 a.1. The scrutinized business operations were made before
69 July 1, 2011.

70 b.2. The scrutinized business operations have not been
71 expanded or renewed after July 1, 2011.

72 c.3. The agency or local governmental entity determines
73 that it is in the best interest of the state or local community
74 to contract with the company.

Amendment No.

75 d.4. The company has adopted, has publicized, and is
76 implementing a formal plan to cease scrutinized business
77 operations and to refrain from engaging in any new scrutinized
78 business operations.

79 2. With respect to a company engaged in business
80 operations in Cuba or Syria, all of the following occur:

81 a. The business operations were made before July 1, 2012.

82 b. The business operations have not been expanded or
83 renewed after July 1, 2012.

84 c. The agency or local governmental entity determines that
85 it is in the best interest of the state or local community to
86 contract with the company.

87 d. The company has adopted, has publicized, and is
88 implementing a formal plan to cease business operations and to
89 refrain from engaging in any new business operations.

90 (b) One of the following occurs:

91 1. The local governmental entity makes a public finding
92 that, absent such an exemption, the local governmental entity
93 would be unable to obtain the goods or services for which the
94 contract is offered.

95 2. For a contract with an executive agency, the Governor
96 makes a public finding that, absent such an exemption, the
97 agency would be unable to obtain the goods or services for which
98 the contract is offered.

99 3. For a contract with an office of a state constitutional
100 officer other than the Governor, the state constitutional
101 officer makes a public finding that, absent such an exemption,

Amendment No.

102 the office would be unable to obtain the goods or services for
103 which the contract is offered.

104 (5) At the time a company submits a bid or proposal for a
105 contract or before the company enters into or renews a contract
106 with an agency or governmental entity for goods or services of
107 \$1 million or more, the company must certify that the company is
108 not on the Scrutinized Companies with Activities in Sudan List
109 or the Scrutinized Companies with Activities in the Iran
110 Petroleum Energy Sector List, or that it does not have business
111 operations in Cuba or Syria.

112 (a) If, after the agency or the local governmental entity
113 determines, using credible information available to the public,
114 that the company has submitted a false certification, the agency
115 or local governmental entity shall provide the company with
116 written notice of its determination. The company shall have 90
117 days following receipt of the notice to respond in writing and
118 to demonstrate that the determination of false certification was
119 made in error. If the company does not make such demonstration
120 within 90 days after receipt of the notice, the agency or the
121 local governmental entity shall bring a civil action against the
122 company. If a civil action is brought and the court determines
123 that the company submitted a false certification, the company
124 shall pay the penalty described in subparagraph 1. and all
125 reasonable attorney ~~attorney's~~ fees and costs, including any
126 costs for investigations that led to the finding of false
127 certification.

Amendment No.

128 1. A civil penalty equal to the greater of \$2 million or
129 twice the amount of the contract for which the false
130 certification was submitted shall be imposed.

131 2. The company is ineligible to bid on any contract with
132 an agency or local governmental entity for 3 years after the
133 date the agency or local governmental entity determined that the
134 company submitted a false certification.

135 (b) A civil action to collect the penalties described in
136 paragraph (a) must commence within 3 years after the date the
137 false certification is submitted.

138 (6) Only the agency or local governmental entity that is a
139 party to the contract may cause a civil action to be brought
140 under this section. This section does not create or authorize a
141 private right of action or enforcement of the penalties provided
142 in this section. An unsuccessful bidder, or any other person
143 other than the agency or local governmental entity, may not
144 protest the award of a contract or contract renewal on the basis
145 of a false certification.

146 (7) This section preempts any ordinance or rule of any
147 agency or local governmental entity involving public contracts
148 for goods or services of \$1 million or more with a company
149 engaged in scrutinized business operations.

150 (8) The department shall submit to the Attorney General of
151 the United States a written notice:

152 (a) Describing this section within 30 days after July 1,
153 2011.

154 (b) Within 30 days after July 1, 2012, apprising the
155 Attorney General of the United States of the inclusion of

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/CS/HB 999 Onsite Sewage Treatment and Disposal Systems
SPONSOR(S): Appropriations Committee, Dorworth and others
TIED BILLS: IDEN./SIM. **BILLS:** CS/CS/SB 820

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Economic Affairs Committee	14 Y, 1 N	Rojas	Tinker
2) Appropriations Committee	19 Y, 0 N, As CS	Clark	Leznoff
3) State Affairs Committee		Deslatte JD	Hamby 

SUMMARY ANALYSIS

The bill repeals the onsite sewage treatment and disposal system evaluation program, including legislative intent, program requirements, and the Department of Health's (DOH) rulemaking authority to implement the program.

The bill also:

- Creates a definition of bedroom for purposes of establishing thresholds for required treatment capacity.
- Provides that a permit issued by the DOH for the installation, modification, or repair of a septic system transfers with title to the property. Title is not encumbered when the title is transferred if new permit requirements are in place at the time of transfer.
- Provides for the reconnection of properly functioning septic systems, and clarifies that such systems are not considered abandoned.
- Clarifies that the rules applicable and in effect at the time of approval for construction apply at the time of final approval of the system under certain circumstances.
- Clarifies that a modification, replacement, or upgrade of a septic system is not required for a remodeling addition to a single-family home if a bedroom is not added.
- Reduces the annual operating permit fee for waterless, incinerating, or organic waste composting toilets to a range of \$15-\$30 from a range of \$30-\$150.
- Repeals the grant program for low-income residents to repair and replace septic systems.
- Requires counties and municipalities with a first magnitude spring to develop and adopt by ordinance a local evaluation and assessment program, unless the county or municipality opts out.
- Authorizes all other counties and municipalities to establish local evaluation and assessment programs.

If an evaluation program is adopted by a county or municipality by ordinance, the bill sets the framework and allowable criteria, which includes:

- a pump out and evaluation of a septic system to be performed every five years;
- only persons authorized in the bill may perform the pump out and evaluation;
- notice to be given to septic system owners at least 60 days before the septic system is due for an evaluation;
- that a local ordinance may authorize the assessment of a reasonable fee to cover the costs of administering the evaluation program;
- penalties for qualified contractors and septic system owners who do not comply with the requirements of the evaluation program;
- a county or municipality must notify the Secretary of Environmental Protection, DOH and the local health department upon the adoption of the ordinance establishing the program; and
- the Department of Environmental Protection (DEP), within existing resources, must notify a county or municipality of potential funding under the Clean Water Act or Clean Water State Revolving Fund and assist such counties or municipalities to model and establish low-interest loan programs.

The bill has an unknown but likely insignificant fiscal impact that can be absorbed within the DOH's existing resources.

The bill is effective upon becoming a law.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Current Situation

The Department of Health's Regulation of Septic Tanks

The DOH oversees an environmental health program as part of fulfilling the state's public health mission. The purpose of this program is to detect and prevent disease caused by natural and manmade factors in the environment. One component of the program is administration of septic systems.¹

An "onsite sewage treatment and disposal system" is a system that contains a standard subsurface, filled, or mound drainfield system; an aerobic treatment unit; a graywater system tank; a laundry wastewater system tank; a septic tank; a grease interceptor; a pump tank; a solid or effluent pump; a waterless, incinerating, or organic waste-composting toilet; or a sanitary pit privy that is installed or proposed to be installed beyond the building sewer on land of the owner or on other land to which the owner has the legal right to install a system. The term includes any item placed within, or intended to be used as a part of or in conjunction with, the system. The term does not include package sewage treatment facilities and other treatment works regulated under ch. 403, F.S.²

The DOH estimates there are approximately 2.67 million septic tanks in use statewide.³ The DOH's Bureau of Onsite Sewage (bureau) develops statewide rules and provides training and standardization for county health department employees responsible for permitting the installation and repair of septic systems within the state. The bureau also licenses septic system contractors, approves continuing education courses and courses provided for septic system contractors, funds a hands-on training center, and mediates septic system contracting complaints. The bureau manages a state-funded research program, prepares research grants, and reviews and approves innovative products and septic system designs.⁴

In 2008, the Legislature directed the DOH to submit a report to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives by no later than October 1, 2008, which identifies the range of costs to implement a mandatory statewide five-year septic tank inspection program to be phased in over 10 years pursuant to the DOH's procedure for voluntary inspection, including use of fees to offset costs.⁵ This resulted in the "Report on Range of Costs to Implement a Mandatory Statewide 5-Year Septic Tank Inspection Program" (report).⁶ According to the report, three Florida counties, Charlotte, Escambia and Santa Rosa, have implemented mandatory septic tank inspections at a cost of \$83 to \$215 per inspection.

The report stated that 99 percent of septic tanks in Florida are not under any management or maintenance requirements. Also, the report found that while these systems were designed and installed in accordance with the regulations at the time of construction and installation, many are aging and may be under-designed by today's standards. The DOH's statistics indicate that approximately 2 million septic systems are 20 years or older, which is the average lifespan of a septic system in

⁶ Florida Dep't of Health, Bureau of Onsite Sewage, *Report on Range of Costs to Implement a Mandatory Statewide 5-Year Septic Tank Inspection Program*, October 1, 2008, available at <http://www.doh.state.fl.us/environment/ostds/pdf/files/forms/MSIP.pdf> (last visited Jan. 13, 2012).

Florida.⁷ Because repairs of septic systems were not regulated or permitted by the DOH until March 1992, some septic systems may have been unlawfully repaired, modified or replaced. Furthermore, 1.3 million septic systems were installed prior to 1983. Pre-1983 septic systems were required to have a six inch separation from the bottom of the drainfield to the estimated seasonal high water table. The standard since 1983 for drainfield separation is 24 inches and is based on the 1982 Water Quality Assurance Act and on research findings compiled by the DOH that indicate for septic tank effluent, the presence of at least 24 inches of unsaturated fine sandy soil is needed to provide a relatively high degree of treatment for pathogens and most other septic system effluent constituents.⁸ Therefore, Florida's pre-1983 septic systems and any illegally repaired, modified or installed septic systems may not provide the same level of protection expected from systems permitted and installed under current construction standards.⁹

Flow and Septic System Design Determinations

For residences, domestic sewage flows are calculated using the number of bedrooms and the building area as criteria for consideration, including existing structures and any proposed additions.¹⁰ Depending on the estimated sewage flow, the septic system may or may not be approved by the DOH. For example, a current three bedroom, 1,300 square foot home is able to add building area to have a total of 2,250 square feet of building area with no change in their approved system, provided no additional bedrooms are added.¹¹

Minimum design flows for septic systems serving any structure, building or group of buildings are based on the estimated daily sewage flow. For residences, the flows are based on the number of bedrooms and square footage of building area. For a single or multiple family dwelling unit, the estimated sewage flows are: for one bedroom with 750 square feet or less building area, 100 gallons; for two bedrooms with 751-1,200 square feet, 200 gallons; for three bedrooms with 1,201-2,250 square feet, 300 gallons; and for four bedrooms with 2,251-3,300 square feet, 400 gallons. For each additional bedroom or each additional 750 square feet of building area or fraction thereof in a dwelling unit, system sizing is to be increased by 100 gallons.¹²

Current Status of Evaluation Program

In 2010, SB 550 was signed into law, which became ch. 2010-205, L.O.F. This law provides for additional legislative intent on the importance of properly managing septic tanks and creates a septic system evaluation program. The DOH was to implement the evaluation program beginning January 1, 2011, with full implementation by January 1, 2016.¹³ The evaluation program:

- requires all septic tanks to be evaluated for functionality at least once every five years;
- directs the DOH to provide proper notice to septic owners that their evaluations are due;
- ensures proper separations from the wettest-season water table; and
- specifies the professional qualifications necessary to carry out an evaluation.

The law also establishes a grant program under s. 381.00656, F.S., for owners of septic systems earning less than or equal to 133 percent of the federal poverty level. The grant program is to provide funding for inspections, pump-outs, repairs, or replacements. The DOH is authorized under the law to adopt rules to establish the application and award process for grants.

⁹ *Id.*

¹⁰ Rule 64E-6.001, F.A.C.

¹¹ *Id.*

¹² Rule 64E-6.008, F.A.C.

¹³ However, implementation was delayed until July 1, 2011, by the Legislature's enactment of SB 2-A (2010). See also ch. 2010-283, L.O.F.

Finally, ch. 2010-205, L.O.F., amended s. 381.0066, F.S., establishing a minimum and maximum evaluation fee that the DOH can collect. No more than \$5 of each evaluation fee may be used to fund the grant program. The State's Surgeon General, in consultation with the Revenue Estimating Conference, must determine a revenue neutral evaluation fee.

Several bills were introduced during the 2011 Regular Session aimed at either eliminating the inspection program or scaling it back. Although none passed, language was inserted into a budget implementing bill that prohibited the DOH from expending funds to implement the inspection program until it submitted a plan to the Legislative Budget Commission (LBC).¹⁴ If approved, the DOH would then be able to expend funds to begin implementation. Currently, the DOH has not submitted a plan to the LBC for approval.

Springs in Florida

Florida has more than 700 recognized springs. It also has 33 historical first magnitude springs in 19 counties that discharge more than 64 million gallons of water per day.¹⁵ First magnitude springs are those that discharge 100 cubic feet of water per second or greater. Spring discharges, primarily from the Floridian Aquifer, are used to determine ground water quality and the degree of human impact on the spring's recharge area. Rainfall, surface conditions, soil type, mineralogy, the composition and porous nature of the aquifer system, flow, and length of time in the aquifer all contribute to ground water chemistry. Springs are historically low nitrogen systems. The DEP recently submitted numeric nutrient standards to the Legislature for ratification that include a nitrate-nitrite (variants of nitrogen) limit of 0.35 milligrams per liter for springs. For comparison, the U.S. Environmental Protection Agency's drinking water standard for nitrite is 1.0 milligrams per liter; for nitrate, 10 milligrams per liter.¹⁶

Local Government Powers and Legislative Preemption

The Florida Constitution grants counties or municipalities broad home rule authority. Specifically, non-charter county governments may exercise those powers of self-government that are provided by general or special law.¹⁷ Those counties operating under a county charter have all powers of self-government not inconsistent with general law, or special law approved by the vote of the electors.¹⁸ Likewise, municipalities have those governmental, corporate, and proprietary powers that enable them to conduct municipal government, perform their functions and provide services, and exercise any power for municipal purposes, except as otherwise provided by law.¹⁹ Section 125.01, F.S., enumerates the powers and duties of all county governments, unless preempted on a particular subject by general or special law.

Under its broad home rule powers, a municipality or a charter county may legislate concurrently with the Legislature on any subject which has not been expressly preempted to the State.²⁰ Express preemption of a municipality's power to legislate requires a specific statement; preemption cannot be made by implication or by inference.²¹ A county or municipality cannot forbid what the Legislature has expressly licensed, authorized or required, nor may it authorize what the Legislature has expressly forbidden.²² The Legislature can preempt a county's broad authority to enact ordinances and may do so either expressly or by implication.²³

Effect of the Bill

The bill repeals the state wide septic system evaluation program, including program requirements, and the DOH's rulemaking authority to implement the program. It repeals legislative intent regarding the DOH's administration of a state wide septic system evaluation program and an obsolete reporting requirement regarding the land application of septage.

The bill also repeals s. 381.00656, F.S., related to a low-income grant program to assist residents with costs associated from a septic system evaluation program and any necessary repairs or replacements.

The bill defines "bedroom" as a room that can be used for sleeping that, for site-built dwellings, has a minimum 70 square feet of conditioned space; or for manufactured homes, constructed to HUD standards having a minimum of 50 square feet of floor area. The room must be located along an exterior wall, have a closet and a door or an entrance where a door could be reasonably installed. It also must have an emergency means of escape and rescue opening to the outside. A room may not be considered a bedroom if it is used to access another room, unless the room that is accessed is a bathroom or closet. The term does not include a hallway, bathroom, kitchen, living room, family room, dining room, den, breakfast nook, pantry, laundry room, sunroom, recreation room, media/video room, or exercise room. The bill also corrects two cross references. One is related to research fees collected to fund hands-on training centers for septic systems. The other relates to determining the mean annual flood line.

The bill provides that a permit issued and approved by the DOH for the installation, modification, or repair of a septic system transfers with the title to the property. A title is not encumbered when transferred by new permit requirements that differ from the original permit requirements in effect when the septic system was permitted, modified or repaired. It also prohibits a government entity from requiring a septic system inspection at the point of sale in a real estate transaction. Additionally, the bill prohibits a governmental entity from requiring an engineer-designed performance-based system after January 31, 2012.

The bill specifies a septic system serving a foreclosed property is not considered abandoned. It also specifies a septic system is not considered abandoned if it was properly functioning when disconnected from a structure made unusable or destroyed following a disaster, and the septic system was not adversely affected by the disaster. The septic system may be reconnected to a rebuilt structure if:

- reconnection of the septic system is to the same type of structure, which contains the same number of bedrooms or less, provided the square footage is less than or equal to 110 percent of the original square footage, that existed prior to the disaster;
- the septic system is not a sanitary nuisance; and
- the septic system has not been altered without prior authorization.

The bill provides that the rules applicable and in effect at the time of approval for construction apply at the time of the final approval of the septic system if fundamental site conditions have not changed between the time of construction approval and final approval. The bill also provides that a modification, replacement, or upgrade of a septic system is not required for a remodeling addition to a single-family home if a bedroom is not added.

A county or municipality containing a first magnitude spring within its boundary must develop and adopt by ordinance a local septic system evaluation and assessment program meeting the requirements of this bill within all or part of its geographic area by January 1, 2013, unless it opts out. All other counties and municipalities may opt in but otherwise are not required to take any affirmative action. Evaluation programs adopted before July 1, 2011, and that do not contain a mandatory septic system inspection at the point of sale in a real estate transaction are not affected. Existing evaluation programs that require point of sale inspections are preempted regardless of when the program was adopted.

A county or municipality may opt out by a majority plus one vote of the local elected body before January 1, 2013, by adopting a separate resolution. The resolution must be filed with the Secretary of State. Absent an interlocal agreement or county charter provision to the contrary, a municipality may elect to opt out of the requirements of this section notwithstanding the decision of the county in which it is located. A county or municipality may subsequently adopt an ordinance imposing a septic system evaluation and assessment program if the program meets the requirements of this bill. The bill preempts counties' and municipalities' authority to adopt more stringent requirements for a septic system evaluation program than those contained in the bill.

Local ordinances must provide for the following:

- An evaluation of a septic system, including drainfield, every five years to assess the fundamental operational condition of the system and to identify system failures.
- The ordinance may not mandate an evaluation or a soil examination at the point of sale in a real estate transaction.
- Each evaluation must be performed by:
 - a septic tank contractor or master septic tank contractor registered under part III of ch. 489, F.S.;
 - a professional engineer having wastewater treatment system experience and licensed pursuant to ch. 471, F.S.;
 - an environmental health professional certified under ch. 381, F.S., in the area of septic system evaluation; or
 - an authorized employee working under the supervision of any of the above four listed individuals. Soil samples may only be conducted by certified individuals.

Evaluation forms must be written or electronically signed by a qualified contractor.

The local ordinance may not require a repair, modification or replacement of a septic system as a result of an evaluation unless the evaluation identifies a failure. The term "system failure" is defined as:

- a condition existing within a septic system that results in the discharge of untreated or partially treated wastewater onto the ground surface or into surface water; or
- results in a sanitary nuisance caused by the failure of building plumbing to discharge properly.

A system is not a failure if an obstruction in a sanitary line or an effluent screen or filter prevents effluent from flowing into a drainfield. The bill specifies that a drainfield not achieving the minimum separation distance from the bottom of the drainfield to the wettest season water table contained in current law is not a system failure.

The local ordinance may not require more than the least costly remedial measure to resolve the system failure. The homeowner may choose the remedial measure to fix the system. There may be instances in which a pump out is sufficient to resolve a system failure. Remedial measures to resolve a system failure must meet, to the extent possible, the requirements in effect at the time the repair is made, subject to the exceptions specified in s. 381.0065(4)(g), F.S. This allows certain older septic systems to be repaired instead of replaced if they cannot be repaired to operate to current code. An ordinance may not require an engineer-designed performance-based system as an alternative septic system to remediate a failure of a conventional septic system.

The bill specifies that a septic system that is required to obtain an operating permit or that is inspected by the department on an annual basis pursuant to ch. 513, F.S., related to mobile home and recreational vehicle parks is exempt from inclusion in a local septic system evaluation program. The bill also exempts a septic system serving a residential dwelling unit on a lot with a ratio of one bedroom per acre or greater.

The bill requires the owner of a septic system subject to an evaluation program to have it pumped out and evaluated at least once every five years. A pump out is not required if the owner can provide documentation to show a pump out has been performed or there has been a permitted new installation,

repair or modification of the septic system within the previous five years. The documentation must show both the capacity and that the condition of the tank is structurally sound and watertight.

If a tank, in the opinion of the qualified contractor, is in danger of being damaged by leaving the tank empty after inspection, the tank must be refilled before concluding the inspection. Replacing broken or damaged lids or manholes does not require a repair permit.

In addition to a pump out, the evaluation procedures require an assessment of the apparent structural condition and watertightness of the tank and an estimation of its size. A visual inspection of a tank is required when the tank is empty to detect cracks, leaks or other defects. The baffles or tees must be checked to ensure that they are intact and secure. The evaluation must note the presence and condition of:

- outlet devices;
- effluent filters;
- compartment walls;
- any structural defect in the tank; and
- the condition and fit of the tank lid, including manholes.

The bill also requires a drainfield evaluation and requires certain assessments to be performed when a system contains pumps, siphons or alarms. The drainfield evaluation must include a determination of the approximate size and location of the drainfield. The evaluation must contain a statement noting whether there is any visible effluent on the ground or discharging to a ditch or water body and identifying the location of any downspout or other source of water near the drainfield.

If the septic system contains pumps, siphons or alarms, the following information must be provided:

- an assessment of dosing tank integrity, including the approximate volume and the type of material used in construction;
- whether the pump is elevated off of the bottom of the chamber and its operational status;
- whether the septic system has a check valve and purge hole; and
- whether there is a high-water alarm, including whether the type of alarm is audio, visual or both, the location of the alarm, its operational condition and whether the electrical connections appears satisfactory.

The reporting procedures provided for in the bill require:

- the qualified contractor to document all the evaluation procedures used;
- the qualified contractor to provide a copy of a written, signed evaluation report to the property owner and the county health department within 30 days after the evaluation;
- the name and license number of the company providing the report;
- the local county health department to retain a copy of the evaluation report for a minimum of five years and until a subsequent report is filed;
- the front cover of the report to identify any system failure and include a clear and conspicuous notice to the owner that the owner has a right to have any remediation performed by a contractor other than the contractor performing the evaluation;
- the report to identify tank defects, improper fit or other defects in the tank, manhole or lid, and any other missing component of the septic system;
- noting if any sewage or effluent is present on the ground or discharging to a ditch or surface water body;
- stating if any downspout, stormwater or other source of water is directed onto or towards the septic system;
- identification of any maintenance need or condition that has the potential to interfere with or restrict any future repair or modification to the existing septic system; and
- conclude with an overall assessment of the fundamental operational condition of the septic system.

The county health department will be responsible for administering the program on behalf of a county or municipality. A county or municipality may develop a reasonable fee schedule in consultation with a

county health department. The fee must only be used to pay for the costs of administering the program and must be revenue neutral. The fee schedule must be included in the adopted ordinance for a septic system evaluation program. The fee shall be assessed to the septic system owner, collected by the qualified contractor and remitted to the county health department.

The county health department in a jurisdiction where a septic system evaluation program is adopted must:

- provide a notice to a septic system owner at least 60 days before the septic system is due for an evaluation;
- in consultation with the DOH, provide for uniform disciplinary procedures and penalties for qualified contractors who do not comply with the requirements of the adopted ordinance;
- be the sole entity to assess penalties against a septic tank owner who fails to comply with the requirements of an adopted ordinance;

The bill requires DOH to provide access to the Environmental Health Database to county health departments and qualified contractors for use in the assimilation of data to track relevant information resulting from an assessment and evaluation. The Environmental Health Database will be used by contractors to report all service and evaluation events and by the county health department to notify owners of onsite sewage treatment and disposal systems when evaluations are due. Data and information will be recorded and updated as service and evaluations are conducted and reported.

The bill requires a county or municipality that adopts a septic system evaluation and assessment program to notify the Secretary of the DEP, the DOH and the requisite county health department. Once the DEP receives notice a county or municipality has adopted an evaluation program, it must, within existing resources, notify the county or municipality of the potential availability of Clean Water Act or Clean Water State Revolving Fund grants. If a county or municipality requests, the DEP must, within existing resources, provide guidance in the application process to access the above mentioned funding sources and provide advice and technical assistance on how to establish a low-interest revolving loan program or how to model a revolving loan program after the low-interest loan program of the Clean Water State Revolving Fund. The DEP is not required to provide any money to fund such programs. The bill specifically prohibits the DOH from adopting any rule that alters the provisions contained within the bill.

The bill specifies that it does not derogate or limit county and municipal home rule authority to act outside the scope of the evaluation program created in this bill. The bill clarifies it does not repeal or affect any other law relating to the subject matter of this section. It does not prohibit a county or municipality that has adopted an evaluation program pursuant to this section from:

- enforcing existing ordinances or adopting new ordinances if such ordinances do not repeal, suspend or alter the requirements or limitations of this section; or
- exercising its independent and existing authority to use and meet the requirements of s. 381.00655, F.S. (relating to connection to central sewer systems).

B. SECTION DIRECTORY:

Section 1: Amends s. 381.0065, F.S., to repeal the onsite sewage treatment and disposal system evaluation program, including legislative intent, program requirements, and the DOH rulemaking authority to implement the program.

Section 2: Creates s. 381.00651, F.S., requiring evaluation programs to be adopted by a county or municipality with a first magnitude spring and authorizing evaluation programs to be adopted by any other county or municipality by ordinance and sets the framework and allowable criteria.

Section 3: Repeals s. 381.00656, F.S., related to a low-income grant program to assist residents with costs associated from a septic system evaluation program and any necessary repairs or replacements.

Section 4: Amends s. 381.0066, F.S., related to septic system fees. Deletes the existing fees for the five-year evaluation report and reduces the annual operating permit fee for waterless, incinerating or organic waste composting.

Section 5: Provides an effective date.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The projected revenues would have been \$3.12 million for Fiscal Year 2011-2012, based on a July 1, 2011, implementation date for the onsite sewage treatment and disposal system evaluation program. These projected revenues would have offset the costs to the DOH to administer the evaluation program, including providing assistance to low income families for septic systems needing repair. However, this bill eliminates the requirement to implement the statewide septic tank evaluation and grant programs, and therefore results in no fiscal impact to the DOH.

The bill also decreases the amount of revenue the department will receive as a result of the reduction of the annual operating permit fees for waterless, incinerating, or organic waste composting toilets from a range of \$50 to \$150 to a range of \$15 to \$30. The amount is unknown, but expected to be insignificant.

2. Expenditures:

The department identifies potential expenditures related to the Environmental Health Database that the individual counties or municipalities will use to track onsite systems in Florida. It is unknown if any counties or how many counties will adopt an onsite sewage evaluation program that would require county use of the department's centralized database. The department notes potential costs associated with IT infrastructure and staff needs, however, these costs are insignificant and can be absorbed within existing department resources.

The bill also requires the Department of Environmental Protection, upon being notified that a county or municipality has adopted a septic system evaluation and assessment program, to notify the county or municipality of the potential availability of Clean Water Act or Clean Water State Revolving Fund grants. The DEP must provide this service within existing resources. If a county or municipality requests, the DEP must provide guidance in the application process and provide technical assistance on how to establish a low-interest revolving loan program. The fiscal impact to DEP is estimated to be minimal and could be handled with existing staff and resources.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill allows a county or municipality to assess a reasonable fee to cover the costs of administering the evaluation program. The fee will likely vary from jurisdiction to jurisdiction.

2. Expenditures:

The cost to counties or municipalities adopting evaluation programs is indeterminate as it depends on how large an area is covered by the evaluation program and how many septic systems are included.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

Owners of septic systems subject to the evaluation program will have to pay for septic system evaluations, including pump outs, every five years.

The DOH estimates a cost savings to the public of \$2,500 to \$7,500 per system through preventive maintenance, thus eliminating the need for costly repairs associated with neglected, failing or improperly functioning systems.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill specifically prohibits the DOH from adopting any rule that alters the provisions contained within the bill.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On January 19, 2012, the Economic Affairs Committee adopted a strike-all amendment. The strike-all differs from the bill as follows:

- Requires counties and municipalities with a first magnitude spring to develop and adopt by ordinance a local evaluation and assessment program, unless the county or municipality opts out.
- Exempts a septic system serving a residential dwelling unit on a lot with a ratio of one bedroom per acre or greater.
- Deletes the requirement for local governments who establish evaluation and assessment programs to develop monitoring databases and replaces it with the requirement for DOH to provide access to the Environmental Health Database to county Health Departments and qualified contractors for use in the assimilation of data to track relevant information resulting from an assessment and evaluation.

The bill was reported favorably as a committee substitute and the analysis has been updated to reflect the adopted strike-all amendment.

On February 15, 2012, the Appropriations Committee adopted a strike-all amendment. The strike-all amendment differs from the bill as follows:

- Prohibits a governmental entity from requiring an engineer-designed performance-based system after January 31, 2012.
- Makes the opt out requirement for a county or municipality containing a first magnitude spring a majority plus one vote of the local governing board.

The bill was reported favorably as a committee substitute to the committee substitute. The analysis has been updated to reflect the adopted strike-all amendment.

1 A bill to be entitled
2 An act relating to onsite sewage treatment and
3 disposal systems; amending s. 381.0065, F.S.; deleting
4 legislative intent; defining the term "bedroom";
5 conforming cross-references; providing for any permit
6 issued and approved by the Department of Health for
7 the installation, modification, or repair of an onsite
8 sewage treatment and disposal system to transfer with
9 the title of the property; providing circumstances in
10 which an onsite sewage treatment and disposal system
11 is not considered abandoned; providing for the
12 validity of an onsite sewage treatment and disposal
13 system permit if rules change before final approval of
14 the constructed system, under certain conditions;
15 providing that a system modification, replacement, or
16 upgrade is not required unless a bedroom is added to a
17 single-family home; prohibiting governmental entities
18 from requiring certain systems after a specified date;
19 deleting provisions requiring the department to
20 administer an evaluation and assessment program of
21 onsite sewage treatment and disposal systems and
22 requiring property owners to have such systems
23 evaluated at least once every 5 years; deleting
24 obsolete provisions; creating s. 381.00651, F.S.;
25 requiring a county or municipality containing a first
26 magnitude spring to adopt by ordinance, under certain
27 circumstances, the program for the periodic evaluation
28 and assessment of onsite sewage treatment and disposal

29 systems; requiring the county or municipality to
 30 notify the Secretary of State of the ordinance;
 31 authorizing a county or municipality, in specified
 32 circumstances, to opt out by a majority plus one vote
 33 of certain requirements by a specified date;
 34 authorizing a county or municipality to adopt or
 35 repeal, after a specified date, an ordinance creating
 36 an evaluation and assessment program, subject to
 37 notification of the Secretary of State; providing
 38 criteria for evaluations, qualified contractors, and
 39 repair of systems; providing for certain procedures
 40 and exemptions in special circumstances; defining the
 41 term "system failure"; requiring that certain
 42 procedures be used for conducting tank and drainfield
 43 evaluations; providing for certain procedures in
 44 special circumstances; providing for contractor
 45 immunity from liability under certain conditions;
 46 providing for assessment procedures; providing
 47 requirements for county health departments; requiring
 48 the Department of Health to allow county health
 49 departments and qualified contractors to access the
 50 state database to track data and evaluation reports;
 51 requiring counties and municipalities to notify the
 52 Secretary of Environmental Protection and the
 53 Department of Health when an evaluation program
 54 ordinance is adopted; requiring the Department of
 55 Environmental Protection to notify those counties or
 56 municipalities of the use of, and access to, certain

57 state and federal program funds and to provide certain
 58 guidance and technical assistance upon request;
 59 prohibiting the adoption of certain rules by the
 60 Department of Health; providing for applicability;
 61 repealing s. 381.00656, F.S., relating to a grant
 62 program for the repair of onsite sewage treatment and
 63 disposal systems; amending s. 381.0066, F.S.; lowering
 64 the fees imposed by the department for certain
 65 permits; conforming cross-references; providing an
 66 effective date.

67

68 Be It Enacted by the Legislature of the State of Florida:

69

70 Section 1. Subsections (1), (5), (6), and (7) of section
 71 381.0065, Florida Statutes, are amended, paragraphs (b) through
 72 (p) of subsection (2) of that section are redesignated as
 73 paragraphs (c) through (q), respectively, a new paragraph (b) is
 74 added to that subsection, paragraph (j) of subsection (3) and
 75 paragraph (n) of subsection (4) of that section are amended, and
 76 paragraphs (w) through (z) are added to subsection (4) of that
 77 section, to read:

78 381.0065 Onsite sewage treatment and disposal systems;
 79 regulation.—

80 (1) LEGISLATIVE INTENT.—

81 ~~(a)~~ It is the intent of the Legislature that proper
 82 management of onsite sewage treatment and disposal systems is
 83 paramount to the health, safety, and welfare of the public. ~~It~~
 84 ~~is further the intent of the Legislature that the department~~

85 ~~shall administer an evaluation program to ensure the operational~~
 86 ~~condition of the system and identify any failure with the~~
 87 ~~system.~~

88 ~~(b)~~ It is the intent of the Legislature that where a
 89 publicly owned or investor-owned sewerage system is not
 90 available, the department shall issue permits for the
 91 construction, installation, modification, abandonment, or repair
 92 of onsite sewage treatment and disposal systems under conditions
 93 as described in this section and rules adopted under this
 94 section. It is further the intent of the Legislature that the
 95 installation and use of onsite sewage treatment and disposal
 96 systems not adversely affect the public health or significantly
 97 degrade the groundwater or surface water.

98 (2) DEFINITIONS.—As used in ss. 381.0065-381.0067, the
 99 term:

100 (b)1. "Bedroom" means a room that can be used for sleeping
 101 and that:

102 a. For site-built dwellings, has a minimum of 70 square
 103 feet of conditioned space;

104 b. For manufactured homes, is constructed according to
 105 standards of the United States Department of Housing and Urban
 106 Development and has a minimum of 50 square feet of floor area;

107 c. Is located along an exterior wall;

108 d. Has a closet and a door or an entrance where a door
 109 could be reasonably installed; and

110 e. Has an emergency means of escape and rescue opening to
 111 the outside.

112 2. A room may not be considered a bedroom if it is used to

113 | access another room except a bathroom or closet.

114 | 3. "Bedroom" does not include a hallway, bathroom,
 115 | kitchen, living room, family room, dining room, den, breakfast
 116 | nook, pantry, laundry room, sunroom, recreation room,
 117 | media/video room, or exercise room.

118 | (3) DUTIES AND POWERS OF THE DEPARTMENT OF HEALTH.—The
 119 | department shall:

120 | (j) Supervise research on, demonstration of, and training
 121 | on the performance, environmental impact, and public health
 122 | impact of onsite sewage treatment and disposal systems within
 123 | this state. Research fees collected under s. 381.0066(2)(k)
 124 | ~~381.0066(2)(l)~~ must be used to develop and fund hands-on
 125 | training centers designed to provide practical information about
 126 | onsite sewage treatment and disposal systems to septic tank
 127 | contractors, master septic tank contractors, contractors,
 128 | inspectors, engineers, and the public and must also be used to
 129 | fund research projects which focus on improvements of onsite
 130 | sewage treatment and disposal systems, including use of
 131 | performance-based standards and reduction of environmental
 132 | impact. Research projects shall be initially approved by the
 133 | technical review and advisory panel and shall be applicable to
 134 | and reflect the soil conditions specific to Florida. Such
 135 | projects shall be awarded through competitive negotiation, using
 136 | the procedures provided in s. 287.055, to public or private
 137 | entities that have experience in onsite sewage treatment and
 138 | disposal systems in Florida and that are principally located in
 139 | Florida. Research projects shall not be awarded to firms or
 140 | entities that employ or are associated with persons who serve on

141 | either the technical review and advisory panel or the research
 142 | review and advisory committee.

143 | (4) PERMITS; INSTALLATION; AND CONDITIONS.—A person may
 144 | not construct, repair, modify, abandon, or operate an onsite
 145 | sewage treatment and disposal system without first obtaining a
 146 | permit approved by the department. The department may issue
 147 | permits to carry out this section, but shall not make the
 148 | issuance of such permits contingent upon prior approval by the
 149 | Department of Environmental Protection, except that the issuance
 150 | of a permit for work seaward of the coastal construction control
 151 | line established under s. 161.053 shall be contingent upon
 152 | receipt of any required coastal construction control line permit
 153 | from the Department of Environmental Protection. A construction
 154 | permit is valid for 18 months from the issuance date and may be
 155 | extended by the department for one 90-day period under rules
 156 | adopted by the department. A repair permit is valid for 90 days
 157 | from the date of issuance. An operating permit must be obtained
 158 | prior to the use of any aerobic treatment unit or if the
 159 | establishment generates commercial waste. Buildings or
 160 | establishments that use an aerobic treatment unit or generate
 161 | commercial waste shall be inspected by the department at least
 162 | annually to assure compliance with the terms of the operating
 163 | permit. The operating permit for a commercial wastewater system
 164 | is valid for 1 year from the date of issuance and must be
 165 | renewed annually. The operating permit for an aerobic treatment
 166 | unit is valid for 2 years from the date of issuance and must be
 167 | renewed every 2 years. If all information pertaining to the
 168 | siting, location, and installation conditions or repair of an

169 onsite sewage treatment and disposal system remains the same, a
 170 construction or repair permit for the onsite sewage treatment
 171 and disposal system may be transferred to another person, if the
 172 transferee files, within 60 days after the transfer of
 173 ownership, an amended application providing all corrected
 174 information and proof of ownership of the property. There is no
 175 fee associated with the processing of this supplemental
 176 information. A person may not contract to construct, modify,
 177 alter, repair, service, abandon, or maintain any portion of an
 178 onsite sewage treatment and disposal system without being
 179 registered under part III of chapter 489. A property owner who
 180 personally performs construction, maintenance, or repairs to a
 181 system serving his or her own owner-occupied single-family
 182 residence is exempt from registration requirements for
 183 performing such construction, maintenance, or repairs on that
 184 residence, but is subject to all permitting requirements. A
 185 municipality or political subdivision of the state may not issue
 186 a building or plumbing permit for any building that requires the
 187 use of an onsite sewage treatment and disposal system unless the
 188 owner or builder has received a construction permit for such
 189 system from the department. A building or structure may not be
 190 occupied and a municipality, political subdivision, or any state
 191 or federal agency may not authorize occupancy until the
 192 department approves the final installation of the onsite sewage
 193 treatment and disposal system. A municipality or political
 194 subdivision of the state may not approve any change in occupancy
 195 or tenancy of a building that uses an onsite sewage treatment
 196 and disposal system until the department has reviewed the use of

197 | the system with the proposed change, approved the change, and
 198 | amended the operating permit.

199 | (n) Evaluations for determining the seasonal high-water
 200 | table elevations or the suitability of soils for the use of a
 201 | new onsite sewage treatment and disposal system shall be
 202 | performed by department personnel, professional engineers
 203 | registered in the state, or such other persons with expertise,
 204 | as defined by rule, in making such evaluations. Evaluations for
 205 | determining mean annual flood lines shall be performed by those
 206 | persons identified in paragraph (2) (j) ~~(2) (i)~~. The department
 207 | shall accept evaluations submitted by professional engineers and
 208 | such other persons as meet the expertise established by this
 209 | section or by rule unless the department has a reasonable
 210 | scientific basis for questioning the accuracy or completeness of
 211 | the evaluation.

212 | (w) Any permit issued and approved by the department for
 213 | the installation, modification, or repair of an onsite sewage
 214 | treatment and disposal system shall transfer with the title to
 215 | the property in a real estate transaction. A title may not be
 216 | encumbered at the time of transfer by new permit requirements by
 217 | a governmental entity for an onsite sewage treatment and
 218 | disposal system which differ from the permitting requirements in
 219 | effect at the time the system was permitted, modified, or
 220 | repaired. No inspection of a system shall be mandated by any
 221 | governmental entity at the point of sale in a real estate
 222 | transaction. A governmental entity may not require an engineer-
 223 | designed performance-based system after January 31, 2012.

224 | (x)1. An onsite sewage treatment and disposal system is

225 not considered abandoned if the system is disconnected from a
 226 structure that was made unusable or destroyed following a
 227 disaster and was properly functioning at the time of
 228 disconnection and not adversely affected by the disaster. The
 229 onsite sewage treatment and disposal system may be reconnected
 230 to a rebuilt structure if:

231 a. The reconnection of the system is to the same type of
 232 structure which contains the same number of bedrooms or less,
 233 provided the square footage of the structure is less than or
 234 equal to 110 percent of the original square footage of the
 235 structure that existed prior to the disaster;

236 b. The system is not a sanitary nuisance; and

237 c. The system has not been altered without prior
 238 authorization.

239 2. An onsite sewage treatment and disposal system that
 240 serves a property that is foreclosed upon is not considered
 241 abandoned.

242 (y) If an onsite sewage treatment and disposal system
 243 permittee receives, relies upon, and undertakes construction of
 244 a system based upon a validly issued construction permit under
 245 rules applicable at the time of construction but a change to a
 246 rule occurs within 5 years after the approval of the system for
 247 construction but before the final approval of the system, the
 248 rules applicable and in effect at the time of construction
 249 approval apply at the time of final approval if fundamental site
 250 conditions have not changed between the time of construction
 251 approval and final approval.

252 (z) A modification, replacement, or upgrade of an onsite

253 sewage treatment and disposal system is not required for a
 254 remodeling addition to a single-family home if a bedroom is not
 255 added.

256 ~~(5) EVALUATION AND ASSESSMENT.~~

257 ~~(a) Beginning July 1, 2011, the department shall~~
 258 ~~administer an onsite sewage treatment and disposal system~~
 259 ~~evaluation program for the purpose of assessing the fundamental~~
 260 ~~operational condition of systems and identifying any failures~~
 261 ~~within the systems. The department shall adopt rules~~
 262 ~~implementing the program standards, procedures, and~~
 263 ~~requirements, including, but not limited to, a schedule for a 5-~~
 264 ~~year evaluation cycle, requirements for the pump-out of a system~~
 265 ~~or repair of a failing system, enforcement procedures for~~
 266 ~~failure of a system owner to obtain an evaluation of the system,~~
 267 ~~and failure of a contractor to timely submit evaluation results~~
 268 ~~to the department and the system owner. The department shall~~
 269 ~~ensure statewide implementation of the evaluation and assessment~~
 270 ~~program by January 1, 2016.~~

271 ~~(b) Owners of an onsite sewage treatment and disposal~~
 272 ~~system, excluding a system that is required to obtain an~~
 273 ~~operating permit, shall have the system evaluated at least once~~
 274 ~~every 5 years to assess the fundamental operational condition of~~
 275 ~~the system, and identify any failure within the system.~~

276 ~~(c) All evaluation procedures must be documented and~~
 277 ~~nothing in this subsection limits the amount of detail an~~
 278 ~~evaluator may provide at his or her professional discretion. The~~
 279 ~~evaluation must include a tank and drainfield evaluation, a~~
 280 ~~written assessment of the condition of the system, and, if~~

281 ~~necessary, a disclosure statement pursuant to the department's~~
 282 ~~procedure.~~

283 ~~(d)1. Systems being evaluated that were installed prior to~~
 284 ~~January 1, 1983, shall meet a minimum 6-inch separation from the~~
 285 ~~bottom of the drainfield to the wettest season water table~~
 286 ~~elevation as defined by department rule. All drainfield repairs,~~
 287 ~~replacements or modifications to systems installed prior to~~
 288 ~~January 1, 1983, shall meet a minimum 12-inch separation from~~
 289 ~~the bottom of the drainfield to the wettest season water table~~
 290 ~~elevation as defined by department rule.~~

291 ~~2. Systems being evaluated that were installed on or after~~
 292 ~~January 1, 1983, shall meet a minimum 12-inch separation from~~
 293 ~~the bottom of the drainfield to the wettest season water table~~
 294 ~~elevation as defined by department rule. All drainfield repairs,~~
 295 ~~replacements or modification to systems developed on or after~~
 296 ~~January 1, 1983, shall meet a minimum 24-inch separation from~~
 297 ~~the bottom of the drainfield to the wettest season water table~~
 298 ~~elevation.~~

299 ~~(e) If documentation of a tank pump-out or a permitted new~~
 300 ~~installation, repair, or modification of the system within the~~
 301 ~~previous 5 years is provided, and states the capacity of the~~
 302 ~~tank and indicates that the condition of the tank is not a~~
 303 ~~sanitary or public health nuisance pursuant to department rule,~~
 304 ~~a pump-out of the system is not required.~~

305 ~~(f) Owners are responsible for paying the cost of any~~
 306 ~~required pump-out, repair, or replacement pursuant to department~~
 307 ~~rule, and may not request partial evaluation or the omission of~~
 308 ~~portions of the evaluation.~~

309 ~~(g) Each evaluation or pump-out required under this~~
 310 ~~subsection must be performed by a septic tank contractor or~~
 311 ~~master septic tank contractor registered under part III of~~
 312 ~~chapter 489, a professional engineer with wastewater treatment~~
 313 ~~system experience licensed pursuant to chapter 471, or an~~
 314 ~~environmental health professional certified under chapter 381 in~~
 315 ~~the area of onsite sewage treatment and disposal system~~
 316 ~~evaluation.~~

317 ~~(h) The evaluation report fee collected pursuant to s.~~
 318 ~~381.0066(2)(b) shall be remitted to the department by the~~
 319 ~~evaluator at the time the report is submitted.~~

320 ~~(i) Prior to any evaluation deadline, the department must~~
 321 ~~provide a minimum of 60 days' notice to owners that their~~
 322 ~~systems must be evaluated by that deadline. The department may~~
 323 ~~include a copy of any homeowner educational materials developed~~
 324 ~~pursuant to this section which provides information on the~~
 325 ~~proper maintenance of onsite sewage treatment and disposal~~
 326 ~~systems.~~

327 (5)~~(6)~~ ENFORCEMENT; RIGHT OF ENTRY; CITATIONS.-

328 (a) Department personnel who have reason to believe
 329 noncompliance exists, may at any reasonable time, enter the
 330 premises permitted under ss. 381.0065-381.0066, or the business
 331 premises of any septic tank contractor or master septic tank
 332 contractor registered under part III of chapter 489, or any
 333 premises that the department has reason to believe is being
 334 operated or maintained not in compliance, to determine
 335 compliance with the provisions of this section, part I of
 336 chapter 386, or part III of chapter 489 or rules or standards

337 adopted under ss. 381.0065-381.0067, part I of chapter 386, or
 338 part III of chapter 489. As used in this paragraph, the term
 339 "premises" does not include a residence or private building. To
 340 gain entry to a residence or private building, the department
 341 must obtain permission from the owner or occupant or secure an
 342 inspection warrant from a court of competent jurisdiction.

343 (b)1. The department may issue citations that may contain
 344 an order of correction or an order to pay a fine, or both, for
 345 violations of ss. 381.0065-381.0067, part I of chapter 386, or
 346 part III of chapter 489 or the rules adopted by the department,
 347 when a violation of these sections or rules is enforceable by an
 348 administrative or civil remedy, or when a violation of these
 349 sections or rules is a misdemeanor of the second degree. A
 350 citation issued under ss. 381.0065-381.0067, part I of chapter
 351 386, or part III of chapter 489 constitutes a notice of proposed
 352 agency action.

353 2. A citation must be in writing and must describe the
 354 particular nature of the violation, including specific reference
 355 to the provisions of law or rule allegedly violated.

356 3. The fines imposed by a citation issued by the
 357 department may not exceed \$500 for each violation. Each day the
 358 violation exists constitutes a separate violation for which a
 359 citation may be issued.

360 4. The department shall inform the recipient, by written
 361 notice pursuant to ss. 120.569 and 120.57, of the right to an
 362 administrative hearing to contest the citation within 21 days
 363 after the date the citation is received. The citation must
 364 contain a conspicuous statement that if the recipient fails to

365 pay the fine within the time allowed, or fails to appear to
 366 contest the citation after having requested a hearing, the
 367 recipient has waived the recipient's right to contest the
 368 citation and must pay an amount up to the maximum fine.

369 5. The department may reduce or waive the fine imposed by
 370 the citation. In determining whether to reduce or waive the
 371 fine, the department must consider the gravity of the violation,
 372 the person's attempts at correcting the violation, and the
 373 person's history of previous violations including violations for
 374 which enforcement actions were taken under ss. 381.0065-
 375 381.0067, part I of chapter 386, part III of chapter 489, or
 376 other provisions of law or rule.

377 6. Any person who willfully refuses to sign and accept a
 378 citation issued by the department commits a misdemeanor of the
 379 second degree, punishable as provided in s. 775.082 or s.
 380 775.083.

381 7. The department, pursuant to ss. 381.0065-381.0067, part
 382 I of chapter 386, or part III of chapter 489, shall deposit any
 383 fines it collects in the county health department trust fund for
 384 use in providing services specified in those sections.

385 8. This section provides an alternative means of enforcing
 386 ss. 381.0065-381.0067, part I of chapter 386, and part III of
 387 chapter 489. This section does not prohibit the department from
 388 enforcing ss. 381.0065-381.0067, part I of chapter 386, or part
 389 III of chapter 489, or its rules, by any other means. However,
 390 the department must elect to use only a single method of
 391 enforcement for each violation.

392 (6)~~(7)~~ LAND APPLICATION OF SEPTAGE PROHIBITED.—Effective

393 | January 1, 2016, the land application of septage from onsite
 394 | sewage treatment and disposal systems is prohibited. ~~By February~~
 395 | ~~1, 2011, the department, in consultation with the Department of~~
 396 | ~~Environmental Protection, shall provide a report to the~~
 397 | ~~Governor, the President of the Senate, and the Speaker of the~~
 398 | ~~House of Representatives, recommending alternative methods to~~
 399 | ~~establish enhanced treatment levels for the land application of~~
 400 | ~~septage from onsite sewage and disposal systems. The report~~
 401 | ~~shall include, but is not limited to, a schedule for the~~
 402 | ~~reduction in land application, appropriate treatment levels,~~
 403 | ~~alternative methods for treatment and disposal, enhanced~~
 404 | ~~application site permitting requirements including any~~
 405 | ~~requirements for nutrient management plans, and the range of~~
 406 | ~~costs to local governments, affected businesses, and individuals~~
 407 | ~~for alternative treatment and disposal methods. The report shall~~
 408 | ~~also include any recommendations for legislation or rule~~
 409 | ~~authority needed to reduce land application of septage.~~

410 | Section 2. Section 381.00651, Florida Statutes, is created
 411 | to read:

412 | 381.00651 Periodic evaluation and assessment of onsite
 413 | sewage treatment and disposal systems.-

414 | (1) For the purposes of this section, the term "first
 415 | magnitude spring" means a spring that has a median water
 416 | discharge of greater than or equal to 100 cubic feet per second
 417 | for the period of record, as determined by the Department of
 418 | Environmental Protection.

419 | (2) A county or municipality that contains a first
 420 | magnitude spring shall, by no later than January 1, 2013,

421 develop and adopt by local ordinance an onsite sewage treatment
 422 and disposal system evaluation and assessment program that meets
 423 the requirements of this section. The ordinance may apply within
 424 all or part of its geographic area. Those counties or
 425 municipalities containing a first magnitude spring which have
 426 already adopted an onsite sewage treatment and disposal system
 427 evaluation and assessment program and which meet the
 428 grandfathering requirements contained in this section, or have
 429 chosen to opt out of this section in the manner provided herein,
 430 are exempt from the requirement to adopt an ordinance
 431 implementing an evaluation and assessment program. The governing
 432 body of a local government that chooses to opt out of this
 433 section, by a majority plus one vote of the members of the
 434 governing board, shall do so by adopting a resolution that
 435 indicates an intent on the part of such local government not to
 436 adopt an onsite sewage treatment and disposal system evaluation
 437 and assessment program. Such resolution shall be addressed and
 438 transmitted to the Secretary of State. Absent an interlocal
 439 agreement or county charter provision to the contrary, a
 440 municipality may elect to opt out of the requirements of this
 441 section, by a majority plus one vote of the members of the
 442 governing board, notwithstanding a contrary decision of the
 443 governing body of a county. Any local government that has
 444 properly opted out of this section but subsequently chooses to
 445 adopt an evaluation and assessment program may do so only
 446 pursuant to the requirements of this section and may not deviate
 447 from such requirements.

448 (3) Any county or municipality that does not contain a

449 first magnitude spring may at any time develop and adopt by
 450 local ordinance an onsite sewage treatment and disposal system
 451 evaluation and assessment program, provided such program meets
 452 and does not deviate from the requirements of this section.

453 (4) Notwithstanding any other provision in this section, a
 454 county or municipality that has adopted a program before July 1,
 455 2011, may continue to enforce its current program without having
 456 to meet the requirements of this section, provided such program
 457 does not require an evaluation at the point of sale in a real
 458 estate transaction.

459 (5) Any county or municipality may repeal an ordinance
 460 adopted pursuant to this section only if the county or
 461 municipality notifies the Secretary of State by letter of the
 462 repeal. No county or municipality may adopt an onsite sewage
 463 treatment and disposal system evaluation and assessment program
 464 except pursuant to this section.

465 (6) The requirements for an onsite sewage treatment and
 466 disposal system evaluation and assessment program are as
 467 follows:

468 (a) Evaluations.—An evaluation of each onsite sewage
 469 treatment and disposal system within all or part of the county's
 470 or municipality's jurisdiction must take place once every 5
 471 years to assess the fundamental operational condition of the
 472 system and to identify system failures. The ordinance may not
 473 mandate an evaluation at the point of sale in a real estate
 474 transaction and may not require a soil examination. The location
 475 of the system shall be identified. A tank and drainfield
 476 evaluation and a written assessment of the overall condition of

477 the system pursuant to the assessment procedure prescribed in
 478 subsection (7) are required.

479 (b) Qualified contractors.—Each evaluation required under
 480 this subsection must be performed by a qualified contractor, who
 481 may be a septic tank contractor or master septic tank contractor
 482 registered under part III of chapter 489, a professional
 483 engineer having wastewater treatment system experience and
 484 licensed under chapter 471, or an environmental health
 485 professional certified under this chapter in the area of onsite
 486 sewage treatment and disposal system evaluation. Evaluations and
 487 pump-outs may also be performed by an authorized employee
 488 working under the supervision of an individual listed in this
 489 paragraph; however, all evaluation forms must be signed by a
 490 qualified contractor in writing or by electronic signature.

491 (c) Repair of systems.—The local ordinance may not require
 492 a repair, modification, or replacement of a system as a result
 493 of an evaluation unless the evaluation identifies a system
 494 failure. For purposes of this subsection, the term "system
 495 failure" means a condition existing within an onsite sewage
 496 treatment and disposal system which results in the discharge of
 497 untreated or partially treated wastewater onto the ground
 498 surface or into surface water or that results in the failure of
 499 building plumbing to discharge properly and presents a sanitary
 500 nuisance. A system is not in failure if the system does not have
 501 a minimum separation distance between the drainfield and the
 502 wettest season water table or if an obstruction in a sanitary
 503 line or an effluent screen or filter prevents effluent from
 504 flowing into a drainfield. If a system failure is identified and

505 several allowable remedial measures are available to resolve the
 506 failure, the system owner may choose the least costly allowable
 507 remedial measure to fix the system. There may be instances in
 508 which a pump-out is sufficient to resolve a system failure.
 509 Allowable remedial measures to resolve a system failure are
 510 limited to what is necessary to resolve the failure and must
 511 meet, to the maximum extent practicable, the requirements of the
 512 repair code in effect when the repair is made, subject to the
 513 exceptions specified in s. 381.0065(4)(g). An engineer-designed
 514 performance-based treatment system to reduce nutrients may not
 515 be required as an alternative remediation measure to resolve the
 516 failure of a conventional system.

517 (d) Exemptions.-

518 1. The local ordinance shall exempt from the evaluation
 519 requirements any system that is required to obtain an operating
 520 permit pursuant to state law or that is inspected by the
 521 department pursuant to the annual permit inspection requirements
 522 of chapter 513.

523 2. The local ordinance may provide for an exemption or an
 524 extension of time to obtain an evaluation and assessment if
 525 connection to a sewer system is available, connection to the
 526 sewer system is imminent, and written arrangements for payment
 527 of any utility assessments or connection fees have been made by
 528 the system owner.

529 3. An onsite sewage treatment and disposal system serving
 530 a residential dwelling unit on a lot with a ratio of one bedroom
 531 per acre or greater is exempt from the requirements of this
 532 section and may not be included in any onsite sewage treatment

533 | and disposal system inspection program.

534 | (7) The following procedures shall be used for conducting
 535 | evaluations:

536 | (a) Tank evaluation.—The tank evaluation shall assess the
 537 | apparent structural condition and watertightness of the tank and
 538 | shall estimate the size of the tank. The evaluation must include
 539 | a pump-out. However, an ordinance may not require a pump-out if
 540 | there is documentation indicating that a tank pump-out or a
 541 | permitted new installation, repair, or modification of the
 542 | system has occurred within the previous 5 years, identifying the
 543 | capacity of the tank, and indicating that the condition of the
 544 | tank is structurally sound and watertight. Visual inspection of
 545 | the tank must be made when the tank is empty to detect cracks,
 546 | leaks, or other defects. Baffles or tees must be checked to
 547 | ensure that they are intact and secure. The evaluation shall
 548 | note the presence and condition of outlet devices, effluent
 549 | filters, and compartment walls; any structural defect in the
 550 | tank; the condition and fit of the tank lid, including manholes;
 551 | whether surface water can infiltrate the tank; and whether the
 552 | tank was pumped out. If the tank, in the opinion of the
 553 | qualified contractor, is in danger of being damaged by leaving
 554 | the tank empty after inspection, the tank shall be refilled
 555 | before concluding the inspection. Broken or damaged lids or
 556 | manholes shall be replaced without obtaining a repair permit.

557 | (b) Drainfield evaluation.—The drainfield evaluation must
 558 | include a determination of the approximate size and location of
 559 | the drainfield. The evaluation shall state whether there is any
 560 | sewage or effluent visible on the ground or discharging to a

561 ditch or other water body and the location of any downspout or
 562 other source of water near or in the vicinity of the drainfield.

563 (c) Special circumstances.—If the system contains pumps,
 564 siphons, or alarms, the following information may be provided at
 565 the request of the homeowner:

566 1. An assessment of dosing tank integrity, including the
 567 approximate volume and the type of material used in the tank's
 568 construction;

569 2. Whether the pump is elevated off the bottom of the
 570 chamber and its operational status;

571 3. Whether the system has a check valve and purge hole;
 572 and

573 4. Whether the system has a high-water alarm, and if so
 574 whether the alarm is audio or visual or both, the location and
 575 operational condition of the alarm, and whether the electrical
 576 connections to the alarm appear satisfactory.

577
 578 If the homeowner does not request this information, the
 579 qualified contractor and its employee are not liable for any
 580 damages directly relating from a failure of the system's pumps,
 581 siphons, or alarms. This exclusion of liability must be stated
 582 on the front cover of the report required under paragraph (d).

583 (d) Assessment procedure.—All evaluation procedures used
 584 by a qualified contractor shall be documented in the
 585 environmental health database of the Department of Health. The
 586 qualified contractor shall provide a copy of a written, signed
 587 evaluation report to the property owner upon completion of the
 588 evaluation and to the county health department within 30 days

589 after the evaluation. The report shall contain the name and
 590 license number of the company providing the report. A copy of
 591 the evaluation report shall be retained by the local county
 592 health department for a minimum of 5 years and until a
 593 subsequent inspection report is filed. The front cover of the
 594 report must identify any system failure and include a clear and
 595 conspicuous notice to the owner that the owner has a right to
 596 have any remediation of the failure performed by a qualified
 597 contractor other than the contractor performing the evaluation.
 598 The report must further identify any crack, leak, improper fit,
 599 or other defect in the tank, manhole, or lid, and any other
 600 damaged or missing component; any sewage or effluent visible on
 601 the ground or discharging to a ditch or other surface water
 602 body; any downspout, stormwater, or other source of water
 603 directed onto or toward the system; and any other maintenance
 604 need or condition of the system at the time of the evaluation
 605 which, in the opinion of the qualified contractor, would
 606 possibly interfere with or restrict any future repair or
 607 modification to the existing system. The report shall conclude
 608 with an overall assessment of the fundamental operational
 609 condition of the system.

610 (8) The county health department shall administer any
 611 evaluation program on behalf of a county, or a municipality
 612 within the county, that has adopted an evaluation program
 613 pursuant to this section. In order to administer the evaluation
 614 program, the county or municipality, in consultation with the
 615 county health department, may develop a reasonable fee schedule
 616 to be used solely to pay for the costs of administering the

617 evaluation program. Such a fee schedule shall be identified in
 618 the ordinance that adopts the evaluation program. When arriving
 619 at a reasonable fee schedule, the estimated annual revenues to
 620 be derived from fees may not exceed reasonable estimated annual
 621 costs of the program. Fees shall be assessed to the system owner
 622 during an inspection and separately identified on the invoice of
 623 the qualified contractor. Fees shall be remitted by the
 624 qualified contractor to the county health department. The county
 625 health department's administrative responsibilities include the
 626 following:

627 (a) Providing a notice to the system owner at least 60
 628 days before the system is due for an evaluation. The notice may
 629 include information on the proper maintenance of onsite sewage
 630 treatment and disposal systems.

631 (b) In consultation with the Department of Health,
 632 providing uniform disciplinary procedures and penalties for
 633 qualified contractors who do not comply with the requirements of
 634 the adopted ordinance, including, but not limited to, failure to
 635 provide the evaluation report as required in this subsection to
 636 the system owner and the county health department. Only the
 637 county health department may assess penalties against system
 638 owners for failure to comply with the adopted ordinance,
 639 consistent with existing requirements of law.

640 (9) (a) A county or municipality that adopts an onsite
 641 sewage treatment and disposal system evaluation and assessment
 642 program pursuant to this section shall notify the Secretary of
 643 Environmental Protection, the Department of Health, and the
 644 applicable county health department upon the adoption of its

645 ordinance establishing the program.

646 (b) Upon receipt of the notice under paragraph (a), the
 647 Department of Environmental Protection shall, within existing
 648 resources, notify the county or municipality of the potential
 649 use of, and access to, program funds under the Clean Water State
 650 Revolving Fund or s. 319 of the Clean Water Act, provide
 651 guidance in the application process to receive such moneys, and
 652 provide advice and technical assistance to the county or
 653 municipality on how to establish a low-interest revolving loan
 654 program or how to model a revolving loan program after the low-
 655 interest loan program of the Clean Water State Revolving Fund.
 656 This paragraph does not obligate the Department of Environmental
 657 Protection to provide any county or municipality with money to
 658 fund such programs.

659 (c) The Department of Health may not adopt any rule that
 660 alters the provisions of this section.

661 (d) The Department of Health must allow county health
 662 departments and qualified contractors access to the
 663 environmental health database to track relevant information and
 664 assimilate data from assessment and evaluation reports of the
 665 overall condition of onsite sewage treatment and disposal
 666 systems. The environmental health database must be used by
 667 contractors to report each service and evaluation event and by a
 668 county health department to notify owners of onsite sewage
 669 treatment and disposal systems when evaluations are due. Data
 670 and information must be recorded and updated as service and
 671 evaluations are conducted and reported.

672 (10) This section does not:

673 (a) Limit county and municipal home rule authority to act
 674 outside the scope of the evaluation and assessment program set
 675 forth in this section;

676 (b) Repeal or affect any other law relating to the subject
 677 matter of onsite sewage treatment and disposal systems; or

678 (c) Prohibit a county or municipality from:

679 1. Enforcing existing ordinances or adopting new
 680 ordinances relating to onsite sewage treatment facilities to
 681 address public health and safety if such ordinances do not
 682 repeal, suspend, or alter the requirements or limitations of
 683 this section.

684 2. Adopting local environmental and pollution abatement
 685 ordinances for water quality improvement as provided for by law
 686 if such ordinances do not repeal, suspend, or alter the
 687 requirements or limitations of this section.

688 3. Exercising its independent and existing authority to
 689 meet the requirements of s. 381.0065.

690 Section 3. Section 381.00656, Florida Statutes, is
 691 repealed.

692 Section 4. Subsection (2) of section 381.0066, Florida
 693 Statutes, is amended to read:

694 381.0066 Onsite sewage treatment and disposal systems;
 695 fees.—

696 (2) The minimum fees in the following fee schedule apply
 697 until changed by rule by the department within the following
 698 limits:

699 (a) Application review, permit issuance, or system
 700 inspection, including repair of a subsurface, mound, filled, or

701 other alternative system or permitting of an abandoned system: a
 702 fee of not less than \$25, or more than \$125.

703 ~~(b) A 5-year evaluation report submitted pursuant to s.~~
 704 ~~381.0065(5): a fee not less than \$15, or more than \$30. At least~~
 705 ~~\$1 and no more than \$5 collected pursuant to this paragraph~~
 706 ~~shall be used to fund a grant program established under s.~~
 707 ~~381.00656.~~

708 (b)~~(e)~~ Site evaluation, site reevaluation, evaluation of a
 709 system previously in use, or a per annum septage disposal site
 710 evaluation: a fee of not less than \$40, or more than \$115.

711 (c)~~(d)~~ Biennial Operating permit for aerobic treatment
 712 units or performance-based treatment systems: a fee of not more
 713 than \$100.

714 (d)~~(e)~~ Annual operating permit for systems located in
 715 areas zoned for industrial manufacturing or equivalent uses or
 716 where the system is expected to receive wastewater which is not
 717 domestic in nature: a fee of not less than \$150, or more than
 718 \$300.

719 (e)~~(f)~~ Innovative technology: a fee not to exceed \$25,000.

720 (f)~~(g)~~ Septage disposal service, septage stabilization
 721 facility, portable or temporary toilet service, tank
 722 manufacturer inspection: a fee of not less than \$25, or more
 723 than \$200, per year.

724 (g)~~(h)~~ Application for variance: a fee of not less than
 725 \$150, or more than \$300.

726 (h)~~(i)~~ Annual operating permit for waterless,
 727 incinerating, or organic waste composting toilets: a fee of not
 728 less than \$15 ~~\$50~~, or more than \$30 ~~\$150~~.

729 (i)~~(j)~~ Aerobic treatment unit or performance-based
 730 treatment system maintenance entity permit: a fee of not less
 731 than \$25, or more than \$150, per year.

732 (j)~~(k)~~ Reinspection fee per visit for site inspection
 733 after system construction approval or for noncompliant system
 734 installation per site visit: a fee of not less than \$25, or more
 735 than \$100.

736 (k)~~(l)~~ Research: An additional \$5 fee shall be added to
 737 each new system construction permit issued to be used to fund
 738 onsite sewage treatment and disposal system research,
 739 demonstration, and training projects. Five dollars from any
 740 repair permit fee collected under this section shall be used for
 741 funding the hands-on training centers described in s.
 742 381.0065(3)(j).

743 (l)~~(m)~~ Annual operating permit, including annual
 744 inspection and any required sampling and laboratory analysis of
 745 effluent, for an engineer-designed performance-based system: a
 746 fee of not less than \$150, or more than \$300.

747
 748 ~~On or before January 1, 2011, the Surgeon General, after~~
 749 ~~consultation with the Revenue Estimating Conference, shall~~
 750 ~~determine a revenue neutral fee schedule for services provided~~
 751 ~~pursuant to s. 381.0065(5) within the parameters set in~~
 752 ~~paragraph (b). Such determination is not subject to the~~
 753 ~~provisions of chapter 120.~~ The funds collected pursuant to this
 754 subsection must be deposited in a trust fund administered by the
 755 department, to be used for the purposes stated in this section
 756 and ss. 381.0065 and 381.00655.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/HB 1021 Agriculture
SPONSOR(S): Criminal Justice Subcommittee; Albritton
TIED BILLS: None **IDEN./SIM. BILLS:** CS/SB 1184

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Agriculture & Natural Resources Subcommittee	13 Y, 2 N	Kaiser	Blalock
2) Criminal Justice Subcommittee	14 Y, 0 N, As CS	Cunningham	Cunningham
3) Agriculture & Natural Resources Appropriations Subcommittee	13 Y, 0 N	Lolley	Massengale
4) State Affairs Committee		Kaiser 	Hamby 

SUMMARY ANALYSIS

This bill addresses several issues relating to agriculture in the state.

- Current law prohibits a county from charging an assessment or fee for stormwater management on a bona fide farm operation on land classified as agricultural, under certain circumstances. Current law also permits any county that, before March 1, 2009, had adopted certain ordinances or resolutions, to continue to charge an assessment or fee for stormwater management on a bona fide farm operation on agricultural land, under certain circumstances. The bill replaces the word “county” with “governmental entity” in the provisions described above to expand the types of governmental entities for which the above provisions apply.
- Current law provides that a person who uses motor fuel for agricultural or aquacultural purposes in farm equipment that has not been driven or operated upon the public highways of the state is entitled to a refund of state taxes imposed on the motor fuel. The public highway use restriction does not apply to the movement of a farm vehicle or farm equipment between farms. The bill adds citrus harvesting equipment and citrus fruit loaders to the types of equipment that can move between farms on public highways in the State and not violate the public highway use restriction for the purpose of qualifying for the motor fuel tax refund described above. The bill also amends the Florida Uniform Traffic Control Law to include citrus harvesting equipment and citrus fruit loaders, not exceeding 50 feet in length, to the list of machinery that are authorized to transport certain perishable farm products, and includes citrus in the list of perishable farm products specified in statute that are authorized to be transported by such machinery.
- The bill revises the powers and duties of the Department of Agriculture and Consumer Services to include enforcing the state laws and rules relating to the use of commercial feed stocks. In addition, the bill requires the department to adopt rules establishing standards for the sale, use, and distribution of commercial feed or feedstuff to ensure usage that is consistent with animal health, safety, and welfare and, to the extent that meat, poultry, and other animal products may be affected by commercial feed or feedstuff, with the safety of these products for human consumption. If adopted, such standards must be developed in consultation with the Commercial Feed Technical Council.

The bill does not appear to have a fiscal impact on state government. On January 20, 2012, the Revenue Estimating Conference adopted an estimate that the bill would have a significant annualized fiscal impact on cities and special districts by exempting certain farm operations from local stormwater management fees or assessments—from \$54.3 million for Fiscal Year 2012-13 to \$68.5 million for Fiscal Year 2015-16.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Stormwater Management Assessments

In 2011, the Legislature overrode the veto of CS/HB 7103, which passed the House and Senate during the 2010 Legislative Session. CS/HB 7103, in part, amended s. 163.3162(3)(b), F.S., to specify that a county cannot charge an assessment or fee for stormwater management on a bona fide farm operation on land classified as agricultural if the farm operation has a National Pollutant Discharge Elimination System (NPDES) permit, environmental resources permit (ERP) or works-of-the-district permit, or implements best management practices (BMPs).¹

In addition, CS/HB 7103 amended s. 163.3162(3)(c), F.S., to specify that each county that, before March 1, 2009, adopted a stormwater utility ordinance or resolution, adopted an ordinance or resolution establishing a municipal services benefit unit, or adopted a resolution stating the county's intent to use the uniform method of collection for such stormwater ordinances, can continue to charge an assessment or fee for stormwater management on a bona fide farm operation on agricultural land, if the ordinance or resolution provides credits against the assessment or fee on a bona fide farm operation for the water quality or flood control benefit of:

- The implementation of BMPs;²
- The stormwater quality and quantity measures required as part of the NPDES permit, ERP, or works-of-the-district permit; or
- The implementation of BMPs or alternative measures, which the landowner demonstrates to the county to be of equivalent or greater stormwater benefit than the BMPs adopted by the Department of Environmental Protection, Department of Agriculture and Consumer Services, or a water management district as part of a statewide or regional program, or stormwater quality and quantity measures required as part of an NPDES permit, ERP, or works-of-the-district permit.

Since the veto override of CS/HB 7103, the City of Palm Coast has adopted and implemented a stormwater fee that affects thousands of acres of timber and agricultural lands. However, since the stormwater management assessment provisions described above currently only apply to counties, they do not currently apply to the City of Palm Coast.

Effect of Proposed Changes

The bill creates s. 163.3162(2)(d), F.S., to define the term "governmental entity" as "having the same meaning as provided in s. 164.1031, F.S.,"³ and amends ss. 163.3162(3)(b) and 163.3162(3)(c), F.S., by replacing the word "county" with the words "governmental entity" in the provisions of those sections described above. This has the effect of expanding the types of entities that are prohibited from charging an assessment or fee for stormwater management on a bona fide farm operation on land classified as agricultural if the farm operation has an NPDES permit, ERP, or works-of-the-district permit or implements best management practices (BMPs), and that can continue, if certain requirements are met, to charge an assessment or fee for stormwater management on a bona fide farm operation on land classified as agricultural.

Motor Fuel Tax Refund

¹ The BMPs must have been adopted as rules under Chapter 120, F.S., by the Department of Environmental Protection, the Department of Agriculture and Consumer Services or a water management district as part of a statewide or regional program.

² *Id.*

³ Governmental entity is defined in s. 164.1031, F.S., to include local and regional governmental entities. "Local governmental entities" includes municipalities, counties, school boards, special districts, and other local entities within the jurisdiction of one county created by general or special law or local ordinance. "Regional governmental entities" includes regional planning councils, metropolitan planning organizations, water supply authorities that include more than one county, local health councils, water management districts, and other regional entities that are authorized and created by general or special law that have duties or responsibilities extending beyond the jurisdiction of a single county.

Section 206.41(4)(c), F.S., specifies that a person who uses motor fuel for agricultural, aquacultural, commercial fishing, or commercial aviation purposes that has paid the local option fuel tax, an additional tax designated as the "State Comprehensive Enhanced Transportation System Tax," or fuel sales tax, is entitled to a refund of such tax. For the purpose of establishing what activities qualify for the tax refund, "agricultural and aquacultural purposes" means "motor fuel used in any tractor, vehicle, or other farm equipment that is used exclusively on a farm or for processing farm products on the farm, and no part of which fuel is used in any vehicle or equipment driven or operated upon the public highways of this state." This restriction from being driven or operated upon the public highways of the state does not apply to the movement of a farm vehicle or farm equipment between farms.

Effect of Proposed Changes

The bill amends s. 206.41(4)(c), F.S., to add citrus harvesting equipment and citrus fruit loaders to the types of equipment that can move between farms on public highways in the State and not violate the public highway use restriction for the purpose of qualifying for the motor fuel tax refund described above.

Transporting Farm Products

Chapter 316, F.S., establishes the Florida Uniform Traffic Control Law. Section 316.515(5)(a), F.S., specifies that, notwithstanding any other provisions of law, certain agricultural equipment such as straight trucks, agricultural tractors, and cotton module movers, not exceeding 50 feet in length, or any combination of up to and including three implements of husbandry, including the towing power unit, and any single agricultural trailer with a load thereon or any agricultural implements attached to a towing power unit, or a self-propelled agricultural implement or an agricultural tractor, is authorized to transport peanuts, grains, soybeans, cotton, hay, straw, or other perishable farm products from their point of production to the first point of change of custody or of long-term storage, and for the purpose of returning to such point of production, or for the purpose of moving such tractors, movers, and implements from one point of agricultural production to another, by a person engaged in the production of any such product or custom hauler, if such vehicle or combination of vehicles otherwise complies with this section of law.

Effect of Proposed Changes

The bill amends s. 316.515(5)(a), F.S., to include citrus harvesting equipment and citrus fruit loaders, not exceeding 50 feet in length, to the list of machinery that are authorized to transport certain perishable farm products, and includes citrus in the list of perishable farm products specified in statute that are authorized to be transported by specified equipment.

DACS—Rulemaking Authority

The Department of Agriculture and Consumer Services has the authority under s. 570.07, F.S., to enforce the laws and rules of the state relating to the registration, labeling, inspection, sale, composition, formulation, wholesale and retail distribution, and analysis of commercial stock feeds.

Chapter 580, F.S., provides for the regulation of commercial feed and feedstuff. Section 580.036, F.S., authorizes the department to adopt rules pursuant to chapter 120, F.S., to enforce the provisions of chapter 580, F.S., and specifies that such rules must be consistent with the rules and standards of the United States Food and Drug Administration and United States Department of Agriculture, when applicable. Such rules must include:

- Establishing definitions and reasonable standards for commercial feed or feedstuff and permissible tolerances for pesticide chemicals, chemical additives, non-nutritive ingredients, or drugs in or on commercial feed or feedstuff in such amounts as will ensure the safety of livestock and poultry and their products, which are used for human consumption.
- Adopting standards for the manufacture and distribution of medicated feedstuff.
- Establishing definitions and reasonable standards for the certification of laboratories for the conduct of testing and analyses as required by Florida law.
- Establishing product labeling requirements for distributors.
- Limiting the use of drugs in commercial feed and prescribe feeding directions to be used to ensure safe usage of medicated feed.

- Establishing standards for evaluating quality-assurance/quality-control plans, including testing protocols, for exemptions to certified laboratory testing requirements.

Effect of Proposed Changes

The bill amends s. 570.07, F.S., authorizing the department to enforce laws and rules of the state relating to the use of commercial feed and feedstuff.

The bill also amends s. 580.036, F.S., requiring the department to adopt rules establishing standards for the sale, use, and distribution of commercial feed or feedstuff to ensure usage that is consistent with animal health, safety, and welfare and, to the extent that meat, poultry, and other animal products may be affected by commercial feed or feedstuff, with the safety of these products for human consumption. These standards, if adopted, must be developed in consultation with the Commercial Feed Technical Council.

B. SECTION DIRECTORY:

Section 1: Amends s. 163.3162, F.S., relating to agricultural lands and practices.

Section 2: Amends s. 206.41, F.S., relating to state taxes imposed on motor fuel.

Section 3: Amends s. 316.515, F.S., relating to maximum width, height, length.

Section 4: Amends s. 570.07, F.S., relating to Department of Agriculture and Consumer Services; functions, powers, and duties.

Section 5: Amends s. 580.036, F.S., relating to powers and duties.

Section 6: Providing an effective date of July 1, 2012.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

None.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

On January 20, 2012, the Revenue Estimating Conference adopted an estimate of the fiscal impact as a result of amending s. 163.3162, F.S., replacing the word "county" with "governmental entity."

	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
Cities	(\$.9 million)	(\$1 million)	(\$1 million)	(\$1.1 million)
Special Districts	(\$53.4 million)	(\$57.7 million)	(\$62.3 million)	(\$67.4 million)
Total	(\$54.3 million)	(\$58.7 million)	(\$63.3 million)	(\$68.5 million)

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The bill provides relief to agricultural producers who are being assessed with stormwater management fees by certain governmental entities.

D. FISCAL COMMENTS:

The Department of Revenue has determined that pursuant to s. 206.41(4), F.S., citrus harvesting equipment and citrus fruit loaders fall under the existing definition of farm equipment and already qualify for the motor fuel tax refund.

The Department of Transportation expects no fiscal impact as a result of including citrus harvesting equipment and citrus fruit loaders, not exceeding 50 feet in length, as authorized to transport citrus or other perishable farm products.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Section 18(b), Art. VII of the State Constitution may apply because the bill may reduce the authority that counties and cities have to raise revenues in the aggregate, as such authority existed on February 1, 1989. The bill prohibits a county or city from imposing an assessment or fee for stormwater management on certain lands. The terms of the mandates provision of the constitution specifically apply to legislation affecting counties and municipalities. It is not clear whether this provision applies to legislation affecting dependent special districts—those whose millage rates are included in the county's millage cap and that are subject to greater direct control by the county.

Section 18(d), Art. VII of the State Constitution, provides an exemption for laws that have an insignificant fiscal impact. The Revenue Estimating Conference has interpreted "insignificant fiscal impact," in the context of s. 18(d), Art. VII, to mean an amount not greater than the average statewide population for the applicable fiscal year times 10 cents, or \$1.9 million. Although the revenue loss to cities is estimated to be \$.9 million for Fiscal Year 2012-13 up to \$1.1 million for Fiscal Year 2015-16, the amount of revenue loss for dependent special districts is unknown.

If the bill has a significant fiscal impact, a two-thirds vote of the membership of each house may be necessary to have the legislation binding on municipalities and dependent special districts if the bill reduces the authority that counties and cities have to raise revenues in the aggregate, as such authority existed on February 1, 1989.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill does not appear to create a need for rulemaking or rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On January 25, 2012, the Criminal Justice Subcommittee adopted one amendment and reported the bill favorably as a committee substitute. The amendment removed section 6 of the bill, which made it a first degree misdemeanor for a person to knowingly enter upon any nonpublic area of a farm and, without prior written consent of the farm's owner or the owner's authorized representative, operate the audio or video recording function of any device with the intent of recording sounds or images of the farm or farm operation.

This analysis is drafted to the committee substitute as passed by the Criminal Justice Subcommittee.

Section 1. Paragraph (d) is added to subsection (2) of section 163.3162, Florida Statutes, and paragraphs (b), (c), and (i) of subsection (3) of that section are amended to read:

163.3162 Agricultural Lands and Practices.—

(2) DEFINITIONS.—As used in this section, the term:

(d) "Governmental entity" has the same meaning as provided in s. 164.1031.

(3) DUPLICATION OF REGULATION.—Except as otherwise provided in this section and s. 487.051(2), and notwithstanding any other law, including any provision of chapter 125 or this chapter:

(b) A governmental entity ~~county~~ may not charge an assessment or fee for stormwater management on a bona fide farm operation on land classified as agricultural land pursuant to s. 193.461, if the farm operation has a National Pollutant Discharge Elimination System permit, environmental resource permit, or works-of-the-district permit or implements best management practices adopted as rules under chapter 120 by the Department of Environmental Protection, the Department of Agriculture and Consumer Services, or a water management district as part of a statewide or regional program.

(c) For each governmental entity ~~county~~ that, before March 1, 2009, adopted a stormwater utility ordinance or resolution, adopted an ordinance or resolution establishing a municipal services benefit unit, or adopted a resolution stating the governmental entity's ~~county's~~ intent to use the uniform method of collection pursuant to s. 197.3632 for such stormwater

57 ordinances, the governmental entity ~~county~~ may continue to
 58 charge an assessment or fee for stormwater management on a bona
 59 fide farm operation on land classified as agricultural pursuant
 60 to s. 193.461, if the ordinance or resolution provides credits
 61 against the assessment or fee on a bona fide farm operation for
 62 the water quality or flood control benefit of:

63 1. The implementation of best management practices adopted
 64 as rules under chapter 120 by the Department of Environmental
 65 Protection, the Department of Agriculture and Consumer Services,
 66 or a water management district as part of a statewide or
 67 regional program;

68 2. The stormwater quality and quantity measures required
 69 as part of a National Pollutant Discharge Elimination System
 70 permit, environmental resource permit, or works-of-the-district
 71 permit; or

72 3. The implementation of best management practices or
 73 alternative measures which the landowner demonstrates to the
 74 governmental entity ~~county~~ to be of equivalent or greater
 75 stormwater benefit than those provided by implementation of best
 76 management practices adopted as rules under chapter 120 by the
 77 Department of Environmental Protection, the Department of
 78 Agriculture and Consumer Services, or a water management
 79 district as part of a statewide or regional program, or
 80 stormwater quality and quantity measures required as part of a
 81 National Pollutant Discharge Elimination System permit,
 82 environmental resource permit, or works-of-the-district permit.

83 (i) The provisions of this subsection that limit a
 84 governmental entity's ~~county's~~ authority to adopt or enforce any

85 ordinance, regulation, rule, or policy, or to charge any
 86 assessment or fee for stormwater management, apply only to a
 87 bona fide farm operation as described in this subsection.

88 Section 2. Paragraph (c) of subsection (4) of section
 89 206.41, Florida Statutes, is amended to read:

90 206.41 State taxes imposed on motor fuel.—

91 (4)

92 (c)1. Any person who uses any motor fuel for agricultural,
 93 aquacultural, commercial fishing, or commercial aviation
 94 purposes on which fuel the tax imposed by paragraph (1)(e),
 95 paragraph (1)(f), or paragraph (1)(g) has been paid is entitled
 96 to a refund of such tax.

97 2. For the purposes of this paragraph, "agricultural and
 98 aquacultural purposes" means motor fuel used in any tractor,
 99 vehicle, or other farm equipment which is used exclusively on a
 100 farm or for processing farm products on the farm, and no part of
 101 which fuel is used in any vehicle or equipment driven or
 102 operated upon the public highways of this state. This
 103 restriction does not apply to the movement of a farm vehicle, ~~or~~
 104 farm equipment, citrus harvesting equipment, or citrus fruit
 105 loaders between farms. The transporting of bees by water and the
 106 operating of equipment used in the apiary of a beekeeper shall
 107 be also deemed an agricultural purpose.

108 3. For the purposes of this paragraph, "commercial fishing
 109 and aquacultural purposes" means motor fuel used in the
 110 operation of boats, vessels, or equipment used exclusively for
 111 the taking of fish, crayfish, oysters, shrimp, or sponges from
 112 salt or fresh waters under the jurisdiction of the state for

113 resale to the public, and no part of which fuel is used in any
 114 vehicle or equipment driven or operated upon the highways of
 115 this state; however, the term may in no way be construed to
 116 include fuel used for sport or pleasure fishing.

117 4. For the purposes of this paragraph, "commercial
 118 aviation purposes" means motor fuel used in the operation of
 119 aviation ground support vehicles or equipment, no part of which
 120 fuel is used in any vehicle or equipment driven or operated upon
 121 the public highways of this state.

122 Section 3. Paragraph (a) of subsection (5) of section
 123 316.515, Florida Statutes, is amended to read:

124 316.515 Maximum width, height, length.—

125 (5) IMPLEMENTS OF HUSBANDRY AND FARM EQUIPMENT;
 126 AGRICULTURAL TRAILERS; FORESTRY EQUIPMENT; SAFETY REQUIREMENTS.—

127 (a) Notwithstanding any other provisions of law, straight
 128 trucks, agricultural tractors, citrus harvesting equipment,
 129 citrus fruit loaders, and cotton module movers, not exceeding 50
 130 feet in length, or any combination of up to and including three
 131 implements of husbandry, including the towing power unit, and
 132 any single agricultural trailer with a load thereon or any
 133 agricultural implements attached to a towing power unit, or a
 134 self-propelled agricultural implement or an agricultural
 135 tractor, is authorized for the purpose of transporting peanuts,
 136 grains, soybeans, citrus, cotton, hay, straw, or other
 137 perishable farm products from their point of production to the
 138 first point of change of custody or of long-term storage, and
 139 for the purpose of returning to such point of production, or for
 140 the purpose of moving such tractors, movers, and implements from

CS/HB 1021

2012

141 one point of agricultural production to another, by a person
 142 engaged in the production of any such product or custom hauler,
 143 if such vehicle or combination of vehicles otherwise complies
 144 with this section. The Department of Transportation may issue
 145 overlength permits for cotton module movers greater than 50 feet
 146 but not more than 55 feet in overall length. Such vehicles shall
 147 be operated in accordance with all safety requirements
 148 prescribed by law and rules of the Department of Transportation.

149 Section 4. Paragraph (c) of subsection (16) of section
 150 570.07, Florida Statutes, is amended to read:

151 570.07 Department of Agriculture and Consumer Services;
 152 functions, powers, and duties.—The department shall have and
 153 exercise the following functions, powers, and duties:

154 (16) To enforce the state laws and rules relating to:

155 (c) Registration, labeling, inspection, sale, use,
 156 composition, formulation, wholesale and retail distribution, and
 157 analysis of commercial stock feeds and registration, labeling,
 158 inspection, and analysis of commercial fertilizers;

159
 160 In order to ensure uniform health and safety standards, the
 161 adoption of standards and fines in the subject areas of
 162 paragraphs (a)-(n) is expressly preempted to the state and the
 163 department. Any local government enforcing the subject areas of
 164 paragraphs (a)-(n) must use the standards and fines set forth in
 165 the pertinent statutes or any rules adopted by the department
 166 pursuant to those statutes.

167 Section 5. Paragraph (g) is added to subsection (2) of
 168 section 580.036, Florida Statutes, to read:

169 580.036 Powers and duties.—

170 (2) The department is authorized to adopt rules pursuant
 171 to ss. 120.536(1) and 120.54 to enforce the provisions of this
 172 chapter. These rules shall be consistent with the rules and
 173 standards of the United States Food and Drug Administration and
 174 the United States Department of Agriculture, when applicable,
 175 and shall include:

176 (g) Establishing standards for the sale, use, and
 177 distribution of commercial feed or feedstuff to ensure usage
 178 that is consistent with animal health, safety, and welfare and,
 179 to the extent that meat, poultry, and other animal products may
 180 be affected by commercial feed or feedstuff, with the safety of
 181 these products for human consumption. Such standards, if
 182 adopted, must be developed in consultation with the Commercial
 183 Feed Technical Council created under s. 580.151.

184 Section 6. This act shall take effect July 1, 2012.

2 Representative Albritton offered the following:

3
4 **Amendment (with title amendment)**

5 Remove everything after the enacting clause and insert:

6 Section 1. Subsection (2) and paragraphs (b), (c), and (i)
7 of subsection (3) of section 163.3162, Florida Statutes, are
8 amended to read:

9 163.3162 Agricultural Lands and Practices.—

10 (2) DEFINITIONS.—As used in this section, the term:

11 (a) "Farm" has the same meaning ~~is~~ as provided ~~defined~~ in
12 s. 823.14.

13 (b) "Farm operation" has the same meaning ~~is~~ as provided
14 ~~defined~~ in s. 823.14.

15 (c) "Farm product" means any plant, as defined in s.
16 581.011, or animal useful to humans and includes, but is not
17 limited to, any product derived therefrom.

18 (d) "Governmental entity" has the same meaning as provided
19 in s. 164.1031. The term does not include a water control

COMMITTEE/SUBCOMMITTEE AMENDMENT

Bill No. CS/HB 1021 (2012)

Amendment No.

20 district established under chapter 298 or a special district
21 created by special act for water management purposes.

22 (3) DUPLICATION OF REGULATION.—Except as otherwise
23 provided in this section and s. 487.051(2), and notwithstanding
24 any other law, including any provision of chapter 125 or this
25 chapter:

26 (b) A governmental entity ~~county~~ may not charge an
27 assessment or fee for stormwater management on a bona fide farm
28 operation on land classified as agricultural land pursuant to s.
29 193.461, if the farm operation has a National Pollutant
30 Discharge Elimination System permit, environmental resource
31 permit, or works-of-the-district permit or implements best
32 management practices adopted as rules under chapter 120 by the
33 Department of Environmental Protection, the Department of
34 Agriculture and Consumer Services, or a water management
35 district as part of a statewide or regional program.

36 (c) For each governmental entity ~~county~~ that, before March
37 1, 2009, adopted a stormwater utility ordinance or resolution,
38 adopted an ordinance or resolution establishing a municipal
39 services benefit unit, or adopted a resolution stating the
40 governmental entity's ~~county's~~ intent to use the uniform method
41 of collection pursuant to s. 197.3632 for such stormwater
42 ordinances, the governmental entity ~~county~~ may continue to
43 charge an assessment or fee for stormwater management on a bona
44 fide farm operation on land classified as agricultural pursuant
45 to s. 193.461, if the ordinance or resolution provides credits
46 against the assessment or fee on a bona fide farm operation for
47 the water quality or flood control benefit of:

689433 - 1021SAC strikeall amendment.docx

Published On: 2/21/2012 6:13:19 PM

Amendment No.

48 1. The implementation of best management practices adopted
49 as rules under chapter 120 by the Department of Environmental
50 Protection, the Department of Agriculture and Consumer Services,
51 or a water management district as part of a statewide or
52 regional program;

53 2. The stormwater quality and quantity measures required
54 as part of a National Pollutant Discharge Elimination System
55 permit, environmental resource permit, or works-of-the-district
56 permit; or

57 3. The implementation of best management practices or
58 alternative measures which the landowner demonstrates to the
59 governmental entity ~~county~~ to be of equivalent or greater
60 stormwater benefit than those provided by implementation of best
61 management practices adopted as rules under chapter 120 by the
62 Department of Environmental Protection, the Department of
63 Agriculture and Consumer Services, or a water management
64 district as part of a statewide or regional program, or
65 stormwater quality and quantity measures required as part of a
66 National Pollutant Discharge Elimination System permit,
67 environmental resource permit, or works-of-the-district permit.

68 (i) The provisions of this subsection that limit a
69 governmental entity's ~~county's~~ authority to adopt or enforce any
70 ordinance, regulation, rule, or policy, or to charge any
71 assessment or fee for stormwater management, apply only to a
72 bona fide farm operation as described in this subsection.

73 Section 2. Paragraph (c) of subsection (4) of section
74 206.41, Florida Statutes, is amended to read:

75 206.41 State taxes imposed on motor fuel.—

689433 - 1021SAC strikeall amendment.docx

Published On: 2/21/2012 6:13:19 PM

Amendment No.

76 (4)

77 (c)1. Any person who uses any motor fuel for agricultural,
78 aquacultural, commercial fishing, or commercial aviation
79 purposes on which fuel the tax imposed by paragraph (1)(e),
80 paragraph (1)(f), or paragraph (1)(g) has been paid is entitled
81 to a refund of such tax.

82 2. For the purposes of this paragraph, "agricultural and
83 aquacultural purposes" means motor fuel used in any tractor,
84 vehicle, or other farm equipment which is used exclusively on a
85 farm or for processing farm products on the farm, and no part of
86 which fuel is used in any vehicle or equipment driven or
87 operated upon the public highways of this state. This
88 restriction does not apply to the movement of a farm vehicle, ~~or~~
89 farm equipment, citrus harvesting equipment, or citrus fruit
90 loaders between farms. The transporting of bees by water and the
91 operating of equipment used in the apiary of a beekeeper shall
92 be also deemed an agricultural purpose.

93 3. For the purposes of this paragraph, "commercial fishing
94 and aquacultural purposes" means motor fuel used in the
95 operation of boats, vessels, or equipment used exclusively for
96 the taking of fish, crayfish, oysters, shrimp, or sponges from
97 salt or fresh waters under the jurisdiction of the state for
98 resale to the public, and no part of which fuel is used in any
99 vehicle or equipment driven or operated upon the highways of
100 this state; however, the term may in no way be construed to
101 include fuel used for sport or pleasure fishing.

102 4. For the purposes of this paragraph, "commercial
103 aviation purposes" means motor fuel used in the operation of

Amendment No.

104 aviation ground support vehicles or equipment, no part of which
105 fuel is used in any vehicle or equipment driven or operated upon
106 the public highways of this state.

107 Section 3. Paragraph (a) of subsection (5) of section
108 316.515, Florida Statutes, is amended to read:

109 316.515 Maximum width, height, length.—

110 (5) IMPLEMENTS OF HUSBANDRY AND FARM EQUIPMENT;
111 AGRICULTURAL TRAILERS; FORESTRY EQUIPMENT; SAFETY REQUIREMENTS.—

112 (a) Notwithstanding any other provisions of law, straight
113 trucks, agricultural tractors, citrus harvesting equipment,
114 citrus fruit loaders, and cotton module movers, not exceeding 50
115 feet in length, or any combination of up to and including three
116 implements of husbandry, including the towing power unit, and
117 any single agricultural trailer with a load thereon or any
118 agricultural implements attached to a towing power unit, or a
119 self-propelled agricultural implement or an agricultural
120 tractor, is authorized for the purpose of transporting peanuts,
121 grains, soybeans, citrus, cotton, hay, straw, or other
122 perishable farm products from their point of production to the
123 first point of change of custody or of long-term storage, and
124 for the purpose of returning to such point of production, or for
125 the purpose of moving such tractors, movers, and implements from
126 one point of agricultural production to another, by a person
127 engaged in the production of any such product or custom hauler,
128 if such vehicle or combination of vehicles otherwise complies
129 with this section. The Department of Transportation may issue
130 overlength permits for cotton module movers greater than 50 feet
131 but not more than 55 feet in overall length. Such vehicles shall

Amendment No.

132 be operated in accordance with all safety requirements
133 prescribed by law and rules of the Department of Transportation.

134 Section 4. Paragraph (c) of subsection (16) of section
135 570.07, Florida Statutes, is amended to read:

136 570.07 Department of Agriculture and Consumer Services;
137 functions, powers, and duties.—The department shall have and
138 exercise the following functions, powers, and duties:

139 (16) To enforce the state laws and rules relating to:

140 (c) Registration, labeling, inspection, sale, use,
141 composition, formulation, wholesale and retail distribution, and
142 analysis of commercial stock feeds and registration, labeling,
143 inspection, and analysis of commercial fertilizers;

144
145 In order to ensure uniform health and safety standards, the
146 adoption of standards and fines in the subject areas of
147 paragraphs (a)-(n) is expressly preempted to the state and the
148 department. Any local government enforcing the subject areas of
149 paragraphs (a)-(n) must use the standards and fines set forth in
150 the pertinent statutes or any rules adopted by the department
151 pursuant to those statutes.

152 Section 5. Paragraph (g) is added to subsection (2) of
153 section 580.036, Florida Statutes, to read:

154 580.036 Powers and duties.—

155 (2) The department is authorized to adopt rules pursuant
156 to ss. 120.536(1) and 120.54 to enforce the provisions of this
157 chapter. These rules shall be consistent with the rules and
158 standards of the United States Food and Drug Administration and

COMMITTEE/SUBCOMMITTEE AMENDMENT

Bill No. CS/HB 1021 (2012)

Amendment No.

159 the United States Department of Agriculture, when applicable,
160 and shall include:

161 (g) Establishing standards for the sale, use, and
162 distribution of commercial feed or feedstuff to ensure usage
163 that is consistent with animal safety and wellbeing and, to the
164 extent that meat, poultry, and other animal products for human
165 consumption may be affected by commercial feed or feedstuff, to
166 ensure that these products are safe for human consumption. Such
167 standards, if adopted, must be developed in consultation with
168 the Commercial Feed Technical Council created under s. 580.151.

169 Section 6. Paragraph (a) of subsection (1) of section
170 599.004, Florida Statutes, is amended to read:

171 599.004 Florida Farm Winery Program; registration; logo;
172 fees.—

173 (1) The Florida Farm Winery Program is established within
174 the Department of Agriculture and Consumer Services. Under this
175 program, a winery may qualify as a tourist attraction only if it
176 is registered with and certified by the department as a Florida
177 Farm Winery. A winery may not claim to be certified unless it
178 has received written approval from the department.

179 (a) To qualify as a certified Florida Farm Winery, a
180 winery must ~~shall meet the following standards:~~

181 1. Produce or sell less than 250,000 gallons of wine
182 annually.

183 2. Maintain a minimum of 5 ~~10~~ acres of owned or managed
184 land vineyards in Florida which produces commodities used in the
185 production of wine.

COMMITTEE/SUBCOMMITTEE AMENDMENT

Bill No. CS/HB 1021 (2012)

Amendment No.

186 3. Be open to the public for tours, tastings, and sales at
187 least 30 hours each week.

188 4. Make annual application to the department for
189 recognition as a Florida Farm Winery, on forms provided by the
190 department.

191 5. Pay an annual application and registration fee of \$100.

192 Section 7. For the purpose of incorporating the amendment
193 made by this act to section 599.004, Florida Statutes, in a
194 reference thereto, subsection (5) of section 561.24, Florida
195 Statutes, is reenacted to read:

196 561.24 Licensing manufacturers as distributors or
197 registered exporters prohibited; procedure for issuance and
198 renewal of distributors' licenses and exporters' registrations.-

199 (5) Notwithstanding any of the provisions of the foregoing
200 subsections, any corporation which holds a license as a
201 distributor on June 3, 1947, shall be entitled to a renewal
202 thereof, provided such corporation complies with all of the
203 provisions of the Beverage Law of Florida, as amended, and of
204 this section and establishes by satisfactory evidence to the
205 division that, during the 6-month period next preceding its
206 application for such renewal, of the total volume of its sales
207 of spirituous liquors, in either dollars or quantity, not more
208 than 40 percent of such spirituous liquors sold by it, in either
209 dollars or quantity, were manufactured, rectified, or distilled
210 by any corporation with which the applicant is affiliated,
211 directly or indirectly, including any corporation which owns or
212 controls in any way any stock in the applicant corporation or
213 any corporation which is a subsidiary or affiliate of the

689433 - 1021SAC strikeall amendment.docx

Published On: 2/21/2012 6:13:19 PM

Amendment No.

214 corporation so owning stock in the applicant corporation. Any
215 manufacturer of wine holding a license as a distributor on the
216 effective date of this act shall be entitled to a renewal of
217 such license notwithstanding the provisions of subsections (1)-
218 (5). This section does not apply to any winery qualifying as a
219 certified Florida Farm Winery under s. 599.004.

220 Section 8. Section 604.50, Florida Statutes, is reordered
221 and amended to read:

222 604.50 Nonresidential farm buildings; ~~and~~ farm fences;
223 farm signs.—

224 (1) Notwithstanding any provision of ~~other~~ law to the
225 contrary, any nonresidential farm building, ~~or~~ farm fence, or
226 farm sign is exempt from the Florida Building Code and any
227 county or municipal code or fee, except for code provisions
228 implementing local, state, or federal floodplain management
229 regulations. A farm sign located on a public road may not be
230 erected, used, operated, or maintained in a manner that violates
231 any of the standards provided in s. 479.11(4), (5)(a), and (6)-
232 (8).

233 (2) As used in this section, the term:

234 (a) ~~(b)~~ "Farm" has the same meaning as provided in s.
235 823.14.

236 (b) "Farm sign" means a sign erected, used, or maintained
237 on a farm by the owner or lessee of the farm which relates
238 solely to farm produce, merchandise, or services sold, produced,
239 manufactured, or furnished on the farm.

240 (c) ~~(a)~~ "Nonresidential farm building" means any temporary
241 or permanent building or support structure that is classified as

Amendment No.

242 a nonresidential farm building on a farm under s. 553.73(9)(c)
243 or that is used primarily for agricultural purposes, is located
244 on land that is an integral part of a farm operation or is
245 classified as agricultural land under s. 193.461, and is not
246 intended to be used as a residential dwelling. The term may
247 include, but is not limited to, a barn, greenhouse, shade house,
248 farm office, storage building, or poultry house.

249 Section 9. This act shall take effect July 1, 2012.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/HB 1117 Conservation of Wildlife
SPONSOR(S): Agriculture & Natural Resources Subcommittee, Harrison
TIED BILLS: None **IDEN./SIM. BILLS:** SB 1456

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Agriculture & Natural Resources Subcommittee	15 Y, 0 N, As CS	Deslatte	Blalock
2) Agriculture & Natural Resources Appropriations Subcommittee	13 Y, 0 N	Massengale	Massengale
3) State Affairs Committee		Deslatte 	Hamby 

SUMMARY ANALYSIS

Current law specifies that the Board of Trustees of the Internal Improvement Trust Fund (BOT) is vested and charged with the acquisition, administration, management, control, supervision, conservation, protection, and disposition of all lands owned by the state. Current law also specifies that state-owned lands must be managed to provide for areas of natural resource based recreation, and to ensure the survival of plant and animal species and the conservation of finite and renewable natural resources. Where feasible and consistent with the goals of protection and conservation of natural resources associated with lands held in the public trust by the BOT, public land not designated for single-use purposes should be managed for multiple-use purposes. All multiple-use land management strategies must address public access and enjoyment, resource conservation and protection, ecosystem maintenance and protection, protection of threatened and endangered species, and the degree to which public-private partnerships or endowments may allow the entity with management responsibility to enhance its ability to manage these lands.

The bill specifies that a zoo or aquarium that is accredited by the Association of Zoos and Aquariums (AZA) and operating a facility in the state can apply to the BOT or to the governing board of a water management district (WMD) for authorization to use state lands for the purpose of conducting enhanced research in husbandry, reproductive biology, endocrinology, nutrition, genetics, behavior, health, and ecology of selected population of ungulates and avian species. The application must provide certain criteria. The BOT or the governing board of the WMD is authorized to approve the application if the BOT or governing board determines that the proposed project is in the best interest of the state by considering the following:

- Whether the project is consistent with the state's goals for the lands that will be used for the project, as described in the approved land management plan for those lands, and will not cause harm to the land or the surrounding land.
- Whether the project, through alliances and relationships with organizations, universities, federal and state agencies, or other members of the AZA, or otherwise, will have a positive economic impact on the state or the communities surrounding the project location.

The bill directs the Florida Fish and Wildlife Conservation Commission (FWCC) to provide technical assistance to the BOT or to the governing board of a WMD in reviewing each application.

The bill's impact on state revenues and expenditures is indeterminate. The impact on state revenues will depend on the response of aquariums and zoos applying to use state lands and the negotiated terms of the leases. The FWCC may experience an increased workload in assisting with the review of project applications, as well as monitoring sites for compliance with laws. The bill appears to have no fiscal impact on local government.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Current Situation

Board of Trustees of the Internal Improvement Trust Fund (BOT)

At statehood on March 3, 1845, Florida received 500,000 acres of land from the federal government for the benefit of internal improvements. Through the Swamp and Overflowed Lands Act of 1850, the state received an additional 20 million acres of land. In 1855, the Board of Trustees of the Internal Improvement Trust Fund (BOT) was created as an agency of the Florida government to hold these lands. The federal government also made other land grants to the state for varied purposes such as educational facilities, and the seat of government. In 1967, the Florida Legislature vested the BOT with most of the lands owned by the various agencies, boards, and commissions of the state and made the BOT responsible for all state lands, with but few exceptions. These lands are held in trust for the use and benefit of the people of the State of Florida.

The BOT consists of the Governor, the Attorney General, the Chief Financial Officer, and the Commissioner of Agriculture. The BOT is recognized in the State Constitution, and its powers and duties are provided by statute as the acquisition, administration, management, control, supervision, conservation, protection, and disposition of the state-owned lands under its control. The Department of Environmental Protection, through its Division of State Lands, performs all staff duties and functions related to the acquisition, administration, and disposition of state-owned lands to which title is vested in the BOT, with exceptions for certain activities of the water management districts and the Department of Agriculture and Consumer Services.

The BOT administers one of the largest conservation and recreation land buying programs in the nation, with more than 3.3 million acres of conservation and non-conservation uplands. These include state parks, forests, wildlife management areas, historic sites, public universities, and state facilities. The Board of Trustees oversees its conservation lands as a trust on behalf of the citizens of Florida for the protection of the state's natural resources and scenic beauty.

The BOT also administers the state's sovereignty lands, those water bodies within the state's territorial limits that were navigable at the date of statehood. These include coastal shores below mean high water, and navigable fresh waters such as rivers and lakes below ordinary high water. The public status of these lands is protected by the Public Trust Doctrine as codified in Article X, Section 11 of the Florida Constitution.¹

Section 253.02, F.S., specifies that the BOT cannot sell, transfer, or otherwise dispose of any lands the title to which is vested in the BOT except by vote of at least three of the four trustees.

Section 253.03, F.S., specifies that the BOT is vested and charged with the acquisition, administration, management, control, supervision, conservation, protection, and disposition of all lands owned by the state. These lands specifically include:

- All swamp and overflowed lands held by the state or which may hereafter inure to the state;
- All lands owned by the state by right of its sovereignty;
- All internal improvement lands proper;
- All tidal lands;
- All lands covered by shallow waters of the ocean or gulf, or bays or lagoons thereof, and all lands owned by the state covered by fresh water;

¹ Cabinet Affairs website, <http://cabinet.myflorida.com/cabprocess.html>

- All parks, reservations, or lands or bottoms set aside in the name of the state, excluding lands held for transportation facilities and transportation corridors and canal rights-of-way; and
- All lands which have accrued, or which may hereafter accrue, to the state from any source whatsoever, excluding lands held for transportation facilities and transportation corridors and canal rights-of-way, spoil areas, or borrow pits or any land, the title to which is vested or may become vested in any port authority, flood control district, water management district, or navigation district or agency created by any general or special act.

The BOT is authorized and directed to administer all state-owned lands and is responsible for the creation of an overall and comprehensive plan of development concerning the acquisition, management, and disposition of state-owned lands so as to ensure maximum benefit and use.

State owned lands and uses

Section 253.034(1), F.S., specifies that all lands acquired must be managed to serve the public interest by protecting and conserving land, air, water, and the state's natural resources, which contribute to the public health, welfare, and economy of the state. These lands must also be managed to provide for areas of natural resource based recreation, and to ensure the survival of plant and animal species and the conservation of finite and renewable natural resources. The statute further states that it is the intent of the Legislature that, where feasible and consistent with the goals of protection and conservation of natural resources associated with lands held in the public trust by the BOT, public land not designated for single-use purposes be managed for multiple-use purposes. All multiple-use land management strategies shall address public access and enjoyment, resource conservation and protection, ecosystem maintenance and protection, and protection of threatened and endangered species, and the degree to which public-private partnerships or endowments may allow the entity with management responsibility to enhance its ability to manage these lands.

Section 253.034(5), F.S., specifies that a manager of state conservation lands must submit to the Division of State Lands a land management plan every 10 years. Whenever the manager of conservation lands intends to make substantive land use or management changes that were not addressed in the approved plan, the land manager must update the land management plan.

Section 253.034(10), F.S., provides additional uses of conservation lands to include water resource development projects, water supply development projects, stormwater management projects, linear facilities, and sustainable agriculture and forestry. When the lands are used for these purposes, they must meet the following conditions:

- The use must not be inconsistent with the management plan for the lands;
- The use must be compatible with the natural ecosystem and resource values of such lands;
- The proposed use must be appropriately located on such lands where due consideration is given to the use of other available lands;
- The using entity must reasonably compensate the titleholder for the use based on an appropriate measure of value; and
- The use must be consistent with the public interest.

Association of Zoos & Aquariums

The Association of Zoos & Aquariums (AZA) was founded in 1924 and is dedicated to the advancement of zoos and aquariums in the areas of conservation, education, science, and recreation. Zoos and aquariums can apply to be accredited by the AZA. The AZA selects Accreditation Commission members who are experts in their fields to evaluate the zoo or aquarium. The zoo or aquarium must meet the AZA's standards for animal management and care, including living environments, social groupings, health, and nutrition. The Accreditation Commission also evaluates the veterinary program, involvement in conservation and research, education programs, safety policies and procedures, security, physical facilities, guest services, and the quality of the institution's staff. The application takes months to complete and 6 months to study and evaluate. Zoos and aquariums that are

accredited must keep up with evolving standards and must go through the accreditation process every 5 years. Currently, there are 16 zoos and aquariums in Florida that are accredited by the AZA.

Effect of Proposed Changes

The bill specifies that a zoo or aquarium that is accredited by the AZA and operating a facility in the state can apply to the BOT for authorization to use state lands, or to the governing board of a water management district (WMD), for authorization to use lands of the WMD, for the purpose of conducting enhanced research in husbandry, reproductive biology, endocrinology, nutrition, genetics, behavior, health, and ecology of selected populations of ungulates² and avian species.

The application must provide the following:

- Information relating to the principals and sponsors of the project.
- A description of the funding and sources of funding that will be used to support the project.
- The size, proximate location, and type of land sought.
- A detailed description of the proposed project, including a description of the research to be conducted and the animals that will be used in the research. Projects that involve mammalian species that are carnivores or primates are prohibited.
- A description of the infrastructure necessary to conduct the research project, including buildings, utilities, roadways, and containment facilities.
- A description of a plan to ensure timely recovery of animals that have escaped because of natural disasters or other unforeseen events.

The BOT or the governing board of the WMD is authorized to approve the application if the BOT or governing board determines that the proposed project is in the best interest of the state by considering the following:

- Whether the project is consistent with the state's goals for the lands that will be used for the project, as described in the approved land management plan for those lands, and will not cause harm to the land or the surrounding land.
- Whether the project, through alliances and relationships with organizations, universities, federal and state agencies, or other members of the AZA, or otherwise, will have a positive economic impact on the state or the communities surrounding the project location.

The bill directs the Fish and Wildlife Conservation Commission (FWCC) to provide technical assistance to the BOT or to the governing board of a WMD in reviewing each application.

B. SECTION DIRECTORY:

Section 1. Provides for certain zoos and aquariums to apply to the BOT, or to the governing board of a WMD, for authorization to use state lands for the purpose of conducting enhanced research; providing application requirements; providing criteria that the board or the governing board of a WMD, must consider in reviewing the application; requiring the FWCC to assist the board, or the governing board of a WMD.

Section 2. Provides an effective date of July 1, 2012.

² Ungulates are defined as hooved animals. Commonly known examples of ungulates include: horses, zebras, donkeys, cattle/bison, rhinoceroses, camels, hippos, tapirs, goats, pigs, sheep, giraffes, okapis, moose, elk, deer, antelopes, and gazelles.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill's impact on state revenues is indeterminate. The impact will depend on the response of aquariums and zoos applying to use state lands and the negotiated terms of the leases.

2. Expenditures:

The bill's impact on state expenditures is indeterminate. The FWCC may experience an increased workload in assisting with the review of project applications, as well as monitoring sites for compliance with laws, but may perform these responsibilities within existing resources.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to affect county or municipal governments.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On January 31, 2012, the Agriculture & Natural Resources Subcommittee amended and passed HB 1117 as a committee substitute (CS). The CS provides that a zoo or aquarium can apply to the BOT or a governing board of a WMD for the purpose of conducting enhanced research in husbandry, reproductive biology, endocrinology, nutrition, genetics, behavior, health, and ecology of selected populations of ungulates and avian species. The CS provides that the application must provide a description of a plan to ensure timely recovery of escaped animals resulting from natural disasters or other unforeseen events. The CS provides that the BOT or the governing board of a WMD may approve the application. Lastly, the CS provides that the FWCC must provide technical support to the BOT or to the governing board of a WMD.

1 A bill to be entitled
 2 An act relating to conservation of wildlife;
 3 authorizing certain zoos and aquariums to apply to the
 4 Board of Trustees of the Internal Improvement Trust
 5 Fund or the governing board of a water management
 6 district to use state lands or water management
 7 district lands for specified purposes; providing
 8 application requirements; providing criteria for the
 9 approval of such uses; requiring the Fish and Wildlife
 10 Conservation Commission to provide technical
 11 assistance in reviewing such applications; providing
 12 an effective date.

13
 14 Be It Enacted by the Legislature of the State of Florida:

15
 16 Section 1. (1) A zoo or aquarium having current
 17 accreditation with the Association of Zoos and Aquariums and
 18 operating a facility in the state may apply to the Board of
 19 Trustees of the Internal Improvement Trust Fund for
 20 authorization to use state lands, or to the governing board of a
 21 water management district for authorization to use district
 22 lands, for the purpose of conducting enhanced research in
 23 husbandry, reproductive biology, endocrinology, nutrition,
 24 genetics, behavior, health, and ecology of selected populations
 25 of ungulate and avian species.

26 (2) The application must:

27 (a) Provide information relating to the principals and
 28 sponsors of the project.

29 (b) Provide a description of the funding and sources of
 30 funding that will be used to support the project.

31 (c) Identify the size, proximate location, and type of
 32 land sought.

33 (d) Provide a detailed description of the proposed
 34 project, including a description of the research to be conducted
 35 and the animals that will be used in the research. A project
 36 involving mammalian species that are carnivores or primates is
 37 prohibited.

38 (e) Provide a description of the infrastructure necessary
 39 to conduct the research project, including buildings, utilities,
 40 roadways, and containment facilities.

41 (f) Provide a description of a plan to ensure timely
 42 recovery of animals that have escaped due to natural disasters
 43 or other unforeseen events.

44 (3) The Board of Trustees of the Internal Improvement
 45 Trust Fund or the governing board of the water management
 46 district may approve the application if it determines that the
 47 proposed project is in the best interest of the state. In making
 48 its determination, the board of trustees or governing board
 49 shall consider:

50 (a) Whether the project is consistent with the state's
 51 goals for the lands that will be used for the project, as
 52 described in the approved land management plan for those lands,
 53 and will not cause harm to the land or the surrounding land.

54 (b) Whether the project, through alliances and
 55 relationships with organizations, universities, federal and
 56 state agencies, or other members of the Association of Zoos and

CS/HB 1117

2012

57 Aquariums, or otherwise, will have a positive economic impact on
58 the state and the communities surrounding the project location.

59 (4) The Fish and Wildlife Conservation Commission shall
60 provide technical assistance to the Board of Trustees of the
61 Internal Improvement Trust Fund or to the governing board of the
62 water management district in reviewing each application.

63 Section 2. This act shall take effect July 1, 2012.

3) State Affairs Committee		Deslatte 	Hamby 

SUMMARY ANALYSIS

Pursuant to chapter 2011-66, Laws of Florida, an Environmental Unit Sub-Team of a Law Enforcement Consolidation Task Force was established to conduct a review of the conservation law enforcement activities and assets of the Department of Agriculture and Consumer Services (DACS), the Department of Environmental Protection (DEP), and the Florida Fish and Wildlife Conservation Commission (FWCC), to determine if any duplication of law enforcement functions exist between the agencies. The Environmental Unit Sub-Team determined the patrol of state-owned and managed lands provided by the FWCC, DEP, and DACS has elements that are duplicative, and, in turn, has exacerbated a manpower shortage for the agencies. A list of recommendations was presented to the President of the Senate and the Speaker of the House of Representatives, which included integrating the DEP Division of Law Enforcement and DACS Office of Agricultural Law Enforcement officers assigned to the conservation and recreation lands (CARL) program patrol and the investigator responsible for commercial aquaculture violations into the FWCC Division of Law Enforcement.

The bill transfers and reassigns the functions and responsibilities of the DEP's Division of Law Enforcement, excluding the Bureau of Emergency Response, to the FWCC Division of Law Enforcement. The bill also transfers and reassigns the functions and responsibilities of sworn positions funded by the CARL program assigned to the Florida Forest Service and the investigator responsible for the enforcement of aquaculture violations within DACS to the FWCC Division of Law Enforcement. The bill reassigns the Bureau of Emergency Response to the Secretary of the DEP as the Office of Emergency Response, created within the DEP.

The bill also provides for support positions to be transferred to the FWCC, and requires a memorandum of agreement between FWCC and the DEP and DACS detailing the responsibilities of the FWCC to the DEP and DACS. In addition, the bill provides for transition advisory working groups to be created during the 2012-13 fiscal year.

The bill specifies that any employee transferred from the DEP and DACS to fill positions transferred to the FWCC must retain and transfer any accrued annual leave, sick leave, and regular and special compensatory leave balances.

The bill creates part IV, Miscellaneous Provision, within chapter 258, F.S., and creates s. 258.601, F.S., within the new part IV, to provide that any prohibited activities under the state parks and preserves chapter 258, F.S., will be enforced by the DEP and the Division of Law Enforcement within the FWCC and its officers.

The bill has a significant positive fiscal impact on state expenditures as a result of staggered implementation of reclassifying supervisory and managerial positions to officer positions. The bill may reduce local government expenditures as a result of decreased demand for local law enforcement (see Fiscal Analysis and Economic Impact section).

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Current Situation

Pursuant to Chapter 2011-66, a Environmental Unit Sub-Team of a Law Enforcement Consolidation Task Force was established to conduct a review of the conservation law enforcement activities and assets of the Department of Agriculture and Consumer Services (DACs), the Department of Environmental Protection (DEP), and the Fish and Wildlife Conservation Commission (FWCC) to evaluate if any duplication of law enforcement functions exist between the agencies.¹

The Environmental Unit Sub-Team identified the following findings:

- All three agencies have responsibility to provide law enforcement patrol, investigative, and forensic services on state-managed lands, which are frequently located within close proximity to each other.
- The enforcement functions for each entity are established by the Legislature.
- Investigative activities of the three agencies are similar in scope and approach.
- The three Bureaus within the DEP Division of Law Enforcement (Park police, Environmental Investigations, and Emergency Response) are interdependent with each other resulting in value-added services that are not present when separated.
- Integration of DEP officers and DACs Conservation and Recreational Land (CARL) and Aquaculture officers in the FWC Division of Law Enforcement will improve response time, increase personnel available for patrol coverage across conservation lands and state waters, and decrease the burden on local law enforcement agencies.
- Consolidation will result in a streamlined agency with approximately 10 percent of sworn supervisory positions being reassigned to field positions leading to increased response time.
- In 2008, the Office of Program Policy Analysis and Government Accountability (OPPAGA) provided the Legislature with four policy options related to environmental law enforcement. The third option was the centralization of environmental law enforcement under one state agency that currently has this function. The joint agency recommendation is a variation of the third option, capturing all of the advantages while minimizing adverse impacts.

The Environmental Unit Sub-Team recommended the following:

- Integration of the DEP Division of Law Enforcement, in its entirety, into the FWCC Division of Law Enforcement (147 positions and additional support positions).
- Integration of DACs Office of Agricultural Law Enforcement officers assigned to CARL Patrol and the investigator responsible for commercial aquaculture violations into the FWCC Division of Law Enforcement (15 positions).
- Enact statutory and administrative code changes where appropriate to integrate the functions.

Department of Environmental Protection Division of Law Enforcement

The DEP's Division of Law Enforcement is Florida's oldest state law enforcement agency, dating back to 1913 when the Legislature created the shellfish commission to supervise the newly emerging commercial fishing industry. The division oversees the following bureaus:

- **Emergency Response**—The Division of Law Enforcement's Bureau of Emergency Response (BER) responds to environmental pollution threats in every form. Responding to incidents

¹ *Integration of Florida's Environmental Law Enforcement Functions increases Efficiency and Enhances Patrol Capability and Response Time*, October 11, 2011. Document on file with staff.

involving petroleum spills caused by vehicle accidents to chemical plant explosions to coastal oil spills, BER provides technical and on-site assistance to ensure threats to the environment and human safety are quickly and effectively addressed. In addition, BER works with local public safety officials and emergency response contractors to minimize threats to the environment. BER offices are located throughout the state, with headquarters in Tallahassee.²

- **Criminal Investigations**—Special agents from the Criminal Investigations Bureau are sworn state law enforcement investigators, with full powers of arrest in Florida and its jurisdictional waters. Special agents investigate crimes and violations that generally have a negative impact on Florida's environment, including the improper storage, transport, or disposal of hazardous waste; destruction or illegal filling of wetlands; or the burying or burning of prohibited materials. Fraud, forgery, conspiracy, and organized crime are some of the traditional crimes that can be associated with environmental violations. These specialized criminal investigations are often long-term, complex and are built upon the expert assessment and testimony of the DEP regulatory and scientific professionals.³
- **Park Police**—The Division of Law Enforcement's Bureau of Park Police comprises state law enforcement officers with full powers of arrest and who patrol more than 800,000 acres of Florida's state-owned lands, providing law enforcement and public service within state parks, preserves, recreational areas, as well as greenways and trails. The officers also patrol more than 4 million acres of submerged coastal and aquatic managed areas that include 41 aquatic preserves, three national estuarine research reserves, and the Florida Keys National Marine Sanctuary. Officers are called on to respond to hurricanes, civil disorder, or other threatening conditions that may endanger life, property, Florida's natural resources and also provide assistance with search and rescue missions.⁴
- **Office of Training and Professional Standards**—The Division of Law Enforcement's Office of Training and Professional Standards provides training courses for DEP's 138 officers. The Office of Training and Professional Standards works closely with the Florida Department of Law Enforcement's (FDLE) Division of Law Enforcement Professionalism, the Florida Criminal Justice Standards and Training Commission and other Florida law enforcement training centers to provide consistent and current law enforcement information and training to DEP law enforcement officers.⁵

Department of Agriculture and Consumer Services

The Bureau of Investigative Services (BIS) is one of three designated bureaus in the Office of Agricultural Law Enforcement, responsible for the initiation and investigation of matters over which the department has jurisdiction and on property owned, managed or controlled by DACS. The bureau responsibilities include the enforcement of criminal and civil violations occurring within state forests or any crimes involving agriculture such as farms or farm equipment, animals, livestock, poultry, and any crimes involving horticulture, aquaculture, or citrus products. The BIS is an active member in the joint response team comprised of the Department of Health and the DEP, which is responsible for the investigation of crimes relating to bioterrorism statewide. The BIS is also responsible for enforcement of laws governing consumer issues including illegal telemarketing operations, sale of business opportunities, solicitations of contributions, sellers of travel, motor vehicle repair fraud, health studios, dance studios, pawnshops, and moving and storage companies. In addition to these duties, they are also engaged in a cooperative partnership with all federal, state, and local agencies in all 67 counties, providing investigative support in all matters over which the DACS has jurisdiction. The BIS is also actively involved in issues relating to domestic security and actively participates in all seven regional domestic security task forces statewide. The bureau continues to conduct threat assessments of

³ DEP's Criminal Investigations Bureau website, <http://www.dep.state.fl.us/law/bei/default.htm>

⁴ DEP's Bureau of Park Police website, <http://www.dep.state.fl.us/law/park/default.htm>

⁵ DEP's Office of Training and Professional Standards website, <http://www.dep.state.fl.us/law/training/default.htm>

regulated entities affiliated with fertilizer, pesticide, food, petroleum production and distribution points, as well as investigating theft, shrinkage and suspicious activities regarding these materials.⁶

Florida Fish and Wildlife Conservation Commission Law Enforcement

FWCC officers provide protection to residents and visitors who enjoy Florida's natural resources, while enforcing resource protection and boating safety laws in the woods and on the waters of the state in keeping with the division's core missions. FWCC officers have full police powers and statewide jurisdiction. They patrol rural, wilderness, inshore and offshore areas, and are often the sole law enforcement presence in many remote parts of the state. The Division of Law Enforcement has cooperative agreements with the National Marine Fisheries Service and the U.S. Fish and Wildlife Service. Officers are also cross-deputized to enforce federal marine fisheries and wildlife laws, thus ensuring state and federal consistency in resource-protection efforts. The Division of Law Enforcement is divided into the following sections:

- **Operations**—The Operations section's six regions throughout the state are responsible for uniformed patrol and investigative law enforcement services of the FWCC's 700-plus officer workforce. The officers and investigators protect fish, wildlife and the citizens of Florida and provide boating safety patrols. Investigations are able to conduct both overt (uniform) and covert (plainclothes) investigations. They allow the FWCC to target hard-core commercial violators by conducting long-term undercover investigations. Investigators are also responsible for inspecting personal and commercial native and exotic wildlife facilities, as well as investigating hunting and boating accidents. This section also provides statewide coordination of all aviation, offshore vessel, K-9 and Special Operations Group activities. Aviation assets play a vital role in the agency's effort to enforce conservation and boating laws, protect endangered and threatened species and safeguard outdoor users. The division's offshore patrol vessels concentrate on offshore fisheries and protected marine areas, as well as public safety. The K-9 teams are specially trained in tracking and wildlife detection. The K-9s receive no aggression training and are very "user-friendly." In addition to their law enforcement functions, they have proved to be a great community-oriented policing relations tool.
- **Law Enforcement Support**
 - *Boating, Waterways and Program Coordination*—This section's employees manage state waterways and their markers and signs to protect boaters and wildlife. They coordinate the removal of derelict vessels and the development of boating infrastructure. They use many methods to promote boating safety, from education and outreach to investigation and analysis of boating accident data.
 - *Field Services*—This section provides officer support with radio technology and systems engineering; fleet management; research, testing and acquisition of new computer and telecommunications technology; and arrest/warning citation and disposition data management. They maintain the Computer Aided Dispatch (CAD) system, which enhances officer safety and efficiency.
 - *Training*—This section provides professional basic recruit and advanced training and career development programs to officers statewide. They train FWCC officers in the aspects of non-traditional policing, as well as ensuring basic law enforcement standards are met and maintained.
- **Officers' Authority**—Sworn personnel are fully constituted police officers as provided under s. 379.3311, F.S. This gives them the authority to enforce all laws of the state, not just those relating to resource enforcement. The officers are also cross-deputized to enforce federal fisheries and wildlife laws.

⁶ DACS Bureau of Investigative Services website, <http://www.fl-aglaw.com/bis/bis.html>

- **Officers' Responsibilities**

- Provide protection and enforce laws relating to all wild animal and aquatic resources of the state. This includes game, non-game, furbearers, threatened and endangered wildlife and fish, and marine mammals; encompassing approximately 672 species of wildlife, 208 species of freshwater fish and over 500 saltwater fish species. In doing so, officers patrol more than 37 million acres of public and private land, 8,246 miles of tidal coastline, 12,000 miles of rivers and streams, 3 million acres of lakes and ponds, and 11,000 miles of canals.
- Provide boating safety enforcement on the state's waters to ensure the safe use of our resources. Includes enforcing boating under the influence laws, as well as laws relating to the safe and prudent operation of watercraft, investigating boating accidents, and search and rescue missions.
- Provide general law enforcement protection to the human resources of the state. One aspect of this is providing general law enforcement patrol in rural, semi-wilderness, wilderness, and offshore areas where no other law enforcement agencies routinely patrol. Officers also respond to a variety of emergencies including natural disasters, civil disturbances, and search and rescue missions. These include such diverse phenomena as hurricanes, riots, wildfires, floods, and providing protection for elected officials (governors and presidents).

Effect of Proposed Changes

Section1—Transferring Law Enforcement from DEP to FWCC.

The bill transfers all powers, duties, functions, records, offices, personnel, property, pending issues and existing contracts, administrative authority, administrative rules, and unexpended balances of appropriations, allocations, and other funds relating to the DEP Division of Law Enforcement, excluding the Bureau of Emergency Response, by a type two transfer,⁷ to the Division of Law Enforcement within the FWCC. The bill also provides that the Bureau of Emergency Response is reassigned to the Secretary of the DEP, as the new Office of Emergency Response, created within the DEP.

The Secretary of the DEP must transfer to the FWCC the number of administrative, auditing, inspector general, attorney, and operational support positions, including any related powers, duties, functions, property, and funding, proportionate to the number of Division of Law Enforcement full-time equivalent and other personal services positions being transferred from the DEP to the FWCC. The DEP and FWCC must develop a memorandum of agreement detailing the responsibilities of the FWCC to the DEP, and must include, at a minimum, the following:

- Support and response for oil spills, hazardous spills, and natural disasters.
- Law enforcement patrol and investigative services for all state-owned lands managed by the DEP.
- Law enforcement services, including investigative services for all criminal law violations.
- Enforcement services for all civil violations of all DEP administrative rules related to the following programs:
 - Division of Recreation and Parks.
 - Office of Coastal and Aquatic Managed Areas.
 - Office of Greenways and Trails.

⁷ Section 20.06(2), F.S., defines a type two transfer as merging into another agency or department of an existing agency or department or a program, activity, or function or, if certain identifiable units or subunits, programs, activities, or functions are removed from the existing agency or department with the certain identifiable units or subunits, programs, activities, or functions removed therefrom or abolished. Any agency transferred by a type two transfer has all its statutory powers, duties, and functions. Unless provided by law, the administrative rules of any agency or department involved in the transfer which are in effect immediately before the transfer remain in effect until specifically changed in the manner provided by law.

- Current and future funding for positions and property being transferred from the DEP to the FWCC that is funded through any trust fund.

Section 2—Transferring Sworn Positions from DACS to FWCC.

The bill transfers all powers, duties, functions, records, offices, personnel, property, pending issues and existing contracts, administrative authority, administrative rules, and unexpended balances of appropriations, allocations, and other funds relating to sworn positions funded by the Conservation and Recreation Lands (CARL) Program and assigned to the Florida Forest Service within the DACS as of July 1, 2011, and the investigator responsible for the enforcement of aquaculture violations at DACS as of July 1, 2012, by a type two transfer to the Division of Law Enforcement within the FWCC.

DACS and the FWCC must develop a memorandum of agreement detailing the responsibilities between the FWCC and the DACS and must include, at a minimum, the following:

- Law enforcement patrol and investigative services for all state-owned forests managed by DACS.
- Current and future funding for positions and property assigned to the Conservation and Recreation Lands Program that are transferred from DACS to the FWCC.

Section 3—Creating Transition Advisory Groups.

The bill creates a transition advisory working group. The DEP and the FWCC are required to each appoint three staff members to the working group to review and determine the following:

- The appropriate proportionate number of administrative, auditing, inspector general attorney, and operational support positions and their related funding levels and sources and assigned property to be transferred from the Office of General Counsel, Office of Inspector General, and Division of Administrative Services or other relevant offices or divisions within the DEP to the FWCC.
- The development of a recommended plan addressing the transfer or shared use of buildings, regional offices, and other facilities used or owned by the DEP.
- Any operating budget adjustments as necessary to implement the requirements of this act. Any adjustments made to the operating budgets of the DEP and FWCC must be made in consultation with the appropriate substantive and fiscal committees of the Senate and the House of Representatives. Revisions to the approved operating budgets for the 2012-2013 fiscal year that are necessary to reflect the organizational changes made by this act must be implemented pursuant to s. 216.292(4)(d), F.S., and subject to s. 216.177, F.S. Any subsequent adjustments that are deemed necessary by the DEP or FWCC and approved by the Executive Office of the Governor are authorized and subject to s. 216.177, F.S. The appropriate substantive committees of the Senate and House of Representatives will be notified of the proposed revisions.

The bill specifies that the Secretary of the DEP, the Commissioner of DACS, and the Executive Director of FWCC must each appoint two staff members to a transition advisory working group to identify rules of the DEP, the Board of Trustees of the Internal Improvement Trust Fund (BOT), DACS, and the FWCC that need to be amended to reflect the changes made by this bill.

Section 4—Assigning Powers and Duties for Enforcement of Laws and Rules of the DEP and DACS to the FWCC.

The bill assigns to the FWCC all powers, duties, responsibilities, functions, positions, and property necessary for enforcement of the laws and rules governing:

- Management, protection, conservation, improvement, and expansion of the state-owned lands managed by the DEP, including state parks, coastal and aquatic managed areas, and greenways and trails.

- Conservation and recreation lands and commercial aquaculture managed by DACS.

The bill specifies that FWCC law enforcement officers are given full power to investigate and arrest for any violation of the rules of DACS, the DEP, and the Board of Trustees of the Internal Improvement Trust Fund.

Section 5—Specifying the Retention and Transfer of Accrued Leave.

The bill specifies that any employee transferred from the DEP and DACS to fill positions transferred to the FWCC must retain and transfer any accrued annual leave, sick leave, and regular and special compensatory leave balances.

Section 6—Specifying the Powers and Duties of the FWCC Relating to Parks and Preserves and Wild and Scenic Rivers.

The bill creates part IV, Miscellaneous Provision, within chapter 258, F.S., and creates s. 258.601, F.S., within the new part IV, to provide that any prohibited activities under the state parks and preserves chapter, chapter 258, F.S., will be enforced by the DEP and the Division of Law Enforcement within the FWCC and its officers.

Section 7—Adding a Special Office within the DEP to be Headed by Managers Appointed by the Secretary of the DEP.

The bill adds the Office of Emergency Management to the list of established offices within the DEP

Sections 8-31—Providing conforming provisions to changes made by the bill

Section 32—Providing an effective date of July, 1, 2012.

B. SECTION DIRECTORY:

Section 1. Transferring and reassigning functions and responsibilities of the Division of Law Enforcement, excluding the Bureau of Emergency Response, within the DEP to the Division of Law Enforcement within the FWCC; reassigning the Bureau of Emergency Response within the DEP to the Secretary of DEP as the Office of Emergency Response; providing for the transfer of additional positions to the FWCC; providing for a memorandum of agreement between the DEP and the FWCC regarding the responsibilities of the FWCC to the DEP.

Section 2. Transferring and reassigning functions and responsibilities of sworn positions funded by the Conservation and Recreation Lands Program and assigned to the Florida Forest Service with DACS and the investigator responsible for the enforcement of aquaculture violations at DACS to the Division of Law Enforcement within the FWCC; providing for a memorandum of agreement between DACS and the FWCC regarding the responsibilities between the FWCC and DACS.

Section 3. Creating transition advisory working groups.

Section 4. Assigning powers, duties, responsibilities, and functions for enforcement of the laws and rules governing certain lands managed by the DEP and certain lands and aquaculture managed by DACS to the FWCC; conferring full power to the law enforcement officers of the FWCC to investigate and arrest for violations of rules of DACS, the DEP, and the Board of Trustees of the Internal Improvement Trust Fund.

Section 5. Providing for the retention and transfer of specified benefits for employees that are transferred from the DEP and DACS to fill positions transferred to the FWCC.

Section 6. Creating s. 258.601, F.S., specifying powers and duties of the FWCC relating to the enforcement of prohibited activities under chapter 258, F.S.

Section 7. Amending s. 20.255, F.S., adding the Office of Emergency Management to the list of established offices within the DEP.

Sections 8-31. Conforming provisions to changes made by the act.

Section 32. Providing an effective date of July 1, 2012.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

	FY 12-13	FY 13-14	FY 14-15	FY 15-16	FY 16-17	FY 17-18
Salaries/Ben. Reclass	(\$346,321)	(\$440,202)	(\$623,884)	(\$909,426)	(\$1,320,002)	(\$1,330,111)
Expense						
Equipment	\$138,577					
IT	\$90,425	\$37,925	\$37,925	\$37,925	\$37,925	\$37,925
Training	\$81,704					
Total Expense	\$310,706	\$37,925	\$37,925	\$37,925	\$37,925	\$37,925
Total Expenditures	(\$35,615)	(\$402,277)	(\$585,959)	(\$871,501)	(\$1,282,077)	(\$1,292,186)

According to the FWCC, there will be a cost savings in expenditures as a result of a staggered implementation of eliminating duplicative management positions (e.g., division directors, training section/bureau leaders, etc.) and support staff while establishing additional patrol and first response capacity, that is, position reclassification as soon as positions are vacated and re-filled. However, expenditures do not include leave payouts.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

According to the FWCC, the consolidation should decrease demands on local law enforcement to respond to calls for service on state-owned lands because of stronger state officer presence available to meet public safety needs.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to require counties or municipalities to spend funds or take an action requiring the expenditure of funds; reduce the authority that counties or municipalities have to raise revenues in the aggregate; or reduce the percentage of a state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill transfers all administrative authority and rules relating to the Division of Law Enforcement within the DEP, excluding the Bureau of Emergency Response, and relating to sworn positions funded by the Conservation and Recreation Lands Program and assigned to the Florida Forest Service within DACS as of July 1, 2011, to the Division of Law Enforcement within the FWCC.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On February 15, 2012, the Appropriations Committee amended and passed CS/HB 1383 as a committee substitute. The CS removed the authorization for salary parity and other pay adjustments.

On January 31, 2012, the Agriculture & Natural Resources Subcommittee amended and passed HB 1383 as a committee substitute (CS). The CS specifies that the Bureau of Emergency Response will be reassigned to the Secretary of the DEP, as a new Office of Emergency Response, created within the DEP. The CS specifies that the Secretary of the DEP, Commissioner of DACS, and the Executive Director of FWCC must each appoint two staff members each to a transition advisory working group to identify rules of the DEP, the BOT, DACS, and the FWCC that need to be amended to reflect the changes made by this bill. Lastly, the CS specified that any prohibited activities under the state parks and preserves chapter will be enforced by the DEP and the Division of Law Enforcement within the FWCC and its officers.

1 A bill to be entitled
2 An act relating to the Fish and Wildlife Conservation
3 Commission; transferring and reassigning functions and
4 responsibilities of the Division of Law Enforcement,
5 excluding the Bureau of Emergency Response, within the
6 Department of Environmental Protection to the Division
7 of Law Enforcement within the Fish and Wildlife
8 Conservation Commission; reassigning the Bureau of
9 Emergency Response within the Department of
10 Environmental Protection to the Secretary of
11 Environmental Protection as the Office of Emergency
12 Response within the Department of Environmental
13 Protection; providing for the transfer of additional
14 positions to the commission; providing for a
15 memorandum of agreement between the department and the
16 commission regarding the responsibilities of the
17 commission to the department; transferring and
18 reassigning functions and responsibilities of sworn
19 positions funded by the Conservation and Recreation
20 Lands Program and assigned to the Florida Forest
21 Service within the Department of Agriculture and
22 Consumer Services and the investigator responsible for
23 the enforcement of aquaculture violations at the
24 Department of Agriculture and Consumer Services to the
25 Division of Law Enforcement within the Fish and
26 Wildlife Conservation Commission; providing for a
27 memorandum of agreement between the department and the
28 commission regarding the responsibilities between the

29 | commission and the department; providing for
 30 | transition advisory working groups; assigning powers,
 31 | duties, responsibilities, and functions for
 32 | enforcement of the laws and rules governing certain
 33 | lands managed by the Department of Environmental
 34 | Protection and certain lands and aquaculture managed
 35 | by the Department of Agriculture and Consumer Services
 36 | to the Fish and Wildlife Conservation Commission;
 37 | conferring full power to the law enforcement officers
 38 | of the Fish and Wildlife Conservation Commission to
 39 | investigate and arrest for violations of rules of the
 40 | Department of Agriculture and Consumer Services, the
 41 | Department of Environmental Protection, and the Board
 42 | of Trustees of the Internal Improvement Trust Fund;
 43 | providing for the retention and transfer of specified
 44 | benefits for employees that are transferred from the
 45 | Department of Environmental Protection and the
 46 | Department of Agriculture and Consumer Services to
 47 | fill positions transferred to the Fish and Wildlife
 48 | Conservation Commission; creating s. 258.601, F.S.;
 49 | specifying powers and duties of the commission
 50 | relating to state parks and preserves and wild and
 51 | scenic rivers; amending ss. 20.255, 258.008, 258.501,
 52 | 282.709, 316.003, 316.2397, 316.640, 375.041, 376.065,
 53 | 376.07, 376.071, 376.16, 376.3071, 379.3311, 379.3312,
 54 | 379.3313, 379.333, 379.341, 379.343, 403.413, 784.07,
 55 | 843.08, 843.085, 870.04, and 932.7055, F.S.;

56 conforming provisions to changes made by the act;
 57 providing an effective date.
 58

59 Be It Enacted by the Legislature of the State of Florida:
 60

61 Section 1. (1) All powers, duties, functions, records,
 62 offices, personnel, property, pending issues and existing
 63 contracts, administrative authority, administrative rules, and
 64 unexpended balances of appropriations, allocations, and other
 65 funds relating to the Division of Law Enforcement within the
 66 Department of Environmental Protection, excluding the Bureau of
 67 Emergency Response, are transferred by a type two transfer, as
 68 defined in s. 20.06(2), Florida Statutes, to the Division of Law
 69 Enforcement within the Florida Fish and Wildlife Conservation
 70 Commission.

71 (2) The Bureau of Emergency Response within the Department
 72 of Environmental Protection is reassigned to the Secretary of
 73 Environmental Protection as the Office of Emergency Response
 74 within the Department of Environmental Protection.

75 (3) The Secretary of Environmental Protection shall
 76 transfer to the Fish and Wildlife Conservation Commission the
 77 number of administrative, auditing, inspector general, attorney,
 78 and operational support positions, including any related powers,
 79 duties, functions, property, and funding, proportionate to the
 80 number of Division of Law Enforcement full-time equivalent and
 81 other personal services positions being transferred from the
 82 department to the commission.

83 (4) A memorandum of agreement shall be developed between

84 | the department and the commission detailing the responsibilities
 85 | of the commission to the department, to include, at a minimum,
 86 | the following:

87 | (a) Support and response for oil spills, hazardous spills,
 88 | and natural disasters.

89 | (b) Law enforcement patrol and investigative services for
 90 | all state-owned lands managed by the department.

91 | (c) Law enforcement services, including investigative
 92 | services, for all criminal law violations of chapters 161, 258,
 93 | 373, 376, and 403, Florida Statutes.

94 | (d) Enforcement services for all civil violations of all
 95 | department administrative rules related to the following program
 96 | areas:

97 | 1. Division of Recreation and Parks.

98 | 2. Office of Coastal and Aquatic Managed Areas.

99 | 3. Office of Greenways and Trails.

100 | (e) Current and future funding for positions and property
 101 | being transferred from the department to the commission that is
 102 | funded through any trust fund.

103 | Section 2. (1) All powers, duties, functions, records,
 104 | property, pending issues and existing contracts, administrative
 105 | authority, administrative rules, and unexpended balances of
 106 | appropriations, allocations, and other funds relating to sworn
 107 | positions funded by the Conservation and Recreation Lands
 108 | Program and assigned to the Florida Forest Service within the
 109 | Department of Agriculture and Consumer Services as of July 1,
 110 | 2011, and the investigator responsible for the enforcement of
 111 | aquaculture violations at the Department of Agriculture and

112 Consumer Services as of July 1, 2011, are transferred by a type
 113 two transfer, as defined in s. 20.06(2), Florida Statutes, to
 114 the Division of Law Enforcement within the Fish and Wildlife
 115 Conservation Commission.

116 (2) A memorandum of agreement shall be developed between
 117 the department and the commission detailing the responsibilities
 118 between the commission and the department, to include, at a
 119 minimum, the following:

120 (a) Law enforcement patrol and investigative services for
 121 all state-owned forests managed by the department.

122 (b) Current and future funding for positions and property
 123 assigned to the Conservation and Recreation Lands Program that
 124 are transferred from the department to the commission.

125 Section 3. (1) The Secretary of Environmental Protection
 126 and the Executive Director of the Fish and Wildlife Conservation
 127 Commission shall each appoint three staff members to a
 128 transition advisory working group to review and determine the
 129 following:

130 (a) The appropriate proportionate number of
 131 administrative, auditing, inspector general, attorney, and
 132 operational support positions and their related funding levels
 133 and sources and assigned property to be transferred from the
 134 Office of General Counsel, Office of Inspector General, and
 135 Division of Administrative Services or other relevant offices or
 136 divisions within the Department of Environmental Protection to
 137 the Fish and Wildlife Conservation Commission.

138 (b) The development of a recommended plan addressing the
 139 transfer or shared use of buildings, regional offices, and other

140 facilities used or owned by the Department of Environmental
 141 Protection.

142 (c) Any operating budget adjustments as necessary to
 143 implement the requirements of this act. Adjustments made to the
 144 operating budgets of the department and the commission in the
 145 implementation of this act must be made in consultation with the
 146 appropriate substantive and fiscal committees of the Senate and
 147 the House of Representatives. The revisions to the approved
 148 operating budgets for the 2012-2013 fiscal year which are
 149 necessary to reflect the organizational changes made by this act
 150 shall be implemented pursuant to s. 216.292(4)(d), Florida
 151 Statutes, and subject to s. 216.177, Florida Statutes.
 152 Subsequent adjustments between agencies that are determined
 153 necessary by the department or commission and approved by the
 154 Executive Office of the Governor are authorized and subject to
 155 s. 216.177, Florida Statutes. The appropriate substantive
 156 committees of the Senate and the House of Representatives shall
 157 also be notified of the proposed revisions to ensure consistency
 158 with legislative policy and intent.

159 (2) The Secretary of Environmental Protection, the
 160 Commissioner of Agriculture, and the Executive Director of the
 161 Fish and Wildlife Conservation Commission shall each appoint two
 162 staff members to a transition advisory working group to identify
 163 rules of the Department of Environmental Protection, the Board
 164 of Trustees of the Internal Improvement Trust Fund, the
 165 Department of Agriculture and Consumer Services, and the Fish
 166 and Wildlife Conservation Commission that need to be amended to
 167 reflect the changes made by this act.

MISCELLANEOUS PROVISIONS

258.601 Enforcement of prohibited activities.-Prohibited activities under this chapter shall be enforced by the Department of Environmental Protection and the Division of Law Enforcement of the Fish and Wildlife Conservation Commission and its officers.

Section 7. Subsections (5) through (8) of section 20.255, Florida Statutes, are renumbered as subsections (4) through (7), respectively, and present subsections (2), (3), and (4) of that section are amended to read:

20.255 Department of Environmental Protection.-There is created a Department of Environmental Protection.

(2)(a) There shall be three deputy secretaries who are to be appointed by and shall serve at the pleasure of the secretary. The secretary may assign any deputy secretary the responsibility to supervise, coordinate, and formulate policy for any division, office, or district. The following special offices are established and headed by managers, each of whom is to be appointed by and serve at the pleasure of the secretary:

1. Office of Chief of Staff;
2. Office of General Counsel;
3. Office of Inspector General;
4. Office of External Affairs;
5. Office of Legislative Affairs;
6. Office of Intergovernmental Programs; and
7. Office of Greenways and Trails.
8. Office of Emergency Response.

(b) There shall be six administrative districts involved

CS/CS/HB 1383

2012

224 | in regulatory matters of waste management, water resource
 225 | management, wetlands, and air resources, which shall be headed
 226 | by managers, each of whom is to be appointed by and serve at the
 227 | pleasure of the secretary. Divisions of the department may have
 228 | one assistant or two deputy division directors, as required to
 229 | facilitate effective operation.

230

231 | The managers of all divisions and offices specifically named in
 232 | this section and the directors of the six administrative
 233 | districts are exempt from part II of chapter 110 and are
 234 | included in the Senior Management Service in accordance with s.
 235 | 110.205(2)(j).

236 | (3) The following divisions of the Department of
 237 | Environmental Protection are established:

238 | (a) Division of Administrative Services.

239 | (b) Division of Air Resource Management.

240 | (c) Division of Water Resource Management.

241 | ~~(d) Division of Law Enforcement.~~

242 | (d)~~(e)~~ Division of Environmental Assessment and
 243 | Restoration.

244 | (e)~~(f)~~ Division of Waste Management.

245 | (f)~~(g)~~ Division of Recreation and Parks.

246 | (g)~~(h)~~ Division of State Lands, the director of which is
 247 | to be appointed by the secretary of the department, subject to
 248 | confirmation by the Governor and Cabinet sitting as the Board of
 249 | Trustees of the Internal Improvement Trust Fund.

250

251 | In order to ensure statewide and intradepartmental consistency,

252 the department's divisions shall direct the district offices and
 253 bureaus on matters of interpretation and applicability of the
 254 department's rules and programs.

255 ~~(4) Law enforcement officers of the Department of~~
 256 ~~Environmental Protection who meet the provisions of s. 943.13~~
 257 ~~are constituted law enforcement officers of this state with full~~
 258 ~~power to investigate and arrest for any violation of the laws of~~
 259 ~~this state, and the rules of the department and the Board of~~
 260 ~~Trustees of the Internal Improvement Trust Fund. The general~~
 261 ~~laws applicable to investigations, searches, and arrests by~~
 262 ~~peace officers of this state apply to such law enforcement~~
 263 ~~officers.~~

264 Section 8. Subsection (1) of section 258.008, Florida
 265 Statutes, is amended to read:

266 258.008 Prohibited activities; penalties.—

267 (1) Except as provided in subsection (3), any person who
 268 violates or otherwise fails to comply with the rules adopted
 269 under this chapter commits a noncriminal infraction for which
 270 ejection from all property managed by the Division of Recreation
 271 and Parks and a fine of up to \$500 may be imposed by the
 272 division. Fines paid under this subsection shall be paid to the
 273 Fish and Wildlife Conservation Commission ~~Department of~~
 274 ~~Environmental Protection~~ and deposited in the State Game Park
 275 Trust Fund as provided in ss. 379.338, 379.339, and 379.3395.

276 Section 9. Subsection (16) of section 258.501, Florida
 277 Statutes, is amended to read:

278 258.501 Myakka River; wild and scenic segment.—

279 (16) ENFORCEMENT. ~~Officers of~~ The department and the Fish
 280 and Wildlife Conservation Commission shall have full authority
 281 to enforce any rule adopted by the department ~~under this section~~
 282 ~~with the same police powers given them by law to enforce the~~
 283 ~~rules of state parks and the rules pertaining to saltwater areas~~
 284 ~~under the jurisdiction of the Florida Marine Patrol.~~

285 Section 10. Paragraph (a) of subsection (2) of section
 286 282.709, Florida Statutes, is amended to read:

287 282.709 State agency law enforcement radio system and
 288 interoperability network.—

289 (2) The Joint Task Force on State Agency Law Enforcement
 290 Communications is created adjunct to the department to advise
 291 the department of member-agency needs relating to the planning,
 292 designing, and establishment of the statewide communication
 293 system.

294 (a) The Joint Task Force on State Agency Law Enforcement
 295 Communications shall consist of the following ~~eight~~ members, ~~as~~
 296 ~~follows~~:

297 1. A representative of the Division of Alcoholic Beverages
 298 and Tobacco of the Department of Business and Professional
 299 Regulation who shall be appointed by the secretary of the
 300 department.

301 2. A representative of the Division of Florida Highway
 302 Patrol of the Department of Highway Safety and Motor Vehicles
 303 who shall be appointed by the executive director of the
 304 department.

305 3. A representative of the Department of Law Enforcement
 306 who shall be appointed by the executive director of the

307 department.

308 4. A representative of the Fish and Wildlife Conservation
 309 Commission who shall be appointed by the executive director of
 310 the commission.

311 ~~5. A representative of the Division of Law Enforcement of~~
 312 ~~the Department of Environmental Protection who shall be~~
 313 ~~appointed by the secretary of the department.~~

314 5.6. A representative of the Department of Corrections who
 315 shall be appointed by the secretary of the department.

316 6.7. A representative of the Division of State Fire
 317 Marshal of the Department of Financial Services who shall be
 318 appointed by the State Fire Marshal.

319 7.8. A representative of the Department of Transportation
 320 who shall be appointed by the secretary of the department.

321 Section 11. Subsection (1) of section 316.003, Florida
 322 Statutes, is amended to read:

323 316.003 Definitions.—The following words and phrases, when
 324 used in this chapter, shall have the meanings respectively
 325 ascribed to them in this section, except where the context
 326 otherwise requires:

327 (1) AUTHORIZED EMERGENCY VEHICLES.—Vehicles of the fire
 328 department (fire patrol), police vehicles, and such ambulances
 329 and emergency vehicles of municipal departments, public service
 330 corporations operated by private corporations, the Fish and
 331 Wildlife Conservation Commission, the Department of
 332 Environmental Protection, the Department of Health, the
 333 Department of Transportation, and the Department of Corrections
 334 as are designated or authorized by their respective department

335 or the chief of police of an incorporated city or any sheriff of
 336 any of the various counties.

337 Section 12. Subsections (3) and (9) of section 316.2397,
 338 Florida Statutes, are amended to read:

339 316.2397 Certain lights prohibited; exceptions.—

340 (3) Vehicles of the fire department and fire patrol,
 341 including vehicles of volunteer firefighters as permitted under
 342 s. 316.2398, vehicles of medical staff physicians or technicians
 343 of medical facilities licensed by the state as authorized under
 344 s. 316.2398, ambulances as authorized under this chapter, and
 345 buses and taxicabs as authorized under s. 316.2399 may are
 346 ~~permitted to~~ show or display red lights. Vehicles of the fire
 347 department, fire patrol, police vehicles, and such ambulances
 348 and emergency vehicles of municipal and county departments,
 349 public service corporations operated by private corporations,
 350 the Fish and Wildlife Conservation Commission, the Department of
 351 Environmental Protection, the Department of Transportation, the
 352 Department of Agriculture and Consumer Services, and the
 353 Department of Corrections as are designated or authorized by
 354 their respective department or the chief of police of an
 355 incorporated city or any sheriff of any county may are hereby
 356 ~~authorized to~~ operate emergency lights and sirens in an
 357 emergency. Wreckers, mosquito control fog and spray vehicles,
 358 and emergency vehicles of governmental departments or public
 359 service corporations may show or display amber lights when in
 360 actual operation or when a hazard exists provided they are not
 361 used going to and from the scene of operation or hazard without
 362 specific authorization of a law enforcement officer or law

363 enforcement agency. Wreckers must use amber rotating or flashing
 364 lights while performing recoveries and loading on the roadside
 365 day or night, and may use such lights while towing a vehicle on
 366 wheel lifts, slings, or under reach if the operator of the
 367 wrecker deems such lights necessary. A flatbed, car carrier, or
 368 rollback may not use amber rotating or flashing lights when
 369 hauling a vehicle on the bed unless it creates a hazard to other
 370 motorists because of protruding objects. Further, escort
 371 vehicles may show or display amber lights when in the actual
 372 process of escorting overdimensioned equipment, material, or
 373 buildings as authorized by law. Vehicles owned or leased by
 374 private security agencies may show or display green and amber
 375 lights, with either color being no greater than 50 percent of
 376 the lights displayed, while the security personnel are engaged
 377 in security duties on private or public property.

378 (9) Flashing red lights may be used by emergency response
 379 vehicles of the Fish and Wildlife Conservation Commission, the
 380 Department of Environmental Protection, and the Department of
 381 Health when responding to an emergency in the line of duty.

382 Section 13. Paragraph (a) of subsection (1) of section
 383 316.640, Florida Statutes, is amended to read:

384 316.640 Enforcement.—The enforcement of the traffic laws
 385 of this state is vested as follows:

386 (1) STATE.—

387 (a)1.a. The Division of Florida Highway Patrol of the
 388 Department of Highway Safety and Motor Vehicles; the Division of
 389 Law Enforcement of the Fish and Wildlife Conservation
 390 Commission; ~~the Division of Law Enforcement of the Department of~~

391 ~~Environmental Protection,~~ and the agents, inspectors, and
 392 officers of the Department of Law Enforcement each have
 393 authority to enforce all of the traffic laws of this state on
 394 all the streets and highways thereof and elsewhere throughout
 395 the state wherever the public has a right to travel by motor
 396 vehicle.

397 b. University police officers may ~~shall have authority to~~
 398 enforce all of the traffic laws of this state when violations
 399 occur on or within 1,000 feet of any property or facilities that
 400 are under the guidance, supervision, regulation, or control of a
 401 state university, a direct-support organization of such state
 402 university, or any other organization controlled by the state
 403 university or a direct-support organization of the state
 404 university, or when such violations occur within a specified
 405 jurisdictional area as agreed upon in a mutual aid agreement
 406 entered into with a law enforcement agency pursuant to s.
 407 23.1225(1). Traffic laws may also be enforced off-campus when
 408 hot pursuit originates on or within 1,000 feet of any such
 409 property or facilities, or as agreed upon in accordance with the
 410 mutual aid agreement.

411 c. Community college police officers may ~~shall have the~~
 412 ~~authority to~~ enforce all the traffic laws of this state only
 413 when such violations occur on any property or facilities that
 414 are under the guidance, supervision, regulation, or control of
 415 the community college system.

416 d. Police officers employed by an airport authority may
 417 ~~shall have the authority to~~ enforce all of the traffic laws of
 418 this state only when such violations occur on any property or

419 facilities that are owned or operated by an airport authority.

420 (I) An airport authority may employ as a parking
 421 enforcement specialist any individual who successfully completes
 422 a training program established and approved by the Criminal
 423 Justice Standards and Training Commission for parking
 424 enforcement specialists but who does not otherwise meet the
 425 uniform minimum standards established by the commission for law
 426 enforcement officers or auxiliary or part-time officers under s.
 427 943.12. ~~Nothing in~~ This sub-sub-subparagraph may not ~~shall~~ be
 428 construed to permit the carrying of firearms or other weapons,
 429 nor shall such parking enforcement specialist have arrest
 430 authority.

431 (II) A parking enforcement specialist employed by an
 432 airport authority may ~~is authorized to~~ enforce all state,
 433 county, and municipal laws and ordinances governing parking only
 434 when such violations are on property or facilities owned or
 435 operated by the airport authority employing the specialist, by
 436 appropriate state, county, or municipal traffic citation.

437 e. The Office of Agricultural Law Enforcement of the
 438 Department of Agriculture and Consumer Services may ~~shall have~~
 439 ~~the authority to~~ enforce traffic laws of this state.

440 f. School safety officers may ~~shall have the authority to~~
 441 enforce all of the traffic laws of this state when such
 442 violations occur on or about any property or facilities that
 443 ~~which~~ are under the guidance, supervision, regulation, or
 444 control of the district school board.

445 2. An agency of the state as described in subparagraph 1.
 446 is prohibited from establishing a traffic citation quota. A

447 violation of this subparagraph is not subject to the penalties
 448 provided in chapter 318.

449 3. Any disciplinary action taken or performance evaluation
 450 conducted by an agency of the state as described in subparagraph
 451 1. of a law enforcement officer's traffic enforcement activity
 452 must be in accordance with written work-performance standards.
 453 Such standards must be approved by the agency and any collective
 454 bargaining unit representing such law enforcement officer. A
 455 violation of this subparagraph is not subject to the penalties
 456 provided in chapter 318.

457 4. The Division of the Florida Highway Patrol may employ
 458 as a traffic accident investigation officer any individual who
 459 successfully completes instruction in traffic accident
 460 investigation and court presentation through the Selective
 461 Traffic Enforcement Program as approved by the Criminal Justice
 462 Standards and Training Commission and funded through the
 463 National Highway Traffic Safety Administration or a similar
 464 program approved by the commission, but who does not necessarily
 465 meet the uniform minimum standards established by the commission
 466 for law enforcement officers or auxiliary law enforcement
 467 officers under chapter 943. Any such traffic accident
 468 investigation officer who makes an investigation at the scene of
 469 a traffic accident may issue traffic citations, based upon
 470 personal investigation, when he or she has reasonable and
 471 probable grounds to believe that a person who was involved in
 472 the accident committed an offense under this chapter, chapter
 473 319, chapter 320, or chapter 322 in connection with the
 474 accident. This subparagraph does not permit the officer to carry

475 | firearms or other weapons, and such an officer does not have
 476 | authority to make arrests.

477 | Section 14. Subsection (4) of section 375.041, Florida
 478 | Statutes, is amended to read:

479 | 375.041 Land Acquisition Trust Fund.—

480 | (4) The department may disburse moneys in the Land
 481 | Acquisition Trust Fund to pay all necessary expenses to carry
 482 | out the purposes of this act. The department shall disburse
 483 | moneys from the Land Acquisition Trust Fund to the Fish and
 484 | Wildlife Conservation Commission for the purpose of funding law
 485 | enforcement services on state lands.

486 | Section 15. Subsection (5) of section 376.065, Florida
 487 | Statutes, is amended to read:

488 | 376.065 Operation of terminal facility without discharge
 489 | prevention and response certificate prohibited; penalty.—

490 | (5) (a) A ~~Any~~ person who violates this section or the terms
 491 | and requirements of such certification commits a noncriminal
 492 | infraction. The civil penalty for any such infraction shall be
 493 | \$500, except as otherwise provided in this section.

494 | (b) A ~~Any~~ person cited for an infraction under this
 495 | section may:

- 496 | 1. Pay the civil penalty;
- 497 | 2. Post a bond equal to the amount of the applicable civil
 498 | penalty; or
- 499 | 3. Sign and accept a citation indicating a promise to
 500 | appear before the county court.

501 |
 502 | The department employee ~~officer~~ authorized to issue these

503 citations may indicate on the citation the time and location of
 504 the scheduled hearing and shall indicate the applicable civil
 505 penalty.

506 (c) A ~~Any~~ person who willfully refuses to post bond or
 507 accept and sign a citation commits a misdemeanor of the second
 508 degree, punishable as provided in s. 775.082 or s. 775.083.

509 (d) After compliance with ~~the provisions of~~ subparagraph
 510 (b)2. or subparagraph (b)3., a ~~any~~ person charged with a
 511 noncriminal infraction under this section may:

512 1. Pay the civil penalty, either by mail or in person,
 513 within 30 days after the date of receiving the citation; or

514 2. If the person has posted bond, forfeit the bond by not
 515 appearing at the designated time and location.

516

517 A person cited for an infraction under this section who pays the
 518 civil penalty or forfeits the bond has admitted the infraction
 519 and waives the right to a hearing on the issue of commission of
 520 the infraction. Such admission may not be used as evidence in
 521 any other proceedings.

522 (e) A ~~Any~~ person who elects to appear before the county
 523 court or who is required to so appear waives the limitations of
 524 the civil penalty specified in paragraph (a). The court, after a
 525 hearing, shall make a determination as to whether an infraction
 526 has been committed. If the commission of the infraction is
 527 proved, the court shall impose a civil penalty of \$500.

528 (f) At a hearing under this subsection, the commission of
 529 a charged infraction must be proved by the greater weight of the
 530 evidence.

531 (g) A person who is found by the hearing official to have
 532 committed an infraction may appeal that finding to the circuit
 533 court.

534 (h) A ~~Any~~ person who has not posted bond and who fails
 535 either to pay the fine specified in paragraph (a) within 30 days
 536 after receipt of the citation or to appear before the court
 537 commits a misdemeanor of the second degree, punishable as
 538 provided in s. 775.082 or s. 775.083.

539 Section 16. Subsection (3) of section 376.07, Florida
 540 Statutes, is amended to read:

541 376.07 Regulatory powers of department; penalties for
 542 inadequate booming by terminal facilities.—

543 (3) The department shall not require vessels to maintain
 544 discharge prevention gear, holding tanks, and containment gear
 545 which exceed federal requirements. However, a terminal facility
 546 transferring heavy oil to or from a vessel with a heavy oil
 547 storage capacity greater than 10,000 gallons shall be required,
 548 considering existing weather and tidal conditions, to adequately
 549 boom or seal off the transfer area during a transfer, including,
 550 but not limited to, a bunkering operation, to minimize the
 551 escape of such pollutants from the containment area. As used in
 552 this subsection, the term "adequate booming" means booming with
 553 proper containment equipment which is employed and located for
 554 the purpose of preventing, for the most likely discharge, as
 555 much of the pollutant as possible from escaping out of the
 556 containment area.

557 (a) The owner or operator of a terminal facility involved
 558 in the transfer of such pollutant to or from a vessel which is

559 not adequately boomed commits a noncriminal infraction and shall
 560 be cited for such infraction. The civil penalty for such an
 561 infraction shall be \$2,500, except as otherwise provided in this
 562 section.

563 (b) A ~~Any~~ person cited for an infraction under this
 564 section may:

- 565 1. Pay the civil penalty;
- 566 2. Post bond equal to the amount of the applicable civil
 567 penalty; or
- 568 3. Sign and accept a citation indicating a promise to
 569 appear before the county court.

570

571 The department employee ~~officer~~ authorized to issue these
 572 citations may indicate on the citation the time and location of
 573 the scheduled hearing and shall indicate the applicable civil
 574 penalty.

575 (c) A ~~Any~~ person who willfully refuses to post bond or
 576 accept and sign a citation commits a misdemeanor of the second
 577 degree, punishable as provided in s. 775.082 or s. 775.083.

578 (d) After compliance with subparagraph (b)2. or
 579 subparagraph (b)3., a ~~any~~ person charged with a noncriminal
 580 infraction under this section may:

- 581 1. Pay the civil penalty, either by mail or in person,
 582 within 30 days after the date of receiving the citation; or
- 583 2. If the person has posted bond, forfeit the bond by not
 584 appearing at the designated time and location.

585

586 A person cited for an infraction under this section who pays the

587 civil penalty or forfeits the bond has admitted the infraction
 588 and waives the right to a hearing on the issue of commission of
 589 the infraction. Such admission may not be used as evidence in
 590 any other proceedings.

591 (e) A ~~Any~~ person who elects to appear before the county
 592 court or who is required to appear waives the limitations of the
 593 civil penalty specified in paragraph (a). The issue of whether
 594 an infraction has been committed and the severity of the
 595 infraction shall be determined by a hearing official at a
 596 hearing. If the commission of the infraction is proved by the
 597 greater weight of the evidence, the court shall impose a civil
 598 penalty of \$2,500. If the court determines that the owner or
 599 operator of the terminal facility failed to deploy any boom
 600 equipment during such a transfer, including, but not limited to,
 601 a bunkering operation, the civil penalty shall be \$5,000.

602 (f) A person who is found by the hearing official to have
 603 committed an infraction may appeal that finding to the circuit
 604 court.

605 (g) A ~~Any~~ person who has not posted bond and who fails
 606 either to pay the civil penalty specified in paragraph (a)
 607 within 30 days after receipt of the citation or to appear before
 608 the court commits a misdemeanor of the second degree, punishable
 609 as provided in s. 775.082 or s. 775.083.

610 Section 17. Subsection (2) of section 376.071, Florida
 611 Statutes, is amended to read:

612 376.071 Discharge contingency plan for vessels.—

613 (2) (a) A ~~Any~~ master of a vessel that ~~which~~ violates
 614 subsection (1) commits a noncriminal infraction and shall be

615 cited for such infraction. The civil penalty for such an
 616 infraction shall be \$5,000, except as otherwise provided in this
 617 subsection.

618 (b) A ~~Any~~ person charged with a noncriminal infraction
 619 under this section may:

- 620 1. Pay the civil penalty;
- 621 2. Post bond equal to the amount of the applicable civil
 622 penalty; or
- 623 3. Sign and accept a citation indicating a promise to
 624 appear before the county court for the county in which the
 625 violation occurred or the county closest to the location at
 626 which the violation occurred.

627
 628 The department employee ~~officer~~ authorized to issue these
 629 citations may indicate on the citation the time and location of
 630 the scheduled hearing and shall indicate the applicable civil
 631 penalty.

632 (c) A ~~Any~~ person who willfully refuses to post bond or
 633 accept and sign a citation commits a misdemeanor of the second
 634 degree, punishable as provided in s. 775.082 or s. 775.083.

635 (d) After complying with the provisions of subparagraph
 636 (b)2. or subparagraph (b)3., a ~~any~~ person charged with a
 637 noncriminal infraction under this section may:

- 638 1. Pay the civil penalty, either by mail or in person,
 639 within 30 days after the date of receiving the citation; or
- 640 2. If the person has posted bond, forfeit the bond by not
 641 appearing at the designated time and location.

642

643 A person cited for an infraction under this section who pays the
 644 civil penalty or forfeits the bond has admitted the infraction
 645 and waives the right to a hearing on the issue of commission of
 646 the infraction. Such admission may not be used as evidence in
 647 any other proceedings.

648 (e) A ~~Any~~ person who elects to appear before the county
 649 court or who is required to appear waives the limitations of the
 650 civil penalty specified in paragraph (a). The court, after a
 651 hearing, shall make a determination as to whether an infraction
 652 has been committed. If the commission of the infraction is
 653 proved, the court shall impose a civil penalty of \$5,000.

654 (f) At a hearing under this subsection, the commission of
 655 a charged infraction must be proved by the greater weight of the
 656 evidence.

657 (g) A person who is found by the hearing official to have
 658 committed an infraction may appeal that finding to the circuit
 659 court.

660 (h) A ~~Any~~ person who has not posted bond and who fails
 661 either to pay the civil penalty specified in paragraph (a)
 662 within 30 days after receipt of the citation or to appear before
 663 the court commits a misdemeanor of the second degree, punishable
 664 as provided in s. 775.082 or s. 775.083.

665 Section 18. Subsection (4) of section 376.16, Florida
 666 Statutes, is amended to read:

667 376.16 Enforcement and penalties.—

668 (4) A ~~Any~~ person charged with a noncriminal infraction
 669 pursuant to subsection (2) or subsection (3) may:

670 (a) Pay the civil penalty;

671 (b) Post a bond equal to the amount of the applicable
 672 civil penalty; or

673 (c) Sign and accept a citation indicating a promise to
 674 appear before the county court.

675
 676 The department employee ~~officer~~ authorized to issue these
 677 citations may indicate on the citation the time and location of
 678 the scheduled hearing and shall indicate the applicable civil
 679 penalty.

680 Section 19. Paragraph (q) is added to subsection (4) of
 681 section 376.3071, Florida Statutes, to read:

682 376.3071 Inland Protection Trust Fund; creation; purposes;
 683 funding.—

684 (4) USES.—Whenever, in its determination, incidents of
 685 inland contamination related to the storage of petroleum or
 686 petroleum products may pose a threat to the environment or the
 687 public health, safety, or welfare, the department shall obligate
 688 moneys available in the fund to provide for:

689 (q) Enforcement of this section and ss. 376.30-376.317 by
 690 the Fish and Wildlife Conservation Commission. The department
 691 shall disburse moneys to the commission for such purpose.

692
 693 The Inland Protection Trust Fund may only be used to fund the
 694 activities in ss. 376.30-376.317 except ss. 376.3078 and
 695 376.3079. Amounts on deposit in the Inland Protection Trust Fund
 696 in each fiscal year shall first be applied or allocated for the
 697 payment of amounts payable by the department pursuant to
 698 paragraph (o) under a service contract entered into by the

699 department pursuant to s. 376.3075 and appropriated in each year
 700 by the Legislature prior to making or providing for other
 701 disbursements from the fund. Nothing in this subsection shall
 702 authorize the use of the Inland Protection Trust Fund for
 703 cleanup of contamination caused primarily by a discharge of
 704 solvents as defined in s. 206.9925(6), or polychlorinated
 705 biphenyls when their presence causes them to be hazardous
 706 wastes, except solvent contamination which is the result of
 707 chemical or physical breakdown of petroleum products and is
 708 otherwise eligible. Facilities used primarily for the storage of
 709 motor or diesel fuels as defined in ss. 206.01 and 206.86 shall
 710 be presumed not to be excluded from eligibility pursuant to this
 711 section.

712 Section 20. Section 379.3311, Florida Statutes, is amended
 713 to read:

714 379.3311 Police powers of commission and its agents.—

715 (1) The ~~Fish and Wildlife Conservation~~ commission, the
 716 executive director and the executive director's assistants
 717 designated by her or him, and each commission ~~wildlife~~ officer
 718 are constituted peace officers with the power to make arrests
 719 for violations of the laws of this state when committed in the
 720 presence of the officer or when committed on lands under the
 721 supervision and management of the commission, the department,
 722 the Board of Trustees of the Internal Improvement Trust Fund, or
 723 the Department of Agricultural and Consumer Services, including
 724 state parks, coastal and aquatic managed areas, and greenways
 725 and trails. The general laws applicable to arrests by peace
 726 officers of this state shall also be applicable to such ~~said~~

727 | director, assistants, and commission ~~wildlife~~ officers. Such
 728 | persons may enter upon any land or waters of the state for
 729 | performance of their lawful duties and may take with them any
 730 | necessary equipment, and such entry does ~~shall~~ not constitute a
 731 | trespass.

732 | (2) Such officers may ~~shall have power and authority to~~
 733 | enforce throughout the state all laws relating to game, nongame
 734 | birds, fish, and fur-bearing animals and all rules and
 735 | regulations of the ~~Fish and Wildlife Conservation~~ commission
 736 | relating to wild animal life, marine life, and freshwater
 737 | aquatic life, and in connection with such ~~said~~ laws, rules, and
 738 | regulations, in the enforcement thereof and in the performance
 739 | of their duties thereunder, to:

- 740 | (a) Go upon all premises, posted or otherwise;
- 741 | (b) Execute warrants and search warrants for the violation
 742 | of such ~~said~~ laws;
- 743 | (c) Serve subpoenas issued for the examination,
 744 | investigation, and trial of all offenses against such ~~said~~ laws;
- 745 | (d) Carry firearms or other weapons, concealed or
 746 | otherwise, in the performance of their duties;
- 747 | (e) Arrest upon probable cause without warrant any person
 748 | found in the act of violating any such ~~of the provisions of said~~
 749 | laws or, in pursuit immediately following such violations, to
 750 | examine any person, boat, conveyance, vehicle, game bag, game
 751 | coat, or other receptacle for wild animal life, marine life, or
 752 | freshwater aquatic life, or any camp, tent, cabin, or roster, in
 753 | the presence of any person stopping at or belonging to such
 754 | camp, tent, cabin, or roster, when such ~~said~~ officer has reason

755 | to believe, and has exhibited her or his authority and stated to
 756 | the suspected person in charge the officer's reason for
 757 | believing, that any of the aforesaid laws have been violated at
 758 | such camp;

759 | (f) Secure and execute search warrants and in pursuance
 760 | thereof to enter any building, enclosure, or car and to break
 761 | open, when found necessary, any apartment, chest, locker, box,
 762 | trunk, crate, basket, bag, package, or container and examine the
 763 | contents thereof;

764 | (g) Seize and take possession of all wild animal life,
 765 | marine life, or freshwater aquatic life taken or in possession
 766 | or under control of, or shipped or about to be shipped by, any
 767 | person at any time in any manner contrary to such ~~said~~ laws.

768 | (3) It is unlawful for any person to resist an arrest
 769 | authorized by this section or in any manner to interfere, either
 770 | by abetting, assisting such resistance, or otherwise interfering
 771 | with such ~~said~~ executive director, assistants, or commission
 772 | ~~wildlife~~ officers while engaged in the performance of the duties
 773 | imposed upon them by law or regulation of the ~~Fish and Wildlife~~
 774 | Conservation commission, the department, the Board of Trustees
 775 | of the Internal Improvement Trust Fund, or the Department of
 776 | Agriculture and Consumer Services.

777 | (4) Upon final disposition of any alleged offense for
 778 | which a citation for any violation of this chapter or the rules
 779 | of the commission has been issued, the court shall, within 10
 780 | days after the final disposition of the action, certify the
 781 | disposition to the commission.

782 | Section 21. Section 379.3312, Florida Statutes, is amended

783 to read:

784 379.3312 Powers of arrest by agents of ~~Department of~~
 785 ~~Environmental Protection or Fish and Wildlife Conservation~~
 786 commission.—Any certified law enforcement officer of the
 787 ~~Department of Environmental Protection or the Fish and Wildlife~~
 788 ~~Conservation~~ commission, upon receiving information, relayed to
 789 her or him from any law enforcement officer stationed on the
 790 ground, on the water, or in the air, that a driver, operator, or
 791 occupant of any vehicle, boat, or airboat has violated any
 792 section of chapter 327, chapter 328, or this chapter, or s.
 793 597.010 or s. 597.020, may arrest the driver, operator, or
 794 occupant for violation of such ~~said~~ laws when reasonable and
 795 proper identification of the vehicle, boat, or airboat and
 796 reasonable and probable grounds to believe that the driver,
 797 operator, or occupant has committed or is committing any such
 798 offense have been communicated to the arresting officer by the
 799 other officer stationed on the ground, on the water, or in the
 800 air.

801 Section 22. Subsection (1) of section 379.3313, Florida
 802 Statutes, is amended to read:

803 379.3313 Powers of commission law enforcement officers.—
 804 (1) Law enforcement officers of the commission are
 805 constituted law enforcement officers of this state with full
 806 power to investigate and arrest for any violation of the laws of
 807 this state and the rules of the commission, the department, the
 808 Board of Trustees of the Internal Improvement Trust Fund, and
 809 the Department of Agriculture and Consumer Services under their
 810 jurisdiction. The general laws applicable to arrests by peace

811 officers of this state shall also be applicable to law
 812 enforcement officers of the commission. Such law enforcement
 813 officers may enter upon any land or waters of the state for
 814 performance of their lawful duties and may take with them any
 815 necessary equipment, and such entry will not constitute a
 816 trespass. It is lawful for any boat, motor vehicle, or aircraft
 817 owned or chartered by the commission or its agents or employees
 818 to land on and depart from any of the beaches or waters of the
 819 state. Such law enforcement officers have the authority, without
 820 warrant, to board, inspect, and search any boat, fishing
 821 appliance, storage or processing plant, fishhouse, spongehouse,
 822 oysterhouse, or other warehouse, building, or vehicle engaged in
 823 transporting or storing any fish or fishery products. Such
 824 authority to search and inspect without a search warrant is
 825 limited to those cases in which such law enforcement officers
 826 have reason to believe that fish or any saltwater products are
 827 taken or kept for sale, barter, transportation, or other
 828 purposes in violation of laws or rules adopted ~~promulgated~~ under
 829 this law. ~~Any~~ Such law enforcement officers ~~officer~~ may at any
 830 time seize or take possession of any saltwater products or
 831 contraband which have been unlawfully caught, taken, or
 832 processed or which are unlawfully possessed or transported in
 833 violation of any of the laws of this state or any rule of the
 834 commission. Such law enforcement officers may arrest any person
 835 in the act of violating ~~any of the provisions of~~ this law, the
 836 rules of the commission, or any of the laws of this state. It is
 837 ~~hereby declared~~ unlawful for a ~~any~~ person to resist such arrest
 838 or in any manner interfere, either by abetting or assisting such

839 resistance or otherwise interfering, with any such law
 840 enforcement officer while engaged in the performance of the
 841 duties imposed upon him or her by law or rule of the commission.

842 Section 23. Subsections (1) and (2) of section 379.333,
 843 Florida Statutes, are amended to read:

844 379.333 Arrest by officers of the ~~Fish and Wildlife~~
 845 ~~Conservation~~ commission; recognizance; cash bond; citation.—

846 (1) In all cases of arrest by officers of the ~~Fish and~~
 847 ~~Wildlife Conservation~~ commission and the ~~Department of~~
 848 ~~Environmental Protection~~, the person arrested shall be delivered
 849 forthwith by such ~~said~~ officer to the sheriff of the county, or
 850 shall obtain from such person arrested a recognizance or, if
 851 deemed necessary, a cash bond or other sufficient security
 852 conditioned for her or his appearance before the proper tribunal
 853 of such county to answer the charge for which the person has
 854 been arrested.

855 (2) All officers of the commission shall ~~and the~~
 856 ~~department are hereby directed to~~ deliver all bonds accepted and
 857 approved by them to the sheriff of the county in which the
 858 offense is alleged to have been committed.

859 Section 24. Subsection (1) of section 379.341, Florida
 860 Statutes, is amended to read:

861 379.341 Disposition of illegal fishing devices; exercise
 862 of police power.—

863 (1) In all cases of arrest and conviction for use of
 864 illegal nets or traps or fishing devices, as provided in this
 865 chapter, such illegal net, trap, or fishing device is declared
 866 to be a nuisance and shall be seized and carried before the

CS/CS/HB 1383

2012

867 | court having jurisdiction of such offense and such ~~said~~ court
 868 | shall order such illegal trap, net, or fishing device forfeited
 869 | to the commission immediately after trial and conviction of the
 870 | person in whose possession they were found. When any illegal
 871 | net, trap, or fishing device is found in the fresh waters of the
 872 | state, and its ~~the~~ owner is ~~of same shall~~ not ~~be~~ known to the
 873 | officer finding it ~~the same~~, such officer shall immediately
 874 | procure from the county court judge an order forfeiting such
 875 | ~~said~~ illegal net, trap, or fishing device to the commission. The
 876 | commission may destroy such illegal net, trap, or fishing
 877 | device, if in its judgment such ~~said~~ net, trap, or fishing
 878 | device is not of value in the work of the commission ~~department~~.

879 | Section 25. Section 379.343, Florida Statutes, is amended
 880 | to read:

881 | 379.343 Rewards.—The Fish and Wildlife Conservation
 882 | Commission is authorized to offer rewards in amounts of up to
 883 | \$500 to any person furnishing information leading to the arrest
 884 | and conviction of any person who has inflicted or attempted to
 885 | inflict bodily injury upon any commission ~~wildlife~~ officer
 886 | engaged in the enforcement of the provisions of this chapter or
 887 | the rules and regulations of the Fish and Wildlife Conservation
 888 | Commission.

889 | Section 26. Subsection (2) of section 403.413, Florida
 890 | Statutes, is amended to read:

891 | 403.413 Florida Litter Law.—

892 | (2) DEFINITIONS.—As used in this section:

893 | (f) ~~(a)~~ "Litter" means any garbage; rubbish; trash; refuse;
 894 | can; bottle; box; container; paper; tobacco product; tire;

895 appliance; mechanical equipment or part; building or
 896 construction material; tool; machinery; wood; motor vehicle or
 897 motor vehicle part; vessel; aircraft; farm machinery or
 898 equipment; sludge from a waste treatment facility, water supply
 899 treatment plant, or air pollution control facility; or substance
 900 in any form resulting from domestic, industrial, commercial,
 901 mining, agricultural, or governmental operations.

902 (h)~~(b)~~ "Person" means any individual, firm, sole
 903 proprietorship, partnership, corporation, or unincorporated
 904 association.

905 (e)~~(e)~~ "Law enforcement officer" means any officer of the
 906 Florida Highway Patrol, a county sheriff's department, a
 907 municipal law enforcement department, a law enforcement
 908 department of any other political subdivision, ~~the department,~~
 909 or the Fish and Wildlife Conservation Commission. In addition,
 910 and solely for the purposes of this section, "law enforcement
 911 officer" means any employee of a county or municipal park or
 912 recreation department designated by the department head as a
 913 litter enforcement officer.

914 (a)~~(d)~~ "Aircraft" means a motor vehicle or other vehicle
 915 that is used or designed to fly but does not include a parachute
 916 or any other device used primarily as safety equipment.

917 (b)~~(e)~~ "Commercial purpose" means for the purpose of
 918 economic gain.

919 (c)~~(f)~~ "Commercial vehicle" means a vehicle that is owned
 920 or used by a business, corporation, association, partnership, or
 921 sole proprietorship or any other entity conducting business for
 922 a commercial purpose.

923 (d)~~(g)~~ "Dump" means to dump, throw, discard, place,
 924 deposit, or dispose of.

925 (g)~~(h)~~ "Motor vehicle" means an automobile, motorcycle,
 926 truck, trailer, semitrailer, truck tractor, or semitrailer
 927 combination or any other vehicle that is powered by a motor.

928 (i) "Vessel" means a boat, barge, or airboat or any other
 929 vehicle used for transportation on water.

930 Section 27. Paragraph (d) of subsection (1) of section
 931 784.07, Florida Statutes, is amended to read:

932 784.07 Assault or battery of law enforcement officers,
 933 firefighters, emergency medical care providers, public transit
 934 employees or agents, or other specified officers;
 935 reclassification of offenses; minimum sentences.—

936 (1) As used in this section, the term:

937 (d) "Law enforcement officer" includes a law enforcement
 938 officer, a correctional officer, a correctional probation
 939 officer, a part-time law enforcement officer, a part-time
 940 correctional officer, an auxiliary law enforcement officer, and
 941 an auxiliary correctional officer, as those terms are
 942 respectively defined in s. 943.10, and any county probation
 943 officer; an employee or agent of the Department of Corrections
 944 who supervises or provides services to inmates; an officer of
 945 the Parole Commission; a federal law enforcement officer as
 946 defined in s. 901.1505; and law enforcement personnel of the
 947 Fish and Wildlife Conservation Commission,~~the Department of~~
 948 ~~Environmental Protection~~, or the Department of Law Enforcement.

949 Section 28. Section 843.08, Florida Statutes, is amended
 950 to read:

951 843.08 Falsely personating officer, etc.—A person who
 952 falsely assumes or pretends to be a sheriff, officer of the
 953 Florida Highway Patrol, officer of the Fish and Wildlife
 954 Conservation Commission, ~~officer of the Department of~~
 955 ~~Environmental Protection,~~ officer of the Department of
 956 Transportation, officer of the Department of Financial Services,
 957 officer of the Department of Corrections, correctional probation
 958 officer, deputy sheriff, state attorney or assistant state
 959 attorney, statewide prosecutor or assistant statewide
 960 prosecutor, state attorney investigator, coroner, police
 961 officer, lottery special agent or lottery investigator, beverage
 962 enforcement agent, or watchman, or any member of the Parole
 963 Commission and any administrative aide or supervisor employed by
 964 the commission, or any personnel or representative of the
 965 Department of Law Enforcement, or a federal law enforcement
 966 officer as defined in s. 901.1505, and takes upon himself or
 967 herself to act as such, or to require any other person to aid or
 968 assist him or her in a matter pertaining to the duty of any such
 969 officer, commits a felony of the third degree, punishable as
 970 provided in s. 775.082, s. 775.083, or s. 775.084.‡ However, a
 971 person who falsely personates any such officer during the course
 972 of the commission of a felony commits a felony of the second
 973 degree, punishable as provided in s. 775.082, s. 775.083, or s.
 974 775.084.~~‡~~ ~~except that~~ If the commission of the felony results in
 975 the death or personal injury of another human being, the person
 976 commits a felony of the first degree, punishable as provided in
 977 s. 775.082, s. 775.083, or s. 775.084.

978 Section 29. Section 843.085, Florida Statutes, is amended

979 to read:

980 843.085 Unlawful use of police badges or other indicia of
 981 authority.—It is unlawful for any person:

982 (1) Unless appointed by the Governor pursuant to chapter
 983 354, authorized by the appropriate agency, or displayed in a
 984 closed or mounted case as a collection or exhibit, to wear or
 985 display any authorized indicia of authority, including any
 986 badge, insignia, emblem, identification card, or uniform, or any
 987 colorable imitation thereof, of any federal, state, county, or
 988 municipal law enforcement agency, or other criminal justice
 989 agency as now or hereafter defined in s. 943.045, which could
 990 deceive a reasonable person into believing that such item is
 991 authorized by any of the agencies described above for use by the
 992 person displaying or wearing it, or which displays in any manner
 993 or combination the word or words "police," "patrolman," "agent,"
 994 "sheriff," "deputy," "trooper," "highway patrol," "commission
 995 officer," "Wildlife Officer," "Marine Patrol Officer," "state
 996 attorney," "public defender," "marshal," "constable," or
 997 "bailiff," which could deceive a reasonable person into
 998 believing that such item is authorized by any of the agencies
 999 described above for use by the person displaying or wearing it.

1000 (2) To own or operate a motor vehicle marked or identified
 1001 in any manner or combination by the word or words "police,"
 1002 "patrolman," "sheriff," "deputy," "trooper," "highway patrol,"
 1003 "commission officer," "Wildlife Officer," "Marine Patrol
 1004 Officer," "marshal," "constable," or "bailiff," or by any
 1005 lettering, marking, or insignia, or colorable imitation thereof,
 1006 including, but not limited to, stars, badges, or shields,

1007 | officially used to identify the vehicle as a federal, state,
 1008 | county, or municipal law enforcement vehicle or a vehicle used
 1009 | by a criminal justice agency as now or hereafter defined in s.
 1010 | 943.045, which could deceive a reasonable person into believing
 1011 | that such vehicle is authorized by any of the agencies described
 1012 | above for use by the person operating the motor vehicle, unless
 1013 | such vehicle is owned or operated by the appropriate agency and
 1014 | its use is authorized by such agency, or the local law
 1015 | enforcement agency authorizes the use of such vehicle or unless
 1016 | the person is appointed by the Governor pursuant to chapter 354.

1017 | (3) To sell, transfer, or give away the authorized badge,
 1018 | or colorable imitation thereof, including miniatures, of any
 1019 | criminal justice agency as now or hereafter defined in s.
 1020 | 943.045, or bearing in any manner or combination the word or
 1021 | words "police," "patrolman," "sheriff," "deputy," "trooper,"
 1022 | "highway patrol," "commission officer," "Wildlife Officer,"
 1023 | "Marine Patrol Officer," "marshal," "constable," "agent," "state
 1024 | attorney," "public defender," or "bailiff," which could deceive
 1025 | a reasonable person into believing that such item is authorized
 1026 | by any of the agencies described above, except for agency
 1027 | purchases or upon the presentation and recordation of both a
 1028 | driver's license and other identification showing any transferee
 1029 | to actually be a member of such criminal justice agency or
 1030 | unless the person is appointed by the Governor pursuant to
 1031 | chapter 354. A transferor of an item covered by this subsection
 1032 | is required to maintain for 2 years a written record of such
 1033 | transaction, including records showing compliance with this
 1034 | subsection, and if such transferor is a business, it shall make

1035 such records available during normal business hours for
 1036 inspection by any law enforcement agency having jurisdiction in
 1037 the area where the business is located.

1038 (4) Nothing in this section shall prohibit a fraternal,
 1039 benevolent, or labor organization or association, or their
 1040 chapters or subsidiaries, from using the following words, in any
 1041 manner or in any combination, if those words appear in the
 1042 official name of the organization or association: "police,"
 1043 "patrolman," "sheriff," "deputy," "trooper," "highway patrol,"
 1044 "commission officer," "Wildlife Officer," "Marine Patrol
 1045 Officer," "marshal," "constable," or "bailiff."

1046 (5) Violation of any provision of this section is a
 1047 misdemeanor of the first degree, punishable as provided in s.
 1048 775.082 or s. 775.083. This section is cumulative to any law now
 1049 in force in the state.

1050 Section 30. Section 870.04, Florida Statutes, is amended
 1051 to read:

1052 870.04 Specified officers to disperse riotous assembly.—If
 1053 any number of persons, whether armed or not, are unlawfully,
 1054 riotously, or tumultuously assembled in any county, city, or
 1055 municipality, the sheriff or the sheriff's deputies, or the
 1056 mayor, or any commissioner, council member, alderman, or police
 1057 officer of the ~~said~~ city or municipality, or any officer or
 1058 member of the Florida Highway Patrol, or any officer or agent of
 1059 the Fish and Wildlife Conservation Commission, ~~Department of~~
 1060 ~~Environmental Protection~~, any ~~or~~ beverage enforcement agent, any
 1061 personnel or representatives of the Department of Law
 1062 Enforcement or its successor, or any other peace officer, shall

1063 go among the persons so assembled, or as near to them as may be
 1064 done with safety, and shall in the name of the state command all
 1065 the persons so assembled immediately and peaceably to disperse. ~~+~~
 1066 ~~and~~ If such persons do not thereupon immediately and peaceably
 1067 disperse, such ~~said~~ officers shall command the assistance of all
 1068 such persons in seizing, arresting, and securing such persons in
 1069 custody. ~~+~~ ~~and~~ If any person present being so commanded to aid
 1070 and assist in seizing and securing such rioter or persons so
 1071 unlawfully assembled, or in suppressing such riot or unlawful
 1072 assembly, refuses or neglects to obey such command, or, when
 1073 required by such officers to depart from the place, refuses and
 1074 neglects to do so, the person shall be deemed one of the rioters
 1075 or persons unlawfully assembled, and may be prosecuted and
 1076 punished accordingly.

1077 Section 31. Paragraphs (c) through (n) of subsection (6)
 1078 of section 932.7055, Florida Statutes, are redesignated as
 1079 paragraphs (b) through (m), respectively, and present paragraph
 1080 (b) of that subsection is amended to read:

1081 932.7055 Disposition of liens and forfeited property.—

1082 (6) If the seizing agency is a state agency, all remaining
 1083 proceeds shall be deposited into the General Revenue Fund.
 1084 However, if the seizing agency is:

1085 ~~(b) The Department of Environmental Protection, the~~
 1086 ~~proceeds accrued pursuant to the provisions of the Florida~~
 1087 ~~Contraband Forfeiture Act shall be deposited into the Internal~~
 1088 ~~Improvement Trust Fund.~~

1089 Section 32. This act shall take effect July 1, 2012.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/HB 1417 State Investments
SPONSOR(S): Oliva
TIED BILLS: IDEN./SIM. BILLS: CS/SB 880

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Government Operations Subcommittee	11 Y, 4 N, As CS	Meadows	Williamson
2) Finance & Tax Committee	18 Y, 5 N	Wilson	Langston
3) State Affairs Committee		Meadows @	Hamby 

SUMMARY ANALYSIS

The State Board of Administration (SBA) is created in Art. IV, s. 4(e) of the Florida Constitution. The SBA members are the Governor, the Chief Financial Officer, and the Attorney General. The SBA derives its powers to oversee state funds from Art. XII, s. 9 of the Florida Constitution. The SBA has responsibility for managing investments for the Florida Retirement System (FRS) Pension Plan and for administering the FRS Investment Plan.

The SBA's ability to invest the FRS assets is governed by a "legal list" of investments provided in current law. The "legal list" of guidelines specific to the investment of FRS Pension Plan assets includes the ability of the SBA to invest 10 percent of any fund in alternative investments.

CS/HB 1417 authorizes the SBA to invest up to 20 percent of any fund in alternative investments, up from 10 percent.

The bill should have no direct impact on state or local government revenues or expenditures.

The bill provides for an effective date of July 1, 2012.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Current Situation

The State Board of Administration (SBA) is established by Article IV, s. 4(e) of the Florida Constitution, and is composed of the Governor as Chair, the Chief Financial Officer as Treasurer, and the Attorney General as Secretary. The SBA members are commonly referred to as "Trustees." The SBA derives its powers to oversee state funds from Art. XII, s. 9 of the Florida Constitution.

The SBA has responsibility for managing investments for the Florida Retirement System (FRS) Pension Plan and for administering the FRS Investment Plan, which represent approximately \$125.1 billion (85 percent) of the \$147.5 billion in assets managed by the SBA, as of November 30, 2011.¹ The SBA also manages 33 other investment portfolios, with combined assets of \$21.7 billion², including the Florida Hurricane Catastrophe Fund, the Florida Lottery Fund, the Florida Pre-Paid College Plan, and various debt-service accounts for state bond issues.

The SBA must follow fiduciary standards of care when investing assets, subject to certain limitations.³ A six-member Investment Advisory Council provides recommendations on investment policy, strategy, and procedures.⁴

The SBA's ability to invest the FRS assets is governed by s. 215.47, F.S., which provides for a "legal list" of the types of investments and for how much of the total fund may be invested in each investment type. The "legal list" of guidelines⁵ specific to the investment of FRS Pension Plan assets includes the authorization to invest no more than 10 percent of assets in alternative investments⁶, alternative investment vehicles⁷, and other non publicly-traded investments.⁸ The cap on alternative investments was last changed in 2008, when it was raised from five percent to 10 percent.⁹

¹ See State Board of Administration of Florida, *Monthly Performance Report to the Trustees*, November 30, 2011, issued December 31, 2011, at 7 (on file with the Government Operations Subcommittee).

² *Id.*

³ See s. 215.44, F.S.

⁴ See s. 215.444, F.S.

⁵ The legal list of guidelines specific to the investment of FRS Pension Plan assets includes:

- No more than 80 percent of assets should be invested in domestic common stocks.
- No more than 75 percent of assets should be invested in internally managed common stocks.
- No more than three percent of equity assets should be invested in the equity securities of any one corporation, except when the securities of that corporation are included in any broad equity index or with approval of the board; and in such case, no more than 10 percent of equity assets can be invested in the equity securities of any one corporation.
- No more than 80 percent of assets should be placed in corporate fixed income securities.
- No more than 25 percent of assets should be invested in notes secured by FHA-insured or VA-guaranteed first mortgages on Florida real property, or foreign government general obligations with a 25-year default-free history.
- No more than 20 percent of assets should be invested in foreign corporate or commercial securities or obligations.
- No more than 35 percent of assets should be invested in foreign securities.
- No more than 10 percent of assets should be invested in alternative investments, alternative investment vehicles, and other non publicly-traded investments.

⁶ Section 215.4401(3)(a)1., F.S., defines an "alternative investment" as "an investment by the State Board of Administration in a private equity fund, venture fund, hedge fund, or distress fund or a direct investment in a portfolio company through an investment manager."

⁷ Section 215.4401(3)(a)2., F.S., defines an "alternative investment vehicle" as "the limited partnership, limited liability company, or similar legal structure or investment manager through which the State Board of Administration invests in a portfolio company."

⁸ See s. 215.47, F.S.

⁹ See chapter 2008-31, L.O.F.

Currently, the SBA has nine percent of its funds invested in alternative investments.¹⁰ Current alternative investments include strategic investments¹¹ and private equity^{12, 13}. As of November 30, 2011, the pension plan had \$5.7 billion in private equity, and \$4.9 billion in strategic investments.¹⁴ The SBA's current allocation to alternative investments is relatively low compared to other large and leading public and corporate pension plans.¹⁵

Hewitt EnnisKnupp¹⁶ (HEK) performed asset liability studies on the SBA's investment strategy in 2010 and 2011. The recommendations from the studies provided by HEK would require the SBA to have increased authority to allocate funds to alternative investments.¹⁷ HEK's recommendations to increase the allocation to alternative investments were approved by the SBA Trustees and the SBA Investment Advisory Council in both 2010 and 2011.¹⁸

Effect of Proposed Changes

The bill authorizes the SBA to invest up to 20 percent of any fund in alternative investments, up from the current 10 percent.

B. SECTION DIRECTORY:

Section 1: Amends s. 215.47, F.S., to increase the amount of money that may be invested in alternative investments by the SBA.

Section 2: Provides an effective date of July 1, 2012.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

None.

¹⁰ Information provided by electronic mail on February 2, 2012, by Mr. Ron Poppell, Senior Defined Contribution Programs Officer, State Board of Administration (on file with the Government Operations Subcommittee).

¹¹ Strategic investments may include: debt oriented funds, infrastructure, absolute return funds, long and short equity, global macro and multi-strategy funds, commodities, and timberland. Definition provided by electronic mail, on February 2, 2012, by Mr. Ron Poppell, Senior Defined Contribution Programs Officer, State Board of Administration (on file with the Government Operations Subcommittee).

¹² Private equity is investment strategies that provide working capital to companies in order to nurture expansion, new product development, or the restructuring of operations, management, or ownership. Definition provided by electronic mail, on February 2, 2012, by Mr. Ron Poppell, Senior Defined Contribution Programs Officer, State Board of Administration (on file with the Government Operations Subcommittee).

¹³ Information provided by electronic mail, on February 2, 2012, by Mr. Ron Poppell, Senior Defined Contribution Programs Officer, State Board of Administration (on file with the Government Operations Subcommittee).

¹⁴ See State Board of Administration of Florida, *Monthly Performance Report to the Trustees*, November 30, 2011, issued December 31, 2011, at 7 (on file with the Government Operations Subcommittee).

¹⁵ Analysis of HB 1417, State Board of Administration, January 10, 2012, at 2 (on file with the Government Operations Subcommittee).

¹⁶ Hewitt EnnisKnupp is an advisor to institutional investors, including numerous large public pension funds such as the one overseen by the SBA.

¹⁷ Analysis of HB 1417, State Board of Administration, January 10, 2012, at 2 (on file with the Government Operations Subcommittee).

¹⁸ *Id.*

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The increase in alternative investment capacity will allow for greater access to state investments for portfolio investment managers.

D. FISCAL COMMENTS:

The bill may have impacts, unknown at this time, on returns earned by the SBA on its invested funds.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. The bill does not appear to affect county or municipal governments.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill does not appear to create a need for rulemaking or additional rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On February 6, 2012, the Government Operations Subcommittee passed a proposed committee substitute for House Bill 1417. The committee substitute removes from the bill changes made to the Lawton Chiles Endowment Fund.

The analysis is drafted to the committee substitute as passed by the Government Operations Subcommittee.

CS/HB 1417

2012

1 A bill to be entitled
 2 An act relating to state investments; amending s.
 3 215.47, F.S.; increasing the amount of money that may
 4 be invested in alternative investments by the State
 5 Board of Administration; providing an effective date.

6
 7 Be It Enacted by the Legislature of the State of Florida:
 8

9 Section 1. Subsection (15) of section 215.47, Florida
 10 Statutes, is amended to read:

11 215.47 Investments; authorized securities; loan of
 12 securities.—Subject to the limitations and conditions of the
 13 State Constitution or of the trust agreement relating to a trust
 14 fund, moneys available for investments under ss. 215.44-215.53
 15 may be invested as follows:

16 (15) With no more, in the aggregate, than 20 ~~10~~ percent of
 17 any fund in alternative investments, ~~as defined in s.~~
 18 ~~215.4401(3)(a)1.~~, through participation in an alternative
 19 investment vehicle as those terms are ~~the vehicles~~ defined in s.
 20 215.4401(3)(a)~~2.~~, or in securities or investments that are not
 21 publicly traded and ~~are~~ not otherwise authorized by this
 22 section.

23 Section 2. This act shall take effect July 1, 2012.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: HB 1479 State Poet Laureate

SPONSOR(S): Nelson

TIED BILLS: IDEN./SIM. BILLS:

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Government Operations Subcommittee	12 Y, 0 N	Naf	Williamson
2) Transportation & Economic Development Appropriations Subcommittee	15 Y, 0 N	Rayman	Davis
3) State Affairs Committee		Naf <i>AN</i>	Hamby <i>John</i>

SUMMARY ANALYSIS

The position of State Poet Laureate was created by governor's proclamation in 1928, but is not addressed in current statutory law. HB 1479 creates the position of State Poet Laureate in law and provides requirements for the selection, terms of service, and duties of the State Poet Laureate.

The bill assigns the Florida Council on Arts and Culture certain responsibilities relating to the promotion of poetry and to the State Poet Laureate. It also grants rulemaking authority for implementation of provisions relating to the State Poet Laureate to the Department of State.

The bill has an insignificant fiscal impact on state government.

The bill provides an effective date of July 1, 2012.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Background

Florida Council on Arts and Culture

The Florida Council on Arts and Culture is an advisory body within the Department of State.¹ Its duties are to:

- Advocate for arts and culture;
- Advise the Secretary of State in matters pertaining to arts and cultural programs and grants administered by the Division of Cultural Affairs;²
- Encourage the participation in and appreciation of arts and culture;
- Encourage and assist freedom of artistic expression;
- Advise the Secretary of State in matters concerning the awarding of grants for arts and culture; and
- Review applications for grants for the acquisition, renovation, or construction of cultural facilities and recommend a priority for the receipt of such grants.³

State Poets Laureate

Generally

As of November 2011, 42 states had a State Poet Laureate position.⁴ Duties of such poets laureate vary, but all involve the promotion of reading, writing, and poetry appreciation.⁵ Whether the poet laureate receives compensation or holds a term-limited or lifetime appointment also varies from state to state.⁶

In Florida

In 1928, the position of Poet Laureate of the State of Florida was established by governor's proclamation.⁷ The position is a lifetime appointment.⁸ Three poet laureates have been appointed since the inception of the position.⁹

Current statutory law does not contain provisions relating to a state poet laureate.

Effect of Proposed Changes

Summary

The bill creates the position of State Poet Laureate in law and provides requirements for the selection, terms of service, and duties of the State Poet Laureate.

¹ See s. 265.285(1)(a), F.S.

² The Division of Cultural Affairs of the Department of State is the state arts administrative agency. Among its duties are the acceptance and administration of state and federal funds provided for the fine arts, grants, and certain programs. See s. 265.284, F.S.

³ See s. 265.285(2), F.S.

⁹ The current state poet laureate is Edmund Skellings, who was appointed by Governor Robert Graham in 1980, after a competition and selection by an anonymous national panel. See *id.*

The bill assigns certain responsibilities relating to poetry and to the State Poet Laureate to the Florida Council on Arts and Culture (council). It also grants rulemaking authority for implementation of provisions relating to the State Poet Laureate to the Department of State (department).

Duties of the Florida Council on Arts and Culture

The bill amends the current duties of the council to also require the council to:

- Promote the reading, writing, and appreciation of poetry throughout the state; and
- Accept nominations and recommend nominees for appointment as the State Poet Laureate.

Establishment, Selection, and Duties of the State Poet Laureate

The bill establishes the honorary position of State Poet Laureate within the department.

The bill requires the council to accept nominations for State Poet Laureate. The council must solicit nominations from a broad array of literary sources and individuals, including, but not limited to:

- Faculty of college and university literature departments;
- Literary organizations, societies, and centers;
- Publishers and editors of books of poetry; and
- The state poet laureates of any state.

The bill also requires the council to recommend at least three nominees to the Secretary of State. Each nominee must be:

- A permanent resident of the state;
- A public literary poet who has significant standing inside and outside of the state; and
- Willing and physically able to perform the duties of the State Poet Laureate, which may include, but are not limited to, engaging in outreach and mentoring for the benefit of schools and communities throughout the state and performing readings of his or her own poetry, as requested.

The bill requires the Secretary of State to submit at least two of the council's nominees to the Governor. The Governor must appoint one such nominee the State Poet Laureate.

Terms of Service of the State Poet Laureate

The bill specifies that the State Poet Laureate will serve a term of 4 years, which runs concurrently with the term of the appointing Governor, and which runs until the successor of the State Poet Laureate is appointed. A vacancy for the remainder of the unexpired term must be filled in the same manner as the original appointment.

The bill also provides that each of the state's poets laureate appointed before the effective date of the bill and each State Poet Laureate appointed under the bill's provisions, upon the appointment of his or her successor, will be designated a State Poet Laureate Emeritus in recognition of his or her service to the state.

The bill specifies that the State Poet Laureate and State Poets Laureate Emeritus serve without compensation.

Rulemaking Authority

The bill authorizes the department to adopt rules to implement provisions relating to the position of State Poet Laureate. It also implicitly requires the department to adopt rules governing nominations for the position by the council and setting out the duties of the State Poet Laureate.

The bill provides an effective date of July 1, 2012.

B. SECTION DIRECTORY:

Section 1. Amends s. 265.285, F.S., relating to duties of the Florida Council on Arts and Culture.

Section 2. Creates s. 265.2863, F.S., relating to a State Poet Laureate.

Section 3. Provides an effective date of July 1, 2012.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

See FISCAL COMMENTS.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

The bill adds duties relating to promotion of poetry and selection of the State Poet Laureate for the Florida Council on Arts and Culture, and creates duties relating to the selection of the State Poet Laureate for the Department of State and for the Governor. It also authorizes the department to adopt rules to implement provisions relating to the State Poet Laureate. Department staff states costs incurred by solicitation and review of nominations and by rule promulgation will be absorbed by the agency within existing resources.¹⁰ It is likely that costs incurred by the Governor to appoint each State Poet Laureate will also be absorbed within existing resources.

The bill does not compensate the State Poet Laureate for expenses.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to affect county or municipal governments.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

A rule is an agency statement of general applicability that interprets, implements, or prescribes law or policy, including the procedure and practice requirements of an agency as well as certain types of

¹⁰ See Department of State bill analysis (January 26, 2012) (On file with the Government Operations Subcommittee).

forms.¹¹ Rulemaking authority is delegated by the Legislature through statute and authorizes an agency to “adopt, develop, establish, or otherwise create” a rule. Because legislative power involves the exercise of policy-related discretion over the content of law,¹² any discretion given an agency to implement a law must be “pursuant to some minimal standards and guidelines ascertainable by reference to the enactment establishing the program.”¹³

The bill provides the Department of State rulemaking authority to implement the provisions relating to the position of State Poet Laureate. The requirements included in the provisions appear to satisfy the threshold of “some minimal standards and guidelines.”

C. DRAFTING ISSUES OR OTHER COMMENTS:

The bill does not provide a process by which a State Poet Laureate may be removed from the position for reasons such as misconduct. The Legislature may wish to consider whether such a provision would be appropriate.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

None.

¹³ See *Askew v. Cross Key Waterways*, 372 So.2d 913 (Fla. 1978).

1 A bill to be entitled
 2 An act relating to the State Poet Laureate; amending
 3 s. 265.285, F.S.; assigning duties to the Florida
 4 Council on Arts and Culture relating to the promotion
 5 of poetry and recommendations for the appointment of
 6 the State Poet Laureate; creating s. 265.2863, F.S.;
 7 creating the honorary position of State Poet Laureate
 8 within the Department of State; providing for the
 9 acceptance of nominations, the qualifications and
 10 recommendation of nominees, and the appointment of the
 11 State Poet Laureate; providing terms and the process
 12 for filling vacancies; specifying that any former poet
 13 laureate becomes a State Poet Laureate Emeritus;
 14 providing that the State Poet Laureate and State Poet
 15 Laureate Emeritus shall serve without compensation;
 16 authorizing the department to adopt rules; providing
 17 an effective date.

18
 19 Be It Enacted by the Legislature of the State of Florida:

20
 21 Section 1. Paragraph (h) is added to subsection (2) of
 22 section 265.285, Florida Statutes, to read:

23 265.285 Florida Council on Arts and Culture; membership,
 24 duties.—

25 (2) The council shall:

26 (h) Promote the reading, writing, and appreciation of
 27 poetry throughout the state and accept nominations and recommend

HB 1479

2012

28 nominees for appointment as the State Poet Laureate under s.
 29 265.2863.

30 Section 2. Section 265.2863, Florida Statutes, is created
 31 to read:

32 265.2863 State Poet Laureate.-

33 (1) The honorary position of State Poet Laureate is
 34 created within the Department of State.

35 (2) (a) The Florida Council on Arts and Culture, in
 36 accordance with procedures adopted by the department, shall
 37 accept nominations for appointment as the State Poet Laureate.
 38 The council shall solicit nominations from a broad array of
 39 literary sources and individuals, including, but not limited to:

40 1. Faculty of college and university literature
 41 departments.

42 2. Literary organizations, societies, and centers.

43 3. Publishers and editors of books of poetry.

44 4. The state poets laureate of any state.

45 (b) The council shall recommend to the Secretary of State
 46 at least three nominees for appointment as the State Poet
 47 Laureate, each of whom must be:

48 1. A permanent resident of the state;

49 2. A public literary poet who has significant standing
 50 inside and outside of the state; and

51 3. Willing and physically able to perform the duties of
 52 the State Poet Laureate as prescribed by the department, which
 53 may include, but are not limited to, engaging in outreach and
 54 mentoring for the benefit of schools and communities throughout
 55 the state and performing readings of his or her own poetry, as

56 requested.

57 (c) The Secretary of State shall, from among the nominees
 58 recommended by the council, submit at least two nominees to the
 59 Governor. The Governor shall, from among the nominees submitted
 60 by the Secretary of State, appoint the State Poet Laureate.

61 (3) The State Poet Laureate shall serve a term of 4 years,
 62 such term to run concurrently with the term of the appointing
 63 Governor, and until his or her successor is appointed. A vacancy
 64 shall be filled for the remainder of the unexpired term in the
 65 same manner as the original appointment.

66 (4) Each of the state's poets laureate appointed before
 67 the effective date of this section and each State Poet Laureate
 68 appointed under this section, upon the appointment of his or her
 69 successor, shall be designated a State Poet Laureate Emeritus in
 70 recognition of his or her service to the state.

71 (5) The State Poet Laureate and each State Poet Laureate
 72 Emeritus shall serve without compensation.

73 (6) The department may adopt rules to administer this
 74 section.

75 Section 3. This act shall take effect July 1, 2012.
