What Is the Base Budget?

Like many other state and local jurisdictions, Florida's approach to budgeting is incremental. This means that revisions to the budget are either increases or decreases from an agreed upon starting point and the net effect is the appropriation for the year budgeted.

The base budget is this starting point. It is essentially the budget necessary to continue the current year's appropriations decisions into the next new fiscal year. The base budget is a consensus document agreed upon by staffs of the Governor, House and Senate and is developed as follows:

- 1) The appropriations for the current year budget, as passed by the Legislature in the General Appropriations Act (GAA), are adjusted for:
 - a) Vetoes;
 - b) Supplemental appropriations in substantive bills that have become law;
 - c) Failed contingencies in the GAA, where, for example, the GAA provided an appropriation contingent upon enactment of substantive legislation, which legislation failed to become law;
 - d) Agency reorganizations authorized by law but not included in the GAA; and
 - e) Distributions of funds in the "Administered Funds" section of the GAA pursuant to section 8 and other proviso.

- 2) The base budget is then developed by adjusting the current year budget as follows:
 - a) The nonrecurring funding is removed;
 - b) Increases or decreases in funding decisions that were enacted for a portion of the current year are annualized to reflect the full 12-month cost in the subsequent year;
 - c) Interim budget amendments of a recurring nature are included; and
 - d) Technical corrections/adjustments are made.

These adjustments implement the most recent legislative funding decisions, as adjusted for vetoes, that comprise the "base" from which to start the incremental decision-making for the ensuing year.

Department of Economic Opportunity Funding History

Programs & Services Descriptions

A Program : Executive Direction/Support Services

1 Budget Entity/Service: Executive Leadership

Executive Leadership includes offices of the Director, Inspector General, General Counsel, Civil Rights, Legislative Affairs and External Affairs (Communications). The Director's Office provides the department with short and long term direction, establishes performance expectations for all programs and develops department-wide policies and procedures.

2 Budget Entity/Service: Finance and Administration

Finance and Administration provides general services to all department programs; general services include budget, grants and financial management.

3 Budget Entity/Service: Information Systems and Support Services

Information Systems and Support Services provides support services to all department programs including information technology services; support services including property management and procurement; and human resource services such as recruitment, employee records and payroll.

B Program : Workforce Services

1 Budget Entity/Service: Workforce Development

In partnership with CareerSource Florida, the Department of Economic Opportunity is responsible for ensuring that workforce funds and programs are effectively and efficiently administered in Florida. The department provides "pass-through" funding to each of the state's 24 chartered Regional Workforce Boards that provide workforce services to employers and job seekers. The Office of One-Stop and Program Support provides programmatic guidance, coordination, planning and technical assistance to the Regional Workforce Boards that operate the state's One-Stop Career Centers. The Office of Labor Market Statistics produces, analyzes and distributes labor market statistics including information on the labor force, employment, unemployment, mass layoffs, employment projections and wages.

2 Budget Entity/Service: Reemployment Assistance

The Reemployment Assistance program provides support to Florida's workforce by paying reemployment compensation benefits to qualified unemployed workers and resolving reemployment compensation appeals in a timely manner. The department contracts with the Florida Department of Revenue for unemployment compensation tax collection services.

3 Budget Entity/Service: CareerSource Florida

CareerSource Florida oversees and monitors the administration of the state's workforce policy, programs and services carried out by the 24 business-led Regional Workforce Boards and the department. The public/private partnership board is governed by a state board of directors largely appointed by the Governor. The Governor also appoints the Chair and the President. CareerSource Florida directly administers the Quick-Response Training and Incumbent Worker Training programs.

4 Budget Entity/Service: Reemployment Appeals Commission

The Reemployment Appeals Commission provides appellate review of contested reemployment compensation claims.

Programs & Services Descriptions

C Program : Community Development

1 Budget Entity/Service: Housing and Community Development

Funding for programs appropriated within Housing and Community Development is used for rehabilitation of low-income housing, public infrastructure in low-income neighborhoods, job creation for low-income residents, revitalization of commercial areas serving low-income residents, rebuilding distressed neighborhoods, oversight of local government comprehensive plans and developments of regional impact.

2 Budget Entity/Service: Florida Housing Finance Corporation

The Florida Housing Finance Corporation implements housing programs that are designed to promote more housing for both homeowners and renters. These programs assist home buyers, for-profit and nonprofit builders and developers with the myriad challenges they face, including finding a source of low cost financing for predevelopment and construction activities and permanent loans.

D Program : Strategic Business Development

1 Budget Entity/Service: Strategic Business Development

The Division of Strategic Business Development helps facilitate the productivity and growth of Florida's businesses, thereby enhancing the private sector's ability to expand and create quality jobs. Maintaining the economic viability of critical Florida industries is a top priority, with particular emphasis on the information technology, aviation, aerospace, defense, simulation, health care technology, tourism, sports, and film and entertainment industries. Elements of Florida's economic development strategy include retaining and strengthening existing Florida businesses, marketing the state as a dynamic location for businesses that wish to relocate their operations to Florida, and improving the competitiveness of our urban and rural communities.

Department of Transportation Fiscal Year 2016-17 Base Budget Review - Agency Summary

The Department of Transportation (DOT) is an executive agency whose primary mandate is to assume the responsibility for coordinating the planning of a safe, viable, and balanced state transportation system serving all regions of the state, and to assure the compatibility of all components, including multimodal facilities. Chapter 339, Florida Statutes, also defines DOT's Five Year Work Program, a listing of all transportation projects planned for each fiscal year as developed by the Central Office based on the Districts' work programs.

The law further requires that resources available for the implementation of statewide and interregional transportation priorities be focused on the Strategic Intermodal System, which is composed of appropriate components of state owned and non-state owned facilities of all transportation modes.

Dept of Transportation Funding History

Programs & Services Descriptions

A Program : Transportation Systems Development

1 Budget Entity/Service: Transportation Systems Development

This service is responsible for planning, designing, and obtaining land needed to build or expand roads. This service also promotes safe, interconnected public transportation systems in Florida by providing grants, technical assistance, and planning support to local governments and private entities that own and operate these systems.

2 Budget Entity: Florida Rail Enterprise

In 2009, the Florida Legislature established the Florida Rail Enterprise (FRE) within DOT to oversee the development of passenger rail in Florida. It has a small staff consisting of an Executive Director and Chief Operating Officer, both appointed by the DOT Secretary and is supported by DOT staff throughout Florida.

B Program : Transportation Systems Operations

1 Budget Entity/Service: Highway Operations

This service maintains the condition of the State Highway System in accordance with Department standards and expands its capacity. Resources contained in this service support: adding capacity to the State Highway System; the routine maintenance of the State Highway System; inspection and rating of state and local bridges; and the operation of state's moveable bridges. In addition, this service provides resources to develop and apply solutions to traffic engineering problems that do not require major structural alterations of existing or planned roadways.

2 Budget Entity/Service: Executive Direction/Support Services

This service provides administrative and support services to assist in the agency operation. Resources contained in this service provide direct support to the Department through overall management of the Department in the attainment of goals and objectives; acquisition of personnel, consultant and material resources; and direct support for the production offices through financial, legal and other support services. These include activities such as legal services, construction lettings, contractual services, reprographics, mail services, etc.

3 Budget Entity/Service: Information Technology

The purpose of this service is to provide timely, economical, and effective data processing services in support of Department programs. This service supports the Department by managing an automated processing environment that must be reliable, secure, cost-effective, and responsive.

C Program : Florida's Turnpike Systems

1 Budget Entity/Service: Florida's Turnpike Enterprise

The purpose of this service is to help meet the State's growing needs for transportation, ensuring value to customers and protection of investors by managing the Turnpike System as a business for Florida. Resources contained in this service provide: toll collection activities; transportation facilities and services to reduce the number of structurally deficient highways and bridges requiring replacement or repair; funds to expand capacity of the Turnpike portion of the Florida Intrastate Highway System; and the resources necessary to support this service.

Department of Military Affairs Fiscal Year 2016-17 Base Budget Review - Agency Summary

The mission of the Florida Department of Military Affairs is to keep Florida National Guard units and personnel ready to support national security objectives; to protect the public safety of citizens; and to contribute to national, state and community programs that add value to the United State of America and the State of Florida. The Department of Military Affairs directs and supervises the organized militia (Florida National Guard) and related activities within the state. The department recruits and trains National Guard members; maintains the Camp Blanding military training site and forestry cultivation programs therein; operates the armories and arsenal of the state; and serves as the arm of the state in coordinating with the other armed forces of the United States. The department assists law enforcement agencies as needed for drug interdiction purposes.

Department of Military Affairs Funding History

Programs & Services Descriptions

A Program : Readiness and Response

1 Budget Entity/Service: Drug Interdiction and Prevention

The Department's Multi-Jurisdictional Counterdrug Program seeks to increase the level of Guard-unique assistance provided to law enforcement agencies and community-based organizations to counter illegal drug use. The counterdrug program encompasses a number of separate initiatives, including the assignment of military personnel and equipment to help detect illegal drug importation; efforts to educate Florida's youth to the drug threat; sponsorship of public, city-based anti-drug coalitions; and specialized counterdrug training to law enforcement agents. The program is executed by Saint Petersburg College through a variety of teaching mediums.

2 Budget Entity/Service: Military Readiness and Response

This service focuses on the traditional determinants of military readiness: personnel, equipment, training, facilities, and training areas. Achievement of established thresholds ensure Florida National Guard units and personnel are ready to respond to both federal and state mission requirements.

3 Budget Entity/Service: Executive Direction & Support Services

The Departmental Headquarters provides leadership and essential support services to a large military organization composed of U.S. Army and Air Force units located throughout the state. The agency head, the Adjutant General, is a federally recognized general officer who also serves as the senior officer of the Florida National Guard. An integrated staff of both state and federal employees exercises oversight of more than \$1 billion dollars of equipment, 54 armories, and well over 72,000 acres in training lands.

4 Budget Entity/Service: Federal/State Cooperative Agreements

The Department exercises a unique blend of federal and state authority. The Department's federal makeup facilitates the transfer of federal funding to in-state requirements via Federal/State Cooperative Agreements. These include a wide range of funding programs, including maintenance and repair, telecommunications, environmental resource, and equipment storage projects. Included within this service is departmental support for various community outreach efforts, including Youth Challenge, About Face, and Forward March.

Department of Military Affairs FY 2016-17 Base Budget Summary

Program Description

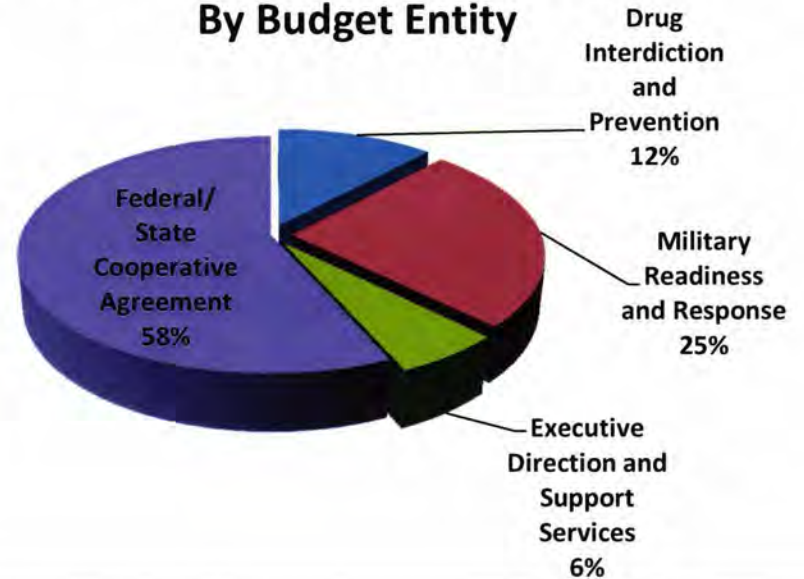

The Florida Department of Military Affairs provides Florida National Guard units and personnel that are ready to support national security objectives; to protect the public safety of citizens; and to contribute to national, state and community programs that add value to the United States of America and to the State of Florida.

Department of Highway Safety & Motor Vehicles Funding History

Programs & Services Descriptions

A Program : Administrative Services

1 Budget Entity/Service: Executive Direction & Support Services

Resources contained in this service support the various programs in the Department: Highway Patrol; Motorist Services; and the Kirkman Data Center. Administrative Services coordinates and guides all the Department's programs in personnel administration, budget, legislative affairs, procurement, legal issues, accounting, and property management. The Executive Direction service is responsible for coordinating, directing, and planning all the functions vested in the Department.

B Program : Florida Highway Patrol

1 Budget Entity/Service: Highway Safety

This service monitors the effectiveness of the Patrol's major law enforcement function: patrolling the highways and providing aerial traffic enforcement.

2 Budget Entity/Service: Executive Direction and Support Services

This service provides program leadership and directs policy for all activities of the Highway Patrol, which include traffic enforcement, criminal and administrative investigations, and public information and safety education.

3 Budget Entity/Service: Motor Carrier Compliance

This service provides for enforcement of laws and agency rules which regulate the weight, size, safety, and registration requirements of commercial motor vehicles.

C Program : Motorist Services

1 Budget Entity/Service: Motorist Services

Motorist Services encompasses the areas of driver licenses, motor vehicles and customer service under one umbrella, effectively establishing a service venue to support Florida motorists. The Division promotes safety on the highways by licensing qualified drivers, controlling and improving problem drivers, maintaining records for driver evaluation and consumer protection of property rights by ensuring motor vehicles, vessels and mobile homes are properly titled and registered.

D Program : Kirkman Data Center

1 Budget Entity/Service: Information Technology

The Kirkman Data Center provides data processing support to all service entities of the Department.
