BILL #: HB 85 Public School Instruction SPONSOR(S): Hill and others TIED BILLS: IDEN./SIM. BILLS: SB 358

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) K-12 Subcommittee		Flynn ZF	- Fudge
2) Education Appropriations Subcommittee			
3) Education Committee			

SUMMARY ANALYSIS

The bill requires public schools to provide instruction on the events surrounding the terrorist attacks of September 11, 2001, and the impact of those events on the nation.

The bill does not appear to have a fiscal impact on the state or local governments.

The bill provides an effective date of July 1, 2015.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation:

Section 1003.42(2), F.S., establishes components of required instruction for public school students. Instructional staff must teach the following content:

- The history and content of the Declaration of Independence, to include specific consents which include in part national sovereignty, natural law, and how they form the philosophical foundation of our government.
- The history, meaning, significance, and effect of the provisions of the Constitution of the United States with emphasis on each of the ten amendments that make up the Bill of Rights;
- The arguments in support of adopting our republican form of government, as they are embodied in the most important of the Federalist Papers;
- Flag education, including proper flag display and flag salute;
- The elements of civil government, including the primary functions of and interrelationships between the Federal Government, the state, and its counties, municipalities, school districts, and special districts;
- The history of the United States, including the period of discovery, early colonies, the War for Independence, the Civil War, the expansion of the United States to its present boundaries, the world wars, and the civil rights movement to the present;
- The history of the Holocaust;
- The history of African Americans;
- The elementary principles of agriculture;
- · The true effects of all alcoholic beverages and narcotics upon the human body and mind;
- Kindness to animals;
- The history of the state;
- The conservation of natural resources;
- Comprehensive health education that addresses concepts of community health; consumer health; environmental health; family life, including in part, an awareness of the benefits of sexual abstinence as the expected standard and the consequences of teenage pregnancy; mental and emotional health; students in grades 7 through12 teen dating violence and abuse education;
- Such additional materials, subjects, courses, or fields in such grades as are prescribed by law
 or by rules of the State Board of Education and the district school board in fulfilling the
 requirements of law;
- The study of Hispanic contributions to the United States;
- The study of women's contributions to the United States;
- The nature and importance of free enterprise to the United States economy;
- A character-development program in kindergarten through grade 12; and
- In order to encourage patriotism, the sacrifices that veterans have made in serving our country and protecting democratic values worldwide.

The law does not establish any particular grade level or courses within which instruction on these topics must be provided. However, the Department of Education takes steps to ensure that the enumerated content is taught in public schools.

Current law does not require instruction on the impact of September 11, 2001, on our nation.

Federal law designates September 11, 2001, as Patriot Day in honor of the individuals who lost their lives as a result of the terrorist attacks against the United States on September 11, 2001.¹

Effect of Proposed Changes:

The bill requires that the events surrounding the terrorist attacks of September 11, 2001, and the impact of those events on the nation be included in the required instruction for public school students. School districts could incorporate remembrance of these events in instruction and school-related activities on Patriot Day, September 11, and throughout the year in other subjects.

B. SECTION DIRECTORY:

Section 1. Creates s. 1003.42(2)(u), F.S.; requiring that instructional staff of public schools provide instruction to students about the terrorist attacks occurring on September 11, 2001, and the impact of those events.

Section 2. Provides an effective date of July 1, 2015.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

None.

- B. FISCAL IMPACT ON LOCAL GOVERNMENTS:
 - 1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

There is no anticipated fiscal impact associated with this bill. Providing instruction as required by the bill would not necessitate expenditure of funds because free resources are available for use. If districts choose to purchase additional instructional materials, funds received pursuant to the instructional materials categorical under the Florida Education Finance Program (FEFP) formula can be used.

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: HB 19 School Safety SPONSOR(S): Steube and others TIED BILLS: IDEN./SIM. BILLS: SB 180

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or
		1	BUDGET/POLICY CHIEF
1) K-12 Subcommittee		Brink	Fudge
2) Appropriations Committee		ap	P
3) Judiciary Committee			

SUMMARY ANALYSIS

The bill allows school superintendents, upon approval of the district school board, to create a school safety designee program through which the school superintendent may designate one or more individuals to carry a concealed weapon or firearm on school property. Weapons or firearms may only be carried in a concealed manner and must be on the individual's person at all times while performing official school duties. The bill requires school safety designees to possess a concealed weapon license.

The bill establishes criteria and training requirements which school safety designees must meet. The bill also requires a level 2 background screening for school safety designees who have not already had a level 2 background screening by the school board and authorizes each school superintendent to require additional background screenings for all school safety designees.

The bill requires district school board policies and procedures for emergencies and emergency drills to incluce active shooters and hostage situations. Active-shooter situation procedures for each school must be developed in consultation with a local law enforcement agency.

The bill requires each district school superintendent to provide recommendations to improve school safety and security to the first responding local law enforcement agencies.

The bill requires school districts and private schools to allow first-responding law enforcement agencies to tour the school campuses once every three years. Any recommendations relating to school safety and emergency issues based on a campus tour must be documented by the district or private school.

The bill specifies that a district school board may commission one or more school safety officers on each school campus.

The bill specifies that the required training will be created and defined by the Criminal Justice Standards and Training Commission which is administered by the Florida Department of Law Enforcement (FDLE). According to FDLE, the cost to develop and implement the training required by this bill would be \$157,927. This bill provides an appropriation of \$157,927 nonrecurring general revenue funds.

The bill provides an effective date of July 1, 2015.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

Gun Free School Zones

Federal Law

Federal law prohibits an individual from possessing a firearm at a place the person knows, or has reasonable cause to believe, is a school zone.¹ The prohibition does not apply to possession of a firearm:

- On private property not part of school grounds;
- By individuals licensed to possess a firearm by the state or a political subdivision of the state in which the school zone is located if the licensing law requires law enforcement verification that the individual meets the law's qualifications to receive the license before issuance;
- That is unloaded and stored in a locked container on a motor vehicle;
- Authorized pursuant to a program approved by the school in the school zone;
- By an individual pursuant to a contract between a school and the individual or an employer of the individual;
- By a law enforcement officer acting in his or her official capacity; or
- That is unloaded and is possessed by an individual who is authorized by the school to cross school grounds for the purpose of gaining access to public or private lands open to hunting.²

Federal law also prohibits the knowing or reckless discharge or attempted discharge of a firearm by a person at a place that the person knows is a school zone.³ The prohibition does not apply to the discharge of a firearm:

- On private property not part of school grounds;
- Authorized pursuant to a program approved by the school in the school zone;
- Pursuant to a contract entered into between a school and the individual or an employer of the individual; or
- By a law enforcement officer acting in his or her official capacity.⁴

Federal law further provides that it is not Congress' intent to occupy the field of firearms regulation, unless there is a direct, positive, and irreconcilable conflict between a federal and state firearms law regulating the same subject matter. Thus, states may regulate firearms in a manner that is consistent with federal law.⁵

Florida Law

Florida law prohibits, with exceptions, the possession or discharge of weapons or firearms at a preschool, elementary school, middle school, junior high school, secondary school, career center, or postsecondary school, whether public or nonpublic.⁶ The law prohibits:

- Exhibition of a weapon⁷ or firearm in the presence of another in a rude, careless, angry, or threatening manner on school property or a school bus, at a school bus stop or school-sponsored event, or within 1,000 feet⁸ of a K-12 public or private school, during school hours or at the time of a school activity.⁹ Such exhibition is a third degree felony,¹⁰ unless it is made in lawful self-defense.¹¹
- Possession of a weapon¹² or firearm, "except as authorized in support of school-sanctioned activities, at a school-sponsored event or on the property of any school, school bus, or school bus stop."¹³ Penalties for such possession vary, as follows:
 - A person who willfully and knowingly possesses a firearm unlawfully on school property or a school bus or at a school bus stop or school-sponsored activity or event commits a third degree felony.¹⁴
 - A person who fails to securely store a firearm, enabling a minor to access it who then unlawfully possesses it on school property or a school bus or at a school bus stop or schoolsponsored activity or event, commits a second degree misdemeanor.¹⁵
 - A person who discharges a firearm while unlawfully possessing it on school property or a school bus or at a school bus stop or school-sponsored activity or event, commits a second degree felony,¹⁶ unless discharged for lawful defense of self or others or for a lawful purpose.¹⁷

The penalties for unlawful exhibition or possession of a firearm or weapon differ for licensed concealed weapons permit holders. Violations by such individuals constitute a second degree misdemeanor.¹⁸

The law provides several exceptions allowing individuals to carry a firearm on school property or a school bus or at a school bus stop or school-sponsored activity or event without express approval by school officials. A firearm may be carried:

⁶ Section 790.115(2)(a), F.S.

⁷ "Weapon" means any dirk, knife, metallic knuckles, slungshot, billie, tear gas gun, chemical weapon or device, or other deadly weapon except a firearm or a common pocketknife, plastic knife, or blunt-bladed table knife. Section 790.001(13), F.S. Exhibiting a sword, sword cane, electric weapon or device, destructive device, razor blade, box cutter, or common pocketknife is also prohibited. Section 790.115(1), F.S.

⁸ The prohibition on exhibition of a firearm or weapon on private real property within 1,000 feet of a school does not apply to the property owner or those whose presence is authorized by the owner. Section 790.115(1), F.S.

Section 790.115(1), F.S.

¹⁰ A third degree felony is punishable by term of imprisonment not exceeding five years and a fine not exceeding \$5,000. Sections 775.082(3)(d) and 775.083(1)(c), F.S.

¹¹ Section 790.115(1), F.S.

¹² In addition to firearms and items defined as weapons, this provision also applies to possession of an electric weapon or device, destructive device, and a razor blade or box cutter. Section 790.115(2)(a), F.S.

¹³ Section 790.115(2)(a), F.S.

¹⁴ Section 790.115(2)(c)1, F.S. A third degree felony is punishable by up to five years imprisonment and a \$5,000 fine. Sections 775.082 and 775.083, F.S.

¹⁵ Section 790.115(2)(c)2, F.S. This does not apply if the firearm was securely stored and the minor obtains the firearm as a result of an unlawful entry by any person or to members of the Armed Forces, National Guard, State Militia, or law enforcement officers, with respect to firearm possession by a minor which occurs during or incidental to the performance of their official duties. A second degree misdemeanor is punishable by up to 60 days in county jail and a \$500 fine. Sections 775.082 and 775.083, F.S.

¹⁶ A second degree felony is punishable by a term of imprisonment not exceeding 15 years and a fine not exceeding \$10,000. Sections 775.082 and 775.083, F.S.

- In a case to a career center having a firearms training range; or
- In a vehicle by a person who is at least 18 years of age and the firearm is securely encased or not readily accessible for immediate use.¹⁹

School districts may adopt policies waiving the vehicle exception for purposes of student and campus parking privileges.²⁰

Concealed Weapons Permits

Florida law authorizes the Department of Agriculture and Consumer Services (DACS) to issue a concealed weapons permit (CWP) to individuals who meet statutory qualifications. Among other criteria, CWP applicants must pass a fingerprint-based criminal background check and complete a CWP training class. The CWP is a photo identification that enables the holder to carry a concealed weapon or firearm in public, except for specified locations, e.g., school or college athletic events; elementary, secondary, and postsecondary schools; and career centers.²¹

School Safety

Emergency Policies

Florida law requires each district school board to formulate policies and procedures for emergency response drills and actual emergencies. These policies must include procedures for responding to various emergencies, such as fires, natural disasters, and bomb threats. Commonly used alarm system responses for specific types of emergencies must be incorporated into such policies.²²

The Safety and Security Best Practices (Best Practices) is a self-assessment tool that each school district must use to annually assess the effectiveness of district emergency response policies. Among other "best practices," the self-assessment suggests that school districts:

- Develop a district-wide plan for potential attacks against school sites;
- Develop a checklist with step-by-step emergency procedures for use in every classroom which includes, among other things, procedures for weapons and hostage situations; and
- Share emergency plans and procedures with designated school and school district personnel, identify training for all types of school staff and staff that require specialized training, and incorporate such training into the Master Plan for In-Service Training.²³

Each district school superintendent must make recommendations to the school board for improving emergency response policies based upon the self-assessment results. The self-assessment results and superintendent's recommendations must be addressed in a publicly noticed school board meeting. The results of the self-assessment and any school board action on the superintendent's recommendations must be reported to the Commissioner of Education within 30 days after the school board meeting.²⁴

School Safety Officers

School safety officers are certified law enforcement officers who are employed by either a law enforcement agency or a district school board. A school safety officer has the authority to carry firearns or other weapons when performing official duties.²⁵ School boards are authorized, but not required, to commission and assign to schools school safety officers for the protection of school personnel. property, and students within the school district. School boards may enter into mutual aid agreements with one or more law enforcement agencies. A school safety officer's salary may be paid jointly by the school board and the law enforcement agency, if mutually agreed to.²⁶

Background Screening

Florida law requires school district employees to undergo a fingerprint-based background screening as a condition of employment.²⁷ Instructional and noninstructional personnel²⁸ and noninstructional school district employees and contracted personnel²⁹ must undergo Level 2 background screening.³⁰ Level 2 background screening requires individuals to be screened against a statutorily prescribed list of 51 criminal offenses.³¹ Such employees must be rescreened every five years.³²

Available Firearms and Security Training

Individuals seeking a Class "D" license as a private security officer must complete at least 40 hours of professional training by a provider licensed by DACS.³³ The training addresses legal liability issues and court procedures; personal security; traffic and crowd control; fire detection and life safety; crime and accident prevention; terrorism awareness; first aid; emergency response procedures; ethics; and patrol, communication, observation, report writing, and interviewing techniques.³⁴

Individuals holding a Class "G" statewide firearm license must annually complete four hours of firearms recertification training taught by a licensed firearms instructor as a condition of license renewal.³⁵ Such training includes a review of legal aspects of firearms use and when to use a gun, operational firearms safety and mechanical training, and range-based firearms regualification.³⁶ In lieu of proof of statewide firearms recertification training, such individuals may submit:

Proof of current certification as a law enforcement officer or correctional officer and completion of law enforcement firearms regualification training annually during the previous two years of the licensure period;

²⁵ Section 1006.12(2)(a) and (c), F.S.

²⁷ Sections 1012.32, 1012.465, and 1012.467, F.S. See ss. 943.0542 and 1002.421(2)(i), F.S.

²⁸ Instructional and non-instructional personnel are individuals who are hired or contracted to fill positions that require direct contact with students in any public school. Section 1012.32(2), F.S.

²⁹ Non-instructional school district employees and contracted personnel are individuals who are permitted access to school grounds when students are present; who have direct contact with students; or who have access to, or control of, school funds. Section 1012.465(1), F.S.

- Proof of current certification as a federal law enforcement officer and receipt of law enforcement firearms training administered by a federal law enforcement agency annually during the previous two years of the licensure period; or
- A Florida Criminal Justice Standards and Training Commission Instructor Certificate, National Rifle Association Private Security Firearm Instructor Certificate, or a firearms instructor certificate issued by a federal law enforcement agency and proof of having completed requalification training during the previous two years of the licensure period.³⁷

Effect of Proposed Changes

The bill allows school superintendents, upon approval of the district school board, to create a school safety designee program. Under the program, each superintendent may designate one or more employees or volunteers to carry a concealed weapon or firearm on school property. Weapons or firearms may only be carried in a concealed manner and must be on the designee's person at all times while performing official school duties.

The bill requires that a school safety designee be a school district employee or volunteer, licensed to carry a concealed firearm as provided by law and:

- Be a military veteran who was honorably discharged and who has not been found to have committed a firearms-related disciplinary infraction during his or her service;
- Be an active duty member of the military, the National Guard, or military reserves who has not been found to have committed a firearms-related disciplinary infraction during his or her service; or
- Be a law enforcement officer in good standing or a former law enforcement officer who has left the law enforcement agency in good standing.

The bill requires designated personnel to submit to the authorizing school superintendent proof of completion of a school safety program. The bill specifies that the required training is created and defined by the Criminal Justice Standards and Training Commission and that the training programs are administered by criminal justice training centers operated by the State.³⁸ The bill is silent regarding whether the designee or school district is to pay the cost of training, if any. Accordingly, each district can decide how expenses for designee training are to be borne.

The bill requires each school safety designee, if not previously screened by the school board, to undergo a level 2 background screening and provides superintendents the authority to require additional screening for all designees. The bill specifies that the state and national fingerprint processing and retention fees will be borne by the school safety designee or the school. The bill also requires the school to notify the Department of Law Enforcement regarding any person whose fingerprints have been retained but who are no longer a school safety designee.

The bill authorizes signage at school property where a school safety designee serves in his or her capacity. If the signage is posted, it must state "Authorized Armed Defense Present and Permitted."

The bill exempts school safety designees from criminal penalties for possessing a firearm on school property and discharging a weapon or firearm on school property. However, the bill makes it a second degree misdemeanor to store or leave a weapon or firearm within reach of a minor who obtains the firearm.³⁹

The bill requires district school board policies and procedures for emergencies and emergency drills to include active shooters and hostage situations. The bill requires each district school board to address active-shooter situations in the board's model emergency management and emergency preparedness procedures. The procedure for each school must be conducted in consultation with a local law enforcement agency.

The bill requires each district school superintendent to provide recommendations to improve school safety and security to the local law enforcement agencies that are first responders to the district's school campuses. Currently, these recommendations are only provided to the district school board.⁴⁰

In addition, each district school board or private school principal or governing board must allow firstresponding law enforcement agencies to tour the school campuses once every three years. Any recommendations relating to school safety and emergency issues based on a campus tour must be documented by the district or private school.

The bill specifies that a district school board may commission one or more school safety officers for the protection and safety of school personnel, property, and students on each school campus, instead of simply within the district.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

The bill specifies that the required training will be created and defined by the Criminal Justice Standards and Training Commission which is administered by the Florida Department of Law Enforcement (FDLE). According to FDLE, School Safety Officer, Firearms Proficiency, and Active Shooter training would be required for school safety designees as provided in this bill. The Firearms Proficiency Course and Active Shooter Course can be developed using existing materials. The School Safety Officer Course for Civilians, however, is unique and must take into consideration all Florida statutes governing the school safety officer's authority to act. Also, the safety of the school safety officer must be addressed in the training as well as limited first responder activity, officer survival, tactical operations, and environmental considerations.

Workload that will be borne by FDLE includes: preliminary research and planning; selection of subject matter experts; staffing and planning of workshops and per diems for subject matter experts to attend; analysis and course development; and editing and final course review. Total cost are expected to be \$157,927.

This bill provides a nonrecurring appropriation of \$157,927 in general revenue funds.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

The bill is silent as to whether a fee would be charged for participation in the training and whether the training fee would be borne by the school district or the trainee.
