The supplemental value shall not exceed three FTE.

The Declining Enrollment Supplement shall be calculated based on 25 percent of the decline between the prior year and current year unweighted FTE students pursuant to section 1011.62(8), Florida Statutes.

District allocations from these additional funds shall be based on the 2015-2016 reported total expenditures for the program, each district's level of per student funding in the reading instruction allocation and the supplemental academic instruction categorical fund, and on the total FTE for each of the schools. The categorical funding shall be recalculated once during the fiscal year following an updated designation of the 300 lowest-performing elementary schools and shall be based on actual student membership from the October FTE survey. If the recalculated total allocation is greater than the amount provided in the General Appropriations Act, the allocation shall be prorated to the level of the appropriation, based on each district's share of the total.

From the funds in Specific Appropriations 7 and 91, \$130,000,000 is provided for a K-12 comprehensive, district-wide system of research-based reading instruction. The amount of \$115,000 shall be allocated to each district and the remaining balance shall be allocated based on each district's proportion of the total K-12 base funding. From these funds, at least \$15,000,000 shall be used to provide an additional hour of intensive reading instruction beyond the normal school day for each day of the entire school year for the students in the 300 lowest performing elementary schools based on the statewide, standardized English Language Arts assessment pursuant to sections 1008.22(3) and 1011.62(9), Florida Statutes. This additional hour of instruction must be provided by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the additional hour of instruction on an optional basis. ESE centers shall not be included in the 300 schools. Pursuant to section 1008.32, Florida Statutes, the State Board of Education shall withhold funds from a school district that fails to comply with this requirement.

If the district intends to use any portion of the funds for technology, the district must certify that it has the instructional content necessary to provide instruction aligned to the adopted statewide benchmarks and standards. JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1104 through 1184, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 23, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1104 through 1184, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As the result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 1, 2018.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

From the funds provided in Specific Appropriations 1104 through 1184, the Department of Juvenile Justice shall submit quarterly reports on all travel related to training, seminars, workshops, conferences, or similarly purposed travel that was completed by senior management employees and division or program directors. Each quarterly report shall include the following information: (a) employee name, (b) position title, (c) purpose of travel, (d) dates and location of travel, (e) confirmation of agency head authorization if required by PCB APC 17-07, and (f) total travel cost. The report shall be submitted to the chair of the Senate Committee on Appropriations, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor. The first report shall be submitted on July 15, 2017, for the period of April 1, 2017, through June 30, 2017, and quarterly thereafter.

ECONOMIC OPPORTUNITY, DEPARTMENT OF

From the funds in Specific Appropriations 2169 through 2226R, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Families, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

SECTION 6 - GENERAL GOVERNMENT

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It is the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

From the funds in Specific Appropriations 2169 through 2226R, no federal or state funds shall be used to pay for space being leased by a local workforce development board, CareerSource Florida, or the Department of Economic Opportunity if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

No funds are appropriated in Specific Appropriations 2169 through 2226R for the payment of rent, lease or possession of space for offices or any other purpose or use at Northwood Centre, 1940 North Monroe Street, Tallahassee, Florida, pursuant to State of Florida Lease Nos. 720:0139, 750:0068, 790:0098, 400:0068 or 590:M139, or any other lease, except for State of Florida Lease No. 400:0070, by the Department of Economic Opportunity, including any one or more predecessor agencies, notwithstanding any lease or contract to the contrary. The Department of Economic Opportunity is prohibited from expending any specific appropriation from the General Revenue Fund, any trust fund or from any other source for the rent, lease or possession of any space for offices or other purpose or use at Northwood Centre, 1940 North Monroe Street, Tallahassee, Florida, pursuant to State of Florida Lease Nos. 720:0139, 750:0068, 790:0098, 400:0068 or 590:M139, or any other lease, except State of Florida Lease No. 400:0070.

From the funds provided in Specific Appropriations 2169 through 2226R, the Department of Economic Opportunity shall submit quarterly reports on all travel related to training, seminars, workshops, conferences, or similarly purposed travel that was completed by senior management employees and division or program directors. Each quarterly report shall include the following information: (a) employee name, (b) position title, (c) purpose of travel, (d) dates and location of travel, (e) confirmation of agency head authorization if required by PCB APC 17-07, and (f) total travel cost. The report shall be submitted to the chair of the Senate Committee on Appropriations, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor. The first report shall be submitted on July 15, 2017, for the period of April 1, 2017, through June 30, 2017, and quarterly thereafter.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2195 through 2224, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

Funds in Specific Appropriation 2334 are provided to the Department of Financial Services for the replacement of the Florida Accounting Information Resource Subsystem (FLAIR) and the Cash Management Subsystem (CMS). The funds are contingent upon PCB APC 17-07 becoming law, which provides for the replacement of the FLAIR and CMS subsystems. Of these funds, \$18,073,199 shall be placed in reserve. The department is authorized to submit budget amendments to request the release of funds held in reserve pursuant to the provisions of chapter 216, Florida Statutes. The budget amendments shall include a detailed operational work plan, spending plan, and submission of the proposed software and system integrator contract approved by the project's Executive Steering Committee that includes the replacement of all four components of the FLAIR subsystem and the two components of the CMS.

By June 1, 2018, the Department of Financial Services shall submit an initial draft of the recommendations by the Executive Steering Committee for any statutory changes needed to implement the replacement system to the chair of the House of Representatives Appropriations Committee, the chair of the Senate Committee on Appropriations, and the Executive Director of the Office of Policy and Budget.

SECTION 6 - GENERAL GOVERNMENT

From the funds provided in Specific Appropriation 2334, \$600,000 is provided to the Department of Financial Services to contract with a private sector provider with experience in conducting independent verification and validation services of public sector information technology projects to provide independent verification and validation for the replacement of the FLAIR and CMS subsystems. The contract shall require that all deliverables be simultaneously provided to the department, the Office of Technology and Data Solutions, the chair of the House of Representatives Appropriations Committee, the chair of the Senate Committee on Appropriations, and the Executive Director of the Office of Policy and Budget.

The Department of Financial Services shall provide monthly project status reports to the chair of the House of Representatives Appropriations Committee, the chair of the Senate Committee on Appropriations, and the Executive Director of the Office of Policy and Budget. Each report must include progress made to date for each project milestone and contracted deliverable, planned and actual completion dates, planned and actual costs incurred, and any current project issues and risks.

The Department of Financial Services is authorized to award a contract for the Software and System Integrator, and the competitive solicitation must include all validated and approved business requirements for the replacement of all four components of the FLAIR subsystem and the two components of the CMS. The contract must align with the scope and cost of the project as identified in Option 3 of the March 31, 2014, Florida Department of Services FLAIR study, version 031.

From the funds provided for this purpose, the department shall reimburse the Office of Economic and Demographic Research for contractual costs incurred. The review shall at a minimum consider how accurately the guidelines reflect the costs of raising children in Florida and, if revisions are recommended, propose options for a revised Florida child support guideline schedule. To encourage higher payment compliance rates, the review shall also provide policy options to meet the objective of setting low-income obligor payments such that a child avoids poverty while the obligor's subsistence needs are also met. A final report is due to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1, 2017. The Office of Economic and Demographic Research may contract with a state university or a nationally recognized organization for the purpose of collecting and analyzing the economic data necessary to review the child support guidelines.

Funds in Specific Appropriation 3098 shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardizing elections results reporting; or other federal election administrative activities as approved by the Department of State.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

Also, before a county supervisor of elections receives funds for any software or hardware technology, including, but not limited to any emerging technology that enhances or facilitates the delivery of absentee ballots, the casting and counting of valid votes, voting system audits or recount processes, and the certification of accurate and complete official election results, the software or technology must first be certified or approved, whichever is applicable by the Department of State. Additionally, before the Supervisor can receive funds for emerging or enhancing technology, the county supervisor of elections and the chairperson of the county governing body must certify that the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors including reducing the wait time at the polls during the early voting period and on election day for the next regularly scheduled general election.

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining on June 30 of each fiscal year.
