Section 14. Paragraph (b) of subsection (2) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based

on cost reporting and submits a cost report late and that cost

report would have been used to set a lower reimbursement rate

for a rate semester, then the provider's rate for that semester
shall be retroactively calculated using the new cost report, and
full payment at the recalculated rate shall be effected
retroactively. Medicare-granted extensions for filing cost
reports, if applicable, shall also apply to Medicaid cost

reports. Payment for Medicaid compensable services made on

behalf of Medicaid-eligible persons is subject to the

availability of moneys and any limitations or directions

provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)

- (b) Subject to any limitations or directions in the General Appropriations Act, the agency shall establish and implement a state Title XIX Long-Term Care Reimbursement Plan for nursing home care in order to provide care and services in conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care.
- 1. The agency shall amend the long-term care reimbursement plan and cost reporting system to create direct care and indirect care subcomponents of the patient care component of the per diem rate. These two subcomponents together shall equal the patient care component of the per diem rate. Separate prices shall be calculated for each patient care subcomponent, initially based on the September 2016 rate setting cost reports and subsequently based on the most recently audited cost report

151	used during a rebasing year. The direct care subcomponent of the										
152	per diem rate for any providers still being reimbursed on a cost										
153	basis shall be limited by the cost-based class ceiling, and the										
154	indirect care subcomponent may be limited by the lower of the										
155	cost-based class ceiling, the target rate class ceiling, or the										
156	individual provider target. The ceilings and targets apply only										
157	to providers being reimbursed on a cost-based system. Effective										
158	October 1, 2018, a prospective payment methodology shall be										
159	implemented for rate setting purposes with the following										
160	parameters:										
161	a. Peer Groups, including:										
162	(I) North-SMMC Regions 1-9, less Palm Beach and Okeechobee										
163	Counties; and										
164	(II) South-SMMC Regions 10-11, plus Palm Beach and										
165	Okeechobee Counties.										
166	b. Percentage of Median Costs based on the cost reports										
167	used for September 2016 rate setting:										
168	(I) Direct Care Costs 100 percent.										
169	(II) Indirect Care Costs 92 percent.										
170	(III) Operating Costs 86 percent.										
171	c. Floors:

benefits of direct care staff providing nursing services including registered nurses, licensed practical nurses, and certified nursing assistants who deliver care directly to residents in the nursing home facility, allowable therapy costs, and dietary costs. This excludes nursing administration, staff development, the staffing coordinator, and the administrative portion of the minimum data set and care plan coordinators. The direct care subcomponent also includes medically necessary dental care, vision care, hearing care, and podiatric care.

- 3. All other patient care costs shall be included in the indirect care cost subcomponent of the patient care per diem rate, including complex medical equipment, medical supplies, and other allowable ancillary costs. Costs may not be allocated directly or indirectly to the direct care subcomponent from a home office or management company.
- 4. On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.
- 5. Every fourth year, the agency shall rebase nursing home prospective payment rates to reflect changes in cost based on the most recently audited cost report for each participating provider.
 - 6. A direct care supplemental payment may be made to

Page 9 of 19

providers whose direct care hours per patient day are above the 80th percentile and who provide Medicaid services to a larger percentage of Medicaid patients than the state average.

7. For the period beginning on October 1, 2018, and ending on September 30, 2021, the agency shall reimburse providers the greater of their September 2016 cost-based rate or their prospective payment rate. Effective October 1, 2021, the agency shall reimburse providers the greater of 95 percent of their cost-based rate or their rebased prospective payment rate, using the most recently audited cost report for each facility. This subparagraph shall expire September 30, 2023.

7.8. Pediatric, Florida Department of Veterans Affairs, and government-owned facilities are exempt from the pricing model established in this subsection and shall remain on a cost-based prospective payment system. Effective October 1, 2018, the agency shall set rates for all facilities remaining on a cost-based prospective payment system using each facility's most recently audited cost report, eliminating retroactive settlements.

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The

251	agency shall base the establishment of any maximum rate of										
252	payment, whether overall or component, on the available moneys										
253	as provided for in the General Appropriations Act. The agency										
254	may base the maximum rate of payment on the results of										
255	scientifically valid analysis and conclusions derived from										
256	objective statistical data pertinent to the particular maximum										
257	rate of payment. The agency shall base the rates of payments in										
258	accordance with the minimum wage requirements as provided in the										
259	General Appropriations Act.
