BILL #: PCS for CS/HB 21 Transportation Facility Designations

SPONSOR(S): Infrastructure Strategies Committee

TIED BILLS: **IDEN./SIM. BILLS:**

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
Orig. Comm.: Infrastructure Strategies Committee		Lewis	Harrington

SUMMARY ANALYSIS

State law authorizes legislative designations of transportation facilities, such as bridges, interchanges, or portions of roads, for honorary or memorial purposes or to distinguish a particular facility. Legislative designations do not change the official names of the facilities and do not require local governments and private entities to change street signs, mailing addresses, or 911 emergency telephone system listings to account for the designations. The Department of Transportation (DOT) may not erect the markers for each designation unless the appropriate city or county commission enacts a resolution supporting the designation.

The bill creates 15 designations for various transportation facilities across the state and directs DOT to erect suitable markers for each designation.

The bill will have an insignificant negative fiscal impact to the State Transportation Trust Fund associated with erecting suitable markers for the above designations. The cost can be absorbed within DOT's existing resources.

The bill provides an effective date of July 1, 2023.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

Transportation Facility Designations

Under current law, the Legislature may designate a transportation facility, such as a bridge, interchange, or portion of a road, for honorary or memorial purposes or to distinguish a particular facility. Legislative designations do not officially change the existing names of the facilities and do not require local governments or private entities to change street signs, mailing addresses, or 911 emergency telephone-number system listings to account for the designations.¹

Regarding the naming of state buildings and other facilities, state law provides that except as specifically provided by law, state buildings, roads, bridges, parks, recreational complexes, and other similar facilities may not be named for a living person.²

Road Markers

When the Legislature establishes road or bridge designations, the Department of Transportation (DOT) is required to place a marker at each terminus or intersection of the highway segment or bridge designated and may erect other markers it deems appropriate for the designated transportation facility.³ Markers may not be erected until the appropriate city or county commission passes a resolution in support of the particular designation. Additionally, if the designated facility is located in multiple cities or counties, each affected local government must pass a resolution in support of the designation before DOT can install the markers.⁴

Effect of the Bill

The bill requires DOT to erect suitable markers for each of the following designations.

Deputy Sheriff Michael Hartwick

The bill designates the portion of I-275 between mile markers 30 and 31 in Pinellas County as "Deputy Sheriff Michael Hartwick Memorial Highway."

Deputy Sheriff Michael Hartwick served with the Pinellas County Sheriff's Office for 19 years. On September 22, 2022, Deputy Hartwick was fatally struck by a construction front-end loader truck while working an overnight assignment directing traffic for construction work on I-275.⁵

Sgt. Maj. Thomas Richard "Ric" Landreth

The bill designates the portion of S.R. 87 between E. Bay Boulevard (mile post 2.182) and Bob Tolbert Road (mile post 6.308) in Santa Rosa County as "Sgt. Maj. Thomas Richard 'Ric' Landreth Memorial Highway."

Sergeant Major Thomas Richard "Ric" Landreth, Retired U.S. Army, was born on April 1, 1957, at Eglin Air Force Base and grew up in the Holley area. He had over 30 years of military service, including deployments to Grenada, Panama, Somalia, Bosnia, Afghanistan, and Iraq, while serving in the U.S. Army Special Ops Delta Force until his retirement in 2005.⁶ During his tour in Somalia, Sergeant Major

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

DOT estimates a cost of \$1,480 per designation for the appropriate markers, which provides for two signs per designation at \$740 per sign.³⁸ Therefore, the bill has an estimated negative fiscal impact of \$22,200 to the State Transportation Trust Fund. This cost can be absorbed within existing DOT resources.³⁹

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:
