**Representative Angie Nixon on Call for Vaccine Requirement
Special Session**

Tallahassee, Fla. – Today, Governor Ron DeSantis called for a [special session](#) to restrict the rights of private businesses and local governments that choose to follow federal public health guidelines.

Representative Angie Nixon (D-Jacksonville) issued the following statement in response:

“From businesses and schools, to our health care and front line workers, everyone except Florida’s failed Governor is shouldering the responsibility of keeping us free from sickness and economic disaster,” said **Representative Nixon**. “Unsurprisingly, pro-pandemic Governor Ron DeSantis gives new meaning to failing up. He wants to light Florida’s tax dollars on fire with this special session in order to put public health and livelihoods at risk in exchange for his own political ambitions.”
