**Representative Skidmore Launches District Dialogues with a Community Discussion about Women's Health Care**

**BOCA RATON, Fla. – State Representative Kelly Skidmore** will host a virtual conversation via Zoom on Monday, July 12 from 6-7 p.m. with experienced women's health care professionals, Dr. Chibar of The Health Care District of Palm Beach, Dr. Needle of Whole Health Psychological Center, Annie Jae Filkowski of Planned Parenthood, and Takeata King Pang of Women's Foundation of Florida.

This inaugural District Dialogue, which is the first of a planned summer series, will focus on understanding the obstacles women experience in obtaining access to health care, learning about advancements in medicine, and identifying possible legislative goals pertaining to women's health care.

To register for this District Dialogue, please click [HERE](#). The District Dialogue will also be on Facebook Live where questions from audience members will be answered as time permits; however, registrants may also submit questions in advance by sending an email message to [HDIST081@MyFloridaHouse.Gov](mailto:HDIST081@MyFloridaHouse.Gov).

The District Dialogues are conversations with community leaders and constituents to discuss issues that impact daily life. The dialogues will be held on the second and fourth Mondays in July and August, and additional topics include Equity and Inclusion in Education, Workforce Development, and the Blue Economy.
