Resource Bill for Individuals with Disabilities by State Representative Allison Tant Passes the House Floor Unanimously

TALLAHASSEE, Fla. – State **Representative Allison Tant (D-Tallahassee)**'s bill **[House Bill 117](#)**, known as Resource Information with Individuals with Disabilities, passed the House Floor unanimously.

This bill requires the Agency for Persons with Disabilities (APD) to create a road map for every person with disability and family of a loved one with disability, whether they are Medicaid waiver-served or wait list eligible. It would allow for families and individuals to know what resources they should explore in order to achieve the best outcome for their lives or their love ones' lives.

“House Bill 117 is based upon my own life experiences and stumbling upon these resources by happenstance for my son. This is something that no other family should have to figure out alone. This bill will make a big difference for so many families in the state of Florida” said **Representative Allison Tant**.

House Bill 117 passed the Senate Floor unanimously yesterday and will soon be on its way to **Governor Ron DeSantis**' desk for signature.
