House Democratic Caucus Co-Leader Evan Jenne Offers Media Availability

Tallahassee, FL – To provide an opportunity for members of the press to get perspective from the House Democratic Caucus, **Co-Leader Evan Jenne (D-Hollywood)** will be making himself available to discuss legislative topics of your choice. This will be an informal Q&A conversation, mainly driven by your questions.

Two members of our caucus who have bills coming before committees this week will join him.

Representative Christine Hunschofsky (D- Coconut Creek) will be joining to highlight her bill, [HB 217](#), being heard on Tuesday in the Environment, Agriculture & Flooding Subcommittee. This bill would designate the Southeast Florida Coral Reef Ecosystem Conservation Area as Kristin Jacobs Coral Reef Ecosystem Conservation Area. **Kristin Jacobs** was a fierce advocate for Florida's environment, and our friend and colleague. She passed away from cancer on April 11, 2020.

Representative Joe Casello (D- Boynton Beach) will also attend to talk about [HB 79](#), which would establish a Purple Alert system to aid in the search for certain missing adults. **HB 79** will be heard on Wednesday in the Criminal Justice & Public Safety Subcommittee on Wednesday. This would aid in the search for missing people suffering from a variety of disabilities or brain injury, helping to return them safely home as quickly as possible.

Members of the media who wish to participate:
