**Bill to Allow Educational Opportunities for Disabled Veterans  
Passes the House**

**TALLAHASSEE, Fla. – CS/HB 45**, by **Representative Daisy Morales (D-Orlando)** and **Representative Christopher Benjamin (D- Miami Gardens)**, passed on the House Floor today. This bill will provide disabled veterans the opportunity to receive certain federal educational assistance benefits. This bill would allow those veterans who are deemed eligible the opportunity to receive awards for remaining cost of tuition & fees at State Universities, Career Centers, Charter Technical Career Centers and Florida College System Institutions.

**Representative Daisy Morales** had this to say, “It’s great to work as partners to help disabled veterans who have scarified so much for our country with educational opportunities to eliminate challenges they face when they have given so much for our country and allow them to support their families.” We love our Veterans in the State of Florida!

**Representative Christopher Benjamin** added, “Today we fought for Florida veterans who have been disabled as a result of being deployed to have their full tuition paid. As a veteran this bill is personal for me and fills me up with happiness to see it pass the House Floor.”
