House Democrats Push for a People-Centered Budget

TALLAHASSEE, Fla. – Members of the Florida House Democratic Caucus and others are calling for a budget that helps the people of Florida struggling with real-life issues such as affordable housing, skyrocketing property insurance rates, Florida's broken unemployment system, a fair tax structure, staffing shortages in areas such as nursing & teaching, etc.

Election year budgets tend to be generous, but usually the benefits never make it to the pocketbooks of most Floridians. We are asking for the \$100 billion+ Florida budget, bolstered by federal money, to focus on areas that will help everyone, not just the privileged wealthy few and corporations.
